Dampier to Bunbury Pipeline Act 1997

An Act to provide for —

- **the disposal of a pipeline system belonging to the Gas Corporation;**
 - **the assignment of things to give effect to the disposal;**
 - **the holding of a State land corridor,**
- and for related matters.**

[Long title amended by No. 65 of 1998 s.89.]

Part 1 — Preliminary

1. Short title

This Act may be cited as the *Dampier to Bunbury Pipeline Act 1997*¹.

2. Commencement

(1) The provisions of this Act —

- (a) that are not in Schedule 4; or
- (b) that are in Schedule 4 but for which no other commencement day or time is stated in that Schedule,

come into operation on the day on which this Act receives the Royal Assent¹.

(2) Provisions in Schedule 4 for which a day or time is stated in that Part to be the commencement day or time come into operation on the day or at the time stated¹.

3. Definitions

In this Act, unless the contrary intention appears —

“**Coordinator**” means the Coordinator of Energy appointed as required by the *Energy Coordination Act 1994*;

“**corporation**” means the Gas Corporation established by the *Gas Corporation Act 1994*;

“**corporation’s DBNGP system**” means the gas pipeline system between Dampier and Bunbury that, before any assignment in accordance with this Act, belongs to and is operated by the corporation, including all associated equipment, as identified by the corporation in accordance with Schedule 5, clause 3(3), of the *Gas Corporation Act 1994* before that Schedule was amended by this Act;

“**pipeline transfer time**” means the transfer time specified in a transfer order under Part 3 because of which pipelines in

the corporation's DBNGP system are assigned under that Part;

“privatised DBNGP system” means any of the corporation's DBNGP system that has been assigned from the corporation in accordance with this Act, whether or not it has been subsequently further assigned, and includes that system as it may be extended or developed from time to time after its assignment from the corporation.

4. Crown bound

This Act binds the Crown.

Part 2 — Setting up the sale and dealing with sale proceeds

5. This Part to be read as one with *Gas Corporation Act 1994*

This Part and the *Gas Corporation Act 1994* are each to be read as if this Part were in that Act.

6. Disposal of DBNGP system

- (1) It is a function of the corporation to —
 - (a) dispose of the corporation's DBNGP system in whole or in part; and
 - (b) take steps to bring about that disposal and deal with incidental and related matters.
- (2) The Minister may give directions in writing to the corporation with respect to the performance of the function described in subsection (1), and the directions take effect when given to the corporation.
- (3) Without limiting subsection (2), a direction under that subsection may require the corporation —
 - (a) to allow the whole or part of the function described in subsection (1) to be performed on its behalf by; and
 - (b) to act in accordance with the instructions of,

a committee of persons appointed by the Minister and given responsibility for the conduct of the disposal and other matters referred to in subsection (1).
- (4) The Minister must cause the text of any direction under subsection (2) to be laid before each House of Parliament within 14 days after the direction is given, and section 96 of the *Gas Corporation Act 1994* applies as if subsection (1)(a) of it included a reference to this subsection.

- (5) The annual report in respect of the corporation must include particulars of any direction under subsection (2) as if section 64(1)(c) of the *Gas Corporation Act 1994* included a reference to such a direction.

7. Disposal not obligatory unless directed

Section 6(1) does not impose on the corporation a duty to perform the function that it gives the corporation but the corporation has a duty to comply with a direction given to it under section 6(2).

8. Sale proceeds

A direction under section 6(2) may, if the corporation has been consulted and the Treasurer concurs —

- (a) require the corporation to pay to the Treasurer so much of the proceeds of a disposal under section 6(1) as is specified in the direction;
- (b) specify that all or any of the amount required under paragraph (a) to be paid to the Treasurer is to be credited to the DBNGP Corridor Trust Account kept under section 45(1).

9. Auditor General may disclose information

Despite section 91 of the *Financial Administration and Audit Act 1985*, the Auditor General may, for the purpose of facilitating a disposal referred to in section 6(1) and if requested by the corporation and any committee referred to in section 6(3) to do so, disclose to any person, or provide any person with access to, information in his or her possession or under his or her control.

s. 10

10. Offence of disclosing information

- (1) A person who —
- (a) under section 9 or otherwise, obtains information connected with a disposal referred to in section 6(1); and
 - (b) has agreed or is otherwise under a duty not to disclose the information to others,

(in this section called the “**bound recipient**”) commits an offence if the person breaches the agreement or the duty without lawful excuse.

- (2) A person who obtains information referred to in subsection (1) from or through the bound recipient commits an offence if, without lawful excuse, the person discloses the information in a way that would have resulted in a breach of an agreement or duty if the disclosure had been by the bound recipient.

Penalty: \$100 000.

11. Protection from liability

- (1) Without limiting section 74 of the *Gas Corporation Act 1994*, the corporation, a subsidiary of the corporation or a person performing functions under this Act is not liable for the fact of having done or omitted anything that is required to be done or omitted by a direction given under section 6(2).
- (2) Subsection (1) does not extend to the manner in which anything is done or omitted if it is done or omitted in a manner that is contrary to clause 2 or 3 of Schedule 2 of the *Gas Corporation Act 1994* and the direction did not require that it be done in that manner.

12. Validation

Anything that was done before this Part commenced is, and is to be taken to have always been, as valid and effective as if —

- (a) this Part had been in operation at all material times; and

- (b) the Minister had given the corporation a direction under section 6(2) —
 - (i) requiring the corporation to take steps to bring about the disposal of all, or a substantial part, of the corporation's DBNGP system and other assets and liabilities of the corporation relating to that system; and
 - (ii) including a requirement as described in section 6(3).

Part 3 — The assignment and related matters

Division 1 — Preliminary

13. Intention

The intentions of this Part are —

- (a) to assign all, or a substantial part, of the corporation's DBNGP system and other assets and liabilities of the corporation relating to that system in accordance with an agreement between the corporation and a prospective purchaser;
- (b) to ensure that the assets are capable of being subsequently assigned without further legislation,

and to deal with related matters.

14. Definitions

In this Part, unless the contrary intention appears —

“assets” means —

- (a) property of every kind whether tangible or intangible, real or personal, corporeal or incorporeal; and
- (b) without limiting paragraph (a), includes choses in action, goodwill, rights, interests and claims of every kind in or to property, whether arising from, accruing under, created or evidenced by or the subject of, an instrument or otherwise and whether liquidated or unliquidated, actual, contingent or prospective,

being part of, or relating to, the corporation's DBNGP system, except that it does not include any right, title, or interest that is capable of passing to the DBNGP Land Access Minister under section 31;

“assignee” means the person specified in a transfer order as —

- (a) the person to whom anything is assigned; or

- (b) the person a reference to whom has to be treated as being substituted for a reference to the corporation in an agreement or instrument in order to give effect to section 16(1)(b);

“liability” means any liability, duty or obligation —

- (a) whether actual, contingent or prospective, liquidated or unliquidated; or
- (b) whether owed alone or jointly or jointly and severally with any other person,

relating to the corporation’s DBNGP system or any other asset;

“right” means any right, power, privilege or immunity whether actual, contingent or prospective, but does not include any privilege or immunity enjoyed by the corporation as an agent of the Crown except in so far as it relates to anything done or omitted to be done by the corporation before the transfer time;

“transfer order” means an order under section 15, as amended under that section or corrected under section 23 if applicable;

“transfer time” means the transfer time specified in a transfer order.

Division 2 — Assignment of assets and liabilities

15. Minister may make transfer orders

- (1) To give effect to an agreement mentioned in section 13, the Minister may make and publish in the *Gazette* an order that —
 - (a) specifies a time, being not before the day the order is published, to be the transfer time for that order;
 - (b) specifies any asset or liability of the corporation that, by operation of section 16, is to be assigned to the person specified in the order; and

Dampier to Bunbury Pipeline Act 1997

Part 3 The assignment and related matters

Division 2 Assignment of assets and liabilities

s. 16

- (c) specifies any agreement or instrument relating to anything assigned that, by operation of section 16, is to have effect as if, unless otherwise expressly specified in the order, references to the assignee were substituted for references in it to the corporation.
- (2) If the transfer time is specified by reference to when anything is done, the Minister is to cause notice to be published in the *Gazette* of the time when that thing was done.
- (3) The transfer order may specify things by reference to schedules which —
 - (a) need not be published in the *Gazette*; but
 - (b) must be available for inspection by the public at a place identified in the order,and anyone or anything specified in a schedule is to be taken to be specified in the order.
- (4) Anyone or anything may be specified in a transfer order by describing the person or thing as a member of a class.
- (5) Before a transfer order is made specifying anything by reference to a schedule, a copy of which will be required to be delivered to a relevant official under section 22, the form and content of the schedule is to be approved by the relevant official (or each relevant official if there is more than one).
- (6) The transfer order, or a schedule to which it refers, may, with the consent of the assignee, be amended by the Minister, by further order published in the *Gazette*, but no such amendment may be made after the transfer time.

16. Consequences of transfer order

- (1) If a transfer order is made then, except as may be otherwise agreed between the corporation and the assignee, at the transfer time —
- (a) an asset or liability of the corporation that is specified is, by operation of this section, assigned to the assignee; and
 - (b) an agreement or instrument that is specified has effect, by operation of this section, as if, unless otherwise expressly specified, a reference to the assignee were substituted for a reference to the corporation in the agreement or instrument.
- (2) In subsection (1) —
“**specified**” means specified in the transfer order.

17. Certain contracts validated

- (1) An assigned contract has effect as if, before the assignment —
- (a) the terms of the instrument of contract (including any terms incorporated by reference) were authorised by the *Gas Corporation Act 1994* and the *Gas Transmission Regulations 1994*, and prevailed to the extent that they contained any inconsistency with those written laws; and
 - (b) any provision of the *Gas Transmission Regulations 1994* purporting to affect the contract in a way consistent with the terms of the contract were authorised by the *Gas Corporation Act 1994* and prevailed to the extent that it contained any inconsistency with that Act.
- (2) In subsection (1) —
“**assigned contract**” means a contract for access to gas transmission capacity, or for related matters, the rights and liabilities under which are assigned from the corporation to

the assignee, except that it does not include an exempt contract as defined by section 20(5).

18. Corporation to complete necessary transactions

If section 16 cannot, to any extent, have effect as described in this Division (whether because a matter is governed otherwise than by the law of the State, or for any other reason), the corporation is to take all practicable steps for the purpose of securing that the effect sought to be achieved by the transfer order and this Division is achieved as soon as possible after the transfer time.

19. Contracts arising from certain internal arrangements of corporation

- (1) An instrument that provides for arrangements between the corporation's transmission business and any other part of the corporation's (or any subsidiary's) business and operations may be specified in a transfer order as if it created contractual rights and liabilities.
- (2) An instrument specified as described in subsection (1) is to be regarded as if its provisions were contractual provisions between different legal entities being, on the one hand, an entity (in this section called "**the assignor**") representing the corporation in the conduct of the corporation's transmission business and, on the other hand, the corporation.
- (3) The definitions of "liability" and "right" in section 14 include contractual liabilities and rights on the part of the assignor that are to be regarded as arising because of subsection (2), and those liabilities and rights are accordingly assignable under this Division.
- (4) In this section —
"corporation's transmission business" means that part of the corporation's (or any subsidiary's) business and operations involved in the granting of access to the capacity of the

corporation's DBNGP system to transport gas, and the maintenance and provision of the capability of that system to transport gas.

20. Modification of certain assigned rights

- (1) Despite anything to the contrary in a contract under which an assignee assumes the position of the corporation under this Part, the assignee is to offer to vary the price for access to which a person is entitled under the contract to a price not exceeding the statutory price applicable from time to time for the service provided for in the contract.
- (2) The varied price that is required by subsection (1) to be offered has effect, if accepted, from the time that the assignee assumes the position of the corporation unless the parties to the contract otherwise agree.
- (3) Subsection (1) does not apply to an exempt contract.
- (4) A contract to which subsection (1) applies may provide for a price for access that is above the maximum price, if any, prescribed by regulations for the service concerned.
- (5) In this section —
“**access**” means access to the capacity of the privatised DBNGP system to transport gas; and
“**exempt contract**”—
 - (a) means a contract in respect of which a declaration under the *Gas Corporation Act 1994*, Schedule 5, clause 6 was in force immediately before the coming into operation of clause 17(4) of Schedule 4 of this Act¹; and
 - (b) includes a contract entered into —
 - (i) in substitution for a contract referred to in paragraph (a) or any provision of such a contract; or

- (ii) by way of amendment of a contract referred to in paragraph (a) or subparagraph (i);

“**statutory price**” means the price that a person could insist on paying if the person were, at the time concerned, entering into a contract for the service concerned.

21. State indemnities and guarantees

- (1) The Treasurer may, in the name and on behalf of the State of Western Australia, give any indemnity or guarantee in respect of a matter arising under or related to —
- (a) an agreement mentioned in section 13; or
 - (b) an agreement affected by an assignment in accordance with an agreement mentioned in section 13.
- (2) The payment of any money under an indemnity or guarantee given under subsection (1) is to be made by the Treasurer and charged to the Consolidated Fund, which this section appropriates to the necessary extent.

22. Registration of documents

- (1) The Minister is to cause a copy of each transfer order, any schedule to which it refers, and any notice under section 15(2) relating to the transfer time, to be delivered to each relevant official and the corporation.
- (2) The relevant officials are to take notice of this Part, any transfer order, including a schedule to which the order refers, and any notice under section 15(2), and are to record and register in the appropriate manner the documents necessary to show the effect of the transfer order and this Part.
- (3) Without limiting subsection (2), a statement in an instrument executed by the assignee that any estate or interest in land or other property has been assigned to it by section 16 is evidence of that fact.

(4) In this section —

“relevant official” means the Registrar of Titles, the Registrar of Deeds, the Minister administering the *Mining Act 1978* and any other person authorised by a written law to record and give effect to the registration of documents relating to transactions affecting any estate or interest in land or any other property.

[Section 22 amended by No. 53 of 1997 s.52 and Sch.4 Div. 1 of this Act.]

23. Rectifying error in transfer order

- (1) The Minister may by order published in the *Gazette* make any provision that is necessary to correct any error in a transfer order or a schedule to which a transfer order refers.
- (2) An order under this section may be made so as to have effect from the transfer time under the transfer order.
- (3) To the extent that a provision of an order under this section has effect before the day of its publication in the *Gazette*, section 16 does not, as a result of that provision, operate so as —
 - (a) to affect, in a manner prejudicial to any person (other than the State, the corporation, the assignee, or an officer or authority of the State), the rights of that person existing before the day of publication; or
 - (b) to impose liabilities on any person (other than the State, the corporation, the assignee, or an officer or authority of the State), in respect of anything done or omitted to be done before the day of publication.

24. Saving

The operation of a provision of this Part is not to be regarded —

- (a) as a breach of contract or confidence or otherwise as a civil wrong;

Dampier to Bunbury Pipeline Act 1997

Part 3 The assignment and related matters

Division 3 Subsequent assignability of DBNGP system assets

s. 25

- (b) as a breach of any contractual provision prohibiting, restricting or regulating the assignment or transfer of assets or liabilities or the disclosure of information;
- (c) as giving rise to any remedy by a party to an instrument or as causing or permitting the termination of any instrument, because of a change in the beneficial or legal ownership of any asset or liability;
- (d) as causing any contract or instrument to be void or otherwise unenforceable; or
- (e) as releasing or allowing the release of any surety.

25. Regulations

Regulations may provide for —

- (a) any matter or thing for which it is necessary or convenient to make provision in order to give effect to an agreement mentioned in section 13;
- (b) any matter that it is necessary or convenient to deal with as a consequence of anything in, or anything done under, this Division.

Division 3 — Subsequent assignability of DBNGP system assets

26. Assignable nature of the assets

- (1) The assignment of an asset by the corporation is not prevented by any written law that, before the assignment, states that the asset vests in the corporation.
- (2) An asset that has been assigned by section 16 belongs to the assignee, or any person to whom it may be subsequently assigned by or through the assignee, regardless of whether it is of the nature of a fixture, and is capable of being removed from the land and, whether or not it has been removed, is capable of being assigned separately from the land.

Part 4 — The pipeline corridor

27. Interpretation

- “**assigned DBNGP corridor**” means land that has become land in the DBNGP corridor under section 31;
- “**DBNGP corridor**” means the assigned DBNGP corridor and any additional land that the DBNGP Land Access Minister designates under section 33 to be in the DBNGP corridor;
- “**DBNGP Land Access Minister**” means the corporation sole established by section 29(1);
- “**holder**” means a person holding rights conferred under section 34;
- “**nominee**” means the person, if any, who is approved under section 34(3) as the nominee of the holder;

- “**State corridor rights**” has the meaning given by section 28.
- (2) Anything that is placed in, on or over, or is buried in, land is on that land for the purposes of this Part.

28. The meaning of “State corridor rights”

- (1) State corridor rights are an interest in land in the DBNGP corridor and the extent of the interest is such that, if State corridor rights are held in land, neither conferring rights under section 34 nor exercising any right conferred under that section would injuriously affect any right, title, or interest in the land.

s. 29

- (2) State corridor rights may be taken or acquired as described in section 29(2).

29. DBNGP Land Access Minister

- (1) For the purposes of —
- (a) holding any right, title, or interest in land passing under section 31 or taken or otherwise acquired for the purposes of this Part or Schedule 2;
 - (b) designating additional land to be in the DBNGP corridor;
 - (c) administering any restrictions placed under this Part on land in the DBNGP corridor;
 - (d) conferring rights under section 34; and
 - (e) performing any other function under or for the purposes of this Part or Schedule 2,

the Minister for the time being appointed by the Governor by order published in the *Gazette* is a corporation sole by the name of “the DBNGP Land Access Minister” with perpetual succession, a common seal and power to do all such things as are required for those purposes.

- (2) A right, title, or interest —
- (a) may be acquired by the DBNGP Land Access Minister by agreement; or
 - (b) may be taken under Part 9 of the *Land Administration Act 1997* whereupon, unless it would be incompatible with the nature of the right, title, or interest for it to do so, it vests in the DBNGP Land Access Minister,

and in neither case does the right, title, or interest merge with any estate of the Crown that is not held under this Part by the DBNGP Land Access Minister.

- (3) The DBNGP Land Access Minister is to —
- (a) perform functions under or for the purposes of this Part or Schedule 2 with, and in accordance with, the advice, either general or in relation to a particular matter, of the Act Minister, and not otherwise; and
 - (b) inform the Act Minister of —
 - (i) any order made under section 33;
 - (ii) any conferral of rights under section 34; or
 - (iii) any approval under section 34(3) to the exercise of rights under section 34 by a nominee of the holder.
- (4) If the Act Minister is appointed to be the DBNGP Land Access Minister subsection (3) does not apply.

[Section 29 amended by No. 53 of 1997 s.52 and Sch. 4 Div. 1 of this Act.]

30. Use of staff and facilities of departments, agencies and instrumentalities

- (1) The DBNGP Land Access Minister may by arrangement with the relevant employer make use, either full-time or part-time, of the services of any officer or employee —
- (a) in the Public Service;
 - (b) in a State agency or instrumentality; or
 - (c) otherwise in the service of the Crown in right of the State.
- (2) The DBNGP Land Access Minister may by arrangement with —
- (a) a department of the Public Service; or
 - (b) a State agency or instrumentality,
- make use of any facilities of the department, agency or instrumentality.

s. 31

- (3) An arrangement under subsection (1) or (2) is to be made on terms agreed to by the parties.

31. Assignment of certain rights of corporation

- (1) The corporation is to prepare a schedule identifying the land on which any of the corporation's DBNGP system that the corporation proposes to assign under Part 3 is located, and give the schedule to the DBNGP Land Access Minister.
- (2) The land to be identified in the schedule —
- (a) subject to paragraph (b), includes land in which the corporation holds an estate in fee simple; but
 - (b) does not include land if it could not reasonably be considered appropriate for that land to be in the DBNGP corridor.
- (3) After giving the DBNGP Land Access Minister the schedule, the corporation may prepare and give to the DBNGP Land Access Minister an amendment to the schedule to include additional land, but the amendment can only be made before disposing of the corporation's DBNGP system that is on that land.
- (4) The DBNGP Land Access Minister is to cause notice to be published in the *Gazette* stating that —
- (a) land identified in the schedule or included by the amendment becomes land in the DBNGP corridor at the beginning of the day on which the notice is published in the *Gazette*; and
 - (b) the schedule or amendment is available for inspection as specified in the notice,

and the statement under paragraph (a) has effect.

- (5) When land becomes land in the DBNGP corridor —
- (a) any right, title, or interest that the corporation has in or over the land, other than an estate in fee simple, passes to the DBNGP Land Access Minister;
 - (b) State corridor rights pass to the DBNGP Land Access Minister in any of the land in which the corporation holds an estate in fee simple and the estate in fee simple becomes subject to those rights; and
 - (c) rights as nearly as may be, consistently with this Act, equivalent to the rights that, under the *Energy Operators (Powers) Act 1979*, the corporation had in respect of the land immediately before it became land in the DBNGP corridor are given to the DBNGP Land Access Minister.
- (6) The rights, title, and interest pass to the DBNGP Land Access Minister from the corporation under this section even though —
- (a) the DBNGP Land Access Minister is not a local authority in the sense in which that term is used in section 33A of the *Land Acquisition and Public Works Act 1902*²; and
 - (b) the DBNGP Land Access Minister does not own or operate a pipeline.
