earlier CPI number is the CPI number for the last March quarter before the beginning of the relevant period;

fee is the fee in force at the end of the relevant period;

latest CPI number is the CPI number for the last March quarter before the end of the relevant period.

- (7) However, if the Australian Statistician changes the reference base for the Consumer Price Index, then for the application of this regulation after the change is made, regard must be had only to CPI numbers published in terms of the new reference base.
