By-Laws of the Cue Municipal Council.

WHEREAS by "The Municipal Institutions Act, 1895," Section 99, it is enacted that "every Council may make, publish, alter, modify, amend, or repeal By-laws"; and by the said Act it is further enacted that "such By-laws should not be inconsistent with, or repugnant to any of the provisions of that Act or to any law in force, and when confirmed by the Governor, with the advice of the Executive Council, and published in the *Government Gazette*, but not sooner or otherwise, should have the force of law." **NOW**, therefore, pursuant to the powers contained in the said Act, it is ordered and directed by the Council of the Municipality of Cue that the following By-laws, numbered 21 to 46 (Schedules A and B included), shall, from and after confirmation and publication as aforesaid, be By-laws of the Cue Municipal Council.

O. K. JAKUES,
Chairman, Cue Municipality.

By-LAW No. 21.—OFFICER OF HEALTH.

1. It is the duty of the officer of health to superintend the application of all sanitary measures ordered by the Local Board, and to advise them generally in all such matters.

2. The officer of health shall make frequent examination of the district under his control, and see that the duties of the inspectors are efficiently performed, and report any neglect of those officers, and, if necessary, suspend any of them until such report and neglect has been considered by the Local Board.

3. He is, pursuant to the powers contained in the Public Health Act, 1886, to inspect premises that may be reported to him, or that he may have reason to believe are in a filthy or unwholesome condition and affecting health, and, if found so, to give a certificate in accordance with Section 60 of the Act. He is also required to examine premises where any process of manufacture causing effluvia is carried on, and, if necessary, furnish the Local Board with the required certificate, in accordance with Section 57. He is also to inspect and furnish a certificate, if necessary, of any houses built for habitation, or of any overcrowding, in accordance with Sections 66 and 67. He is also to assist the Board with his presence and advice, if necessary, in order to the carrying out of Section 31, referring to the sale of unwholesome food; and on all occasions to give them the benefit of his medical experience and skill.

4. The officer of health is to report to the Local Board, with the least possible delay, any undue prevalence of disease in his district, whether generally or locally, and in the latter case it will be his duty to attract the attention of the Local Board to the locality, in order that remedial measures may be at once taken. He is also carefully to note the appearance in his district of any epidemic, endemic, or contagious disease, or any indications thereof, or any occurrence or circumstances affecting or likely to involve public health, and he shall immediately make a full report thereof to the Local Board, whose duty it will be immediately to forward his report to the Central Board, in accordance with Section 35; and the health officer is expected energetically to assist in carrying out and enforcing the regulations of the Central Board for mitigating, as far as possible, and preventing and checking the spread of epidemic and other diseases, as detailed in Section 38.

5. The officer of health is to furnish the Local Board of his district monthly with a report on the health, cleanliness, and general sanitary state of his district for that period, making any remarks and observations he may think proper.

6. The officer of health shall, from time to time, issue to the inspector such orders and instructions as the said health officer may deem necessary; and the inspector, being placed under the control of the health officer, is required to report to him direct upon all matters or things appertaining to their respective duties and districts. Any special matter contained in any such reports necessary to be brought under the notice of the Local Board shall be forwarded by the health officer to the Local Board in the usual manner.
