**H**IS Excellency the Governor in Council, under the powers conferred upon him by "The Sharks Bay Pearl Shell Fishery Act" (55 Vict., No. 9), has been pleased to repeal the Regulations approved on the 7th day of June, 1893, 13th December, 1893, and 19th June, 1896, respectively, and to make the following Regulations for the Control and Management of the Sharks Bay Pearl Shell Fishery in lieu thereof:—

1. The rent for a General License shall be at the rate of £4 per annum per boat, payable in advance at the date of application, and the term shall be for any period not less than three months and not exceeding one year. All licenses shall expire on the 31st December.

2. The rent for an Exclusive License shall be at the rate of not less than Sixpence per acre per annum, and shall be payable in advance on the 1st day of October in each year, and if not paid within fourteen days from date thereof it shall be lawful for the Inspector to cancel such license. Provided that, in respect of Exclusive Licenses over any blocks surveyed and set apart for such licenses, the rent shall be £10 per block irrespective of the area.

3. The term of an Exclusive License shall be computed from the first day of January preceding the date of approval of the application, and shall be for any period not exceeding fourteen years.

4. Licenses applied for during the year will be charged rent proportionate, calculated from the first day of January, April, July, or October last immediately preceding the date of approval of application, as the case may be.

5. Applications for general licenses shall be made to the Inspector, as the authorised agent of the Minister, and the applicant shall give the name of the owner and the name of the boat, provided that the Inspector may, in any case in which any boat is disabled or unable to work, allow another boat to be substituted for the boat so disabled or unable to work.

6. No person shall destroy or preventably permit to perish any immature pearl shell, nor shall collect, remove, or have in his possession such immature pearl shells, excepting under the conditions covered by Clause 13; and no person shall open any pearl shells except at such places as shall have been approved of by the Inspector.

7. The holder of a general license shall only be entitled to have two men at work in each boat; but if more are required, the permission of the Inspector in writing shall be necessary; and, if obtained, an additional fee of 5s. per month for each additional man so employed in such boat shall be paid in advance.

8. All boats licensed shall have a distinguishing number painted on the bow above the water line, and the licensee shall maintain such figures in a clear and legible manner during the currency of the license.

9. The owner or the agent of the owner of any licensed boat, before proceeding to work on any of the waters of Sharks Bay, shall bring the crew of such boat before the Inspector, who shall explain to such crew the regulations under which they are to work.

10. The Inspector may, in his discretion, prohibit the use of a dredge on any portion of Sharks Bay, whether held under exclusive license or not, and this prohibition shall be absolute and continuous on all shallow or so-called "Pick-up banks."

11. It shall be lawful for the Inspector to at any time absolutely prohibit the obtaining of pearls and pearl shells, either by dredging, collecting by hand, or otherwise, from any portion of Sharks Bay, whether held under exclusive license or not, when in his opinion the working is likely to detrimentally exhaust the ground.

12. It shall be lawful for the Inspector, by notice in writing to the holders of general or exclusive licenses, to prohibit the collection and removal of pearl shell from any of the waters of Sharks Bay during the principal spawning season of the year; the exact dates to be named in such notice.

13. No person shall retain any young or immature shell, and shall at once return them to the water, unless they are required for planting areas held under exclusive licenses, in which case they shall be so dealt with as not to be allowed to perish.

14. The Inspector or other Officer may seize and remove any young or immature shell found in the possession of any person.

15. No person shall have or carry on board any boat or use a dredge without the permission of the Inspector, and the Inspector or other Officer may seize and remove any dredge found on board any boat or used contrary to this regulation.

16. The Inspector may authorise persons to collect mature shell on any portion of the waters of Sharks Bay which shall have been closed under the provisions of Section 12 of the said Act, but such shall not be collected except in deep water and by means of diving apparatus.

17. The Minister may set apart any portions of Sharks Bay as reserves for the growth and breeding of the pearl or other oyster; and no person shall dredge or otherwise obtain shell from any such reserve.

The Inspector may seize and remove any shell so obtained, and any other shell that may be found in possession of any person who may be found collecting shell by dredging or otherwise from any Government Reserve, and any person so found shall be liable to a penalty not exceeding £50.

19. Applications for exclusive licenses shall be made to the Inspector, as the authorised agent of the Minister, of areas of from 10 acres upwards, but shall not exceed two square miles. Each application shall be accompanied by an accurate description of the area applied for, and an application fee of £1.

In all applications for exclusive licenses, the length of the licensed area shall not exceed twice its width.

In those parts of Sharks Bay which have been surveyed into blocks each application must comprise one complete block as surveyed. All applications for exclusive licenses shall take priority according to the order of their being lodged with the Inspector. In the event of two or more simultaneous applications for the same area, the priority shall be determined by lot by the Minister.

20. The Inspector shall give notice, by affixing a notice on the notice board of his tent or office for seven days, that an application has been made, and shall hear and report all objections that may be raised to the granting of such exclusive license in open Court. Provided that such notice shall not be necessary in the case of applications for surveyed areas.

21. The Minister shall not be bound to entertain any application, and he may invite tenders for any license or licenses, but shall not be bound to accept the highest or any tender. The Inspector may, in open Court, refuse to recommend the granting of an exclusive license over the area applied for.

22. All holders of exclusive licenses shall cultivate the areas held by them in a *bona fide* manner, to the satisfaction of the Inspector, by planting, and protecting the oysters on the area; and the holders of exclusive licenses shall be subject to the Regulations in the same manner as the holders of general licenses.

23. The holder of an exclusive license neglecting or offending against these Regulations shall, upon conviction, in addition to the penalties provided by these Regulations, render his license liable to forfeiture by the Governor in Council.

24. The Inspector may visit, inspect, and report on all portions of Sharks Bay, whether reserved, held under exclusive license, or otherwise.

**H**IS Excellency the Governor in Executive Council has been pleased to approve of the following Regulations, under Section 44 of the Homesteads Act, to apply to any Town or Suburban Lands situate within the boundaries of any proclaimed Goldfield which may be declared open for selection as Residential Lots:—

1. Application for leases of the natural surface of any lots within the prescribed area to a depth of 20ft. may be made to the Commissioner of Crown Lands through the Warden, by any male person above the age of 18 years, upon the following terms:—

2. The application shall be in the form prescribed, and shall be lodged with the Warden, and shall set forth the number, area, and position of the lot applied for.

3. The rent payable in respect of each lot shall be £1 per annum, which shall, in the first instance, be lodged with the application, and subsequently paid annually on the first day of March, in accordance with the provisions of Clause 101 of the Land Regulations. When paying the annual rent the holder of each lot shall make a statutory declaration that the conditions of residence herein-after set forth have been complied with or fulfilled. A fee of £1, in addition to the first year's rent, shall accompany each application.

4. The Warden shall forward the application, together with his recommendation thereon, to the Commissioner of Crown Lands immediately after receipt thereof, and he may thereupon deliver to the applicant an approval notice in the form hereinafter provided, and the production of such notice shall be sufficient evidence of the right of the holder thereof to occupy the lot therein mentioned under these regulations, pending the decision of the Commissioner of Crown Lands thereon. Should the application be approved, a lease in the form prescribed will be issued to the applicant on the surrender by him of the approval notice, but should the application be refused, notice of such refusal will be gazetted, and the rent paid will be refunded to the applicant on application to the Warden.

5. The lot leased shall be used solely as the habitual abode of the holder or members of his family for at least six months in each year, and for no other purpose whatever.

6. The holder of any lot may surrender the same at any time, and shall at the time of surrender furnish to the Warden a detached list of the nature and value of improvements existing on such lot. The lot so surrendered shall then be thrown open for re-selection, and may be applied for as provided for by these regulations. Any person to whom such lot is granted shall pay to the Warden the value of any improvements then existing on such lot, which value shall thereupon be paid by the Warden to the original holder. Should the person re-applying object to the value set upon the improvements by the original holder, a valuation shall be made by two arbitrators, one appointed by each party, and in accordance with the provisions of "The Arbitration Act, 1895," the Warden being the umpire in case of disagreement, and the cost of such arbitration shall be borne by the original holder or the person re-applying, as the arbitrators may direct.

7. No person who shall have surrendered or forfeited a lot shall be eligible to select another lot within a mile of the lot originally held by him, until six months shall have elapsed from the date of surrender or forfeiture of such lot.

8. The Governor may at any time exempt from the operations of these regulations any portion or portions of any town or suburban lands so set apart, which may be required for mining or other purposes.

9. Any lot or lots or portions thereof that may have been granted as a residential lot may be resumed by the Commissioner of Crown Lands, on the payment to the holder of such lot or lots the fair value of any improvements existing on such lots at the time of resumption, such value to be ascertained in the like manner as prescribed by Clause 6 hereof. The resumption shall take effect upon notice thereof to the holder, in writing under the hand of the Commissioner of Crown Lands, being served on the holder or published in the *Government Gazette*.

10. All leases granted under these regulations shall expire on the 31st day of December following the date of grant, and may be renewed from year to year, at the option of the Commissioner of Crown Lands. The acceptance of rent shall be conclusive evidence of such renewal.

11. No person shall be entitled to hold more than one lot at a time.

12. Lots held under these regulations shall not be transferable.

13. On proof satisfactory to the Warden that any of the conditions contained in the foregoing Regulations have not been complied with, the Warden may declare the lot liable to forfeiture, and in such case he shall report the matter to the Commissioner of Crown Lands, by whom the lot may be declared forfeited. All lots forfeited shall be thrown open for re-selection. All improvements on any forfeited lot shall be the property of the Crown.

A long dry summer broke up on the 11th, and since then fine rains have fallen throughout the agricultural portions of the Colony. They have been very heavy in coastal districts, especially in the neighbourhood of Bunbury, the maximum being 1,105 at Quindalup. The coastal strip between Dongara and the Leeuwin has had, on an average, between 4 and 6 inches. A strip parallel to the coast but about 50 miles inland received from 2½ to 3 inches; about 100 miles inland, 1½ to 2 inches.

The Goldfields had only a moderate sprinkle varying from about a quarter of an inch near Menzies to an inch at the Norseman, and 111 points at Esperance.

Between the Murchison and Onslow there was practically *nil*, but the Pilbarra district had amounts ranging up to 312 points at Bamboo Creek.

The Isotherm and Isobars are very similar to those for last month, but the temperature generally has fallen several degrees, the lowest mean minimum being 41·0 at Katanning, and the absolute lowest 32·2 at the same place.

By order of the Central Board of Health,

CHAS. D'OYLY FORBES,  
Secretary.

Perth, 31st May, 1898.

In pursuance of the powers in that behalf contained in, under, and by virtue of "The Public Health Act, 1886," and of the several Acts amending the same vested in it, the Local Board of Health of Fremantle makes the following additional By-Laws, and ordains that the same shall be observed and enforced within the Municipality of Fremantle :—

138. "The Municipality of Fremantle" means the whole district within the jurisdiction of the Local Board of Health, Fremantle.

In the construction of these By-Laws the Interpretation Clause of "The Public Health Act, 1886," as amended by the 59th Vict., 35, shall apply, and the word "Inspector" shall mean any officer of the Local Board of Health, Fremantle, duly authorised to act under the said "Public Health Act, 1886," and any amendments thereof.

"Refuse" shall mean and include dust, ashes, rags, straw, tins, boxes, broken glass, house and trade refuse, waste paper, filth, blood, offal, manure, dung, and all rubbish of whatsoever kind.

139. No person shall deposit or discharge, or permit cause, or suffer to be deposited or discharged, any refuse in any place in or part of the Municipality of Fremantle, except in such place or places as the Local Board of Health of Fremantle (hereinafter called the Board) may from time to time by public notice direct.

Any such public notice shall be published three times in at least one newspaper circulating in Fremantle, and may at any time be cancelled.

140. The owner of every house shall, on written notice from the Health Inspector, and within the time limited in such notice, provide such and so many receptacles or bins of the material and of the dimensions in the Schedule hereto mentioned, as may be directed by the Inspector. Provided that in no case shall the owner be required to provide more than one such receptacle for each part of such house which shall be occupied by a separate tenant.

141. The occupier for the time being of every house, or part thereof, shall regularly collect all refuse on or from the premises occupied or used by him, and place the same in the said receptacle, and not elsewhere.

142. No occupier shall permit or suffer the receptacle attached or used with the premises of which he is the occupier, or of which he is one of the occupiers, to overflow or to become offensive.

143. Every occupier of a house, or of part of a house, to or with which a receptacle as aforesaid is attached or used shall cause the same to be emptied by a licensed person at least twice every week: Provided that, in the case of buildings used for purposes other than private residences, the occupier shall cause the said receptacles to be emptied as often as the Inspector shall direct.

144. Every receptacle as aforesaid shall be kept in such positions as the Inspector may direct, so as to be convenient for the discharge and removal of the contents thereof.

145. The owner of every house shall, after notice from the inspector, and within the time limited in such notice, replace by a new and approved receptacle any receptacle which the inspector may deem to be worn out or unfit for use.

146. Notwithstanding anything to the contrary herein contained, where any house is unoccupied or is occupied by numerous tenants, or where for any other cause the Board thinks it desirable, the said Board may give written notice to the owner, either personally or by leaving the same on the premises, requiring such owner to observe and carry out these By-laws in the same manner as if he were the occupier thereof, and in such case such owner shall be responsible in the same manner and to the same extent as if he were the occupier of such premises, and be liable to the same penalties.

147. If default or neglect be made in observing any of these By-laws by any owner or occupier, the Board may do all things and incur all expense necessary to observe the same; and all costs and expenses so incurred and things done shall be paid for by such owner or occupier, as the case may be, and may be sued for and recovered accordingly.

148. The occupier of any premises who shall remove or cause to be removed, for the purposes of sale or use as manure any refuse, liquid or solid, rubbish, or manure produced upon his premises shall not, in the process of removal, deposit, or cause to be deposited, such refuse, rubbish, or manure upon any footway, pavement or carriage way.

For the purpose of such removal he shall in any case use or cause to be used a suitable vessel or receptacle, cart, or carriage, properly constructed and furnished with a sufficient covering so as to prevent the escape of the contents thereof. If, in the process of such removal, any person shall slop or spill, or cause or allow to fall upon any footways, pavement, or carriage ways, any such refuse, rubbish, or manure, he shall forthwith remove same, and shall immediately thereafter thoroughly sweep, or otherwise thoroughly cleanse such place.

149. Every person who shall convey any refuse, rubbish, or manure emitting a stench through and along any street shall, previous to and during the whole time of such conveyance, cause such refuse, rubbish, or manure to be covered with lime or other suitable substance, or shall adopt such other precautions as respectively may be reasonably necessary to prevent the emission of noxious or offensive effluvia from such refuse, rubbish, or manure.

150. Every occupier of a building or premises wherein or whereon any horses, cattle, or swine may be kept, shall provide, in connection with such building or premises, a suitable receptacle for dung, manure, soil, filth, or other offensive or noxious matter which may from time to time be produced in the keeping of such animals in such building or upon such premises. He shall cause such receptacle to be constructed that the bottom or floor thereof shall not in any case be lower than the surface of the ground adjoining such receptacle.

He shall also cause such receptacle to be constructed in such a manner and of such material, and to be maintained at all times in such a condition, as to prevent any escape of the contents thereof or any soakage therefrom into the wall of any building.

He shall, twice at least in every week, remove, or cause to be removed, from the receptacle provided in accordance with the requirements of this By-law, all dung, manure, soil, filth, or other offensive or noxious matter produced in or upon such building or premises and deposited in such receptacle.

151. The occupier of any premises shall not keep cattle or deposit the dung of any cattle in such a situation or in such a manner as to pollute any water supplied for use, or used, or likely to be used, by man for domestic purposes, or for manufacturing drinks for the use of men, or any water used or likely to be used in any dairy.

152. Except in cases where any sewage, soil, filth, dung, ashes, dust, rubbish, or manure are produced on his own premises, and are removed for sale or applied for his own use as manure, no person shall remove from off any premises any such matters unless previously authorised or licensed by the Board, or unless by special written leave of the Board.

153. Any person guilty of any breach of, or neglect, or failure to observe, or perform any of the foregoing By-laws, or any notice or order given thereunder shall, on conviction, pay a penalty not exceeding £10, or less than 5s.; or in case of a continued breach or neglect, shall pay a penalty not exceeding £5 or less than 5s. for each day during which such breach or neglect continues.

154. The Board may in its discretion issue to persons of respectable characters licenses to be called "Dustman's Licenses," and every licensed person shall pay therefor a fee of 5s. per month, and every license shall be terminable as hereinafter mentioned, or on one month's notice, and shall in all cases be subject to these By-laws.

155. No licensed person shall ask, demand, or receive, for the removal of any refuse, more than the sum set forth in the Schedule hereto mentioned, and every such person shall be entitled to demand and sue for from the owner or occupier, as the case may be, such fee, but no more.

156. Licensed persons shall remove all refuse as and when required by the owner or occupier, as the case may be, or by these By-Laws, and use all despatch, care and cleanliness in the performance of their duties; they shall at all times obey the orders and directions of the Health Inspector and his assistants; they shall provide carts and baskets, of design approved by the Inspector; they shall have all carts painted on each side thereof the words "Licensed Dustman" in letters at least four inches long; they shall register their names and addresses with the Inspector, and inform him of any change thereof, and they shall at all times behave with civility in the discharge of their duties.

157. The Inspector may cancel or suspend the license of any person who commits a breach of or neglects or fails to observe these By-laws.
