

WESTERN AUSTRALIAN GOVERNMENT GAZETTE.

(PUBLISHED BY AUTHORITY.)

FRIDAY, JUNE 27, 1845.

[NUMBER 460

*Colonial Secretary's Office, Perth,
June 20, 1845.*

His Excellency the Governor has been pleased to direct the publication of the following notice of a new Light which was exhibited on the 1st January, 1844, at a Light House erected at Madras immediately to the northward of the walls of Fort St. George.

*By His Excellency's command,
PETER BROUN.*

NOTICE.

*Marine Board Office, Madras,
9th October, 1843.*

Notice is hereby given, that on and after the 1st day of January, 1844, a Light will be exhibited on the new Light House erected at Madras immediately to the northward of the Walls of Fort St. George; and that on and after the said 1st day of January, 1844, the Light heretofore and now exhibited on the old Light House within the walls of Fort St. George, will be discontinued. The new Light (to be exhibited) will be elevated 128 feet above the mean level of the sea,—and may be seen from the deck of a ship at the distance of 20 miles. The Light is of the "Flashing Description," and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the motion is reciprocating instead of rotary, the above ratio merely expresses the average proportion of the light and dark intervals, which are themselves variable according to the position of the spectator. The rapidity of movement is so adjusted, that the duration of the flashes will vary from 0" to 48", and that of the eclipses from 0" to 72", the sums of the duration of light and darkness bearing, however, in every position, the constant ratio of 2 to 3. From the south eastern extremity of Palicat Shoal the new Light House bears S. 25° W., and is distant 13 miles; but no ship or vessel when hauling in from the northward for the Madras Roadstead should bring the Light to bear to the southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Palicat Shoal, as hazy weather, or other causes, may obscure the Light,—true soundings therefore, and a vigilant look out, are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz., from the northward the Light House will bear S. 56° W., and from the southward N. 51° W. or from S. W. by W. to W. ½ N.

The new Light House at Madras is in Latitude 13° 5' 10" N., and in Longitude 80° 20' E. of Greenwich.

Published by order of the Marine Board of Fort St. George,

J. R. BOYSON,
Acting Secretary.

*Colonial Secretary's Office, Perth,
June 24, 1845.*

His Excellency the Governor directs it to be notified that the tenders for the supply of two dozen full sized strong check Shirts for the prisoners in Fremantle Gaol, will not be opened until Tuesday next, the 1st of July, in consequence of a wrong description of the shirts required having been given in the previous notices.
