ROGER TUCKER^D. GOLDSWORTHY,

Consulate General of Chile,
Sydney, 20th March, 1880.

SIR,—I have the honor to bring to the notice of Your Excellency that I learn from the official newspapers of Santiago de Chile, to hand by last mail, that the Ports on the coast of Peru up to the 19th degree of Southern latitude are in the possession of the Forces of the Republic of Chile, and I have reason

to believe that the Peruvian Coast to the North of that parallel is actually under blockade by the Chilean Fleet.

Although not officially informed of this by my Government, consequent, I imagine, upon the delay caused by inefficient postal arrangements, I consider it my duty to place before Your Excellency my conception of the probable state of the Peruvian Ports, in the interest of the commercial community of your Colony.

I have, &c.,

W. H. ELDRED.

Governor of Western Australia.

SCAB IN SHEEP.

*Colonial Secretary's Office,
Perth, 7th April, 1880.*

THE following Instructions, for the guidance of Inspectors of Sheep in the performance of their duties under "The Scab Act, 1879," are published for general information.

By His Excellency's Command,
ROGER TUCKER^D. GOLDSWORTHY,
Colonial Secretary.

INSTRUCTIONS TO INSPECTORS OF SHEEP.

1.—Correspondence.

1. All Correspondence and communication with the Government will be carried on through the Colonial Secretary.

2.—Act and Regulations.

2. The Inspector will be bound to keep copies of "The Scab Act, 1879," and of all duly authorised Regulations or Instructions under the same, which he will produce when required by the owner of any sheep which he may be inspecting.

3.—Accounts and Returns.

3. The Inspector will make all his communications to owners and others in writing whether in the shape of notices, instructions, or decisions, copies of which he will in all cases retain; and he will deliver all such notices and decisions to the parties interested, personally, or at their residences, or transmit them to their respective addresses by letter through the post.

4. In replying to official correspondence, the Inspector will give not only the date of such communication, but also the numbers and letters (if any) which it may bear; and when any enclosure to be returned is received, he will note and attend to its contents, and return it without delay to the person by whom it was forwarded, keeping copies, if necessary.

5. All correspondence and reports by him should be expressed in clear and concise terms, and should be written in a legible hand, on foolscap paper, with one third margin.

6. The Inspector shall keep a journal or record of the employment of his time, and of the state of the health of the flocks in his district, from which he will, at the end of each month, make up a return to the Colonial Secretary in the form of Schedule E hereof.

7. Every Inspector, where necessary, will receive a book of license forms, with corresponding butts, which, on the granting of a license, he will fill up and retain; and he will also be furnished with a like book of renewed license forms, which he will fill up when required, in the same manner as that of license forms and butts.

8. On the receipt of any fees for a renewed license, or of any moneys paid to him under the Act, on public account, the Inspector shall make the necessary entries in his cash book, and he will, at the end of every calendar month, transmit the amount of such fees and moneys direct to the Resident Magistrate of the District in which he is located, who will forward the same to the Colonial Treasurer.

9. Immediately after the 30th of June and 31st of December in each year, the Inspector,

to whom such renewed license forms have been sent, will prepare and transmit to the Colonial Secretary a balance sheet, in the usual form showing the number of license forms received, and the number of licenses and renewed licenses issued by him during the past half-year, and the number of forms on hand for the ensuing half-year.

10. On retirement or removal from his appointment, the Inspector will hand over to his successor, or to the nearest Resident Magistrate, all public records, books, acts, regulations, or other documents or papers in his possession, relating to the duties of his office.

4.—Inspections.

11. The Inspector will provide himself with a proper "Scab glass," and will make himself thoroughly acquainted with its use and the best mode of detecting the *acarus*, or scab, if present.

12. In examining sheep the Inspector will exercise the greatest vigilance and care; 1st—That he makes all possible inquiry as to the probability of the infection reaching the sheep which he is examining; 2nd—That all the sheep belonging to the flocks which he is inspecting are presented to him for examination; 3rd—That every such sheep comes under his eye during the inspection; 4th—That he stops and examines every sheep showing the slightest symptoms of the disease; and 5th—That on handling any suspected sheep he carefully examines, both with the naked eye and with the "Scab glass," every portion of such sheep on which the disease is likely to show itself.

13. The first and most important duty of the Inspector, after that of preventing the spread of the disease, is to detect its existence immediately on its outbreak; and he should for this purpose not only endeavor to gain the earliest possible information of its doing so from third parties (which, as well as the names of such parties must be kept strictly private), but he must keep up such a systematic round of inspection of the flocks in his district as would render it impossible for the disease to exist for any length of time without his detecting it.

5.—Information of Disease.

14. The Inspector will likewise, so far as lies in his power, obtain reliable information as to the state of the flocks in other districts in the Colony; and he will convey any information of importance he may obtain in this respect to the neighboring Inspectors.

15. On becoming aware of the outbreak of the disease in any new locality, the Inspector will at once communicate the fact to the Colonial Secretary, and he will also convey to him any other information or suggestion connected with the duties of his office which he considers would be for the benefit of the public.

6.—Infected Carcasses, Skins, or Wools.

16. In and around those districts where the infection exists, it will be the duty of the Inspector while it does so, and for some months afterwards, to be especially careful that no carcasses of sheep are left on runs or roads undestroyed, and that sheepskins and wool, on being conveyed from these districts, are, during the period stated, properly packed and secured.

7.—Outlay and Expenses.

17. He will in no case incur any outlay or expense, not expressly permitted by the Act or

these Regulations, without having first asked and obtained the sanction of the Governor thereto.

II.—ENFORCEMENT OF PENALTIES.

18. As it is the duty of the Inspector to see that the provisions of the Act are carried out in their integrity, he will be vigilant to detect any breach or evasion of these provisions, and, on his doing so, he will at once lay an information before the Resident Magistrate of the district in which he is located, against the offender, with a view to enforce the penalties that may be incurred.

19. On laying an information for the recovery of any penalty or sum of money under the Act, the Inspector will, without delay, communicate the fact of his doing so to the Colonial Secretary, and will transmit to him, at the same time, a full statement of the case.

III.—INFECTED SHEEP.

1.—Examination and Quarantine.

20. The Inspector, on finding that any sheep are infected, will see that the requisite notices are given by the owner, and that the caring for and branding of the sheep are attended to; and he will then, without delay, declare the run of the owner of such infected sheep whereon the same are for the time being depasturing as and to be the boundary within which the whole of such infected sheep shall be kept in quarantine, and deliver the requisite notice in the form of Schedule A hereof.

2.—License and Supervision of Cleansing.

21. On application being made to him by the owner of infected sheep, the Inspector will, without fee, grant such owner a license in the form of Schedule B hereof, if issued in the months of May or June, for 16 weeks; if issued in the months of July or August, for 12 weeks; if issued in the month of September, for 8 weeks; if issued in the month of October, until 1st December; if issued at any time between 1st November and 1st May, for 4 weeks; and on a like application and payment by the owner of the authorised fees to the Inspector, he may grant a renewed license, also in the form of Schedule B, for a period of eight weeks; and it will be his duty not only to attend and see that the process of cleansing such sheep is properly carried out, but also to visit the sheep thus under license at intervals, and especially when the weather is such as would cause the disease, when present, to show itself.

3.—Avoidance of License.

22. The Inspector, in serving any owner with notice of the avoidance of his license or renewed license, will do so in the form of Schedule C hereof, and should he think such a step to be necessary, he will apply to two Justices of the Peace for authority to destroy the sheep named in such license or renewed license.

4.—Clean Certificate.

23. On receiving notice from the owner of any sheep which had been infected, that they are then clean, and that they have not exhibited any symptoms of Scab since they were last dipped, with an application from such owner for a certificate declaring his sheep to be now

free from infection, the Inspector will, if he is not already acquainted with the correctness of such notice, make a thorough inquiry into the case, and will carefully inspect the sheep, for which such application is made, in the manner hereinbefore directed, and if he be then satisfied that the facts are as therein stated, he will, but not otherwise, grant the necessary certificate declaring such sheep to be clean in the form of Schedule D hereof.

IV.—TRAVELLING SHEEP.

1.—Inspection and Notice to next Inspector.

24. It will be the duty of the Inspector to examine all sheep travelling through or near his district, and to see not only as to the state of their health but also that all the requirements of the Act are fully complied with.

2.—Examination on detention and disposal of Sheep.

25. On the Inspector receiving notice from their owner of the detention of any travelling sheep he will at once proceed to examine them, and if he should decide that such sheep are infected he will immediately take the following steps, namely :—

- 1.—He will destroy all such as are actually infected with the disease.
- 2.—He may, if he thinks it proper so to do, direct that such of the sheep as may not be actually infected with the disease, be driven back to the run from whence they came, or he may, in his discretion, permit them to proceed to their original destination, provided that by so doing he is certain that no risk whatever will be incurred of infecting sheep depasturing in the districts through which they may travel.
- 3.—The Inspector may, in the event of the owner of the sheep failing to comply with the direction to drive them back to the run from whence they came, destroy the same.

V.—IMPORTED SHEEP.

Inspection and Clean Certificate.

26. On receipt of a report from any person who may import sheep into the Colony, the Inspector will at once examine the sheep so imported, and if it should appear to him, after a thorough inspection of the same, that they are not infected, he will, but not otherwise, grant a Certificate accordingly in the forms of Schedule D hereof.

VI.—CONTRIBUTIONS.

Check on Returns by Owners.

27. The Inspector will ascertain and enter in his journal the actual number of sheep on the several stations in his district, and the names of their respective owners; and he will compare the returns made by such owners to the Clerks of Petty Sessions with the actual numbers thus ascertained by him; and if it should appear on such comparison that any owner failed to make a return, or to do so at the appointed time, or made an incorrect return, the Inspector will at once lay an information against such owner, and enforce payment of the correct amount of contribution, with expenses and penalties.
