Electricity Industry Exemption Order 2005

1. Citation

This order is the *Electricity Industry Exemption Order 2005*.

2. Commencement

This order comes into operation on 1 January 2006.

3A. Terms used

In this order —

Aboriginal community has the meaning given in the *Aboriginal Communities Act 1979* section 3;

non-residential property means a property or any part of a property that is not —

- (a) a residential property; or
- (b) a site as defined in the *Caravan Parks and Camping Grounds Act 1995* section 5(1);

Pilbara Energy Connection means the electricity infrastructure used, or to be used, for, or in connection with, or to control, the transportation of electricity between each of the following, through the Lambda Terminal located on mining tenement L45/474 —

- (a) the Chichester Hub located on mining tenement L45/456;
- (b) the Iron Bridge located on mining tenement L45/467;
- (c) the Solomon Hub located on mining tenement L47/859;

property means a parcel of land and includes —

- (a) a part of a parcel of land; and

cl. 3B

- (b) 2 or more parcels of land with common boundaries that are constituted, owned or occupied as 1 property;

residential property means a property or any part of a property used, or intended to be used, as a person's principal place of residence but does not include a site as defined in the *Caravan Parks and Camping Grounds Act 1995* section 5(1);

SWIS means the South West interconnected system.

[Clause 3A inserted: Gazette 9 Oct 2009 p. 3992; amended: Gazette 29 Jun 2012 p. 2933; 23 Dec 2016 p. 5894-5; SL 2020/180 cl. 4; SL 2023/80 cl. 4.]

3B. Application of order

This order does not apply to a person in relation to the supply of electricity to a customer under a solar power purchase agreement as defined in the *Electricity Industry (Solar Power Purchase Agreements) Exemption Order 2016* clause 3.

[Clause 3B inserted: Gazette 23 Dec 2016 p. 5895.]

3. Exemption for generating works of 100 MW or less

- (1) In this clause —

connection point, in relation to generating works, means a point at which the generating works are connected to a transmission system or a distribution system.

- (2) A person is exempt from the *Electricity Industry Act 2004* section 7(1) if —

- (a) in relation to the construction of generating works — the total generation capacity that the generating works will have is not more than 100 MW at each connection point after construction is completed; or
- (b) in relation to the operation of generating works — the generation capacity of the generating works is not more than 100 MW at each connection point.

- (3) The exemption provided for in subclause (2) is subject to the condition that, if the generating works are connected to a transmission system or distribution system of an electricity corporation that forms part of the SWIS, the metering of the supply of electricity from those works must be undertaken in accordance with the procedures and arrangements set out in the *Electricity Industry (Metering) Code 2012*.

[Clause 3 amended: Gazette 9 Oct 2009 p. 3992; 29 Jun 2012 p. 2934; 25 Sep 2018 p. 3557; SL 2022/171 cl. 4.]

4A. Exemptions for supply to non-residential property on which generating works are located

- (1A) A person is exempt from the *Electricity Industry Act 2004* section 7(1) if the generating works concerned —
- (a) are located or to be located on a non-residential property; and
 - (b) are used or to be used solely for the generation of electricity for consumption by another person on the property.
- (1) A person (the **supplier**) is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned —
- (a) is connected or to be connected to generating works operated by the supplier; and
 - (aa) is located or to be located on a non-residential property; and
 - (b) is used or to be used solely for the transportation of electricity for consumption by another person on the non-residential property on which the generating works are located.
- (2) A person (the **supplier**) is exempt from the *Electricity Industry Act 2004* section 7(4) if —
- (a) the electricity is generated using generating works operated by the supplier; and

cl. 4B

[(b) deleted]

- (c) the electricity is sold for consumption on a non-residential property on which the generating works are located.

[Clause 4A inserted: Gazette 29 Jun 2012 p. 2934; amended: Gazette 14 Dec 2012 p. 6199; 23 Dec 2016 p. 5895-6.]

4B. Exemption for supply to non-residential property occupied by supplier

A person (the *supplier*) is exempt from the *Electricity Industry Act 2004* section 7(4) if the electricity —

- (a) is generated using generating works operated by the supplier; and
- (b) is supplied to a non-residential property part of which is occupied by the supplier; and
- (c) is sold by the supplier for consumption by another person on the non-residential property.

[Clause 4B inserted: Gazette 26 Jun 2015 p. 2253; amended: Gazette 23 Dec 2016 p. 5896.]

4. Exemptions for on-supply

- (1) A person is exempt from the *Electricity Industry Act 2004* section 7(2) if the transmission system concerned —
 - (a) is located or to be located on a non-residential property; and
 - (b) is used or to be used solely for the transportation of electricity for consumption on the property.
- (2) A person is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned —
 - (a) is located or to be located on a property; and
 - (b) is used or to be used solely for the transportation of electricity for consumption on the property.

- (3) A person who is exempt under subclause (1) is exempt from the *Electricity Industry Act 2004* section 7(4), in relation to the sale of electricity transported by the transmission system, if the electricity is sold for consumption on the property.
- (4) A person who is exempt under subclause (2) is exempt from the *Electricity Industry Act 2004* section 7(4), in relation to the sale of electricity transported by the distribution system, if the electricity is sold for consumption on the property.
- (5) The exemptions provided for in this clause —
 - (a) are subject to the conditions set out in clauses 6 and 6A; and
 - (b) do not apply to the Rottnest Island Authority established under the *Rottnest Island Authority Act 1987*.

[Clause 4 inserted: Gazette 23 Dec 2016 p. 5896-7; amended: Gazette 25 Sep 2018 p. 3557.]

[5. Deleted: Gazette 23 Dec 2016 p. 5897.]

6. Conditions applying to certain exemptions under cl. 4: fees and charges

- (1) In this clause —

electricity reticulation system means any apparatus, plant or equipment that is used for, or in connection with, the transportation of electricity to a property;

exempt supplier, in relation to a property, means a person who is exempt from the *Electricity Industry Act 2004* section 7(2), (3) or (4) under clause 4 in relation to the property;

occupier, of a property, means a person in lawful occupation of the property.
- (2) For the purposes of this clause, electricity services are services for, or in connection with, the supply of electricity.

- (3) Without limiting subclause (2), electricity services include —
- (a) the provision and maintenance of an electricity reticulation system; and
 - (b) the connection of a property to an electricity reticulation system; and
 - (c) the provision, maintenance and reading of a meter to measure and record the quantity of electricity supplied to a property; and
 - (d) the preparation and issue of accounts in relation to the supply of electricity to a property; and
 - (e) anything incidental to or associated with a matter referred to in paragraph (a), (b), (c) or (d).
- (4) If electricity supplied to a residential property by an exempt supplier is supplied to the exempt supplier by the Electricity Generation and Retail Corporation, any charge imposed by the exempt supplier for the electricity must not exceed the charge for metered consumption —
- (a) to be paid under the *Energy Operators (Electricity Generation and Retail Corporation) (Charges) By-laws 2006* by consumers for electricity supplied for residential use only; and
 - (b) applying to electricity supplied by the Electricity Generation and Retail Corporation on the day of the supply.
- (5A) If electricity supplied to a residential property by an exempt supplier is supplied to the exempt supplier by the Regional Power Corporation, any charge imposed by the exempt supplier for that electricity must not exceed the charge for metered consumption —
- (a) to be paid under the *Energy Operators (Regional Power Corporation) (Charges) By-laws 2006* by consumers for electricity supplied for residential use only; and

- (b) applying to electricity supplied by the Regional Power Corporation on the day of the supply.
- (5) If electricity supplied to a residential property by an exempt supplier is generated using generating works that are owned or operated by the exempt supplier, any charge imposed by the exempt supplier for that electricity must not exceed the amount necessary for the exempt supplier to recover the costs of generation.
- (6) Any fees or charges imposed by an exempt supplier for the provision of electricity services in relation to a residential property must not, in total —
- (a) in a licence area in which the Electricity Generation and Retail Corporation sells electricity to customers, exceed the fixed charge —
 - (i) to be paid under the *Energy Operators (Electricity Generation and Retail Corporation) (Charges) By-laws 2006* by consumers for electricity supplied for residential use only; and
 - (ii) applying to electricity supplied by the Electricity Generation and Retail Corporation on the day of the supply;
- or
- (b) in a licence area in which the Regional Power Corporation sells electricity to customers, exceed the fixed charge —
 - (i) to be paid under the *Energy Operators (Regional Power Corporation) (Charges) By-laws 2006* by consumers for electricity supplied for residential use only; and
 - (ii) applying to electricity supplied by the Electricity Generation and Retail Corporation on the day of the supply.

cl. 6A

- (7A) Subclause (6) applies even if the electricity is generated using generating works that are owned or operated by the exempt supplier.
- (7) If an exempt supplier supplies electricity to a property, the exempt supplier must make available to an occupier of the property information that clearly sets out —
- (a) the quantity of electricity supplied to the occupier; and
 - (b) the fees and charges payable by the occupier —
 - (i) for electricity supplied; and
 - (ii) for the provision of electricity services in relation to the property.
- (8) Information referred to in subclause (7) must be made available in a manner that is easily accessible.
- (9) If information referred to in subclause (7) is not included in an account issued to an occupier of the property, the exempt supplier must inform the occupier of how to gain access to the information.

[Clause 6 amended: Gazette 8 May 2009 p. 1498-9; 27 Dec 2013 p. 6475; 23 Dec 2016 p. 5897-9.]

6A. Conditions applying to certain exemptions under cl. 4: life support equipment

- (1) In this clause —
- appropriately qualified medical practitioner*** has the meaning given in the *Code of Conduct for the Supply of Electricity to Small Use Customers 2016* clause 1.5;
- commencement day*** means the day on which the *Electricity Industry Exemption Amendment Order 2018* clause 6 comes into operation;
- contact details***, of a person, means the person's telephone number and email address, as nominated by the person;

exempt supplier means a person who is exempt from the *Electricity Industry Act 2004* section 7(3) and (4) under clause 4(2) and (4);

life support equipment means equipment of a type specified for the purposes of the Life Support Equipment Electricity Subsidy Scheme, as administered by the Department of Finance immediately before commencement day;

registered property, in relation to an exempt supplier, means a property included in the register kept by the exempt supplier in accordance with this clause;

retailer means a person who holds —

- (a) a retail licence; or
- (b) an integrated regional licence that authorises the licensee to sell electricity;

supply address, in relation to an exempt supplier, means the property in relation to which the person is exempt under clause 4(2) and (4).

- (2) An exempt supplier must, in accordance with this clause, keep a register of properties at the supply address at which a person who requires life support equipment resides.
- (3) If an exempt supplier is given written confirmation, by an appropriately qualified medical practitioner, that a person residing at a property at the supply address requires life support equipment, the exempt supplier must —
 - (a) include the property in the register by including its address, and the contact details of the occupier of the property, in the register; and
 - (b) keep a copy of the confirmation; and
 - (c) within 48 hours of being given the confirmation —
 - (i) notify the retailer (if any) who supplies electricity for the supply address, that a person residing at the supply address requires life support equipment; and

cl. 6A

- (ii) give a copy of the confirmation to the retailer.
- (4) If an exempt supplier is informed that there is no person or will, after a specified date, be no person residing at a registered property at the supply address who requires life support equipment, the exempt supplier —
 - (a) must, within 48 hours of being informed, pass on that information to the retailer (if any) who supplies electricity for the supply address; and
 - (b) may remove the property from the register accordingly.
- (5) The exempt supplier, in relation to a registered property at the supply address —
 - (a) must not interrupt the supply of electricity to the registered property unless —
 - (i) 48 hours' notice has been given to the occupier of the property; or
 - (ii) an occupier of the property consents to the interruption;and
 - (b) must not disconnect the registered property for a failure to pay a fee or charge in relation to the supply of electricity to the property; and
 - (c) must pass on to the occupier of the registered property any notice given to the exempt supplier of an interruption to the supply of electricity to the supply address, within 48 hours of receiving the notice; and
 - (d) must pass on to the occupier of the registered property a request (if relevant) by a retailer for written confirmation by an appropriately qualified medical practitioner that a person residing at the supply address requires or continues to require life support equipment.
- (6) If a person becomes an exempt supplier in relation to a supply address by replacing a previous exempt supplier, the person

must, within 48 hours of becoming an exempt supplier in relation to the supply address —

- (a) notify the occupier of each property at the supply address that they have become an exempt supplier in relation to the supply address; and
- (b) request the occupier to inform them whether or not any person who resides at the property requires life support equipment.

[Clause 6A inserted: Gazette 25 Sep 2018 p. 3557-9.]

7. Exemptions for supply to Aboriginal communities

- (1) In this clause —

Aboriginal community premises means any premises that are —

- (a) owned, occupied or leased by an Aboriginal community or members of an Aboriginal community; or
- (b) used solely or principally for the purposes of an Aboriginal community.

- (2) A person is exempt from the *Electricity Industry Act 2004* section 7(3) if the distribution system concerned is used or to be used solely for the transportation of electricity for consumption on Aboriginal community premises.

- (3) A person is exempt from the *Electricity Industry Act 2004* section 7(4) if the electricity is sold for consumption on Aboriginal community premises.

- (4) The exemptions provided for in this clause do not apply to the Electricity Networks Corporation, the Electricity Generation and Retail Corporation or the Regional Power Corporation.

[Clause 7 amended: Gazette 31 Mar 2006 p. 1158; 27 Dec 2013 p. 6475; SL 2023/80 cl. 5.]

cl. 7A

7A. Temporary exemptions for supply by Regional Power Corporation to certain Aboriginal communities
