By-Laws.

WHEREAS by "The Public Health Act, 1886," and Amended Acts, 1892, 1893, and 1895, of Western Australia, the Fremantle Local Board have power to make By-laws, and in pursuance thereof and confirmation by the Central Board of Health, the following By-laws have been made, and shall come into operation from the date of the publication of same in *Government Gazette* of the Colony:—

TOWN OF FREMANTLE.

ORDERS OF THE FREMANTLE LOCAL BOARD OF HEALTH.

DUTIES OF SANITARY OFFICER.

It is the duty of the Sanitary Officer to superintend the application of all sanitary measures, especially those ordered by the Local Board, and to advise the Local Board generally on all such matters.

The Sanitary Officer shall make frequent examinations of the town, and see that the duties of the Inspector are efficiently performed, and report any neglect of this officer.

He is to inspect premises that may be reported to him, or that he may have reason to believe are in a filthy or unwholesome condition, to examine premises where any process or manufacture causing effluvia is carried on, and, if necessary, report the same to the Local Board.

He is also to assist the Local Board with his presence and advice, if necessary, in the carrying out of the Act referring to the sale of unwholesome food, and on all occasions to give the Local Board the benefit of his experience and skill.

He is to report to the Local Board, with the least possible delay, the appearance in the town of any epidemic, endemic, or contagious disease, or any indications thereof, or any occurrence or circumstance affecting or likely to affect the public health; and he is to assist in carrying out and enforcing the necessary measures for mitigating, as far as possible, and preventing and checking the spread of epidemic and other diseases.

He is to furnish the Local Board, during the months of January and July in each year, with a return showing the birth and deaths which have occurred in the town during the six months preceding, accompanied by a report on the health, cleanliness, and general sanitary state of the town for that period.

He shall issue to the Nuisance Inspector such orders and instructions as he may deem necessary, and the Inspector is required to report to him direct upon all matters appertaining to his duties. Any special matter contained in such reports necessary to be brought under the notice of the Local Board shall be forwarded by the Sanitary Officer in the usual manner.

DUTIES OF INSPECTOR.

He shall by inspection of the town, as occasion may require, keep himself informed in respect of any nuisance existing therein that requires abatement.

On receiving notice of the existence of any nuisance in the town, or of the breach of any By-law, he shall, as early as possible, visit the spot and inquire into the alleged nuisance or breach of By-law.

He shall report to the Sanitary Officer any noxious or offensive business, trade, or manufacture, and the breach or non-observance of any By-law made in respect of the same.

He shall from time to time, and forthwith upon any complaint, visit and inspect the shops kept and used for the sale of butcher's meat, poultry, fish, fruit, vegetables, corn, bread, or flour, and in case any such article appears to him to be intended for the food of man and to be unfit for such food, he shall immediately report the same to the Sanitary Officer.

He shall, at irregular periods, visit all yards and butchers' establishments, and shall report forthwith to the Sanitary Officer any case of private slaughtering contrary to law.

He shall give immediate notice to the Sanitary Officer of the occurrence of any contagious disease of a dangerous nature, and he shall attend to the instructions of the Sanitary Officer with respect to any measures which can be lawfully taken by him for preventing the spread of any such disease.

He shall immediately report to the Sanitary Officer any case of overcrowding in any licensed house.

He shall immediately communicate to the Sanitary Officer whenever it appears to him that the intervention of that officer is necessary in consequence of the existence of any nuisance injurious to health.

He shall enter into a book daily the particulars of his inspections, and of the steps taken by him in the execution of his duties.

The hours of duty shall be from 9 a.m. to 6 p.m. during summer, and from 9 a.m. to 5 p.m. during winter.

DUTIES OF NIGHTMEN.

The Local Board will provide an office at which may be left daily, between 10 and 11 a.m., notices from occupiers of premises whose pails need emptying, and where a list of such pails shall be kept.

The nightman must enter upon the list a note opposite to each place mentioned in it, stating whether the work has been done, and, if not, the cause of the neglect. If the nightman omit to empty any pail he must, the following morning, give in at the office notice of such omission specifying where it has occurred, and the cause of it.

The nightman must, at the end of each week, furnish an accurate statement of the number of pails emptied during the week, and if any have been omitted, the number and cause of such omission.

In respect to pails which any householder shall provide according to pattern, and of dimensions and materials approved by the Local Board, it shall be the duty of the nightman to thoroughly empty same on such days as may be from time to time specified.

The nightman must post up neatly and without soilure inside each privy closet a notice (which shall be furnished to him for that purpose by the Local Board) of the night appointed for the emptying of such pail, and shall immediately report at the office when any such notice shall have been obliterated or removed, and shall substitute and place a fresh copy in lieu thereof upon being furnished with one from the office for that purpose.

The nightman shall be granted by the occupier of the premises visited by him in the discharge of his duty free ingress and egress to the same when requested, night keys for the opening of such gates, and it shall be the duty of the nightman, after emptying the pails, to close and lock such gates, and return (on demand) each key to the person in charge of the premises to which it shall give access.

The nightmen will be required to conduct themselves towards the occupiers in a civil, obliging, and inoffensive manner; to perform the specified work with as little noise or disturbance as possible, and to re-instate and leave the premises clean, and, save as to the removing of the soil, in as nearly as possible the same condition in which they found them.

The soil must be carefully transferred from the pails which must be thoroughly and cleanly emptied; and every cart in which any soil shall be placed, shall, on the same night, be driven to the place for the discharging of the soil from such cart, without deviation from or delay upon the road.

For the purpose of this service the town will be divided into as many districts as the Health Board may determine from time to time; and the nightman shall empty the whole of the pails in each district in accordance with the list supplied.

Any man employed in connection with this service who makes any application or demand for liquor or reward of any kind from any householder for the performance of any work prescribed by these regulations shall, upon proof of such application or demand, be dismissed from employment.

The whole of the work must be done within such hours as shall be appointed by the Local Board.

The nightcarts used in conveying soil from pails must be cleansed daily by the nightman, and rendered inoffensive, and once in every month shall be thoroughly cleansed with such material as shall be supplied to him.

PRIVATE HOSPITALS.

1. In the construction of these By-laws the term "Hospital" shall mean a private hospital, as defined by Section 24 of 59 Victoria 35.

2. Every private hospital or lodginghouse within the meaning of the said Act approved by the said Local Board of Health, whether heretofore or hereinafter established within the district of such Local Board, shall obtain a license and be registered at the office of such Local Board.

3. Every license and registration so obtained shall, subject to the powers of the said Board to cancel or revoke the same, be in force for 12 calendar months from the date of the granting thereof.

4. The said Board shall have the power at any time, and whether in the case of a private hospital heretofore or hereafter established, to refuse to grant or to revoke or cancel any such license or registration, if in the opinion of the said Board the same, whether by reason of the drainage therefrom or from any other cause whatsoever, endangers or injuriously affects, or is likely to endanger or injuriously affect persons or property in the neighbourhood thereof, or, if default shall be made in the observance or performance of any of these or any other By-law or regulation for the time being in force under the said Act, or if, in the opinion

of the said Board, the same is from any cause whatever, relating either to the building or to the conduct or management thereof, undesirable to the interests of public health.

5.
