Land Tax Assessment Act 2002

No. 52 of 2002

An Act relating to the assessment and collection of tax upon land.

[Assented to 20 March 2003]

The Parliament of Western Australia enacts as follows:

Part 1 — Preliminary

1. Short title

This Act may be cited as the *Land Tax Assessment Act 2002*.

2. Commencement

This Act comes into operation on the day on which the *Taxation Administration Act 2003* comes into operation.

3. Relationship with other Acts

The *Taxation Administration Act 2003* and the *Land Tax Act 2002* are to be read with this Act as if they formed a single Act.

4. Meaning of terms used in this Act

The Glossaries at the end of this Act and the *Taxation Administration Act 2003* respectively define or affect the meaning of some of the words and expressions used in this Act, and also affect the operation of other provisions.

Part 2 — Land tax liability and assessment

Division 1 — Liability to land tax

5. Taxable land

Land tax is payable, in accordance with the land tax Acts, for each financial year for all land in the State except land that is exempt under section 17.

6. Time for payment of land tax

- (1) Land tax payable on an original assessment is due for payment on the 49th day after the date of the assessment notice.
- (2) Land tax payable on a reassessment is due for payment on the date specified in the assessment notice in accordance with the *Taxation Administration Act 2003*.

7. Liability to pay land tax

- (1) Land tax payable on land for an assessment year is payable by the person who is or was the owner of the land at midnight on 30 June in the previous financial year.
- (2) However, if a person or a taxable authority is taken under section 8 to be the owner of the land at that time, the land tax is payable by the person or the taxable authority respectively.
- (3) If a person and a taxable authority are each taken under section 8(1) and (2) respectively to be an owner of the land at that time, the land tax is payable by the taxable authority.
- (4) Joint owners of land are jointly and severally liable for land tax payable on the land regardless of each of the joint owner's respective interests in, or use of, the land.

- (5) A person or taxable authority who is liable to pay land tax is also liable to pay any additional taxes, interest, penalties or charges payable under a land tax Act in relation to the land tax.

8. Certain persons and bodies taken to be owners of land

- (1) A person is taken to be the owner of land for the purposes of section 7 if the person —
- (a) is entitled to the land under any lease or licence from the Crown with or without the right of acquiring the fee simple; or
 - (b) is entitled to use the land for business, commercial, professional or trade purposes under an agreement or arrangement with the Crown, with an agency or instrumentality of the Crown or with a local government or public statutory authority.
- (2) If a taxable authority has land vested in it by or under an enactment otherwise than as owner, the taxable authority is taken to be the owner of the land for the purposes of section 7.
- (3) If an agreement has been made for the sale of land, whether or not the agreement is completed by transfer or conveyance, and whether or not it was made before or after this Act commenced, then for the purpose of ascertaining who is liable to pay land tax on the land —
- (a) the vendor is taken to be the owner of the land until the purchaser obtains possession of the land; and
 - (b) the purchaser is taken to become the owner of the land when the purchaser obtains possession.

9. Liability of agents or trustees

- (1) An agent of an owner of taxable land, or a trustee in whom the legal estate of taxable land is vested (whether solely or jointly

with other trustees), is liable for the taxes payable on the land as if the agent or trustee were the beneficial owner of the land.

- (2) However, the agent or trustee is not personally liable for the taxes to any greater extent than to the amount of any funds or securities for money of the principal or beneficiary, that the agent or trustee holds, or of which the agent or trustee has the controlling power, after receiving an assessment notice for the taxes.
- (3) If an agent or trustee is required to pay, and has paid, an amount of taxes on behalf of the principal or the beneficiary, the agent or trustee is entitled —
 - (a) to recover an equal amount from the principal or beneficiary; or
 - (b) to retain an equal amount from any money that the agent or trustee receives in that capacity for the principal or beneficiary.
- (4) The agent or trustee is answerable for the doing of anything under a land tax Act that would be required to be done by the owner.
- (5) The agent or trustee is subject to the same penalties or liability for any neglect, refusal, or default in respect of a land tax Act as the principal or beneficiary would be.
- (6) In this section —

“**taxes**” means land tax, or any penalties, interest or other amount payable in connection with land tax under a land tax Act.

Division 2 — Assessment of land tax

10. Assessing the amount of land tax payable

Except where this Act specifically provides for a concession or rebate of land tax, the amount of land tax payable for taxable land for an assessment year is the amount calculated by applying the rate fixed in relation to the land under the *Land Tax Act 2002* to the amount equal to the unimproved value of the land according to the valuation in force under the *Valuation of Land Act 1978* at midnight on 30 June in the previous financial year.

11. Assessing land tax on 2 or more lots with the same ownership

- (1) If a person owns 2 or more lots or parcels of taxable land, land tax is payable on the aggregated unimproved value of all the taxable land owned by the person.
- (2) However, if a trustee owns 2 or more lots or parcels of taxable land held, in severalty, in trust for different persons, then the land tax payable for each lot or parcel is assessed separately unless another provision of this Act specifically requires the land tax to be assessed on the lots or parcels jointly.
- (3) If a trustee owns taxable land held in trust for another person and is also the beneficial owner of other land, the land tax payable on the land held in trust is assessed separately from the land tax payable on the land held beneficially, unless for any reason the land tax payable on the trust land and the beneficially held land is liable to be jointly assessed independently of this subsection.

12. Assessing land tax payable by joint owners

- (1) The land tax payable on land owned jointly by 2 or more persons is assessed as if the land were owned by one person.
- (2) When determining the extent (if any) to which the land is exempt or subject to a concession, the following matters are to be taken into account —
 - (a) each joint owner's use of the land by virtue of which the land is exempt or subject to a concession (whether or not the use is common to any of the other joint owners);
 - (b) each joint owner's interest in the land by virtue of which the land is exempt or subject to a concession (whether or not the interest is common to any of the other joint owners).
- (3) The assessment for the land is to be kept separate and distinct from an assessment for any land that is owned —
 - (a) by any one of the joint owners individually; or
 - (b) by any of them as a joint owner with any other person.
- (4) The owners of non-strata home units whose liability is assessed under section 16 are taken not to be joint owners for the purposes of this section.

13. Calculating the unimproved value of part of a lot

- (1) Where, under section 8(1)(b), a person is taken to be the owner of a portion of a lot, then a reference in a land tax Act to the unimproved value of the land is a reference to the amount, as determined by the Valuer-General, that bears the same proportion to the unimproved value of the lot as the portion of the lot bears to the total potential lettable area of the lot as defined in subsection (2).

- (2) The total potential lettable area of a lot is the total area of the lot that is capable of being let, as determined by the Valuer-General on the assumption that none of the land is used for an exempt purpose and having regard to the lease conditions of the portion of the lot for which a value is required.
- (3) If land tax is payable on the concessional unimproved value of a new lot under section 41, then a reference in a land tax Act to the unimproved value of the land is a reference to the land's concessional unimproved value under that section.

14. Land tax on newly subdivided private residential property

- (1) Land tax is payable in accordance with this section when private residential property is subdivided if —
 - (a) the property was exempt or partially exempt from land tax under Part 3 Division 2 for any of the 5 financial years reckoned retrospectively from and including the financial year in which the land was subdivided; and
 - (b) the area of the property is greater than 2.0234 hectares.
- (2) Land tax is payable by the subdividing owner of the property on the unimproved value of the taxable portion of the property (calculated under subsections (5) and (6)) for each of the 5 financial years reckoned retrospectively from and including the financial year in which the land is subdivided.
- (3) The amount of land tax payable for each of those 5 financial years is assessed, at the rate applicable for that year under the *Land Tax Act 2002*, as if the taxable portion of the property were the only land of the subdividing owner on which land tax was payable for that year.

- (4) However, if land tax has already been levied on any part of the taxable portion of the property under another provision of this Act for any of those 5 financial years, then —
- (a) if a partial exemption did not apply to that part of the taxable portion for the year under Part 3 Division 2 no land tax is payable under subsection (2) on that part for that year; or
 - (b) if a partial exemption applied to that part of the taxable portion, or an interest in it, for that year under Part 3 Division 2 land tax is payable for that year under subsection (2) on the part of the property to which the partial exemption applied.
- (5) The taxable portion of the property is the portion that remains after subtracting from the whole area of the property the greater of the following areas —
- (a) the area of the lot or parcel or portion of land on which the private residence was situated at the time of the subdivision;
 - (b) 2.0234 hectares.
- (6) The unimproved value of the taxable portion of the property is the amount that bears to the unimproved value of the whole of the property the same proportion as the area of the taxable portion bears to the whole area of the property.
- (7) Nothing in this section affects the liability of any person to pay land tax on the taxable portion of the property for any financial year after that in which the land is subdivided.
- (8) Despite section 17(4) of the *Taxation Administration Act 2003*, the Commissioner must make any reassessment necessary to give effect to this section.

15. Land tax on newly subdivided rural business land

- (1) Land tax is payable in accordance with this section when rural business land is subdivided if —
 - (a) the land was exempt from land tax under section 29 or subject to a concession under section 30 for any of the 5 financial years reckoned retrospectively from and including the financial year in which the land was subdivided; and
 - (b) the subdivision was not carried out only for the purpose of defining an area of land to be taken or resumed under an enactment relating to the compulsory acquisition of land.
- (2) The land tax is payable by the subdividing owner of the land on the unimproved value of the taxable portion of the land for each of the 5 financial years reckoned retrospectively from and including the financial year in which the land is subdivided.
- (3) The taxable portion of the land is the area that remains after subtracting from the whole area of the land —
 - (a) the area of any part of the land that is exempt, immediately after the subdivision is completed, under Part 3 Division 2 as a result of the subdividing owner's ownership or use of the land; and
 - (b) the area of any part of the land that, immediately after the subdivision is completed, consists of a lot of 2.0234 hectares or more that is zoned for rural purposes under a town planning scheme.
- (4) The amount of land tax payable for each of those 5 financial years is assessed, at the rate applicable for that year under the *Land Tax Act 2002*, as if the taxable portion of the land were the only land of the subdividing owner on which land tax was payable for that year.

- (5) If an amount of land tax has already been charged on any part of the taxable portion of the land under another provision of this Act for any of those 5 financial years, the amount of land tax payable for that year under this section is reduced by the amount already charged.
- (6) The unimproved value of the taxable portion of the land is the amount that bears to the unimproved value of the whole of the land the same proportion as the area of the taxable portion bears to the whole area of the land.
- (7) Nothing in this section affects the liability of any person for land tax on the taxable portion of the land for any financial year after that in which the land is subdivided.
- (8) Despite section 17(4) of the *Taxation Administration Act 2003*, the Commissioner must make any reassessment necessary to give effect to this section.

16. Assessing land tax on non-strata home units

- (1) The Commissioner may assess the amount of land tax payable on land on which a building containing non-strata home units is situated in accordance with this section if, apart from the building, no other improvements have been effected on the land except —
 - (a) improvements in the nature of draining, filling, excavation, grading or levelling of the land, retaining walls or other structures or works for that purpose, the removal of rocks, stone or soil, and the clearing of timber, scrub or other vegetation; or
 - (b) outbuildings, fences, garages or other improvements that are, in each case, designed for the use or enjoyment of the home unit owners.

Land Tax Assessment Act 2002

Part 2 Land tax liability and assessment

Division 2 Assessment of land tax

s. 16

- (2) The Commissioner may make an assessment under this section —
 - (a) on his or her own initiative; or
 - (b) on the application of the owners for the time being of the home units.
- (3) If land tax has been assessed on the land for the assessment year in which the application is made or during which the Commissioner decides to assess the land tax in accordance with this section, the Commissioner may reassess the land tax payable for that year in accordance with this section.
- (4) However, a reassessment under subsection (3) is only to be made in relation to the assessment year referred to in that subsection.
- (5) An application —
 - (a) must be made in the approved form by all the home unit owners jointly; and
 - (b) if the land is owned by a body corporate, must be accompanied by a statement in the approved form setting out the proportion of the value of the land to be ascribed to each home unit owner for the purpose of calculating the amount of land tax payable by the owner.
- (6) A home unit owner who is a registered proprietor of an undivided share in the land is liable to pay land tax on the proportion of the unimproved value of the land that bears to the unimproved value of the land the same proportion as the owner's share in the land bears to the land.
- (7) A home unit owner who is a shareholder in the body corporate that owns the land is liable to pay land tax on the proportion of the unimproved value of the land that bears to the unimproved value of the land the same proportion as the

proportion of the value of the land ascribed to the owner in the statement under subsection (5)(b) bears to the total interests of all the shareholders in the land.

- (8) If the owner of a home unit is liable to pay land tax assessed on a proportion of the unimproved value of the land under subsection (6) or (7), and is also the owner of any other land, then the part of the value of the land on which the home unit is erected is taken to be land for the purposes of a land tax Act and is taken to have the value assessed under the respective subsection.
- (9) If the Commissioner decides to assess or reassess the amount of land tax payable on the land under this section for an assessment year, land tax on the land is to be assessed under this section for each subsequent assessment year unless the Commissioner revokes the decision under subsection (10).
- (10) The Commissioner may revoke the decision —
 - (a) on his or her own initiative; or
 - (b) on receiving a joint application for revocation from all the home unit owners for the time being.

Part 3 — Exemptions, concessions and rebates

Division 1 — General provisions

17. Exempt land

Land is exempt from land tax for an assessment year if —

- (a) the Commissioner grants an exemption for the assessment year under section 20; or
- (b) it is exempt for the assessment year under another provision of this Part.

18. Partial exemptions or concessions

If —

- (a) an exemption or concession under another provision of this Act would apply to land if it were used or occupied solely for an exempt purpose or purposes, or owned, used or occupied solely by a person or persons in a particular class or classes, or both, as mentioned in the respective provision; and
- (b) the land is used or occupied partly for the exempt purpose or purposes and partly for another purpose or purposes, or is owned, used or occupied partly by persons in the particular class or classes, and partly by another person or persons,

then the exemption or concession applies to the proportion of the land that is used or occupied for the exempt purpose or purposes, or is owned, used or occupied by the persons in the particular class or classes, or both, as the case requires.

19. Obtaining an exemption or concession

The Commissioner may require an owner of land —

- (a) to lodge an application in the approved form for an exemption or concession under this Part; and
- (b) to give the Commissioner any information within the owner's knowledge or control that is relevant to deciding whether or not the land is eligible for an exemption or concession.

20. Commissioner's power to exempt land

- (1) A taxpayer may apply to the Commissioner for an exemption, concession or further concession for any of the following land —

- (a) any proportion of private residential property that is used by an individual for a purpose that is not an exempt purpose, where the private residential property is exempt to some extent under section 21, 22 or 23 because of its use by the individual as his or her primary residence as provided in the respective section;
- (b) land that is not exempt under section 23 for an assessment year because it was exempt under that section in the previous financial year, or because the estate derived rent or income in the assessment year;
- (c) land used as holding paddocks for stock that is not exempt under section 29 only because it is not used for that purpose in the course of carrying on a rural business of a kind referred to in section 29;
- (d) land that is not exempt under section 29 because of the operation of section 29(3) or (4);
- (e) land that is subject to a concession under section 30;

Land Tax Assessment Act 2002

Part 3 Exemptions, concessions and rebates

Division 1 General provisions

s. 20

- (f) land that is not exempt under section 42 because of the operation of section 42(3) or (4);
 - (g) Crown land of which a person is taken to be the owner under section 8(1) and which is not otherwise subject to an exemption or concession;
 - (h) land sold by a religious body that would otherwise be taxable under section 32(2);
 - (i) land sold by an educational institution that would otherwise be taxable under section 33(2).
- (2) The Commissioner may grant the exemption, concession or further concession for the whole or part of the land if the Commissioner is satisfied that there are reasonable grounds for doing so.
- (3) If the Commissioner refuses to grant the exemption or concession, the applicant may appeal to the Minister against the Commissioner's decision.
- (4) An appeal may be made within 60 days after the date on which notice of the Commissioner's decision was issued, or within any further time allowed by the Minister for reasonable cause shown by the applicant.
- (5) The obligation to pay, or the right to receive and recover land tax, is not affected by any appeal to the Minister.
- (6) The Minister is to consider the appeal with all reasonable dispatch, and may either disallow it or, if the applicant satisfies the Minister that there are reasonable grounds for doing so, allow it wholly or in part.
- (7) The Minister is to give notice of the Minister's decision on the appeal to the applicant.

- (8) The Commissioner is to make any reassessment necessary to give effect to a decision of the Commissioner or the Minister under this section.

Division 2 — Private residential property

21. Private residential property owned by individuals

- (1) Private residential property (except property held in trust) is exempt for an assessment year if, at midnight on 30 June in the financial year before the assessment year, it is owned —
- (a) by an individual who uses it as his or her primary residence; or
 - (b) by a husband and wife, at least one of whom uses it as his or her primary residence.
- (2) However, if the property is also owned by another person or persons, it is exempt if each owner who does not use it for that purpose is an owner only because of a requirement by a financial institution for a guarantee of money advanced on the security of the property.

22. Private residential property owned by executor or administrator

Private residential property is exempt for an assessment year if, at midnight on 30 June in the previous financial year —

- (a) it is owned by an executor of a will as trustee;
- (b) an individual identified in the will has a right under the will to use the property as a place of residence for as long as he or she wishes, but is not entitled under the will to any estate of freehold in possession of the property; and
- (c) the individual uses the property as his or her primary residence.

23. Continued exemption after death of resident

- (1) Private residential property owned by the executor or administrator of an individual's estate is exempt, but only for the assessment year following the financial year in which the individual died, if —
 - (a) the individual's ownership and use of the property as his or her primary residence gave rise to an exemption under section 21 for the financial year in which he or she died, or would have given rise to such an exemption if he or she had owned the property and had been using it for that purpose on 30 June before his or her death;
 - (b) the executor or administrator is the owner of the property at midnight on 30 June in the financial year in which the individual died; and
 - (c) the individual's estate does not derive any rent or other income from the property between the date of the individual's death and the end of the assessment year.
- (2) The exemption may be allowed in advance if —
 - (a) the individual's estate has not derived any rent or other income from the property between the date of the individual's death and midnight on 30 June in the financial year in which he or she died; and
 - (b) the executor or administrator advises the Commissioner that the estate is not expected to derive any rent or other income from the property in the assessment year.
- (3) However, if the individual's estate derives any rent or other income from the property in the assessment year, the executor or administrator must —
 - (a) notify the Commissioner to that effect within 3 months after the end of the assessment year; and

- (b) give the Commissioner any particulars needed to make a reassessment.

Penalty: \$5 000.

- (4) If the Commissioner is notified, or otherwise becomes aware, that the estate has derived rent or income from the property in the assessment year, the Commissioner is to make a reassessment accordingly.

24. New private residences

- (1) Private residential property (except property held in trust) that is owned by an individual is exempt for an assessment year if —
 - (a) the construction of the private residence that forms part of the property is completed during the assessment year;
 - (b) at midnight on 30 June in the previous financial year the individual owned the land on which the private residence is constructed;
 - (c) the individual is the first occupant of the private residence; and
 - (d) the individual uses the private residence as his or her primary residence during the assessment year.
- (2) However, the property is not exempt if any other private residential property owned by the same individual is exempt for the assessment year under another provision of this Division as a result of its use by the individual as his or her primary residence.
- (3) The Commissioner is to make any reassessment necessary to give effect to this section.

25. Exemptions during renovation of private residence

- (1) Private residential property (except property held in trust) is exempt from land tax for an assessment year if —

- (a) the property is owned by an individual;
 - (b) at midnight on 30 June in the financial year before the assessment year the private residence that forms part of the property was unoccupied, but only because the individual had ceased occupation, or not taken up occupation, to enable the private residence to be refurbished;
 - (c) the individual takes up occupation of the private residence during the assessment year, and is the first occupant of the private residence since the refurbishment; and
 - (d) no rent or other income was derived from the property by anyone in respect of the period between the beginning of the assessment year and the time when the property was reoccupied.
- (2) However, the property is not exempt if any other private residential property owned by the same individual is exempt for the assessment year under another provision of this Division as a result of its use by the same individual as his or her primary residence.
- (3) The Commissioner is to make any reassessment necessary to give effect to this section.

26. Exemption for trust property used by disabled beneficiary

Private residential property held in trust is exempt for an assessment year if, at midnight on 30 June in the financial year before the assessment year —

- (a) the land is owned by a trustee who holds the land in trust for one or more disabled beneficiaries; and
- (b) at least one disabled beneficiary of the trust uses the property as his or her primary residence.

27. Rebate if moving from one residence to another

- (1) An owner of private residential property is entitled to a rebate of land tax for an assessment year if —
- (a) the property is exempt from land tax for the assessment year as a result of its use by an individual at midnight on 30 June in the previous financial year as his or her primary residence;
 - (b) at midnight on 30 June in the financial year before the assessment year the owner also owned a second private residential property that would have been exempt or eligible for exemption under this Division for the assessment year if the individual had used the second property instead of the exempt property as his or her primary residence;
 - (c) the owner became the owner of either the exempt property or the second property during the financial year before the assessment year;
 - (d) the same individual used the second property as his or her primary residence either in the financial year before the assessment year (before using the exempt property for that purpose), or in the assessment year (after using the exempt property for that purpose);
 - (e) during the assessment year the owner sold or otherwise disposed of whichever of the 2 private residential properties the owner had first acquired, and delivered possession to the new owner in that year; and
 - (f) while the owner owned both properties, nobody derived any income from whichever property was not being used as the primary residence of the individual.
- (2) The owner may apply for the rebate, in the approved form —

- (a) after the sale or other disposition and delivery of possession of the first-acquired property; and
 - (b) not later than 3 months after the end of the assessment year, or 3 months after the issue of the assessment notice, whichever is later.
- (3) The amount of the rebate is the amount by which the liability of the owner would have been reduced if the second private residential property had been exempt for the assessment year because of its use by the individual referred to in subsection (1) as his or her primary residence.
- (4) On receiving an application under subsection (2), the Commissioner is to make any reassessment necessary to give effect to this section.

28. Rebate for inner city residential property

- (1) The owner of private residential property may apply to the Commissioner in the approved form for a rebate under this section.
- (2) The owner of private residential property is entitled to a rebate of the land tax payable for an assessment year on the aggregated unimproved value of all the applicant's land if —
- (a) the private residential property is in an area of the State prescribed as an inner city area, and is also in an area that is the subject of a town planning scheme, or a redevelopment scheme in force under the *East Perth Redevelopment Act 1991*, where the land is not zoned for use solely for residential purposes;
 - (b) the construction of the private residence that forms part of the private residential property was completed before or during the assessment year;

- (c) the private residence was occupied, or fit to be occupied and intended by the owner to be occupied, as a place of residence for one or more individuals, during the assessment year or during the part of the assessment year remaining after the construction is completed, as the case requires;
 - (d) the private residential property is not exempt for the assessment year under another provision of this Division; and
