HGP; or

- (2) In regulation 20D(6) delete “HPG” and insert:

HGP

Part 3 — *Biosecurity and Agriculture Management Regulations 2013* amended**5. Regulations amended**

This Part amends the *Biosecurity and Agriculture Management Regulations 2013*.

6. Part 3 Division 2A inserted

After Part 3 Division 2 insert:

Division 2A — Use of rabbit haemorrhagic disease virus**45A. Terms used**

In this Division —

approved training course means a training course in the safe use of restricted chemical products containing a rabbit haemorrhagic disease virus that is —

- (a) conducted by the department; or
- (b) approved under regulation 45B;

restricted chemical product has the meaning given in the Agvet Code of Western Australia.

45B. Approval of training courses

- (1) The Director General may approve a training course in the use of restricted chemical products containing a rabbit haemorrhagic disease virus if the Director General is satisfied that the course provides appropriate training in the safe use of the products.
- (2) The approval is to be given in writing and published on the department’s website.

45C. Authorisation to use rabbit haemorrhagic disease virus

A person is authorised to use a restricted chemical product containing a rabbit haemorrhagic disease virus for the biological control of rabbits if the person —

- (a) has completed an approved training course; and
- (b) uses the restricted chemical product in a manner that is consistent with the product's directions for use.

N. HAGLEY, Clerk of the Executive Council.
