## Guide for using this reprint

### *What the reprint includes*

### *Endnotes, Compilation table, and Table of provisions that have not come into operation*

1. Details about the original Act are shown in the Compilation table in endnote 1, at the back of the reprint. The table also shows any previous reprint.
2. A table of provisions that have not come into operation, to be found in endnote 1a if it is needed, lists any provisions of the Act being reprinted that have not come into operation and any amendments that have not come into operation. The full text is set out in another endnote that is referred to in the table.

### *Notes amongst text (italicised and within square brackets)*

Editorial notes show if something has been omitted under the *Reprints Act 1984* s. 7(4) (because, although still technically part of the text, it no longer has any effect).

The text of anything omitted can be found in an earlier reprint (if there is one) or the Act as passed.

### *Reprint numbering and date*

1. The reprint number (in the footer of each page of the document) shows how many times the Act has been reprinted. For example, numbering a reprint as “Reprint 3” would mean that the reprint was the 3<sup>rd</sup> reprint since the Act was passed. Reprint numbering was implemented as from 1 January 2003.
2. The information in the reprint is current on the date shown as the date as at which the Act is reprinted. That date is not the date when the reprint was published by the State Law Publisher and it is probably not the date when the most recent amendment had effect.

**5. Compensation for loss suffered**

- (1) A person who holds an authorisation is entitled to fair compensation for any loss suffered by the person as a result of a relevant event.
- (2) For the purposes of subsection (1) a person suffers loss if and only if the market value of the authorisation held by the person is reduced because —
  - (a) the authorisation will not be able to be renewed;

- (3) For the purposes of subsection (1) the amount of any loss suffered by a person is limited to the amount of the reduction in market value referred to in subsection (2) and in determining —
  - (a) whether any such reduction has occurred; and
  - (b) the amount of any such reduction,

account is to be taken of whether such a reduction has been offset or mitigated by an increase in the market value of the authorisation as a result of a voluntary or compulsory fisheries adjustment scheme established under the *Fisheries Adjustment Schemes Act 1987* because of the relevant event.

- (4) If the transfer of an authorisation is liable to be refused under section 140(2)(b) of the *Fish Resources Management Act 1994*, the market value of the authorisation is to be assessed, for the purposes of this section, as if the authorisation were fully transferable.
- (5) Subsection (2)(e) does not apply to a person unless the person obtains a certificate from the Executive Director stating that, in the Executive Director's opinion, the history of the authorisation shows that the area has been fished under the authorisation on a long term and consistent basis.
- (6) Subsection (2)(f) does not apply to a person unless the person obtains a certificate from the Executive Director stating that, in the Executive Director's opinion, the histories of the related authorisations show that the area has been fished under those authorisations on a long term and consistent basis.
- (7) In the event of the Executive Director not issuing a certificate under subsection (5) or (6) within the prescribed time after being asked by a person to do so, the person may apply to the Minister to have the matter reviewed.
