

**99. Flag and red light to be shown**

- (1) The Master of an explosives vessel must ensure that —
  - (a) by day — the International Code Flag “**B**”; and
  - (b) by night — a red light visible all round the horizon at a distance of at least 1.6 kilometres,are displayed so that they can be seen easily and are clear of all obstructions.
- (2) The Master of an explosives vessel who contravenes this by-law commits an offence.
