WITH reference to previous Notice to Mariners, No. 11 of 1872,* concerning the position of Cape Turnagain, the following extract from a letter received from the Inspector of Surveys is published for general information:—

“The true latitude of the Cape is 40deg. 29min. 47sec. S., instead of 40deg. 22min. S., as given in the New Zealand Pilot. The differences of longitude agree so nearly that it is unnecessary to refer to them until the Trigonometrical Survey is complete.”

EAST COAST OF MIDDLE ISLAND.

THE following information has been received from the Harbour Master at Akaroa:—

“During late gale a single pinnacle rock was discovered half-a-mile South by West from edge of outlying reef at foot of South Head, Akaroa Harbour; no kelp near. Discoverer long resident on South Head, and a reliable authority. He considers rock to have about three fathoms over it at high water. Bearings are from general knowledge and not by compass.”

HIS Excellency The Governor, with a view to carry out the under-mentioned resolutions, which were passed during the late Session of the Legislative Council, has been pleased to direct that

1. Applications for nominated Immigrants will be received at the Colonial Secretary's Office, and will be considered on the following dates:—1st January, 1st April, 1st July, and 1st October, in each year.

2. Such applications must be accompanied by a deposit of £4 for each statute adult proposed to be introduced. Two children under ten years of age will count as one statute adult.

3. Should the sum deposited prove to be more than one-fourth the cost of passage, the balance will be returned to the applicant, and the deposit will be returned in full should the application not be proceeded with.

4. Forms of application (as annexed) may be obtained at the Offices of the Resident Magistrate in each District.

By Command,
FRED. P. BARLEE,
Colonial Secretary.

Resolutions above referred to.

1. That any sum of money that may be voted by this Council for the purposes of Immigration shall, unless otherwise specifically appropriated, together with all sums that may hereafter be received from Immigrants as Refunds, be administered as an Immigration Fund, in accordance with the following principles, and subject to such regulations in detail as may from time to time be made by His Excellency the Governor in Executive Council.

2. That in awarding assistance to intending Immigrants a preference be given to able bodied and healthy men and women, married or single, between the ages of 18 and 35.

3. That a preference also be given to persons skilled in any industry which there is reason to believe may be beneficially introduced and fostered in this Colony, and in which there may appear ground for belief that this Colony may be able to compete on advantageous terms with other countries, to miners, farm servants, domestic servants, and such workmen at mechanical trades as may appear to be required.

4. That it is highly desirable that girls and young women should be sent out only with their families or under proper supervision.

5. That, for the present, assistance should only be rendered to persons nominated by some respectable person, whose security will be held sufficient for repayment of a proportion of the passage money advanced.

6. That a deposit of one-fourth of the passage money be made when any application for an assisted passage is entertained.

7. That an undertaking be entered into by the person nominating an Immigrant, or by some other sufficiently responsible person, that in the event of the Immigrant's failure to comply with the conditions of repayment under which he has received his passage, such nominator or guarantor will, within three months' notice being given of such default, pay to the Government the sum due by the Immigrant.

8. That each Immigrant shall, prior to receiving his passage ticket, enter into an undertaking to repay to the Government, within twelve months from the date of his arrival in the Colony, one-eighth of the passage money advanced on his behalf; and within the twelve months next following a further sum equal to one-eighth of his passage money. That for every payment tendered by or on behalf of an Immigrant six months before it becomes due, an allowance be made at the rate of five per cent. for every six months by which the Government claim shall be anticipated.

9. That no person, company, or association be, for the present, permitted to nominate a number that shall be in excess of six adult Immigrants in any one year.

10. That encouragement be given to any person who may prepare and publish for distribution in England a Pamphlet showing the advantages held out to Immigrants in this Colony, and the inducements in the way of assisted passages or grants of Land. That authority be granted to the Government to purchase 10,000 copies of such pamphlets for distribution in England, at a cost not exceeding 2d. for each copy.
