and relating to public cemeteries, and the portion of the
cemetery to which such permit applies shall to all intents and

shall be lawful for the association to use such portions of the
said land as it thinks fit for the burial of the ashes of dead
human bodies after cremation, and, in relation to such land, the
association shall have all the rights, powers, and authorities of
the Board of a public cemetery in accordance with laws for the
time being in force and relating to public cemeteries, and the
said land shall to all intents and purposes be deemed to be a
public cemetery, save and except that only the ashes of dead
human bodies after cremation shall be buried therein, unless the
association otherwise determines.

crematorium, and the person who obtained the permit required
by this Act for the cremation of such body desires to dispose of
the ashes of such body after cremation otherwise than by burial
upon the site of the crematorium, it shall be lawful for the Board
or controlling authority of the cemetery, or the association in
whose crematorium the body was cremated, to deliver the said
ashes to the said person for removal from the crematorium.

cremation shall not be removed from the crematorium in which
such body was cremated, except for the purpose of burial in the

       the application is made, and who shows to the medical
       referee a satisfactory reason why the application is not
       made by an administrator, and that he is a proper person
       to make the application.

(4A) A person who applies for a permit shall pay the prescribed fee to the medical referee issuing the permit.

(4B) The medical referee is entitled to retain the prescribed fee for his own use.

(6) Where, except as provided in the last preceding subsection, a medical referee refuses to issue a permit, the applicant may apply to the State Administrative Tribunal for a review of the decision of the medical referee.
