His Excellency the Governor directs it to be notified for general information, that the several Streets and lines of communication in the Town-site of Perth, having been finally marked out on the

ground and designated by square sawn posts, branded P T T, and the outer limits of the said Town-site having been also defined by strong posts placed in trenches, and the Divisional Boundaries between the respective Allotments in the said Town having likewise been defined by short stakes driven into the ground, in conformity with the various provisions of the Ordinances 8 and 9 of the 8th of Victoria, a duplicate plan of the said Town as thus finally arranged has been delivered to the Chairman of the Town Trust in order to enable him to proceed forthwith to adjust and regulate the line of streets according to such plan as he is authorised and required to do in pursuance of said Ordinance first above mentioned.

*Colonial Secretary's Office, Perth,

In consequence of the great increase of late of Dogs in the possession of the Natives, and the frequent injuries which they inflict on the flocks of the colonists, the Governor has been pleased to offer a reward to Constables of One Shilling for the head of each Dog, and of Sixpence for the head of each Puppy, henceforth found in the possession of any of the aboriginal race.

These rewards to be paid on the certificate of a Magistrate, that the head for which the reward is claimed has been destroyed in his presence.

His Excellency requests attention to the fact, that the evil complained of arises almost entirely from the baneful practice of the settlers giving young dogs to the natives.

PETER BROUN.*
