## Guide for using this reprint

### *What the reprint includes*

### *Endnotes, Compilation table, and Table of provisions that have not come into operation*

1. Details about the original regulations and legislation that has amended its text are shown in the Compilation table in endnote 1, at the back of the reprint. The table also shows any previous reprint.
2. Transitional, savings, modifying or other provisions identified in the Compilation table may be important. The table may refer to another endnote setting out the text of these provisions in full.
3. A table of provisions that have not come into operation, to be found in endnote 1a if it is needed, lists any provisions of the regulations being reprinted that have not come into operation and any amendments that have not come into operation. The full text is set out in another endnote that is referred to in the table.

### *Notes amongst text (italicised and within square brackets)*

1. If the reprint includes a regulation that was inserted, or has been amended, since the regulations being reprinted were made, editorial notes at the foot of the regulation give some history of how the regulation came to be as it is. If the regulation replaced an earlier regulation, no history of the earlier regulation is given (the full history of the regulations is in the Compilation table).

Notes of this kind may also be at the foot of Schedules or headings.

2. The other kind of editorial note shows something has been —
  - removed (because it was repealed or deleted from the law); or
  - omitted under the *Reprints Act 1984* s. 7(4) (because, although still technically part of the text, it no longer has any effect).

The text of anything removed or omitted can be found in an earlier reprint (if there is one) or one of the written laws identified in the Compilation table.

### *Reprint numbering and date*

1. The reprint number (in the footer of each page of the document) shows how many times the regulations have been reprinted. For example, numbering a reprint as “Reprint 3” would mean that the reprint was the 3<sup>rd</sup> reprint since the regulations were published. Reprint numbering was implemented as from 1 January 2003.
2. The information in the reprint is current on the date shown as the date as at which the regulations are reprinted. That date is not the date when the reprint was published by the State Law Publisher and it is probably not the date when the most recent amendment had effect.

**8. General adjustment for 2014/15 financial year and subsequent financial years**

- (1) This clause applies to the calculation of the fixed component and the usage component or components (other than the usage component to which clause 9 applies) of a charge under this Schedule for the supply of gas in the 2014/15 financial year or a subsequent financial year (in this clause called the *relevant year*).
- (2) If the CPI number for the quarter ending on the last 31 March before the beginning of the relevant year ( $CPI_r$ ) is more than the CPI number for the quarter ending on the 31 March that was a year earlier ( $CPI_{r-1}$ ), instead of using the number of cents per day or cents per unit shown in the relevant Table the number to be used for the relevant year is derived from the formula —

$$R_n = R_{n-1} \times \left( \frac{CPI_r}{CPI_{r-1}} \right)$$

where —

- $R_n$  is the number of cents per day or cents per unit for the relevant year;
- $R_{n-1}$  is the number of cents per day or cents per unit that applied under this Schedule immediately before the relevant year began.

**Energy Coordination (Gas Tariffs) Regulations 2000**

**Schedule 1** Tariff caps

**Part 4** Adjustment of certain tariff caps

**cl. 9**

---

- (3) If  $CPI_r$  is not more than  $CPI_{r-1}$ , the number of cents per day or cents per unit to be used for the relevant year is the number that applied under this Schedule immediately before the relevant year began.

*[Clause 8 inserted in Gazette 18 Oct 2002 p. 5225-6; amended in Gazette 30 Jun 2008 p. 3135; 30 Jun 2009 p. 2673; 26 Mar 2010 p. 1145; 29 Jul 2011 p. 3132; 1 May 2012 p. 1844; 17 May 2013 p. 1979.]*

**9. Special adjustment for residential tariffs in Mid-West/South-West area**

- (1) This clause applies to the calculation of the third usage component (the **relevant component**) of a charge under this Schedule for the supply of gas for residential purposes in the Mid-West/South-West area in the 2014/15 financial year or a subsequent financial year (in this clause called the **relevant year**).
- (2) If the CPI number for the quarter ending on the last 31 March before the beginning of the relevant year ( $CPI_r$ ) is not at least 2% less than the CPI number for the quarter ending on the March that was a year earlier ( $CPI_{r-1}$ ), instead of using the number of cents per unit shown in the relevant Table the number to be used for the relevant component for the relevant year is derived from the formula —

$$R_n = R_{n-1} \times \left( \frac{CPI_r}{CPI_{r-1}} + 0.02 \right)$$

where —

$R_n$  is the number of cents per unit for the relevant year;

$R_{n-1}$  is the number of cents per unit that applied under this Schedule for the relevant component immediately before the relevant year began.

- (3) If  $CPI_r$  is at least 2% less than  $CPI_{r-1}$ , the number of cents per unit to be used for the relevant year is the number that applied under this Schedule for the relevant component immediately before the relevant year began.

*[Clause 9 inserted in Gazette 18 Oct 2002 p. 5226; amended in Gazette 30 Jun 2008 p. 3136; 30 Jun 2009 p. 2673; 26 Mar 2010 p. 1145; 29 Jul 2011 p. 3132; 1 May 2012 p. 1844; 17 May 2013 p. 1980.]*
