6. Before commencing to discharge inward cargoes, ship masters or their agents shall hand to the Pier Master a freight list of the cargo, which shall include mark, number, shipper, consignee, weight, or measurement.

7. Inward cargoes shall be delivered on to railway trucks or trollies, and, so far as it is practicable, ship masters shall deliver cargoes according to the entries on bills of lading or manifests.

8. To insure prompt and correct deliveries to consignees, special efforts shall be made by ship masters to deliver goods of the same nature and brand together, *i.e.*, where bag stuffs are available they shall be delivered together, where cases are available they shall be delivered together, etc.

9. Outward cargoes to be delivered in the same order as inward cargoes. Goods for different ports to be kept separately.

10. No goods shall be landed or placed on the jetties without written authority from the Pier Master.

11. If it shall appear that goods are being landed and cannot, in the opinion of the Pier Master, be removed in time to prevent a "block," the Pier Master may give notice, in writing, to the masters or persons in charge of vessels or lighters, from which goods are being discharged, to stop discharging cargo, and upon such notice being given, no further cargo shall be discharged until such time as the Pier Master may direct.

12. The official hours for trucking will be from 6 a.m. to 6 p.m. between the 1st October and the 30th April, with an interval of one hour each for breakfast and dinner, and on Saturdays the hours will be from 6 a.m. to 4 p.m. From the 1st of May to the 30th September, 7.30 a.m. to 5 p.m., with an interval of one hour only for dinner.

15. The hours of duty of Officers fulfilling the duties referred to in Regulation No. 14 shall be the same as those enumerated in Regulation No. 12.

16. Should the Pier Master consider it necessary to work overtime, his order will be absolute, and the Officers named in Regulation No. 15 shall adhere strictly to his instructions.

17. If *Free* goods are not removed from the *Depôt* within 24 hours from the time they are placed thereat, a storage charge of 6d. per ton or 1d. per package per day will be made.

18. Goods *not* cleared at the Customs House will be kept at the "*Depôt*" for 24 consecutive hours after delivery *ex* ship, to enable consignees to have time to clear or enter them for bond. If at the end of 24 hours goods are uncleared, they will be delivered to the Customs Department, and a charge of 1s. per ton (minimum 3d. per consignment) will be made when the transfer to Customs incurs labour.

19. Cargoes going direct into bond shall be tallied by Railway and Ship's Officers. The Railway Officer shall, if requested, give receipts for all deliveries *ex* ship.

20. The Railway Department will deliver bonded goods into Customs' stores, between 6 a.m. and 6 p.m. from October 1st to 30th April, and from 7.30 a.m. to 5 p.m. from May 1st to September 30th.

21. Steam crane dues will be levied at the rate of Five shillings per hour; fraction of an hour to be reckoned as one hour.

22. The Harbour Master shall arrange where each vessel or lighter is to be berthed, consideration being given amongst other things to the discharging conveniences on the jetty, and the wishes of the Railway authorities.

23. The Harbour Master will have the entire control of berthing and removing all ships, boats, or vessels coming to the jetties, under the following Regulations:—

a. No vessels, boats, or flats shall be made fast to any part of such jetty or jetties except to the bollard piles or to such ring-bolts, bollards, or other fastenings as are or may be provided for the purpose; and no vessels, boats, or flats shall lie alongside any such jetties unless properly moored. All vessels, boats, or flats so moored shall also, if required, have an anchor down and hawser made fast to the buoys in such manner as to relieve such jetties as much as possible from the weight of such craft; and in no case shall more than one tier of such vessels, boats, or flats lie alongside or be moored to any such jetty or jetties, or be moored or made fast to other vessels, boats, or flats lying alongside any such jetty or jetties, except by special permission of the Harbour Master.

b. Such vessels, boats, or flats shall not be moored or made fast as aforesaid, except for the purpose of loading or unloading, nor for any longer period than shall be reasonably required for such purpose.

c. Passenger boats only may lie alongside the steps at any such jetty or jetties, for such time as may be necessary to embark or disembark passengers.

d. All such boats, vessels, or flats lying alongside any such jetty or jetties shall, on the approach thereto of a passenger steamer, be hauled off if required, to a sufficient distance to enable her to disembark or embark passengers.

e. Any steam vessel plying on the coast of this Colony shall be permitted to lie alongside any jetty, for the purpose of discharging and taking in cargo, at all hours of the day and night, consistently with the Regulations.

f. All steamers when lying alongside a jetty shall, if required by the Harbour Master to do so, provide and use suitable up-and-down fenders of jarrah, or of such other material and of such length and shape as may be required.

g. All foreign-going vessels or steamers shall be moored alongside the jetties in such a position as may be indicated by the Harbour Master, who may, if necessary, direct the removal of other craft for that purpose.

h. Both vessels and lighters shall unload in the order in which they arrive, and are placed in a list to be kept by the Harbour Master. Application to be placed in order on such list according to arrival must be made to the Harbour Master on the day preceding that on which the vessel will unload. If such application be not made the next vessel on the list shall have precedence, but the vessel forfeiting her

turn may be placed next in succession. Vessels will load according to the order of application to the Harbour Master, and shall, when required by him, give place to vessels discharging cargo. Vessels arriving from or bound to foreign ports shall have precedence of coasting and other craft.

i. In the event of any vessel or vessels being moored alongside any of the jetties in such a way as to exclude any other vessel or vessels, whose owners or masters wish also to moor her or them alongside, consistently with the Regulations, the Harbour Master may order the removal of such vessel or vessels to another berth or berths, and the master of such vessel or vessels shall forthwith remove them accordingly.

j. When the Harbour Master may deem it unsafe, through stress of weather, for a vessel to remain alongside a jetty, or he finds the structure suffering, or likely to suffer damage, owing to such vessel being alongside, he shall direct the immediate removal of such vessel, and the master or other person in charge of such vessel, shall remove such vessel accordingly.

k. No dead animal shall be thrown overboard from any steamer or vessel while lying alongside any jetty or jetties, nor any refuse likely to become a nuisance.

24. The Pier Master will supply water to shipping at the charge of 1s. per one hundred gallons, and which said charge shall be collected by him.

25. No person shall fish on such jetties to the obstruction of the traffic.

26. Stones, bricks, clay, sand, lime, coals, coke, or other fuel shall not be landed or placed on the floors of the jetties. Firewood for the use of passenger steamers and other vessels or boats shall be taken direct from the truck to the vessel. No goods shall be handed over the rails of the jetties.

27. No bullock or horse teams, or any wheeled vehicle, other than a railway truck, drawn by any

quadruped or quadrupeds, shall be driven on or permitted to go on, and no riding on horseback will be permitted on the jetties.

28. No stones or other kind of substance whatever shall be thrown into the water from such jetties, or from vessels moored alongside such jetties.

29. No person shall make fast any tackle, purchase, or other gear to any part of the crane, or place or use any private derrick, crane, or other lifting machine without special permission obtained from the Pier Master.

30. Not more than one ton shall be lifted with single half-inch chain, or two tons with a single block added. On a single five-eighth chain not more than 33 cwt. shall be lifted, or 66 cwt. with one single block added. For heavier weights the number of parts of the chain shall be increased in proportion to the weight to be lifted; but not more than five tons shall be lifted by any crane without special arrangements with the Pier Master.

31. No person or persons shall land or place, or cause to be landed or placed upon the jetties, or upon the approach to the jetties, any decayed or decaying vegetable or other thing whatsoever likely to become a nuisance.

NOTICE.

Any person (or persons) violating the above Regulations is liable, on conviction, to forfeit and pay any sum not exceeding Twenty pounds. (*Vide* 42 Vic., No. 18, Section 3.)
