(1.) Those parts of the "Coinage Act, 1870," as amended by section two, and the schedule of the "Coinage Act, 1891," which are set out in this proclamation, shall, as herein modified, apply to and be in force in each of our colonies of New South Wales, South Australia, Tasmania, Victoria, New Zealand, Queensland, and Western Australia.

(2.) The said enactments as modified set out herein shall come into force in each of the said colonies at the date of the promulgation of the proclamation in that colony.

(3.) The said enactments as so modified are the following:—

Section 1.—This Act may be cited as the "Coinage Act, 1870."

Section 2.—In this Act,—

If any coin of gold, silver, or bronze, but of any other denomination than that of the coins mentioned in the First Schedule to this Act, is hereafter coined at the Mint, such coin shall be of a weight and fineness bearing the same proportion to the weight and fineness specified in that schedule as the denomination of such coin bears to the denominations mentioned in that schedule.

Provided that in the making of coins a remedy (or variation from the standard weight and fineness specified in the said First Schedule), shall be allowed of an amount not exceeding the amount specified in that Schedule.

Section 4.—A tender of payment of money, if made in coins which have been issued by the Mint in accordance with the provisions of this Act, and have not been called in by any proclamation made in pursuance of this Act, and have not become diminished in weight, by wear or otherwise, so as to be of less weight than the current weight, that is to say, than the weight (if any) specified as the least current weight in the First Schedule to this Act, or less than such weight as may be declared by any proclamation made in pursuance of this Act, shall be a legal tender,—

Nothing in this Act shall prevent any paper currency which under any Act or otherwise is a legal tender from being a legal tender.

Section 5.—No piece of gold, silver, copper, or bronze, or of any metal or mixed metal, of any value whatever, shall be made or issued, except by the Mint, as a coin or a token for money, or as purporting that the holder thereof is entitled to demand any value denoted thereon. Every person who acts in contravention of this section shall be liable on summary conviction to a penalty not exceeding twenty pounds.

Section 6.—Every contract, sale, payment, bill, note, instrument, and security for money, and every transaction, dealing, matter, and thing whatever relating to money, or involving the payment of or the liability to pay any money, which is made, executed, or entered into, done or had, shall be made, executed, entered into, done and had, according to the coins which are current and legal tender in pursuance of this Act, and not otherwise, unless the same be made, executed, entered into, done or had according to the currency of some British possession or some foreign state.

Section 7.—Where any gold coin of the realm is below the current weight as provided by this Act, or where any coin is called in by any proclamation, every person may by himself or others, cut, break, or deface any such coin tendered to him in payment, and the person tendering the same shall bear the loss.

If any coin cut, broken, or defaced in pursuance of this section is not below the current weight, or has not been called in by any proclamation, the person cutting, breaking, or defacing the same shall receive the same in payment according to its denomination. - (6.) To direct that any coins, other than gold, silver, or bronze, shall be current and be a legal tender for the payment of any amount not exceeding the amount specified in the proclamation, and not exceeding five shillings:
- (7.) To direct that coins coined in any foreign country shall be current, and be a legal tender, at such rates, up to such amounts, and in such portion of Her Majesty's dominions as

may be specified in the proclamation; due regard being had in fixing those rates to the weight and fineness of such coins, as compared with the current coins of this realm:

(10.) To regulate any matters relative to the coinage and the Mint within the present prerogative of the Crown which are not provided for by this Act:

(11.) To revoke or alter any proclamation previously made.

3. All explosives retained on board any ship as stores shall, during the time such ship is in port, be securely kept in a suitable magazine to be approved of by the Inspector of Explosives.

4. No explosive shall be shipped on board any vessel as cargo within any port in Western Australia (unless such vessel shall be lying within the anchorage provided for incoming vessels having more than twenty pounds of explosives on board), and no explosives shall be shipped on any vessel as stores within the limits of any port in Western Australia, except in the quantities and according to the manner approved of or prescribed by the Inspector of Explosives, and all explosives shipped as stores shall be placed in properly constructed magazines to be approved of by the Inspector of Explosives.

5. All boats conveying explosives, either to or from ships, wharves, or other places, shall be duly licensed as floating magazines, and shall be subject to all the regulations, as far as the same may be applicable, in force for the time being, for the management of magazines, as regards the wearing inflammable clothing by those on board, and the precautions to be observed to prevent accident by fire or explosion.

wadmill-tilts, or other suitable material, so as to effectually protect it against communication of fire.

11. There shall not be any iron or steel in the interior of the portion of the carriage or boat where the explosive is deposited, unless the same be covered, either permanently or temporarily, with leather, wool, cloth, or wadmill-tilts, or other suitable material.

12. In any carriage or boat containing explosives, no matches, other than safety matches, shall be carried for the use of such carriage or boat, and such safety matches shall be kept in a safe place apart from the explosive.

13. In the stowing of explosives in any carriage or boat, due precaution shall be taken, by means of a partition or otherwise, and by careful stowing, to secure such explosive from being brought into contact with, or endangered by, any other article or substance conveyed in such a carriage or boat which is liable to cause fire or explosion.

14. No person whilst on, in, or attending any carriage or boat containing any explosive shall smoke when within any city, town, township, or settlement.

15. No person in charge of any carriage or boat containing explosives shall drive or conduct the same in a dangerous or reckless manner; and no person who is intoxicated shall be permitted to have or continue in charge of any carriage or boat, nor shall any such person last mentioned be permitted to be in, on, or attending the same.

16. While the loading, unloading, or conveyance of explosives is going on, all persons engaged in such loading, unloading, or conveyance shall observe all due precautions for the prevention of accidents by fire or explosion, and from preventing unauthorised persons having access to the explosive so being loaded, unloaded, or conveyed, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the loading, unloading, or conveyance of such explosive, or of any other article carried therewith, and for preventing any other person from committing any such act.

17. After the loading or unloading of explosive on or out of any carriage or boat is begun, no longer time shall be suffered to pass than with the use of all due diligence is reasonably necessary for the purpose of such loading or unloading.

18. No explosive shall be loaded or unloaded from any carriage or boat in or upon any public highway, street, road, thoroughfare, or public place, or at any public wharf or landing place, except with the consent of and under conditions approved by the Inspector of Explosives.

19. Explosives shall not be conveyed in a carriage or boat which is carrying as merchandise any article liable to cause fire or explosion, or to communicate fire, such as charcoal, lucifer matches, articles for striking a light, or petroleum.

20. No person in charge of any carriage or boat conveying explosive shall delay for a longer time than may be reasonably necessary, nor stop unnecessarily, at any place where such stopping would be attended with special public danger.

21. In the case of a carriage or boat conveying explosive, due provision shall be made for preventing the introduction, into such carriage or boat, of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or the introduction of any iron, steel, or grit, so as to come in contact with such explosive; and if the explosive carried in any such carriage or boat is liable to be dangerously affected by water, due precautions shall be taken to exclude water from coming into contact with such explosive.

This clause shall not be construed to prevent the introduction of an artificial light of such construction, position, or character, or of safety matches of such character as not to cause any danger of fire or explosion.

22. The owner of every carriage or boat on, from, or in which explosive exceeding 100lbs. is loaded, unloaded, or conveyed, who employs others in such loading, unloading, or conveyance shall, by furnishing copies of the regulations and orders relating to conveyance, or by affixing copies of the same in some place where they can be conveniently read, or otherwise take such measures as may be necessary in order that the persons so employed may be acquainted with the provisions of the regulations and orders relating to conveyance.

23. Each carriage or boat conveying explosives in any city, town, township, or settlement shall be in the exclusive charge of, and constantly attended by some competent person, and such person shall not have charge of more than one such carriage or boat. This clause shall not apply in the case of a carriage forming part of a continuous train on a railway or tramway, if such train is in the charge of and constantly attended by some competent person.

24. The quantity of explosives to be conveyed in any one carriage or boat shall not exceed 2,000 lbs. unless the carriage be so enclosed on all sides with wood or metal, or the boat have a close deck so closed as effectually to protect the explosives against accident by fire from without, in which case the amount of explosives conveyed shall not exceed the following:—

In any one carriage on a railway or tramway (whether worked by steam or otherwise)	12,000lbs.
In any other carriage	4,000lbs.
In any one boat	50,000lbs.

25. When two or more carriages or boats conveying explosives exceeding in the aggregate the amount allowed by the preceding clause to be conveyed in one such carriage or boat are travelling together, a space of at least 50 yards shall be kept between each carriage or boat and every other carriage or boat, unless circumstances render it impracticable, or unless, in the case of a train on a railway or tramway, three or more vans not containing inflammable or explosive goods intervene between each such carriage and every other such carriage.

26. Nothing in Clauses 10 to 24, inclusive, shall apply to any explosive of the first division of the 6th (Ammunition) Class, provided all due precautions are taken for the prevention of accidents.

27. In the case of every ship and boat loading or discharging explosives within any port in Western Australia:—

- (a.) An officer of the vessel shall be constantly and exclusively in charge of the shipment, stowage, or discharge of such explosives.
- (b.) All fires and lights shall be completely put out (except engine-room fires, which must be carefully banked with damp ashes). No smoking shall be allowed on board. This rule will apply to every vessel alongside of or attached to any ship or boat loading or discharging any kind of explosive.
- (c.) Men selected to work in the magazine of the ship or boat must not have any matches, fusees, or knives about their persons, nor wear boots or shoes with any iron or steel on them.

- (d.) All exposed iron or steel in or near the place where any explosive is being passed or handled must be covered over with tarpaulins or other suitable covering.
- (e.) All explosives must be passed from man to man, or rolled, but on no account shall any explosives be pitched, thrown, slung, or slid.
- (f.) No person shall be allowed to work aloft, or in those parts of the rigging which may be near to the magazine.
- (g.) Special care must be exercised in selecting the men to work the explosives, to see that they are perfectly sober.
- (h.) In the event of any necessity arising for the stoppage of the loading or discharging of any kind of explosive for any purpose or from any cause whatever, it will devolve upon the officer in charge to take precautions that the hatches of the vessel, as well as those of the licensed boat delivering or receiving, are put on and covered with tarpaulins, and that no person is allowed to remain below in the magazines or hold during such stoppage.
- (i.) Paraffin, naphtha, petroleum, or other volatile oil must not be used for any purpose or upon any pretence whatever on board a vessel after such vessel has on board more than 1,000lbs. of any explosive, other than of ammunition, whilst the ship is within the limits of any port in Western Australia.

28. Every case containing explosives imported into Western Australia shall be marked in legible and indelible characters, showing the date of its manufacture, the name of the explosive, and the word "explosive."

29. No explosive shall be landed in any port in Western Australia, unless such explosive shall have been previously inspected by the Inspector of Explosives, or unless permission shall have been given by the Inspector.

30. Explosives in course of transit by a boat may, by permission of the Inspector of Explosives, be stored temporarily only upon a hulk approved by him, and all such explosives shall be removed from any such hulk, with all due diligence, to some duly licensed magazine or other place where the same may be legally kept.

31. The provisions of these regulations shall be observed by persons in the employment of the Government in the same manner as by persons not so employed, and the officers of the Customs Department or harbour authority shall endeavour, as far as practicable, to see that these regulations are observed on board any ship or boat of which they may be in charge, and no explosives shall be discharged from any vessel unless such officer shall be present.

32. No explosives shall be put on board of or discharged from any carriage, boat, or ship, or placed in or removed from any magazine, except between the hours of sunrise and sunset.

33. In the case of stores licensed for keeping and selling gunpowder or other explosives, in lieu of the maximum amount of gunpowder limited by Section 18 of "The Explosives Act, 1895," there shall be substituted the following amounts of other explosives, viz.:—

- If stored in mode (a)—In lieu of each pound of gunpowder, 1lb. of fireworks, or $\frac{1}{2}$ lb. of any explosive other than gunpowder or fireworks.
- If stored in mode (b)—In lieu of each pound of gunpowder, 1lb. of fireworks or $\frac{1}{4}$ lb. of any explosive other than gunpowder or fireworks.

THE following Proclamation, issued by His Excellency the Governor of Cape of Good Hope, is published for general information.

OCT. BURT,
Under Secretary.

PROCLAMATION

BY HIS EXCELLENCY THE RIGHT HONOURABLE
SIR HERCULES GEORGE ROBERT ROBINSON
BARONET,

A Member of Her Majesty's Most Honourable Privy Council, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor and Commander-in-Chief of Her Majesty's Colony of the Cape of Good Hope in South Africa, and of the Territories and Dependencies thereof, and Her Majesty's High Commissioner, &c., &c., &c.

WHEREAS by my Proclamation No. 299, dated the 29th day of July, 1895, I did, under and by virtue of the provisions of Act No. 27 of 1893, entitled the "Animals Diseases Act, 1893," prohibit the landing from any ship, vessel or boat of any dogs from any places beyond this Colony, other than the Colony of Natal, and did at the same time declare and make known in what manner and under what conditions the landing of dogs from the Colony of Natal should be permitted: And whereas it has been made to appear to me that in the several Australian Colonies, to wit: the Colonies of Victoria, New South Wales, Queensland, Western Australia, South Australia, and Tasmania, and in the Colony of New Zealand, quarantine regulations, equally stringent with those observed in this Colony, are rigidly enforced, and that the disease of Rabies has never been known to exist in any of the said Colonies; and whereas it is desirable that similar privileges to those offered to Natal shall be extended to the aforesaid Colonies;

Now therefore I, the Governor aforesaid, do hereby proclaim, declare and make known that from and after the date of this my Proclamation, dogs may be landed from any ship, vessel or boat coming from any ports of Australia or New Zealand as aforesaid, under similar restrictions to those enforced in regard to the Colony of Natal, as more fully set forth in the schedule to this my Proclamation.

And this Proclamation shall be read with and as portion of my Proclamation abovementioned.

GOD SAVE THE QUEEN!

Given under my hand and the Public Seal of the Colony of the Cape of Good Hope, this 2nd day of September, 1895.

HERCULES ROBINSON,
Governor.

By Command of His Excellency the Governor in
Council,

JOHN FROST.

No. 353, 1895.

Schedule to the foregoing Proclamation.

REGULATIONS.

8. No dog shall be allowed to enter or be introduced by any ship or vessel into this Colony from the Colony of Natal, the Colonies of Victoria, New South Wales, Queensland, Western Australia, South Australia, and Tasmania, and the Colony of New Zealand, except upon production to a duly authorised officer of the Department of Agriculture of a Declaration made by the owner before a Magistrate or Justice of the Peace to the effect that the said dog has for the past six months been kept in either of the Colonies aforesaid as the case may be, and not elsewhere, and that during such period it has not been brought into contact with any other dog suffering from a contagious or infectious disease: and a Certificate made by Veterinary Surgeon or other qualified officer duly authorised, stating that it is free from any appearance of Rabies or symptoms of any other contagious or infectious disease: provided also that in case of dogs coming from ports of Australia or New Zealand they shall not be landed except upon the production of a certificate signed by the Inspector of Stock of either of such Colonies, or other local authority having power to sign such certificates, as the case may be, that they are free of disease, such certificate to be to the satisfaction of the duly authorised officer of the Department of Agriculture of this Colony.

9. The Commander of the vessel upon which such dog shall be so conveyed shall be required to give a Certificate to the effect that during the voyage the said animal has not come into contact with any other dog coming from any extra-colonial port, and that no dogs from extra-colonial ports were carried on the vessel whilst such animal was on board.

10. Any person contravening the provisions of the above Proclamation or of these Regulations, or wilfully obstructing any person in the due execution of any of the said provisions shall be liable to a fine not exceeding £50, or in default of payment to imprisonment with or without hard labour for any period not exceeding 3 months unless such fine be sooner paid.

2. The applicant must state his name in full, give his age, address, and occupation.

3. The nature of the title to the land which it is proposed to offer as security for the advance must be clearly stated, and a list of the deeds or other documents affecting the title be given in detail.

4. No advance will be made upon any land which is otherwise encumbered, nor will any security over fee simple lands other than a first mortgage be accepted as sufficient. When the proposed security consists of lands held under S.O.L. or Conditional Purchase, the applicant will be required to execute an absolute transfer of all his right, title, and interest in the land, together with all improvements thereon, to the Manager of the Bank; and when the security consists of land held under the provisions of "The Homesteads Act, 1893," the applicant will be required to transfer his interest to the Crown.

10. Advances made for the purpose of effecting improvements will only be paid proportionately, as the improvements are effected.

11. The Manager may refuse to make any further advance in any case where, in his opinion, the amount already advanced has not been carefully and economically expended, or has been applied to purposes other than those for which the advance was approved, and in any such case may call in immediately whatever sum has been advanced.

12. All applications must be accompanied by a valuator's fee equivalent to One per cent. of the amount applied for. No charge will be made for drawing or preparing any mortgage or transfer.

13. Interest will be charged upon the actual amount of the advance or advances made as and from the date of such advance or advances being made.

14. In all cases where an application for an advance is approved of, a notification thereof, in the form in the Schedule B hereunder, will be sent immediately to the applicant.

15. Should an applicant fail to furnish and complete his security within one month of the date of the notice of the advance being approved having been posted to him, the application will be deemed to have lapsed, and the approval will be cancelled.

16. Should an extension of time for the completion of the security be required, written application should be made therefor to the Manager.

9. That it shall be compulsory upon all persons making use of the Commonage, as heretofore provided, to furnish the Town Clerk or the Ranger of the Common with a list, giving correct description of all stock placed by them upon the Common, within twelve hours of placing such stock thereon, and to obtain from such officer a certificate showing the number and description of such stock.

10. *Bonâ fide* travellers, teamsters, and packers, shall be allowed to run their horses or cattle on the Commonage for the space of 48 hours free of all charge; should that period, however, be exceeded, they shall be charged at the rate of 6d. per head per day, or part of a day, for all horses and cattle. That no entire horse, pig, or bull over the age of six months (except the property of the Council) shall be allowed on the Common; and in addition to the penalty hereinafter prescribed and recoverable under these By-laws against the owner thereof, if known, any such horse or bull found thereon shall be liable to be dealt with in the manner prescribed by "The Cattle Trespass, Fencing, and Impounding Act, 1882" (46 Vict., No. 7).

16. The Ranger for the time being, or the Town Clerk shall have authority to demand particulars of stock depasturing on the Common.

For each and every breach of any one of these By-laws, the owners of stock running on the Commonage shall be liable to a penalty not exceeding 40s., exclusive of costs, and in addition the Commonage fees, as provided in these By-laws. Such penalty and fees may be recovered and enforced in a summary manner before any one or more Justices of the Peace in manner prescribed by the 14th Vict., No. 5, and shall in no way effect any fines and fees recoverable under By-laws of the Council regulating fees and fines to be paid in respect of poundage of stock.

All previously existing Commonage By-laws are hereby repealed.
