12EB. Dealing with land

- (1) Where any land, estate, or interest is, or is to be, taken or resumed pursuant to section 12E(6) that land shall thereafter be so dealt with, by restoration if necessary, as to conserve the water resources, and for the purposes of Part 9 of the *Land Administration Act 1997* that use shall be regarded as a public work for the conservation of water notwithstanding that the object of conserving water resources may be achieved without any restoration or other works being required or carried out, and that Act shall apply to such taking or resumption.
- (2) Notwithstanding subsection (1) or anything in Part 9 of the *Land Administration Act 1997*, where it is consistent with the achievement of the object of conserving the water resources the Minister may lawfully sell, exchange, or otherwise deal with the whole or any part of any land, or any estate or interest in land purchased, taken, or resumed or otherwise acquired by a former authority or the Minister pursuant to this Part.

prohibiting any use of, or dealing with, the land which would have an effect detrimental to the conservation of the water resources that covenant may be enforced by the Minister as if the Minister were possessed of or entitled to or interested in adjacent land and as if the covenant had been and had been expressed to be entered into for the benefit of that adjacent land.

- (5) Where land to which a covenant given for the purposes of this Part relates is held under the operation of the *Transfer of Land Act 1893*, the provisions of Division 3A of Part IV of that Act apply to and in relation to the registration, discharge, modification, and dealing with that covenant and any restriction arising therefrom.

- (2) Where due notice has been served upon the owner or occupier of that land the Minister may for the purposes of this Part lawfully enter on to any land notwithstanding that the consent of the owner or occupier has not been obtained, but except as is otherwise provided in this Part such an entry shall not be lawful

unless notice has been served or such consent has been obtained.

- (3) A notice required by this Part to be given in relation to an entry shall specify the purposes for which entry is required and shall continue to have effect for so long as that requirement subsists, and successive entries for that purpose shall be taken to be entries to which the notice relates.

- (5) Where it appears to the Minister, an officer of the Department or a person authorised by the Minister for the purposes of this subsection, that an offence against this Part is being, or is about to be, committed on any land and the circumstances are such that immediate intervention is appropriate and compliance with the normal requirements of this Part is impractical or unreasonable, the Minister, officer or person so authorised may, without any requirement for a notice or warrant and by force of this subsection, lawfully effect immediate entry on or into any land to intervene in the commission of the offence and endeavour to ensure compliance with the provisions of this Part.
- (6) A person exercising in respect of land a power of entry under this section or section 12BD shall conform so far as is practicable to such reasonable requirements of the owner or

- (2) A document shall not be admitted pursuant to subsection (1) as evidence that the land has been cleared contrary to this Part unless the court is satisfied that the Minister, an officer of the Department or a person acting with the authority of the Minister has entered upon and inspected the land for the purposes of ascertaining whether the land has been so cleared.

- (3) Where under this section the Corporation has turned or cut off or reduced the available rate of flow of the supply of water to land, the Corporation may, before restoring the water supply to the land —
- (a) require the payment of —
 - (i) such fees as may be prescribed in respect of the turning or cutting off or reduction of the water supply and the restoration of the water supply; or
 - (ii) such greater amount as in the opinion of the Corporation approximates the actual cost of turning or cutting off or reduction and the restoration of the water supply,as the Corporation may in each case specify; or
