Standardisation of Formatting Act 2010

No. 19 of 2010

An Act to amend various written laws to standardise the formatting of certain aspects of those laws and to make other minor amendments for that purpose.

[Assented to 28 June 2010]

The Parliament of Western Australia enacts as follows:

Part 1 — Preliminary matters

1. Short title

This is the *Standardisation of Formatting Act 2010*.

2. Commencement

This Act comes into operation as follows —

- (a) sections 1 and 2 — on the day on which this Act receives the Royal Assent;
- (b) the rest of the Act — on a day fixed by proclamation, and different days may be fixed for different provisions.

Part 2 — Schedule headings

3. Terms used

In this Part —

current format, in relation to the heading to a Schedule to an Act, means —

- (a) one or more lines of continuous text consisting of —
 - (i) the identifier for the Schedule; then
 - (ii) an em rule; then
 - (iii) the title to the Schedule, with only the first word, capitalised defined terms and proper nouns being capitalised,
that is centred and in bold non-italic 14 point Times New Roman font; and
- (b) a separate line of text consisting of the shoulder note for the Schedule —
 - (i) in which the relevant provision is identified using an appropriate abbreviation; and
 - (ii) that is set out in square brackets, right aligned and in regular 11 point Times New Roman font;

identifier for a Schedule to an Act means —

- (a) if the Schedule is designated using cardinal numbers, whether Arabic or Roman — the word “Schedule” followed by the appropriate number; or
- (b) if the Schedule is designated using ordinal numbers — the word “Schedule” preceded by the appropriate ordinal; or
- (c) if the Schedule is the only Schedule to the Act and is not numbered — the word “Schedule”;

reformat, in relation to the heading to a Schedule to an Act, means do any or all of the following —

- (a) change the font, font size, bolding, italicisation, capitalisation and alignment of any part of the heading;
- (b) change the order of the elements of the heading;
- (c) insert an em rule after the identifier for the Schedule;
- (d) if the identifier and title for the Schedule are set out as separate lines of text — combine them to form one or more continuous lines of text;
- (e) if the word “The” appears before the identifier for the Schedule — delete that word;
- (f) if there is an existing shoulder note for the Schedule —
 - (i) delete round brackets;
 - (ii) insert square brackets;
 - (iii) replace a reference to a provision that is set out in full (e.g. section, Schedule, clause) with a reference using an appropriate abbreviation (e.g. s., Sch., cl.);
 - (iv) if 2 or more provisions are referred to and the last and next to last provisions are separated by a comma — replace that comma with “and”;
 - (v) delete a full stop after a reference to a provision;

shoulder note for a Schedule to an Act means a reference to the provision or provisions of the Act to which the Schedule relates.

Note: These are 3 examples of Schedule headings in the current format.

Schedule 1 — Constitution and proceedings of the Council

[s. 25]

Second Schedule — Rights in respect of dwelling houses

[s. 15]

Schedule — Map of relevant area

[s. 6 and 10]

4. Schedule headings reformatted

- (1) This section amends the Acts listed in the Table.
- (2) In each Schedule listed in the Table:
 - (a) if there is a title set out in the Table for the Schedule — after the identifier for the Schedule insert that title;
 - (b) if there is a shoulder note set out in the Table for the Schedule — at the end of the heading to the Schedule insert that shoulder note;
 - (c) reformat the heading to the Schedule, as amended by paragraphs (a) and (b) if applicable, so that it is in the current format.
