 $\frac{41030}{2104}$ **CIRCULAR MEMORANDUM.****DRILL.****DISTANCE AND INTERVAL.**

WITH reference to Infantry Drill, 1892, I am directed by H.R.H. the Commander-in-Chief to acquaint you that the intervals provided for between Companies, Sections, and Sub-sections were instituted for the purpose of accentuating the distinction between units, and of giving greater freedom to troops when in actual battle formation.

The Commander-in-Chief does not desire that these intervals should be maintained when the troops are being exercised in ordinary Company or Battalion Drill (as distinguished from exercises for actual fight), in column formation for Manœuvre, or when the troops are Marching Past, or defiling after Field Manœuvres.

At such times the distances and intervals laid down in Part X. should be observed.

Exercises in Parts II., III., and IV. are necessary for the practice of the various formations leading up to and affecting the assembly and movement of large bodies of men, but they are not to be practised to the exclusion of those required for the actual fight.

Provision will be made to meet these points in the next revise of the Drill Book, and in the meantime H.R.H. directs that you will be good enough to ensure that the instructions are carried out.
