

8. Variation of parking bay licences

- (1) For the purposes of section 15(2) of the Act, an application by a licensee for the variation of a parking bay licence is to include or be accompanied by the following information —
 - (a) the name and address of the licensee;
 - (b) the address of the land or building to which the licence applies;
 - (c) particulars of the variation sought; and
 - (d) the approval referred to in subregulation (2), if required.
- (2) If the number of parking bays to be permitted by the varied licence would be greater than the number permitted by the approval under the *Town Planning and Development Act 1928* that was lodged with the application for the licence or for an earlier variation, the application for variation must be accompanied by a further approval under that Act indicating approval for the increase in the number of parking bays and indicating the uses for which the additional bays have been approved.
