**53. Registration of building service contractors**

- (1) If a person applies for registration as a building service contractor in a class of building engineering contractor listed in regulation 6(2) before 1 July 2026, the registration fee for the person is reduced by 50%.
- (2) If a person applies for registration as a building service contractor in a class of building engineering contractor listed in regulation 6(2) before 1 January 2027 and their application is not determined by the Board before 1 July 2027, the person is taken to be registered as a building service contractor in that class during the period beginning on 1 July 2027 and ending on the day on which —
  - (a) the person is registered; or
  - (b) if their application is refused — the person is notified of the refusal.

- (3) An application is determined, for the purposes of subregulation (2), when the Board deals with the application by registering, or refusing to register, the applicant.
- (4) While a person is taken to be registered in a class of building engineering contractor under subregulation (2), they are also taken to have a nominated supervisor for that class.

Note for this regulation:

Registration as a building service contractor in a class of building engineering contractor listed in regulation 6(2) before 1 July 2027 is in advance of building engineering work becoming, on 1 July 2027, a prescribed building service; see the *Commerce Regulations Amendment (Building Services) Regulations 2023* as amended by the *Commerce Regulations Amendment (Building Services) Regulations 2024* Part 4.
