(a) any chose in action or goodwill; or

(b) any right, interest, or claim of any kind,

whether arising from, accruing under, created or evidenced by or the subject of, an instrument or otherwise and whether liquidated or unliquidated, actual, contingent or prospective;

“assignee” means the person specified in a transfer order as —

(a) the person to whom anything is assigned; or

(b) the person a reference to whom has to be treated as being substituted for a reference to the corporation in an agreement or instrument in order to give effect to section 16(1)(b);

“liability” means any liability, duty or obligation —

(a) whether actual, contingent or prospective, liquidated or unliquidated; or

(b) whether owed alone or jointly or jointly and severally with any other person;

“right” means any right, power, privilege or immunity whether actual, contingent or prospective, but does not include any privilege or immunity enjoyed as an agent of the Crown except in so far as it relates to anything done or omitted to be done before the transfer time;

“transfer order” means an order under section 15, as amended under that section or corrected under section 21 if applicable;

“transfer time” means the transfer time specified in a transfer order.

15. Minister may make transfer orders

- (1) For the purpose of doing anything in preparation for, or giving effect to, a section 6 disposal, the Minister may make and publish in the *Gazette* an order that —
 - (a) specifies a time, being not before the day the order is published, to be the transfer time for that order;
 - (b) specifies any asset or liability of the corporation that, by operation of section 16, is to be assigned to the person specified in the order;
 - (c) specifies proceedings in which the person specified in the order is to be substituted for the corporation as a party; and
 - (d) specifies any agreement or instrument relating to anything assigned that, by operation of section 16, is to have effect as if, unless otherwise expressly specified in the order, references to the assignee were substituted for references in it to the corporation.
- (2) If the transfer time is specified by reference to when a thing is done, the Minister is to cause notice to be published in the *Gazette* of the time when that thing was done and that thing is to be regarded as having been done at that time unless the contrary is proved.
- (3) An order under subsection (1) may allocate a value to an asset, a liability, a class of assets or a class of liabilities.
- (4) The transfer order may specify things by reference to schedules which —
 - (a) need not be published in the *Gazette*; but

- (b) must be available for public inspection,
and anyone or anything specified in a schedule is to be taken to be specified in the order.
- (5) Anyone or anything may be specified in a transfer order by describing the person or thing as a member of a class.
- (6) Before a transfer order is made specifying anything by reference to a schedule, a copy of which will be required to be delivered to a relevant official under section 20, the Minister is to consult as to the form and content of the schedule with the relevant official (or each relevant official if there is more than one).
- (7) The transfer order, or a schedule to which it refers, may, with the consent of the assignee, be amended by the Minister, by further order published in the *Gazette*, but no such amendment may be made after the transfer time.
- (8) An order under this section and any schedule to which it refers is to be signed by the Minister.

16. Consequences of transfer order

- (1) If a transfer order is made then, except as may be otherwise agreed between the Minister and the assignee —
- (a) at the transfer time —
- (i) an asset that is specified is, by operation of this section, assigned to the assignee;
- (ii) a liability that is specified is, by operation of this section, assigned to and becomes a liability of the assignee; and
- (iii) the assignee is, by operation of this section, substituted for the corporation as a party to any specified proceedings;
- (b) an agreement or instrument that is specified has effect, by operation of this section, as if, unless otherwise expressly specified, a reference to the assignee were, at

the transfer time, substituted for a reference to the corporation in the agreement or instrument.

- (2) If a transfer order assigns an interest held by the corporation as a joint tenant with the Electricity Corporation, the assignment does not sever the joint tenancy and the assignee holds the interest as a joint tenant with the Electricity Corporation.
- (3) In this section —
“Electricity Corporation” means the Electricity Corporation established by the *Electricity Corporation Act 1994*;
“specified” means specified in the transfer order.

17. Completion of necessary transactions

If section 16 cannot, to any extent, have effect as described in this Division (whether because a matter is governed otherwise than by the law of the State, or for any other reason), the Minister and the corporation are each to take all practicable steps for the purpose of securing that the effect sought to be achieved by the transfer order and this Division is achieved as soon as possible after the transfer time.

18. Contracts arising from certain internal arrangements of corporation

- (1) An instrument that provides for arrangements between different parts of the corporation’s business and operations may be specified in a transfer order as if it created contractual rights and liabilities.
- (2) An instrument specified as described in subsection (1) is to be regarded as if its provisions were contractual provisions between different legal entities.
- (3) The definitions of “liability” and “right” in section 14 include contractual liabilities and rights that are to be regarded as arising because of subsection (2), and those liabilities and rights are accordingly assignable under this Division.

19. Arrangements for custody and use of records

The corporation and an assignee may make arrangements for the delivery or sharing of, and access to, registers, papers, documents, minutes, receipts, books of account and other records (however compiled, recorded, or stored) relating to any asset, liability, proceedings, agreement, or instrument specified under section 15(1) in a transfer order.

- (2) The relevant officials are to take notice of this Part, any transfer order, including a schedule to which the order refers, and any notice under section 15(2), and are to record and register in the appropriate manner the documents necessary to show the effect of the transfer order and this Part.
- (3) In this section —

“relevant official” means the Registrar of Titles, the Registrar of Deeds, the Ministers respectively administering the *Land Administration Act 1997* and the *Mining Act 1978* or any other person authorised by a written law to record and give effect to the registration of documents relating to transactions affecting relevant property;

21. Rectifying error in transfer order

- (1) The Minister may by order published in the *Gazette* make any provision that is necessary to correct any error in a transfer order or a schedule to which a transfer order refers.

- (2) An order under this section may be made so as to have effect from the transfer time under the transfer order.
- (3) To the extent that a provision of an order under this section has effect before the day of its publication in the *Gazette*, section 16 does not, as a result of that provision, operate so as —
 - (a) to affect, in a manner prejudicial to any person (other than the State, the corporation, the assignee, or a Minister, officer or agency of the State), the rights of that person existing before the day of publication; or
 - (b) to impose liabilities on any person (other than the State, the corporation, the assignee, or a Minister, officer or agency of the State), in respect of anything done or omitted to be done before the day of publication.

Division 2 — Other matters

- (1) Regulations may modify the effect of any written law, in so far as it relates to a subsidiary, as may be necessary or convenient for the purposes of this Part.
- (2) Without limiting subsection (1), regulations may provide —
 - (a) that a reference to the corporation in a written law, other than this Act, that related to anything before it was transferred to a subsidiary includes a reference to the subsidiary; and
 - (b) that to the extent that a written law applies because of a regulation made in accordance with paragraph (a), it is modified as specified in the regulations.

 - (b) any indemnities or guarantees given by or on behalf of the State under this Act; and
 - (c) any other matter that arises out of or is connected with the matters mentioned in paragraphs (a) and (b).
- (2) If a House of Parliament is not sitting when the Auditor General is ready to report to it under subsection (1) the Auditor General is to transmit the report to the Clerk of that House and the report is to be regarded as having been received by that House.
- (3) The receipt of a report that is to be regarded as having occurred under subsection (2) is to be recorded in the Minutes, or Votes and Proceedings, of the House on the first sitting day after the Clerk receives the report.

Despite anything to the contrary in the *Local Government Act 1995*, land is not to be regarded as being occupied for the purposes of that Act merely because —

- (a) there is on or under that land any pipe or system of pipes for or incidental to the transport of gas in respect of which a distribution licence has been issued under Part 2A of the *Energy Coordination Act 1994*; or
- (b) a person is the holder of a distribution licence under Part 2A of the *Energy Coordination Act 1994* in respect of a distribution system that is on or under that land.

[Subdivision 10 omitted under the Reprints Act 1984 s. 7(4)(e).]
