- (2) Land tax payable on a reassessment is due for payment on the date specified in the assessment notice in accordance with the *Taxation Administration Act 2003*.

#### **7. Liability to pay land tax**

- (1) Land tax payable on land for an assessment year is payable by the person who is or was the owner of the land at midnight on 30 June in the previous financial year.
- (2) However, if a person or a taxable authority is taken under section 8 to be the owner of the land at that time, the land tax is payable by the person or the taxable authority respectively.

*[(3) deleted]*

- (4) Joint owners of land are jointly and severally liable for land tax payable on the land regardless of each of the joint owner's respective interests in, or use of, the land.
- (5) A person or taxable authority who is liable to pay land tax is also liable to pay any additional taxes, interest, penalties or charges payable under a land tax Act in relation to the land tax.

*[Section 7 amended: No. 5 of 2018 s. 4.]*

**8. Certain persons and bodies taken to be owners of land**

- (1) A person is taken to be the owner of land for the purposes of section 7 if the person —
  - (a) is entitled to the land under any lease or licence from the Crown with or without the right of acquiring the fee simple; or
  - (b) is entitled to use the land for business, commercial, professional or trade purposes under an agreement or arrangement with the Crown, with an agency or instrumentality of the Crown or with a local government or public statutory authority.
- (1A) Subsection (1)(b) does not apply if the agreement or arrangement under which the person is entitled to use the land is with a taxable authority.

- (3) If an agreement has been made for the sale of land, whether or not the agreement is completed by transfer or conveyance, and whether or not it was made before or after this Act commenced, then for the purpose of ascertaining who is liable to pay land tax on the land —
  - (a) the vendor is taken to be the owner of the land until the purchaser obtains possession of the land; and

- (b) the purchaser is taken to become the owner of the land when the purchaser obtains possession.
- (4) Subsection (5) applies if land that is the subject of a mining tenement is also the subject of a diversification lease.
- (5) Despite subsection (1), a person is not taken to be the owner of the land for the purposes of section 7 if the person —
  - (a) is the holder of the mining tenement or, if there are 2 or more holders of the mining tenement, one of the holders of the mining tenement; but
  - (b) is not the diversification lessee or, if there are 2 or more diversification lessees, one of the diversification lessees.

*[Section 8 amended: No. 5 of 2018 s. 5; No. 4 of 2023 s. 127.]*

## **9. Liability of agents or trustees**

- (1) An agent of an owner of taxable land, or a trustee in whom the legal estate of taxable land is vested (whether solely or jointly with other trustees), is liable for the taxes payable on the land as if the agent or trustee were the beneficial owner of the land.
- (2) However, the agent or trustee is not personally liable for the taxes to any greater extent than to the amount of any funds or securities for money of the principal or beneficiary, that the agent or trustee holds, or of which the agent or trustee has the controlling power, after receiving an assessment notice for the taxes.
- (3) If an agent or trustee is required to pay, and has paid, an amount of taxes on behalf of the principal or the beneficiary, the agent or trustee is entitled —
  - (a) to recover an equal amount from the principal or beneficiary; or
  - (b) to retain an equal amount from any money that the agent or trustee receives in that capacity for the principal or beneficiary.

- (4) The agent or trustee is answerable for the doing of anything under a land tax Act that would be required to be done by the owner.
- (5) The agent or trustee is subject to the same penalties or liability for any neglect, refusal, or default in respect of a land tax Act as the principal or beneficiary would be.
- (6) In this section —  
*taxes* means land tax, or any penalties, interest or other amount payable in connection with land tax under a land tax Act.

**9A. Owners to notify Commissioner of errors or omissions in assessment notices**

- (1) A person identified as being liable to pay land tax by a land tax assessment notice must notify the Commissioner of any material error or omission in the notice, that is relevant to the assessment, in relation to —

  - (d) any prescribed matters.
- (2) Notice of the error or omission must be given to the Commissioner —
  - (a) on or before the date specified in the assessment notice as the due date for payment of the land tax; or
  - (b) if no such date is specified — within 21 days after the date of the assessment notice.

- (3) In a prosecution of a person for an offence against subsection (1) it is a defence if the person proves that the person —
- (a) did not know; and
  - (b) could not reasonably be expected to have known,
- that the notice to which the prosecution relates contained any material error or omission.
- Penalty: \$5 000.

*[Section 9A inserted: No. 12 of 2005 s. 4.]*

## **Division 2 — Assessment of land tax**

### **10. Assessing land tax**

Unless this Act provides otherwise, the amount of land tax payable for taxable land for an assessment year is the amount calculated by applying the rate fixed in relation to the land under the *Land Tax Act 2002* to the amount equal to the taxable value of the land for the assessment year.

*[Section 10 inserted: No. 19 of 2009 s. 4.]*

### **11. Two or more lots owned by one person, tax payable on**

- (1) If a person owns 2 or more lots or parcels of taxable land, land tax is payable on the aggregated taxable value of all the taxable land owned by the person.
- (2) However, if a trustee owns 2 or more lots or parcels of taxable land held, in severalty, in trust for different persons, then the land tax payable for each lot or parcel is assessed separately unless another provision of this Act specifically requires the land tax to be assessed on the lots or parcels jointly.
- (3) If a trustee owns taxable land held in trust for another person and is also the beneficial owner of other land, the land tax payable on the land held in trust is assessed separately from the

land tax payable on the land held beneficially, unless for any reason the land tax payable on the trust land and the beneficially held land is liable to be jointly assessed independently of this subsection.

*[Section 11 amended: No. 19 of 2009 s. 13.]*

**12. Land owned jointly, tax payable on**

- (1) The land tax payable on land owned jointly by 2 or more persons is assessed as if the land were owned by one person.
- (2) When determining the extent (if any) to which the land is exempt or subject to a concession, the following matters are to be taken into account —
  - (a) each joint owner's use of the land by virtue of which the land is exempt or subject to a concession (whether or not the use is common to any of the other joint owners);
  - (b) each joint owner's interest in the land by virtue of which the land is exempt or subject to a concession (whether or not the interest is common to any of the other joint owners).
- (3) The assessment for the land is to be kept separate and distinct from an assessment for any land that is owned —
  - (a) by any one of the joint owners individually; or
  - (b) by any of them as a joint owner with any other person.
- (4) The owners of non-strata home units whose liability is assessed under section 16 are taken not to be joint owners for the purposes of this section.

**13. Calculating taxable value of part of a lot**

- (1) Where, under section 8(1)(b), a person is taken to be the owner of a portion of a lot, then a reference in a land tax Act, other than in clause 6, to the taxable value of the land is a reference to the amount, as determined by the Valuer-General, that bears the same proportion to the taxable value of the lot as the portion of

the lot bears to the total potential lettable area of the lot as defined in subsection (2).

- (2) The total potential lettable area of a lot is the total area of the lot that is capable of being let, as determined by the Valuer-General on the assumption that none of the land is used for an exempt purpose and having regard to the lease conditions of the portion of the lot for which a value is required.

*[Section 13 amended: No. 40 of 2003 s. 4; No. 19 of 2009 s. 5.]*

**14. Newly subdivided private residential property, tax payable on**

- (1) Land tax is payable in accordance with this section when private residential property is subdivided if —
- (a) the property was exempt or partially exempt from land tax under Part 3 Division 2 for any of the 5 financial years reckoned retrospectively from and including the financial year in which the land was subdivided; and
  - (b) the area of the property is greater than 2.0234 hectares; and
  - (c) the subdivision was not carried out only for the purpose of defining an area of land to be taken or resumed under an enactment relating to the compulsory acquisition of land.
- (2) Land tax is payable by the subdividing owner of the property on the value of the taxable portion of the property (calculated under subsections (5) and (6)) for each of the 5 financial years reckoned retrospectively from and including the financial year in which the land is subdivided.
- (3) The amount of land tax payable for each of those 5 financial years is assessed, at the rate applicable for that year under the *Land Tax Act 2002*, as if the taxable portion of the property were the only land of the subdividing owner on which land tax was payable for that year.

- (4) However, if land tax has already been levied on any part of the taxable portion of the property under another provision of this Act for any of those 5 financial years, then —
- (a) if a partial exemption did not apply to that part of the taxable portion for the year under Part 3 Division 2 no land tax is payable under subsection (2) on that part for that year; or
  - (b) if a partial exemption applied to that part of the taxable portion, or an interest in it, for that year under Part 3 Division 2 land tax is payable for that year under subsection (2) on the part of the property to which the partial exemption applied.
- (5) The taxable portion of the property is the portion that remains after subtracting from the whole area of the property the greater of the following areas —
- (a) the area of the lot or parcel or portion of land on which the private residence was situated at the time of the subdivision;
  - (b) 2.0234 hectares.
- (6) For the purposes of subsection (2), the value of the taxable portion of the property for a financial year is —
- (a) if the financial year is 2008/09 or earlier — the amount that bears to the unimproved value of the whole of the property at midnight on 30 June immediately before the financial year the same proportion as the area of the taxable portion bears to the whole area of the property; or
  - (b) in any other financial year — the amount that bears to the taxable value of the whole of the property for the financial year the same proportion as the area of the taxable portion bears to the whole area of the property.

- (7) Nothing in this section affects the liability of any person to pay land tax on the taxable portion of the property for any financial year after that in which the land is subdivided.
- (8) Despite section 17(4) of the *Taxation Administration Act 2003*, the Commissioner must make any reassessment necessary to give effect to this section.

*[Section 14 amended: No. 19 of 2009 s. 6; No. 15 of 2015 s. 7.]*

**15. Newly subdivided primary production business land, tax payable on**

- (1) Land tax is payable in accordance with this section when land is subdivided if —
  - (a) the land was exempt from land tax under Part 3 Division 3 for any of the 5 financial years reckoned retrospectively from and including the financial year in which the land was subdivided; and
  - (b) the subdivision was not carried out only for the purpose of defining an area of land to be taken or resumed under an enactment relating to the compulsory acquisition of land.
- (2) The land tax is payable by the subdividing owner of the land on the value of the taxable portion of the land for each of the 5 financial years reckoned retrospectively from and including the financial year in which the land is subdivided.
- (3) The taxable portion of the land is the area that remains after subtracting from the whole area of the land —
  - (a) the area of any part of the land that is exempt, immediately after the subdivision is completed, under Part 3 Division 2 as a result of the subdividing owner's ownership or use of the land; and
  - (b) the area of any part of the land that, immediately after the subdivision is completed, consists of a lot of 2.0234 hectares or more that is zoned for rural purposes

under a local planning scheme, an improvement scheme or the Swan Valley Planning Scheme.

- (4) The amount of land tax payable for each of those 5 financial years is assessed, at the rate applicable for that year under the *Land Tax Act 2002*, as if the taxable portion of the land were the only land of the subdividing owner on which land tax was payable for that year.
- (5) If an amount of land tax has already been charged on any part of the taxable portion of the land under another provision of this Act for any of those 5 financial years, the amount of land tax payable for that year under this section is reduced by the amount already charged.
- (6) For the purposes of subsection (2), the value of the taxable portion of the land for a financial year is —
  - (a) if the financial year is 2008/09 or earlier — the amount that bears to the unimproved value of the whole of the land at midnight on 30 June immediately before the financial year the same proportion as the area of the taxable portion bears to the whole area of the land; or
  - (b) in any other financial year — the amount that bears to the taxable value of the whole of the land for the financial year the same proportion as the area of the taxable portion bears to the whole area of the land.
- (7) Nothing in this section affects the liability of any person for land tax on the taxable portion of the land for any financial year after that in which the land is subdivided.
- (8) Despite section 17(4) of the *Taxation Administration Act 2003*, the Commissioner must make any reassessment necessary to give effect to this section.

*[Section 15 amended: No. 38 of 2005 s. 15; No. 19 of 2009 s. 7; No. 28 of 2010 s. 33(2); No. 1 of 2015 s. 4; No. 45 of 2020 s. 110.]*

**15A. Tax payable on newly subdivided dwelling or residential parks**

- (1) Land tax is payable in accordance with this section when land is subdivided if —
  - (a) the land was subject to an exemption under section 39B to any extent for any of the 10 financial years reckoned retrospectively from and including the financial year in which the land was subdivided; and
  - (b) the subdivision was not carried out only for the purpose of defining an area of land to be taken or resumed under an enactment relating to the compulsory acquisition of land.
- (2) The land tax is payable on the land by the subdividing owner of the land for each of the 10 financial years (the *relevant financial years*) reckoned retrospectively from and including the financial year in which the land is subdivided.
- (3) If immediately after the subdivision any of the land is in a dwelling or residential park, and there are caravan or camp sites or owner-occupied home sites (as those terms are defined in section 39A) in the park, then —
  - (a) a percentage (*P%*) must be calculated in relation to the park under subsection (3A); and
  - (b) in determining the taxable value of the land for each of the relevant financial years, the unimproved value of the land in relation to that year must be reduced by an amount equal to *P%* of the unimproved value of the land.
- (3A) For the purposes of subsection (3)(a), the percentage must be calculated as follows —
  - (a) first, calculate a percentage (*X%*) in relation to the park using the method set out in section 39C(2) to (8), by reference to the park immediately after the subdivision;

- (b) second, calculate the percentage (*Y%*) of the land that is in a dwelling or residential park (as defined in section 39A) immediately after the subdivision;
  - (c) third, multiply *X%* by *Y%*.
- (4) The amount of land tax payable for each of the relevant financial years is assessed, at the rate applicable for that year under the *Land Tax Act 2002*, as if the land were the only land of the subdividing owner on which land tax was payable for that year.
- (5) The amount of land tax payable under this section on the land for any of the relevant financial years is reduced by the amount already charged on any part of the land for that year.

- (2) The land is exempt in a proportion that is equal to the percentage (X%) calculated under section 39C.

[Section 39B inserted: No. 42 of 2022 s. 8.]

**39C. Calculating percentage for exemption for dwelling or residential parks**

- (1) This section sets out the method to be used in calculating the percentage that applies in determining the extent to which land in a dwelling or residential park is exempt for an assessment year under section 39B.

- (2) First, calculate the proportion of the short-stay sites in the park that are caravan or camp sites using the following formula —

$$\frac{C}{S}$$

where —

C is the number of caravan or camp sites in the park;

S is the number of short-stay sites in the park.

- (3) Second, calculate the short-stay exemption component using the following formula —

$$\frac{S}{T} \times P1$$

where —

S is the number of short-stay sites in the park;

T is the total number of park sites in the park;

P1 is the proportion of the short-stay sites that are caravan or camp sites calculated under subsection (2), rounded up to 1 if the proportion is 0.75 or higher.

- (4) Third, calculate the proportion of the long-stay sites in the park that are owner-occupied home sites using the following formula —

$$\frac{O}{L}$$

where —

O is the number of owner-occupied home sites in the park;

L is the number of long-stay sites in the park.

- (5) Fourth, calculate the long-stay exemption component using the following formula —

$$\frac{L}{T} \times P2$$

where —

L is the number of long-stay sites in the park;

T is the total number of park sites in the park;

P2 is the proportion of the long-stay sites that are owner-occupied home sites calculated under subsection (4), rounded up to 1 if the proportion is 0.75 or higher.

- (6) Fifth, calculate the proportion of the total land in the park that is excluded land using the following formula —

$$\frac{E}{A}$$

where —

E is the area of the excluded land in the park in square metres;

A is the total area of the park in square metres.

- (7) Sixth, calculate the proportion that applies for the purposes of determining the extent to which the land in the park is exempt under section 39B using the following formula —

$$(C1 + C2) \times (1 - P3)$$

where —

C1 is the short-stay exemption component calculated under subsection (3);

C2 is the long-stay exemption component calculated under subsection (5);

P3 is the proportion of the total land in the park that is excluded land calculated under subsection (6).

- (8) Seventh, convert the proportion calculated under subsection (7) to a percentage.

*lot* means a defined portion of land —

(a) which is the whole of the land the subject of —

- (i) a Crown grant issued under the *Land Act 1933*<sup>4</sup>; or
- (ii) a certificate of title registered under the *Transfer of Land Act 1893*; or
- (iii) a certificate of Crown land title or qualified certificate of Crown land title, created and registered under the *Transfer of Land Act 1893*; or
- (iv) a survey into a location or lot under the *Land Administration Act 1997* section 27(2); or
- (v) a part-lot shown on a diagram or plan of survey of a subdivision deposited with the Land Information Authority; or
- (vi) a conveyance registered under the *Registration of Deeds Act 1856*; or
- (via) a lot defined in a scheme plan or amendment of a scheme plan under the *Community Titles Act 2018* where the land the subject of the scheme plan is subdivided as referred to in clause 3(1)(ca); or
- (vii) a lot defined in a scheme plan or amendment of a scheme plan under the *Strata Titles Act 1985* where the land the subject of the scheme plan is subdivided as referred to in clause 3(1)(d); or

(viii) an entitlement to occupy a non-strata home unit;  
or

- (b) depicted on a plan or diagram available from, or deposited with, the Land Information Authority and for which a separate Crown grant or certificate of title has been or can be issued; or
- (c) depicted on a diagram or plan of survey of a subdivision approved by the Western Australian Planning Commission.

- (2) Despite subclause (1), if —
- (a) land that constitutes a lot (the **parent lot**) is subdivided resulting in 2 or more new lots referred to in paragraph (a)(via), (vii) or (c) of the definition of lot in subclause (1) coming into existence, the parent lot ceases to be a lot for the purposes of this Act when the new lots come into existence; or
  - (b) land that constitutes 2 or more lots (the **parent lots**) is subdivided resulting in a single new lot referred to in paragraph (a)(via), (vii) or (c) of the definition of lot in subclause (1) coming into existence, the parent lots cease to be lots for the purposes of this Act when the new lot comes into existence.
- (2A) Subclause (2) does not prevent land tax from being payable on a parent lot, or an exemption, concession or rebate from applying in relation to the parent lot, for the financial year in which the land is subdivided or any earlier financial year.
- (2B) Subclause (2) does not apply to a subdivision of land in circumstances prescribed by the regulations.
- (3) If 2 or more lots of land in the same ownership have common boundaries, the Commissioner may treat the lots as a single property for valuation and assessment if it is appropriate to do so.
- (4) However, for the purpose of determining the use of a lot or parcel of private residential property, 2 or more lots of land are not to be treated as a single private residential property unless the Commissioner is satisfied that the lot or lots on which the private residence is constructed (the **home lot**) and each other lot (the **other lots**) are established, and used by the individuals who reside there, as one integrated area that constitutes the place of residence.
- (5) In determining whether to be satisfied as mentioned in subclause (4) the Commissioner may have regard to the following —
- (a) the nature, extent and degree of permanence of any structures or other improvements on the other lots;
  - (b) the degree of physical separation of, and the means of access between, the home lot and the other lots;

**cl. 3**

---

- (c) whether the appearance and physical characteristics of the home lot and the other lots, taken together, are those of one integrated area;
- (d) the extent to which the home lot and other lots are collectively or separately provided for in terms of matters such as —
  - (i) fencing;
  - (ii) means of access and egress;
  - (iii) provision of water, power and other utilities;
- (e) the purposes for which the other lots are used and whether that use is —
  - (i) of a residential nature; and
  - (ii) of an ongoing, not temporary or transient, nature;
- (f) whether the use of the home lot and the use of the other lots, taken together, constitutes the use of all of the lots as one integrated place of residence;
- (g) how often the other lots are used and by whom;
- (h) the extent to which the activities undertaken on the other lots could be undertaken at the home lot in the absence of the other lots;
  - (i) the relative size of the lots;
  - (j) any other matters the Commissioner considers relevant.
- (6) For the purposes of subclauses (3), (4) and (5) the intention of the owner of the land, the individuals residing there or any other person, in relation to all or any of the lots is irrelevant.

*[Clause 2 amended: No. 60 of 2006 s. 142(3); No. 30 of 2008 s. 18(3)-(5); No. 19 of 2009 s. 12(2); No. 30 of 2018 s. 155(4); No. 32 of 2018 s. 219(3); No. 12 of 2019 s. 142 and 143.]*

**3. Subdivided land**

- (1) Land is subdivided when —
  - (a) a plan of subdivision of the land (other than for a subdivision under the *Community Titles Act 2018*) is approved by the

- Western Australian Planning Commission for the purposes of section 135 of the *Planning and Development Act 2005*; or
- (b) a transfer, conveyance, lease or mortgage of any land is approved by the Commission under section 147(1) of that Act or an application for the creation and registration of a certificate of title is approved by it under section 147(2) of that Act and the effect of the approval is to allow a dealing with a part of the land which is less than a whole lot; or
  - (c) on an application for review under section 251 of that Act, the State Administrative Tribunal gives an approval referred to in paragraph (a) or (b); or
  - (ca) in the case of land the subject of a scheme plan or amendment of a scheme plan under the *Community Titles Act 2018*, the plan or amendment is approved by the Western Australian Planning Commission in accordance with section 18(1)(b)(ii) of that Act; or
  - (d) in the case of land the subject of a scheme plan or amendment of a scheme plan under the *Strata Titles Act 1985* —
    - (i) if the plan or amendment of the plan is required to be endorsed with the unconditional approval of the Western Australian Planning Commission of the subdivision under the *Strata Titles Act 1985* section 15(4) or 17(3) — the plan or amendment of the plan is so endorsed; or
    - (ii) if not — an occupancy permit or a building approval certificate is granted under the *Building Act 2011* Part 4 Division 3, as required under the *Strata Titles Act 1985* section 34(d)(i) or 35(1)(j)(i).

*[(e) deleted]*

- (2) An approval referred to in subclause (1) is conclusively presumed to have been given on the date appearing in the approval as endorsed on the plan, instrument or application referred to in that paragraph.

*[Clause 3 amended: No. 55 of 2004 s. 584; No. 38 of 2005 s. 15; No. 30 of 2008 s. 18(6); No. 15 of 2015 s. 11; No. 30 of 2018 s. 155(5); No. 32 of 2018 s. 219(4) and (5).]*

*[4, 5. Deleted: No. 1 of 2015 s. 8(2).]*

**6. Taxable value**

- (1) Unless the contrary intention appears, the taxable value of land is to be determined under this clause.
- (2) The taxable value of land for a financial year is —
  - (a) if the capped value of the land can be used in determining the taxable value for that year, the lesser of these values at midnight on 30 June immediately before that year —
    - (i) the capped value of the land;
    - (ii) the unimproved value of the land;
  - (b) otherwise, the unimproved value of the land at midnight on 30 June immediately before that year.
- (3) The capped value of land cannot be used in determining the taxable value of the land for a financial year if the land is a lot that was created when land was, in the financial year immediately before that year, subdivided, except if the or each subdivision in that financial year was carried out solely for the purpose of defining an area of land to be compulsorily taken or resumed.
- (4A) The reference in subclause (3) to the compulsory taking or resumption of land is a reference to the taking or resumption of land under an enactment relating to the compulsory acquisition of land, regardless of whether the owner of the land agreed to the taking or resumption.
- (4) The capped value of land at midnight on 30 June immediately before a financial year is —
  - (a) if under section 43A the concessional value of the land was the value on which land tax on the land for the previous financial year was payable — the prescribed percentage, for the financial year, of the unimproved value of the land at midnight on 30 June immediately before that previous financial year;
  - (b) otherwise —
    - (i) if the financial year is 2009/10 — the prescribed percentage, for that year, of the unimproved value of the land at midnight on 30 June 2008; or

- (ii) if the financial year is after 2009/10 — the prescribed percentage, for that year, of the taxable value of the land for the previous financial year.
- (5) For the purposes of subclause (4)(b), if —
- (a) the land is a lot that was created when land was subdivided in the financial year immediately before the year (the *previous financial year*); and
  - (b) the capped value of the lot can be used in determining the taxable value of the lot for the year,

then, in determining the capped value —

- (c) the unimproved value of the land at midnight on 30 June 2008 referred to in subclause (4)(b)(i) is to be reduced to the same proportion that the area of the lot represents of the area of the land as at that time; and
- (d) the taxable value of the land for the previous financial year referred to in subclause (4)(b)(ii) is to be reduced to the same proportion that the area of the lot represents of the area of the land as at the beginning of 1 July in the previous financial year.
