Electric-Telegraph Department.

REGULATIONS and Conditions under which Telegraphic messages will be transmitted, after the 1st March next, between Perth and Fremantle:—

1. To lessen as much as possible any liability to error in the transmission of messages from defective manuscript, it is desirable that the use of *Figures should be avoided*, and that *Words at length* be substituted; and the public, in using the Electric Telegraph, are requested to be particular in giving a full and correct address to every message, so that the least possible delay in delivery may occur.
2. Messages will be transmitted in the order of their reception, and no precedence will be allowed, except for special despatches on the service of the Government, the arrest of criminals, and in cases of pressing emergency, sickness, or death.
3. All messages will be held *strictly confidential*.
4. PAYMENT OF CHARGES IN ADVANCE will be required, except for replies to interrogatory messages on which the sender may have written the words, "*Reply will be paid for*;" but special arrangements may be made for the receipt of messages payable by the receiver.
5. The charge for transmitting and delivering messages not exceeding ten words is one shilling, and for every additional word, one penny extra.
6. No charge will be made for the date, address, or signature to any message, and it is particularly requested that the two latter may be as CLEAR and EXPLICIT as possible.
7. Messages must be WRITTEN WITH INK, in a clear and legible manner, and bear a proper date, address, and genuine signature, in the usual handwriting of the sender.
8. Messages will be delivered free of charge, within the limits of the ordinary delivery of the office; over that distance, one shilling per mile extra will be charged; and for messages to be delivered on shipboard, an extra charge, to cover the disbursement for boat expenses, will be made.
9. Messages may be transmitted in CYPHER in the English language, on payment of AN

ADDITIONAL CHARGE OF FIFTY PER CENT., but cypher words must not average more than two syllables.

10. On special occasions, when the communication may be kept open during the night, an additional charge equal to double the ordinary rate will be required upon all messages received for transmission later than 8 p.m.

11. Every reasonable exertion will be used, and precaution adopted, to secure the greatest promptness, accuracy, and despatch in conducting the business of the Telegraph, but no responsibility will be assumed for any errors, omissions, or delays in the transmission or non-transmission, delivery or non-delivery of any message, from whatever cause the same arise. In order, however, to afford the fullest security for the correctness of a transmitted message, the sender may obtain a copy of the message as repeated back from the receiving office, upon payment of one-half the original charge upon such message.

12. In the event of serious delay occurring, to prevent the transmission of a message within a reasonable time, or sufficient to destroy the value of the despatch, notice will be conveyed to the sender, should his address be known, and the message, together with the amount paid thereon, be returned, if desired.

13. In cases where *immediate replies* are required, the messenger will be instructed to wait FIVE MINUTES after the delivery, provided the message may contain the words "*Reply by Telegraph immediately*."

14. PRINTED FORMS, upon which messages should be written, may be obtained upon application at the offices at Perth and Fremantle; but all messages, whether written upon the prescribed forms, or upon plain paper, will be considered as tendered for transmission, and transmitted to their destination under the several conditions and stipulations above detailed.

15. The offices will be kept open for the transmission of messages between the hours of 7 to 8 a.m., and from 10 a.m. to 4 p.m., and in the evening from 7 to 8 (Sundays excepted.)
