

32. Master to supply proper gear to remove cargo

- (1) The Master of every vessel must provide proper slings and other tackle for loading or unloading of all cargo onto or from his or her vessel.
- (2) The Master, owner and agent of every vessel must compensate the Company for any damage that may be done to any wharf or any property of the Company, either from the breakage of slings or from cargo being imperfectly slung, or otherwise by the loading or unloading of cargo.
- (3) A Master who contravenes sub-bylaw (1) commits an offence.
