These regulations may be cited as the *Navigable Waters Regulations 1958*, and shall come into force one month after the publication thereof in the *Government Gazette*.

[Regulation 1 amended: Gazette 10 Feb 2006 p. 667.]

2. Terms used

(1) In these regulations —

Acts means the *Shipping and Pilotage Act 1967*, the *Jetties Act 1926* and the *Western Australian Marine Act 1982*;

diving means diving using compressed gas for breathing by means of either surface supplied breathing apparatus or self-contained underwater breathing apparatus;

length, in relation to a vessel, means —

(a) in the case of a vessel that is registered under regulation 45B —

(i) the length of the vessel specified in the certificate of registration of that vessel; or

- (ii) if the Minister is not satisfied as to the accuracy of that registered length, the length determined under paragraph (b);

and

- (b) in any other case, the distance from the fore part of the hull to the after part of the hull taken at the upperside of the uppermost weathertight deck or, in the case of an open vessel, at the height of the gunwale;

motor boat means a vessel propelled by any means other than oars or sail and includes a speed boat and a sailing vessel which is equipped with propelling machinery and propelled by mechanical power;

navigable waters means —

- (a) the territorial sea adjacent to the State; and
- (b) the sea on the landward side of the territorial sea adjacent to the State that is not within the limits of the State; and
- (c) waters within the limits of the State on which any vessel or any type of marine craft can be navigated;

protected waters means the waters contained in any lake, river or estuary, or by any breakwater, but does not include the waters of Cambridge Gulf or Lake Argyle;

public jetty means **public jetty** as defined in the *Jetties Act 1926*, section 3;

registrable vessel —

- (a) means a pleasure vessel that is fitted with, or has a fitting for, a motor, including, for example, a pleasure vessel that is ordinarily propelled by sail only but is fitted with, or has a fitting for, a motor; but
- (b) does not include a tender;

speed boat means a motor boat designed for, or capable of, a speed in excess of 12 knots;

 - (d) used for either or both of the following purposes, and for no other purpose —
 - (i) as a life boat;
 - (ii) as a means of transportation between the parent vessel and the shore.
- (2) For the purposes of the definition of **vessel** in the *Western Australian Marine Act 1982* section 3(1) —
