Colonial Secretary's Office,
Perth, 23rd March, 1885.

HIS Excellency the Administrator directs the publication of the following Notice to Mariners.

By Command,
MALCOLM FRASER,
Colonial Secretary.

NOTICE TO MARINERS.

[No. 6 of 1885.]

ADDITIONAL LIGHTS, KEPPEL BAY.

NOTICE is hereby given that, on and after this date, the following additional Lights will be exhibited in Keppel Bay:—

Two white lights on Balaklava Island, which, when in line on a S. by W. $\frac{1}{2}$ W. bearing, will lead just to the westward of the Timandra Bank buoy. These lights are catoptric, are 1,763 yards apart, and stand at an elevation of 87 and 30 feet respectively.

Two catoptric lights, 54 and 25 feet high respectively, and 860 yards apart—the more northern being red—will be exhibited from the western shore of Port Alma, south of Eupatoria Point, and when in line on a S.W. $\frac{1}{2}$ W. bearing, will lead through Sea Reach (with not less than 19 feet at low-water) and Port Alma, the line passing close to the position of the Lightship, and cutting the line of lights on Balaklava Island in 7 fathoms of water.

A third pair of lights will be exhibited from Cardigan Point. These lights are similar to those at Port Alma, being 52 and 25 feet high respectively, and 850 yards apart, and will lead on a "West" southerly bearing to the northward of the Lightship and into Rocky Point reach abreast Flat Island.

Directions by Night.—After rounding the Timandra Buoy, open the two lights on Balaklava Island slightly to the westward, and keep them in that position until the obscured sector of the light on Little Sea Hill is passed, then open the lights slightly to the eastward and keep them in that position until the lights on Eupatoria Point are nearly in line, then steer for them and bring them into line, which direction will lead to a point just below the new Government wharf at Port Alma.

If going up the Fitz Roy River, after getting the Eupatoria Point Lights in line, keep them in that position until the red and white lights on Cardigan Point are getting into line, when haul up and steer with them in that position until the steep bank of the channel in Rocky Point Reach is neared, when that shore is to be kept on board and the channel followed as formerly.

The Lightship at the Elbow will be shortly removed, the elbow of the bank being then marked by a red buoy carrying a cage.

Portmaster.

Colonial and Indian Exhibition, 1886.

A ROYAL Commission, of which His Royal Highness the Prince of Wales has been pleased to assume the Presidency, having been appointed for the purpose of organising and carrying out in London, during the year 1886, an Exhibition of the products, manufactures, and resources of the Colonial and Indian Empire, and a memorandum explaining fully the purposes of this Exhibition having, by order of His Royal Highness the Prince of Wales, been furnished for general guidance, with an invitation to this Government to join in bringing prominently under notice the development and progress of this Colony, His Excellency the Administrator, in order to carry out this object, has appointed a Commission for the purpose of collecting and forwarding such exhibits as will form a true and thorough representation of the industries, &c., of the Colony. At no period in its history has an Exhibition of this nature been of greater importance to its interests, both in regard to the present and the future.

During the past few years Western Australia has been attracting the attention of capitalists and others, as is evidenced by the various schemes for its development which have lately been prominently before the public.

It is therefore desirable that every endeavor should be made to have our resources fully represented.

The efforts of the Commission will be futile, unless seconded by the general public; it is therefore hoped that every assistance will be given, so that the exhibits of the industries, manufactures, and resources of the country may be of such a number and character as to render the Western Australian Court a success.

The space allotted to this Colony is ample, being 140 feet in length by 62ft. 6in. in breadth.

In order to secure a wide and complete representation, Sectional Committees have been organised, who will devote themselves more particularly to special subjects, viz.:

Section 1.—*Staple Products*—Comprising wool, timber, pearl and pearl shells, tortoise shell, sandalwood, guano, gums, furs, copper, lead, and other minerals, &c.

Section 2.—*Colonial Industries*—Agriculture, horticulture, preserves (fish, fruits, &c.), oils, wines, &c.

Section 3.—*Arts and Manufactures*—Manufactures generally, including cases for exhibition, marble, stone work, &c.

Section 4.—*Education and Science*—Statistics, history, geography, topography, anthropology, ethnology (aboriginals), botany, zoology, conchology, meteorology, &c.

The cost of transport within the Colony, together with the conveyance of the Exhibits to London, will be borne from the funds provided.

Local Committees for the collection of Exhibits will shortly be formed in every district.

Intending Exhibitors should communicate at an early date to the Secretary of the Commission, Perth, the full particulars of such Exhibits as they may desire to send.

By Order,
ALPIN F. THOMSON,
Secty. to the Commission.
