University Buildings Act 1930

Reprint 1: The Act as at 6 June 2008

Guide for using this reprint

What the reprint includes

Endnotes, Compilation table, and Table of provisions that have not come into operation

1. Details about the original Act and legislation that has amended its text are shown in the Compilation table in endnote 1, at the back of the reprint. The table also shows any previous reprint.
2. Validation, transitional, savings, or other provisions identified in the Compilation table may be important. The table may refer to another endnote setting out the text of these provisions in full.
3. A table of provisions that have not come into operation, to be found in endnote 1a if it is needed, lists any provisions of the Act being reprinted that have not come into operation and any amendments that have not come into operation. The full text is set out in another endnote that is referred to in the table.

Notes amongst text (italicised and within square brackets)

1. If the reprint includes a section that was inserted, or has been amended, since the Act being reprinted was passed, editorial notes at the foot of the section give some history of how the section came to be as it is. If the section replaced an earlier section, no history of the earlier section is given (the full history of the Act is in the Compilation table).

Notes of this kind may also be at the foot of Schedules or headings.

2. The other kind of editorial note shows something has been —
 - removed (because it was repealed or deleted from the law); or
 - omitted under the *Reprints Act 1984* s. 7(4) (because, although still technically part of the text, it no longer has any effect).

The text of anything removed or omitted can be found in an earlier reprint (if there is one) or one of the written laws identified in the Compilation table.

Reprint numbering and date

1. The reprint number (in the footer of each page of the document) shows how many times the Act has been reprinted. For example, numbering a reprint as “Reprint 3” would mean that the reprint was the 3rd reprint since the Act was passed. Reprint numbering was implemented as from 1 January 2003.
2. The information in the reprint is current on the date shown as the date as at which the Act is reprinted. That date is not the date when the reprint was published by the State Law Publisher and it is probably not the date when the most recent amendment had effect.

University Buildings Act 1930

An Act to authorise the expenditure by the Senate of the University of Western Australia out of certain trust moneys known as the Hackett Bequest of the amount required for the erection and completion of certain buildings at Crawley, and to provide for the grant by the State of an annuity sufficient to reimburse the University and for other incidental purposes.

Preamble

Whereas by reason of taxation imposed under the *Dividend Duties Act 1902*², the bequest made to the University of Western Australia by the late Sir John Winthrop Hackett, K.C.M.G., LL.D., was reduced by £21,000 or thereabouts, and for the purpose of compensating the University for that loss the Government of the State agreed that it would, on 12 September 1930, pay a sum of £25,000 towards the cost of completing buildings at Crawley known as the Hackett Buildings, and on the faith of that agreement the Senate of the University entered into a contract to complete such buildings:

And whereas, as its own independent contribution to the cost of erecting suitable buildings for the University, and thereby enabling the work of the University to be carried on at Crawley, the Government proposes to pay the cost of erecting at Crawley a further building to house the Departments of Physics, Chemistry, and Agricultural Science:

And whereas it is now desired to make provision for the payment of the said sum of £25,000 to the University and to provide for the erection of the further building aforesaid.

Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and the Legislative Assembly of Western Australia, in this present Parliament assembled, and by the authority of the same, as follows:

1. Short title and commencement

This Act may be cited as the *University Buildings Act 1930*, and shall come into operation on a date to be fixed by proclamation¹.

2. Terms used in this Act

In this Act “**Senate**” means the Senate of the University and “**University**” means the University of Western Australia.

3. Payment of £25,000 to University

The Government shall, at the time and manner hereinafter provided, pay to the University the sum of £25,000, together with interest thereon at the rate of 5% per annum computed from 12 September 1930.

[Section 3 amended by No. 113 of 1965 s. 8(1).]

4. University to erect building for accommodation of certain departments at Crawley

The University shall, within a period of 2 years from the commencement of this Act, or within such extended time as the Governor may allow, erect at Crawley a building sufficient to accommodate the Physics, Chemistry, and Agricultural Science Departments of the University.

On the lodgment by the Senate with the Minister for Works of a certificate signed by the architect in charge of such building,

and by the Chancellor of the University, that the building has been erected, the University shall be deemed to have complied with this section.

5. Cost of buildings to be paid to University by Government with interest

When the Senate has lodged the certificate aforesaid with the Minister for Works, the Government shall pay to the University an aggregate sum, made up as follows —

- (a) the said sum of £25,000 and interest as mentioned in section 3: such interest up to the date of such lodgment to be capitalised;
- (b) the amounts up to £60,000 expended by the University in the erection of the building referred to in section 4, together with interest at 5% per annum on the amounts expended on progress payments or otherwise by the University during the course and for the purposes of such erection: all such interest to be computed from the respective dates of payment by the University and to be capitalised up to the date of such lodgment.

[Section 5 amended by No. 113 of 1965 s. 8(1).]

6. Reimbursement of University by payment of annuity

The aggregate sum of principal and capitalised interest ascertained as mentioned in section 5 shall, together with interest thereon (or on so much thereof as shall for the time being remain unpaid), at 5% per annum, computed from the date of the lodgment with the Minister for Works of the certificate mentioned in section 4, be paid by the Government to the University, as follows —

- (a) for a period of 30 years, the Government shall pay to the University an annual sum of such an amount as will at the end of 30 years completely discharge the said aggregate sum and all interest thereon in the meantime at the rate aforesaid;

s. 7

- (b) such annual sum shall be paid in equal half-yearly instalments, and the first instalment shall be paid 6 months after the date of such lodgment;
- (c) such annual sum is hereby charged on the Consolidated Account, and that Account to the extent required for the payment thereof is hereby permanently appropriated accordingly.

[Section 6 amended by No. 113 of 1965 s. 8(1); No. 6 of 1993 s. 11; No. 77 of 2006 s. 4 and 5(1).]

7. Power to realise funds and investments in Hackett Bequest

In order to provide the moneys necessary for the completion by the University of the said buildings at Crawley, known as the Hackett Buildings, and for the erection of the further building mentioned and provided for in section 4, the Senate is hereby authorised to raise a sum of money equal to the aggregate sums of principal and capitalised interest mentioned in section 5 either by means of a loan on the security of the funds and investments now controlled by the University and known as the Hackett Bequest, and any other investments (other than land and buildings) for the time being controlled by the University, or by means of a sale of so much of the said Hackett Bequest as may be necessary to raise such sum, or partly by means of a loan as aforesaid and partly by means of a sale as aforesaid as the Senate may deem expedient, and to use such sum for the purposes aforesaid: Provided that, as and when the payments provided for in section 6 are made by the Government to the University, the Senate shall, as soon as practicable, use and apply such payments firstly to restore the moneys realised by such sales and realisation, and thereby make the same again subject to the present trusts applying to the Hackett Bequest and, secondly, to pay the amount of the principal sum and interest owing in respect of any loan raised as aforesaid.

[Section 7 amended by No. 50 of 1931 s. 2.]

Notes

- ¹ This reprint is a compilation as at 6 June 2008 of the *University Buildings Act 1930* and includes the amendments made by the other written laws referred to in the following table. The table also contains information about any reprint.
