

**8. Restriction on sandalwood trees that may be pulled, etc.**

- (1) Subject to subregulation (2), a licence does not authorize the pulling or removal of living sandalwood on or from Crown land where —
  - (a) the sandalwood tree is less than 400 millimetres in circumference when measured over the bark at a point approximately 150 millimetres above ground level; or
  - (b) the log of the sandalwood tree, when stripped of bark, has a circumference of less than 380 millimetres when measured at a point approximately 150 millimetres above ground level.
- (2) A licence may authorize the pulling or removal of living sandalwood on or from any part of land to which subregulation (1) applies if lawful authority has been given under any written law to clear that part of land.
