(7) The Minister may renew the period of operation of a licence from time to time, or transfer the authority it confers from one person to another, or, where its operation relates to any place, may transfer that operation to another place of the same kind.

(8) Where in the opinion of the Minister a person is contravening, or is likely to contravene, the provisions of this Act the Minister may give to that person a notice in writing informing him of the opinion of the Minister and, where the Minister considers that the matter is one capable of being dealt with by a licence the conditions of which will impose a satisfactory degree of control, may thereby require him to apply for such a licence instead of instituting proceedings for the alleged offence.

(9) Where the owner, and any person occupying the land with the consent of the owner, has given approval in writing the powers conferred by this section may be exercised in relation to any land placed by the owner, lessee or licensee of that land under the control or management of the Minister.

(10) Where the holder of a licence contravenes or fails to comply with any condition endorsed upon or attached to the licence —

(a) he commits an offence and is liable for his act or omission to the extent that it was not authorised by the licence; and

(b) the court may, in addition to any other penalty, by order cancel the licence; and

(c) the Minister may, by notice in writing given to the holder of the licence, revoke that licence or suspend the operation of it for such period as the Minister thinks fit.

(10a) The variation of a condition of a licence does not affect any penalty or punishment incurred, imposed, or liable to be incurred or imposed, prior to that variation, or any investigation or legal proceedings in respect of such a penalty or punishment, notwithstanding any other enactment.
(11) A person who is aggrieved —

(a) by a refusal of the Minister to grant or renew a licence under this Act; or

(b) by the revocation of a licence or the suspension of the operation of a licence pursuant to subsection (10); or

(c) by a condition imposed by the Minister in relation to any licence,

may apply to the State Administrative Tribunal for a review of the decision of the Minister.

[Section 46 amended: No. 78 of 1995 s. 135; No. 55 of 2004 s. 1306; No. 38 of 2007 s. 162 and 188.]

47. Disposal licences

(1) An application for a disposal licence authorising the discharge or deposit of any matter shall be made to the Minister in the prescribed manner and shall state —

(a) the place and time at which it is proposed to make the discharge or deposit to which the application relates; and

(b) the nature and composition of the matter proposed to be discharged or deposited, and the maximum temperature of it; and

(c) the maximum quantity of the matter which it is proposed to discharge or deposit on any one day, or the highest rate at which it is proposed to discharge or deposit it.

(2) An application for a licence authorising discharges or deposits at 2 or more places or times may be treated as separate applications for licences in respect of each of those places or times.

(3) The Minister may —

(a) grant a disposal licence either unconditionally or subject to conditions; or
(b) refuse to grant a licence,
and if, within the period of 30 days beginning with the date
when an application for a disposal licence is received, or within
such longer period as the Minister may by notice in writing to
the applicant allow, the Minister has neither granted or refused
to grant a disposal licence the application shall be deemed to
have been refused.

(4) The Minister shall determine any application for a disposal
licence authorising the discharge or deposit of any matter having
regard to all the circumstances of the case and in particular to
the type of industry, the quantity, composition and temperature
of the matter to be discharged or deposited, the condition and
usage of the waters, the ability of the waters to absorb the matter
without detriment or deterioration, and the number of similar or
other types of matter already being discharged in the waters.

(5) In considering any application, the Minister shall have regard to
broad principles, and generally shall endeavour to ensure that
any matter which it is proposed to discharge into the waters
shall not contain —

(a) sewage, unless treated to a standard approved by the
Minister; or

(b) acidity or alkalinity outside the range of a pH value
between pH5 and pH9; or

(c) poisons; or

(d) any substance which is likely —

(i) to contribute to the formation of sludge or other
deposit; or

(ii) to contribute to the formation of scum, fat, oil,
grease or floating material; or

(iii) to contribute to the formation of objectionable
odours or discoloration; or

(iv) to be injurious to marine or animal or human life; or
(v) to deplete excessively the oxygen content of the waters.

(6) The conditions to which a disposal licence may be made subject include reasonable conditions —

(a) as to places and times at which the discharge or deposit to which the licence relates may be made; and

(b) as to the nature, composition, temperature, volume and rate of the discharge or deposit; and

(c) as to the provision of facilities for taking samples of the matter discharged or deposited; and

(d) as to the provision, maintenance and testing of meters for measuring the volume and rate of the discharge or deposit, and apparatus for determining the nature, composition and temperature of any discharge or deposit; and

(e) as to the keeping of records of the nature, composition, temperature, volume and rate of the discharge or deposit and in particular of records of the readings of meters and other recording apparatus provided in accordance with any other condition relating to that licence; and

(f) as to the making of returns and the furnishing of other information to the Minister in relation to any discharge or deposit,

and any such condition may be of general or limited application according to place, time, or circumstance.

(7) Without limiting the generality of the provisions of this section, wastes shall not be permitted to be discharged into any waters —

(a) if it is reasonably practicable to dispose of them satisfactorily in some other manner; and

(b) unless every reasonable and practicable step has been taken to improve the quality and appearance of the wastes, prior to discharge; and
(c) unless they conform with such bacterial, physical and chemical standards as may from time to time be laid down by the Minister.

(8) It shall not be the responsibility of the Minister to specify the design, location, type of construction or particular manner in which any operation causing or threatening to cause a condition of pollution might be corrected, and any person ordered to correct the condition of any wastes shall correct the condition in a lawful manner.

(9) Notwithstanding that a disposal licence may be expressed to have effect for a specified time and that the holder of the licence has not contravened or failed to comply with any of the conditions endorsed upon or attached to it, that licence may be revoked by notice in writing given by the Minister to the licence holder if in the opinion of the Minister it is necessary in the public interest in consequence of a change of circumstance (which may include a change in the information available as to the discharge or deposit to which the notice relates or as to the interaction with other matter) which could not reasonably have been foreseen at the time the licence was granted.

(10) Provision may be made from time to time by regulations as to the issue of disposal licences, the rights and obligations of licensees thereunder, the fees to be paid in respect thereof, and such other matters as the Governor shall seem necessary or advisable to give effect to this section.

(11) A regulation made for the purposes of this section may discriminate according to different premises, trades, industries, processes or otherwise and may provide for differing fees and charges to be payable, or for the remission of fees or charges that would otherwise be payable, according to prescribed factors.

[Section 47 inserted: No. 38 of 2007 s. 188.]
48. **Control of pollution, and use of waters**

(1) The provisions of this section apply to and in relation to any waters or any land to which this Act applies, save where the exercise of the powers conferred by this section would be inconsistent with the provisions of any Agreement to which the State is a party and which, or the execution of which, is or has been ratified or approved by an Act and the Governor, by Order in Council published in the *Gazette*, declares that any or all of the provisions of this section shall not apply according to the Order in respect of any or all of the places, premises, acts or things to which that Agreement relates.

(2) An Order in Council made for the purposes of subsection (1) may be varied or revoked by a subsequent Order.

[(3), (4) deleted]

(5) Provision may be made by by-laws for —

(a) prohibiting or regulating the keeping or use on waters to which this section applies of a vessel that is fitted with a water closet or other prescribed sanitary appliance designed to permit polluting matter to pass into the water; and

(b) prohibiting the keeping or use on waters to which this section applies of a ferry or charter vessel that is not fitted with prescribed facilities for the storage of polluting matter; and

(c) regulating the disposal of polluting matter from facilities mentioned in paragraph (b) and, without limiting the generality of the foregoing, prohibiting it from being disposed of otherwise than at a prescribed place in a prescribed manner.

(5a) In subsection (5) *ferry or charter vessel* means a vessel that —

(a) is kept or used for the carriage of passengers, or passengers and goods, for reward or plies for hire for the carriage of passengers, or passengers and goods; and
(b) is authorised under the *Western Australian Marine Act 1982* to carry more than 10 passengers.

(6) Provision may be made from time to time by by-laws as to the precautions to be taken by any person having the custody or control of any poisonous, noxious or polluting matter for the purpose of preventing the matter from entering waters to which this section applies and the by-laws may provide that any prescribed contravention shall be an offence to which subsection (9) applies.

(7) Where it appears to the Minister that with a view to preventing poisonous, noxious or polluting matter from entering waters to which this section applies, it is appropriate to prohibit or restrict the carrying on in a particular place of activities which the Minister considers to be likely to result in pollution of those waters, provision may be made by by-laws that prescribed activities shall not be carried on in that place except under licence from the Minister (which shall not be unreasonably refused) and the by-laws may provide that any prescribed contravention shall be an offence to which subsection (9) applies.

(8) Provision may be made from time to time by regulations for prohibiting or controlling —

(a) the use of waters to which this section applies for industrial purposes; or

(b) the doing or omitting of anything the doing or omission of which results or is likely to result in pollution except such as may be authorised by a licence under this Act; or

(c) the carrying out of any works or proposed works of any kind in, on, over or under the waters or land to which this section applies, or both or any part of either or both of them, (and such regulations may provide for the carrying out or removal of such works by or on behalf of the Minister and for the recovery of costs incurred by the Minister in so doing); or
(d) dredging, drainage, river training, reclamation, and the provision or removal of structures, including jetties, wharves and bridges, and obstructions to navigation or the flow of the waters; or

(e) the putting into such waters of mud, earth, gravel, litter or other matter which is likely to cause obstruction or be objectionable.

(9) A person guilty of a contravention of a regulation or a by-law which provides that this subsection shall apply, shall be liable to a fine not exceeding $5,000, and where the offence is a continuing offence an additional fine not exceeding $100 for each day on which the offence continues after service on the offender of written notice of the offence.

[Section 48 amended: No. 97 of 1982 s. 4; No. 73 of 1995 s. 184; No. 38 of 2007 s. 163 and 188.]

49. Injunctions

(1) The Supreme Court or The District Court of Western Australia may, on the application of the Attorney General, or of the Minister, grant an injunction restraining a person from engaging in any course of conduct, or doing any act, that constitutes or would constitute —

(a) a contravention of a provision of this Act; or
(b) attempting to contravene such a provision; or
(c) being in any way, directly or indirectly, knowingly concerned in, or party to, the contravention by a person of such a provision.

(2) Where in the opinion of the Court it is desirable to do so, the Court may grant an interim injunction pending determination of an application under subsection (1).

(3) The Court may rescind or vary an injunction granted under subsection (1) or subsection (2).

[Section 49 amended: No. 38 of 2007 s. 164.]
50. **Orders**

(1) The Minister may serve on any person who has deposited in any waters or on any land to which this Act applies any poisonous, noxious or polluting matter an order in writing requiring him within such reasonable period as is specified in the order to cause that matter to be removed, and a person who, having been served with such an order, fails or neglects to comply with the provisions of that order commits an offence against this Act.

(2) Provision may be made by regulations enabling the Minister for the purposes of preventing or minimising the effects of pollution, or any of such effects, on waters or associated land to which this Act applies, to serve on and enforce against any person an order requiring or directing that person to do or refrain from doing any prescribed act or thing.

*Section 50 amended: No. 38 of 2007 s. 165.*

51. **Removal of structures**

Where any structure or other matter or thing —

(a) has been the subject of an order made or an injunction granted under this Act and that order or injunction has not been complied with; or

(b) appears to the Minister to have been abandoned or to belong to a person the whereabouts of whom cannot be traced without unreasonable difficulty or expense,

the Minister may apply to the Supreme Court or The District Court of Western Australia for an order with respect to the disposal of that structure or other matter or thing and the Court may authorise the Minister, upon such terms as the Court thinks fit, to undertake the removal and to dispose of that matter or thing in any manner authorised by the Court.

*Section 51 amended: No. 38 of 2007 s. 166 and 188.*
52. **Remedial works**

Where it appears to the Minister that any poisonous, noxious or polluting matter is likely to enter or is or was present in waters to which this Act applies and the Minister has reason to believe that an order served under section 50 would not be effective or effective within the time required, the Minister may carry out such works as may be necessary for the purpose of preventing the matter from entering the waters or for the purpose of removing and disposing of the matter or remedying or mitigating any pollution thereby caused.

[Section 52 amended: No. 38 of 2007 s. 167.]

53. **Recovery of expenses**

Any expenses reasonably incurred by the Minister pursuant to section 50, section 51 or section 52 may be defrayed out of any money obtained by the Minister from the disposal of any matter so dealt with and, in so far as they are not so defrayed, shall be recoverable as a debt due to the Minister from any person in default under the order or injunction or who caused or knowingly permitted the circumstances to occur which gave rise to the necessity for the expenditure.

(2) Any by-law may make provision for the imposition of penalties not exceeding $100 in respect of any contravention, and may prescribe the fees and charges that shall be payable in relation to matters under this Act, the persons liable and the method of recovery of amounts not duly paid.

[Section 62 amended: No. 21 of 1988 s. 33; No. 52 of 2006 s. 6; No. 38 of 2007 s. 176.]

to the premises in question has been refused following a request
by an inspector for entry thereto, or that the premises are
unoccupied, the justice may, by warrant under his hand
authorise that inspector or any other person named in the
warrant to enter upon the premises, and a warrant granted under
this subsection continues in force until the purpose for which it was granted has been satisfied.

(7a) The offices referred to in subsection (1) are each prescribed to be public officers for the purposes of the Criminal Investigation (Identifying People) Act 2002 and as such may exercise the powers in Part 3 of that Act.

(8) If the person making a statement pursuant to this section objected to making that statement, at the time of making it, on the ground that it might tend to incriminate him, it shall not be admissible in evidence in any prosecution against that person for any offence not being the offence of contravening or failing to comply with the provisions of this section.

(2) Where proceedings are taken against a person for or in respect of a contravention of any provision of this Act it is no defence for that person to prove that he was the agent or employee of any other person or was acting in pursuance of an order or direction given by such other person unless he satisfies the court
that he had acted without knowledge, and could not reasonably be expected to have known, that any provision of this Act had been contravened.

(3) It shall be a defence for any person who would otherwise be liable for an offence under this Act to prove that he had taken all reasonable means to enforce the provisions of this Act and that the contravention occurred without his consent or connivance and that he exercised all due diligence to prevent it.

73. Offences by bodies corporate

   (b) each of the former bodies is to —
      (i) be constituted by a person appointed by the Minister; and
      (ii) perform the functions referred to in subsection (1) through that person.

(4) The person referred to in subsection (3)(b) holds office at the pleasure of the Minister and on such terms and conditions as the Minister determines.

(5) The former bodies as constituted under this section have the powers that are necessary or convenient for the purposes of subsection (1).

(6) The relevant successor to a former body is to provide the clerical or other assistance that the former body reasonably requires for the
purposes of subsection (1) in respect of the functions that after the commencement day are functions of that successor.

217. Corporation, time to obtain certain licences
Where before the commencement day the Authority was doing anything and after that day the Corporation in continuing to do that thing is required to hold a licence under the Rights in Water and Irrigation Act 1914, the Corporation is to be treated as if it were the holder of such a licence until the expiry of 120 days after the commencement day.

218. Further transitional provision may be made
(1) If there is no sufficient provision in this Part for any matter or thing necessary or convenient to give effect to the transition from a former body to the relevant successor the Minister may make that provision by order published in the Gazette.

(2) The Minister may by order published in the Gazette make any provision that is necessary to rectify any omission from the transfer order.

(3) An order under this section may be made so as to have effect from the commencement day.

(4) To the extent that a provision of any such order has effect on a day that is earlier than the day of its publication in the Gazette, the provision does not operate so as —

(a) to affect, in a manner prejudicial to any person (other than the State, the Corporation, the Commission, the Coordinator or any authority of the State), the rights of that person existing before the day of its publication; or

(b) to impose liabilities on any person (other than the State, the Corporation, the Commission, the Coordinator or any authority of the State), in respect of anything done or omitted to be done before the day of publication.

219. Saving
The operation of any provision of this Part is not to be regarded —

(a) as a breach of contract or confidence or otherwise as a civil wrong;

(b) as a breach of any contractual provision prohibiting, restricting or regulating the assignment or transfer of assets, rights or liabilities or the disclosure of information;

(c) as giving rise to any remedy by a party to an instrument or as causing or permitting the termination of any
instrument, because of a change in the beneficial or legal ownership of any asset, right or liability;
(d) as causing any contract or instrument to be void or otherwise unenforceable; or
(e) as releasing or allowing the release of any surety.

6 The State Administrative Tribunal (Conferral of Jurisdiction) Amendment and Repeal Act 2004 Pt. 5, the State Administrative Tribunal Act 2004 s. 167 and 169, and the State Administrative Tribunal Regulations 2004 r. 28 and 42 deal with certain transitional issues some of which may be relevant for this Act.
