(2) A reference in a provision of Schedule 1 to the carbon component is a reference to the amount specified for that provision in Schedule 2A.

[By-law 4A inserted in Gazette 29 Jun 2012 p. 2914-16.]

4. Electricity charges payable by consumers (Sch. 1, Sch. 2)

(2) The charges to be paid by consumers for street lighting supplied by the corporation are those specified in Schedule 2.

5. Residential tariffs, when applicable

(1) A consumer is entitled to be supplied on the basis of a residential tariff only if —
   (a) the premises supplied consist of a dwelling; and
   (b) the supply is not used for any industrial, commercial, business, or general purpose.

(2) Notwithstanding that any premises would not otherwise be treated as a dwelling for the purposes of this by-law, a residential tariff may be applied if the premises or any part of
the premises is independently supplied and separately metered solely for the purpose of a residential supply.

6. **Subsidiary meters, rental for (Sch. 3)**

   (1) A consumer supplied by the corporation with electricity is liable to pay the rental specified in Schedule 3 in respect of each subsidiary meter used to meter the supply.

   (2) Sub-by-law (1) does not apply to a consumer if —
   
   (a) the premises supplied consist of a dwelling; and
   (b) the supply is not used for any industrial, commercial, business, or general purpose; and
   (c) the master account is supplied under a residential tariff.

   (2) A consumer supplied by the corporation must pay the appropriate charges specified in the Schedules within the relevant period.

   (3) Subject to the Act section 124(4a), if payment of a charge exceeding $1 000 is not made in full within the relevant period, the consumer must pay an additional amount by way of interest for each day that the charge remains unpaid at a rate that is
equal to the RBA cash rate as at that day increased by 6 percentage points.

(4) An amount payable under sub-bylaw (2) or (3) is recoverable in any court of competent jurisdiction as a debt due to the corporation.

[By-law 8 amended in Gazette 30 Mar 2009 p. 970.]

10. **Calculation of charges**

(1) Where a charge per unit specified in Schedule 1 depends on the number of units consumed per day the charge per unit is to be based on the average daily consumption in the accounting period.

(2) Where a charge calculated in accordance with a Schedule is an amount which is not a whole number multiple of 5 cents the amount is to be rounded up or down, as the case may be, to the nearest whole number multiple of 5 cents.

11. **Changes to rate of charges, adjustment for**

Where during any accounting period a change in the applicable rate of charges occurs, the charge payable may be adjusted by reference to the date on which the change is to take effect or by reference to the date on which the change is applied to any applicable account, whichever results in the lower charge.

12. **Interest rate prescribed (Act s. 62(16))**

(1) In this by-law —

*interest period* means the period in respect of which payment is made or credit is given.

(2) For the purposes of section 62(16) of the Act, the rate at which interest is to be paid, or given credit for, by the corporation is —
