E. H. WITTENOOM,
Minister of Mines.

Regulations under "The Mining on Private Property Act, 1897."

PART I.—RESUMPTION OF PRIVATE LAND.

1. Every application to the Minister for the resumption of private land shall contain the particulars and be in the form "A" in the Appendix hereto, or to the like effect, and shall be signed by the applicant.

2. Upon the receipt of any application the Minister shall instruct an inspector to examine the land mentioned in the application and report as to whether or not, in his opinion, payable reef gold exists therein, and whether or not such land should be resumed for the purpose of mining.

3. The notice required to be given under Section 4 of the Act to the occupier of the intended visit of the inspector for the purpose of examining the land and reporting thereon shall be in the Form "B" in the Appendix hereto.

4. The Minister shall, if he intends to provisionally resume such land, give to the owner, and also to the occupier thereof, a notice of the report of the inspector, and of such intention, such notice to be in the Form "C" in the Appendix hereto.

5. Mining licenses under this Act shall be issued by the Minister, and all licenses issued previously to the provisional resumption of land being made absolute shall, in case of cesser or revocation of such provisional resumption, immediately determine.

6. Mining leases of land resumed by virtue of the Act shall be granted on such terms and conditions, consistent with the Act, as the Minister shall think fit.

7. Every licensee and lessee shall furnish particulars to the satisfaction of the Minister from time to time when required by him, so as to enable him to ascertain the amount of royalty payable, and such licensee and lessee shall, if so required by the Minister, verify such particulars by a declaration before a Justice of the Peace, and every licensee and lessee shall, if required by the Minister, allow him or any officer whom he shall from time to time appoint, to inspect the books of account and memoranda kept by the licensee or lessee, and take copies thereof or particulars therefrom.

8. If any licensee or lessee fail to perform any condition of his license or lease, or to comply with any regulation under the Act, the Minister may cancel such license or lease.

9. The Minister, or his agents, or workmen, may at all reasonable times enter into and upon the land comprised in any license or lease, and into or upon any mines or works that may be found therein, to inspect the same.

PART II.—PROCLAMATION OF PRIVATE LANDS AS ALLUVIAL GOLDFIELD.

10. The foregoing regulations as to the provisional resumption of private land, and for all purposes consequent thereon, as provided by the Act, shall apply to private land to be declared an alluvial goldfield *mutatis mutandis*.

11. The special licenses to be issued for mining on private land declared an alluvial goldfield shall be in the Form "D" in the Appendix hereto.

12. If any owner shall elect to receive purchase money and compensation for his land under Section 17 of this Act, after payment of such purchase money and compensation as shall be determined, the private land described in the Proclamation shall thenceforth belong absolutely to the Crown.

PART III.—COMPULSORY MINING LEASES.

13. Every application for a Lease under this Act to any owner of private land shall be in the form prescribed by the Act.

14. All private land in respect of which a Mining Lease shall be applied for in the absence of agreement to the contrary shall be in the shape of a rectangular parallelogram, the length of the longest side of which shall not exceed twice the length of the shortest side.

15. If any owner to whom any application shall be made for a Mining Lease shall refuse to grant the same, such owner shall, within two calendar months from the date of the application, signify his refusal by delivering or posting a notice to the applicant, to the address mentioned in his application: Provided that such owner shall, after the expiration of the time aforesaid, be deemed to have refused the grant of such Mining Lease if he shall not have previously agreed to grant the same.

16. On the refusal mentioned in the preceding regulation, the applicant may give to the Minister a notice of application having been made, and of the refusal by the owner. Such notice shall be in the form prescribed by the Act, and upon the receipt of the same the Minister shall proceed to obtain a report from an inspector, as required by the Act.

17. If any owner who shall be willing to grant a Mining Lease in accordance with the application made to him cannot agree with the applicant as to the terms of the Mining Lease to be granted, then such Lease shall contain all the powers and provisions mentioned in the form prescribed by the Act and shall be in such form or to the like effect.

Every notice required to be given or served under the Act or any regulations thereunder shall be deemed to be duly given and served if the same shall be delivered to the person or persons for whom it is intended, or if the same shall be posted to or left at the last known or usual place of abode of such person or persons in Western Australia (if any), or if the same shall be published once in the *Government Gazette*, and three times in a daily newspaper.

22. All rents and royalties reserved in any mining lease of private land, or payable in respect of any metal raised from any such land, may be recoverable by distress in the same manner as rent in arrear is recoverable under an ordinary demise.

23. All matters which by this Act are to be determined by a Warden shall be commenced by an application in writing, intituled "In the matter of the Mining on Private Property Act, 1897," and be signed by the applicant or his solicitor. The application shall state in a clear and concise manner the nature and object thereof, and shall be left at the office of the Warden's Court, in which such application is to be made, with as many copies thereof as persons to be affected by such application. The Clerk of such Court shall fix a day for the hearing of such application, and forthwith post to the other party or parties affected by such application a copy thereof, together with a notice of the day fixed for the hearing, and the procedure and the hearing of such application shall, as nearly as possible, be conducted in the same manner as ordinary trials in Wardens' Courts.

26. If any person knowingly makes a false declaration concerning any matter or procedure made or done in pursuance of the Act or these Regulations, such person shall be deemed guilty of perjury.

Contrary to general opinion, the temperature at Perth for December was almost exactly normal. The mean maximum for previous years at the Gardens was 83·0 and the mean minimum 60·2, whereas for this month it will be seen that the figures are 83·2 and 60·3. December, 1896, was far cooler, the means being 80·9 and 59·2 respectively, and the hottest day was only 95°. There is still a marked difference (3·4) between the maximum day temperatures at the Observatory and in the Gardens. If December has appeared so cool to the inhabitants of Perth, the dwellers on the coast to the South must have felt quite cold. At Karridale the mean maximum was 73·2, at the Leeuwin 70·7, and at Breaksea only 66·2. Inland, of couse, the reverse is noticeable. At York the mean maximum was 91·5, at Coolgardie 91·7, and at Cue 97·3. The highest was at Onslow, 101·1, and York has the unenviable distinction of recording the hottest day, 114·5. The beneficial effect of the sea-breeze is again remarkably distinct at Carnarvon, where the mean maximum, 82·7, is 18·4 less than at Onslow, to the North, and 13·7 less than at Hamelin Pool, to the South.
