(2) Within two (2) months after receipt of a submission from the Company under sub-clause (1) of this clause the Minister shall notify the Company whether or not he agrees with its submission.

(3) If the Minister notifies the Company that he does not agree with its submission then at the request of the Company made within two (2) months after receipt by the Company of the notification from the Minister, the Minister will appoint a tribunal (hereinafter called "the Tribunal") of three persons (one of whom shall be a Judge of the Supreme Court of Western Australia or failing him a Commissioner appointed pursuant to section 49 of the Supreme Court Act 1935 and the others of whom shall have appropriate technical or economic qualifications) to decide whether or not the metallising operation is feasible and the Tribunal in reaching its decision shall take into account (inter alia) the Company's submission, the amount of capital required for the metallising operation, the availability of that capital at that time on reasonable terms and conditions, the likelihood of the Company being able to...
sell metallised agglomerates at sufficient prices and in sufficient quantities and for a sufficient period to justify the metallising operation having regard to the amount and rate of return on total funds that would be involved in or in connection with the production and sale of metallised agglomerates by the Company and the comparable amount and rate of return on total funds employed in comparable metallurgical processes in Australia.

(4) If the Minister notifies the Company that he agrees with its submission or if on reference to the Tribunal the Tribunal decides that the metallising operation is not feasible then—

(a) the Company will not have any obligation or further obligation to submit proposals in respect of the metallising operation as provided in clause 9 hereof or to carry out such proposals in respect thereof as may have been finally approved or determined pursuant to that clause; and

(b) the Minister and the Company will forthwith confer with a view to agreeing on the substitution for the Company's obligations in respect of the metallising operation the obligation to carry out some feasible operation (related directly to the mining and metallurgical industry) representing an economic development within the said State approximately equivalent to the metallising operation.

(5) If within two (2) months after the Minister notifies the Company that he agrees with its submission or (as the case may be) within two (2) months after the Tribunal has announced its decision that the metallising operation is not feasible the Minister and the Company have not reached agreement under paragraph (b) of sub-clause (4) of this clause then the Minister will instruct the Tribunal to decide whether any and if so what other feasible operation of the kind referred to in that paragraph is capable of being and should be undertaken by the Company and the Tribunal in reaching its decision thereon shall have regard to any submissions made to it by the Minister and by the Company and also (inter alia) to the amount of capital required for such other operation, the availability of that capital at that time on reasonable terms and conditions, the likelihood of the Company being able to sell the product of such operation at sufficient prices and in sufficient quantities and for a sufficient period to justify the same having regard to the amount and rate of return on total capital that would be involved in or in connection with that other operation and the comparable amount and rate of return on total funds employed in comparable processes in Australia.
(6) If the Minister and the Company reach agreement under paragraph (b) of sub-clause (4) of this clause or if on reference to the Tribunal under sub-clause (5) of this clause the Tribunal decides that some other feasible operation is capable of being and should be undertaken by the Company then this Agreement shall be altered to give effect to that agreement or as the case may be that decision and the Company shall be obliged to comply with the obligations imposed on it as a result of such alteration.

(7) If the Company makes a submission to the Minister under sub-clause (1) of this clause then the period from the time of making that submission to the time when the Minister notifies the Company that he does not agree with its submission or (if the Company requests the Minister as provided in sub-clause (3) of this clause) to the time (if any) when the Tribunal decides that the metallising operation is feasible shall be added to the respective times by which the Company is required to comply with its obligations under clause 9 hereof.

(8) The Company may invoke the foregoing provisions of this clause at any time and from time to time in respect of all or any of its obligations arising under or pursuant to clause 9 hereof and the references to the metallising operation in those provisions shall as the case may require be read and construed as referring to the one or more of those obligations in respect of which those provisions are invoked by the Company.

Application of other clauses of Principal Agreement.

11. (1) The provisions of clauses 8 (1), 18, 19, 20, 20A, 20B, 20C, 21, 23, 24, 25, 26, and 28 of the Principal Agreement shall apply to and be deemed to be incorporated in this Agreement as if all references in those clauses to "this Agreement" and "the mineral lease" were references to this Agreement and the mineral lease respectively.

(2) The provisions of clause 8 (4) of the Principal Agreement shall apply to and be deemed to be incorporated in this Agreement as if the following passages, namely, "clause 5" and "grant of the mineral lease" were substituted for the passages "clause 7" and "commencement date" therein respectively.

(3) The provisions of clause 27 of the Principal Agreement shall apply to and be deemed to be incorporated in this Agreement as if all references in that clause to "this Agreement" were references to this Agreement and as if the following passages, namely, "clause 20 of the Principal Agreement as applying to this Agreement" and "clause 2 (a) hereof" were substituted for the passages "clause 20 hereof" (where twice appearing) and "clause 2 (b) hereof" therein respectively.
12. The parties covenant and agree with each other that in any of the following events namely if the Company shall make default in the due performance or observance of any of its covenants or obligations to the State in or under this Agreement or of its covenants or obligations in or under the Principal Agreement or of its covenants or obligations in or under any lease sub-lease licence or other title or document granted or assigned under this Agreement on its part to be performed or observed and shall fail to remedy that default within reasonable time after notice specifying the default is given to it by the State (or if the alleged default is contested by the Company and promptly submitted to arbitration within a reasonable time fixed by the arbitration award where the question is decided against the Company the arbitrator finding that there was a bona fide dispute and that the Company had not been dilatory in pursuing the arbitration) or if the Company shall abandon or repudiate its operations under this Agreement or shall go into liquidation (other than a voluntary liquidation for the purposes of reconstruction) or if the Company shall surrender the entire mineral lease as permitted under clause 6(2)(a) hereof then and in any of such events the State may by notice to the Company given at any time determine this Agreement (other than clause 15 hereof) and the rights of the Company hereunder and under any lease licence easement or right granted hereunder or pursuant hereto shall thereupon determine PROVIDED HOWEVER that—

(a) if the Company shall fail to remedy any default (other than a default in complying with the provisions of clauses 9 or 10 hereof) after such notice or within the time fixed by the arbitration award as aforesaid the State instead of determining this Agreement as aforesaid because of such default may itself remedy such default or cause the same to be remedied (for which purpose the State by agents workmen or otherwise shall have full power to enter upon lands occupied by the Company and to make use of all plant machinery equipment and installations thereon) and the costs and expenses incurred by the State in remedying or causing to be remedied such default shall be a debt payable by the Company to the State on demand;

(b) the State shall not be entitled to determine this Agreement as aforesaid on account of any default by the Company in the due performance or observance of any of its covenants or obligations to the State under clause 9 hereof or of any of its obligations substituted therefor under clause 10 hereof until such time as the State has given notice of such default to the Company and the following period has elapsed since the giving of such notice—

(i) if the notice of default is given in respect of the Company's obligations under clause 9(1)(a) hereof or of any of its obligations
substituted therefor under clause 10 hereof or its relative construction obligations under clause 9(3) hereof then the period during which the Company exports from the said State fifty million (50,000,000) tons of iron ore won from the mineral lease or a period of ten (10) years whichever first elapses;

(ii) if the notice of default is given in respect of the Company's obligations under clause 9(1)(b) hereof or of any of its obligations substituted therefor under clause 10 hereof or its relative construction obligations under clause 9(3) hereof then the period during which the Company exports from the said State thirty seven million five hundred thousand (37,500,000) tons of iron ore won from the mineral lease or a period of seven (7) years and six (6) months whichever first elapses;

(iii) if the notice of default is given in respect of the Company's obligations under clause 9(1)(c) hereof or of any of its obligations substituted therefor under clause 10 hereof or its relative construction obligations under clause 9(3) hereof then the period during which the Company exports from the said State twenty five million (25,000,000) tons of iron ore won from the mineral lease or a period of five (5) years whichever first elapses;

provided that in each case the period shall be extended by such further period as may be necessary to enable the Company to fulfil any contract or contracts for the sale of iron ore won from the mineral lease which it has entered into with the consent of the Minister.

(c) in no event shall any default by the Company in the due performance or observance of any of its covenants or obligations to the State in or under this Agreement or of its covenants or obligations under clause 13 of the Principal Agreement if and while amended by clause 14 of this Agreement or of its covenants or obligations in or under any lease sub-lease licence or other title or document granted or assigned under this Agreement on its part to be performed or observed entitle the State to determine the Principal Agreement or any rights of the Company thereunder or under any lease licence easement or right granted thereunder or pursuant thereto.
13. (1) If Mount Bruce Mining Pty. Limited gives notice pursuant to clause 5 (1) of the agreement secondly referred to in the First Schedule hereto and a mineral lease is granted by the State pursuant to clause 8 (1) of the agreement (as amended) firstly referred to in that Schedule (which agreement is hereinafter referred to as “the Hanwright Agreement”) then the operation of clauses 13 to 17 (both inclusive) of the Principal Agreement shall be suspended until such time as the Minister—

(a) gives notice pursuant to clause 11K of the Hanwright Agreement in which case the provisions of sub-clause (2) of this clause shall take effect, or

(b) fails to give such notice in which case the Principal Agreement shall thenceforth be read and construed as if the said clauses 13 to 17 (both inclusive) were deleted from the Principal Agreement.

(2) If the Minister gives notice pursuant to clause 11K of the Hanwright Agreement he shall at the same time or as soon as reasonably possible thereafter give a copy of such notice to the Company and from and after the giving of such copy notice the suspension of the operation of the said clauses 13 to 17 (both inclusive) of the Principal Agreement shall cease and the said clauses shall recommence to operate and thereafter shall be read and construed and take effect as if the word “Hanwright” were inserted before the word “year” wherever appearing in the said clause 13 and as if each numeral appearing therein immediately after the word “year” were a numeral one more than the corresponding numeral in the corresponding provisions in clause 11E of the Hanwright Agreement and any reference in the said clause 13 to “Hanwright year” followed by a numeral shall have the same meaning as a reference to “year” followed by the same numeral would have had if that clause 11E had continued to operate in the Hanwright Agreement.

14. Subject to clause 13 (1) (b) hereof if before the first day of January 1977 the State gives to the Company notice that it is willing to supply the Company at all times from the commencement of the first day of January 1986 and thereafter during the continuance in operation of the Principal Agreement with all the Company’s requirements for electrical power within a radius of thirty miles from the Post Office at Dampier in the said State (including all electrical power from time to time required by the Company for secondary processing, for the production of iron and/or steel and for all ancillary purposes including crushing, screening and loading, and the operation of any harbour or harbours but not including electrical power from time to time required by the Company for any townsite or townsites established or to be established by the Company) at a total cost to the Company of five tenths of a
cent (0.5c) per kilowatt hour and supplied by the State at points reasonably adjacent to the respective places at which it is from time to time required by the Company, then the State and the Company will forthwith enter into an agreement for the supply of such electrical power accordingly, and from and after the date when such agreement is entered into and so long as the State complies with all its obligations under the said agreement clause 13 of the Principal Agreement shall be read construed and take effect as if each numeral appearing therein immediately after the word "year" were a numeral six less than each such numeral PROVIDED that upon the grant by the State of a mineral lease to Mount Bruce Mining Pty. Limited pursuant to clause 8 (1) of the Hanwright Agreement this clause shall be read construed and take effect as if the words and figures “six tenths of a cent (0.6c)” were substituted for the words and figures “five tenths of a cent (0.5c)” appearing in this clause and any electricity supply agreement then entered into between the State and the Company pursuant to this clause shall be correspondingly amended from and after that time.

15. The Principal Agreement is hereby amended as follows—

(1) by inserting after the definition of “integrated iron and steel industry” in clause 1 thereof the following definition—
