- (4) Despite subsection (2), this Act does not apply to a motor vehicle injury resulting from a motor vehicle accident that occurs on private land unless at least one motor vehicle involved in the motor vehicle accident is —

Part 2 — Participation in catastrophic injuries support scheme

8. Eligibility to participate

- (1) A person is eligible to be a participant in the CISS if—
 - (a) the person suffers a motor vehicle injury to which this Act applies; and
 - (b) the motor vehicle injury is a catastrophic injury.
- (2) Participation in the CISS is as an interim participant or as a lifetime participant and, for that purpose, the regulations may establish criteria for eligibility for interim participation in the CISS and criteria for eligibility for lifetime participation in the CISS.
- (3) A person is not eligible to be a participant in the CISS in respect of a motor vehicle injury if the person has been awarded damages, pursuant to a final judgment entered by a court or a binding settlement, in respect of the future treatment, care and support needs of the person that relate to the injury.

9. Application to participate

- (1) An injured person may apply to the Commission to become a participant in the CISS in respect of a motor vehicle injury.
- (2) The application must be—
 - (a) made in a manner and form determined by the Commission; and
 - (b) accompanied by any information required by the Commission.

10. Acceptance as participant

- (1) A person becomes a participant in the CISS if the Commission is satisfied that the person is eligible to be a participant in the CISS and accepts the person in writing as a participant in the

CISS as an interim participant or a lifetime participant, according to the person's eligibility.

- (2) If the Commission is satisfied that a person is eligible to be a participant in the CISS and that an application for the person to become a participant has been duly made, the Commission must accept the person as a participant in the CISS as an interim participant or a lifetime participant, according to the person's eligibility.

11. Interim participation

- (1) If the Commission accepts a person as an interim participant then, subject to subsection (2), the person remains a participant in the CISS for a period determined in accordance with the regulations.
- (2) If the Commission decides that a person who is an interim participant is no longer eligible to be a participant in the CISS, the person ceases to be an interim participant when notified of the decision.
- (3) The fact that a person ceases to be an interim participant does not prevent subsequent acceptance of the person as an interim participant or a lifetime participant.

12. Lifetime participation

- (1) A person who is an interim participant must be accepted as a lifetime participant if the Commission becomes satisfied during the person's interim participation in the CISS that the person is eligible for lifetime participation in the CISS.
- (2) If the Commission accepts a person as a lifetime participant then, subject to subsection (3), the person remains a participant in the CISS for life.
- (3) If the Commission decides that a person who is a lifetime participant is no longer eligible to be a participant in the CISS,

the person ceases to be a lifetime participant when notified of the decision.

13. Former interim participant may apply to become participant

An injured person who has ceased to be an interim participant in respect of a motor vehicle injury may apply to the Commission, in accordance with the regulations, to become a participant in the CISS as an interim participant or as a lifetime participant in respect of the same motor vehicle injury.

14. Suspension of participation

- (1) The Commission may, if the Commission considers it appropriate to do so, suspend the participation of a person in the CISS while the person is absent from Australia.
- (2) The regulations may confer power on the Commission to suspend the participation of a person in the CISS in prescribed circumstances, including circumstances involving failure to comply with a requirement under the regulations.

Part 3 — Assessment of treatment, care and support needs

15. Assessment of participant’s treatment, care and support needs

- (1) The Commission must assess the treatment, care and support needs of each participant in the CISS.

 - (a) are necessary and reasonable in the circumstances; and
 - (b) relate to the motor vehicle injury in respect of which the person is a participant.
- (3) The Commission must notify the participant of the assessment and the reasons for the findings on which it is based.

16. Regulations about assessment of treatment, care and support needs

- (1) The regulations may make provision for or in relation to the assessment of the treatment, care and support needs of participants in the CISS.
- (2) In particular, the regulations may make provision for or in relation to the following —
 - (a) procedures to be followed in connection with assessments;
 - (b) intervals at which assessments are to be carried out and the review of assessments from time to time as occasion requires;
 - (c) methods and criteria to be used to determine the treatment, care and support needs of participants;
 - (d) requirements to be complied with by participants in connection with assessments, including requirements to

undergo medical examinations or other examinations by health professionals.

- (3) An assessment of the treatment, care and support needs of a participant in the CISS must be carried out in accordance with the regulations.

17. Commission not liable for legal costs for assessment

The Commission is not liable for legal costs for or in respect of legal services provided to a participant in the CISS in relation to an assessment of the treatment, care and support needs of the participant.

Part 4 — Payments under catastrophic injuries support scheme

18. Payment of assessed treatment, care and support needs

- (1) The Commission must pay for all necessary and reasonable expenses incurred by or on behalf of a person in relation to the person's assessed treatment, care and support needs while the person is a participant in the CISS.
- (2) The assessed treatment, care and support needs of a person who is a participant in the CISS are those treatment, care and support needs assessed by the Commission, in its treatment, care and support assessment for the person, to be treatment, care and support needs that —
 - (a) are necessary and reasonable in the circumstances; and
 - (b) relate to the motor vehicle injury in respect of which the person is a participant.
- (3) The Commission is not liable for any expenses in respect of the following —
 - (a) excluded treatment, care and support needs;
 - (b) treatment, care and support needs that are not assessed treatment, care and support needs;
 - (c) treatment, care and support needs excluded from the operation of this section by the regulations.
- (4) Without limiting subsection (3), subsections (1) and (2) operate subject to the following —
 - (a) any criteria set out in the regulations that make provision for or with respect to determining which treatment, care and support needs of a participant in the CISS —
 - (i) are necessary and reasonable in the circumstances; and

s. 19

- (ii) relate to the motor vehicle injury in respect of which the person is a participant;
 - (b) any monetary or other limits on the provision of particular treatment, care and support needs to a participant in the CISS set out in the regulations;
 - (c) any provision made by the regulations as to how expenses are to be paid for or covered.
- (5) Instead of paying the expenses for which it is liable under this section as and when they are incurred, the Commission may pay those expenses by the payment to the participant of an amount to cover those expenses over a fixed period pursuant to an agreement between the Commission and the participant for the payment of those expenses by the participant.

19. Payment not required in certain circumstances

- (1) In this section —
ordinary costs of raising a child include all costs associated with the child's care, upbringing, education and advancement in life other than costs reasonably incurred because the child has suffered the motor vehicle injury in respect of which the child is a participant.
- (2) The Commission is not required to make a payment in relation to any of the following —
 - (a) any treatment, care, support or service provided to a participant in the CISS on a gratuitous basis (that is, anything provided to a participant for which the participant has not paid and is not liable to pay);
 - (b) any treatment, care, support or service provided to a participant in the CISS while the participant is absent from Australia;
 - (c) in the case of a child, any treatment, care, support or service that would ordinarily fall within the ordinary costs of raising a child;

- (d) any treatment, care, support or service that is required to be provided by a registered provider but is provided by a person who is not, at the time of provision, a registered provider;
 - (e) any treatment, care, support or service that is provided in contravention of the regulations.
- (3) However, the Commission may elect to make a payment in relation to any treatment, care, support or service referred to in subsection (2) if the Commission considers that such a payment is justified in the circumstances.
- (4) Subsection (2) applies even if the treatment, care, support or services concerned are provided in connection with the assessed treatment, care and support needs of a participant in the CISS.
- (5) The Commission is not required to pay for any treatment, care, support or service provided to a person while the person's participation in the CISS is suspended.

 - (a) the treatment or services are provided to the participant at a public hospital (whether as an inpatient or outpatient); and
 - (b) the fee is payable to the public hospital and not to the provider of the treatment or services.
- (5) The regulations may fix the maximum amount for which the Commission is liable in respect of any claim for a fee to which this section applies.

- (2) If, after a person who has suffered a motor vehicle injury (the ***injured person***) has been accepted as an interim participant, the Commission decides that this Act does not apply to the injury because the owner or driver of a motor vehicle has incurred liability for negligence in respect of the injury, the Commission may, if that motor vehicle is an interstate vehicle, recover from the appropriate person amounts already paid by the Commission under this Part in respect of the treatment, care and support needs of the injured person.

22. Injury compensable under *Workers' Compensation and Injury Management Act 1981*

- (2) The Commission is not required to pay costs or expenses under this Part if those costs or expenses have already been paid under the WCIM Act.
- (3) If the Commission pays costs or expenses under this Part that would have been payable under the WCIM Act, the Commission may recover from the participant's employer, as defined in section 5(1) of that Act, the value of that payment.

23. Registered providers

- (1) The Commission may register specified persons, or persons of a specified class, to provide the treatment, care, support or services under the CISS that are identified under the regulations

s. 23

as treatment, care, support or services to be provided by a registered provider.

- (2) The Commission must keep a register of persons who are registered under subsection (1).
- (3) The register may be kept in a manner and form determined by the Commission.
