Helena Vale Local Board of Health.

IN pursuance of the powers vested in it by virtue of the Public Health Act, 1886, Amendment Acts, 1892, 1893, and 1895, of Western Australia, the Helena Vale Local Board of Health hereby make the following By-laws, which shall be in force within the jurisdiction of the said Local Board of Health, and shall come into operation on the date of the publication of the same in the *Government Gazette* of this Colony.

ORDERS OF THE HELENA VALE LOCAL BOARD OF HEALTH.*Duties of Officer of Health.*

It is the duty of the Officer of Health to superintend the application of all sanitary measures, especially those ordered by the Local Board and to advise the Local Board generally on all such matters.

The Officer of Health shall make frequent examination of the town, and see that the duties of the inspector are efficiently performed, and report any neglect of this officer.

He is to inspect premises that may be reported to him, or that he may have reason to believe are in a filthy or unwholesome condition, to examine premises where any process or manufacture causing effluvia is carried on, and, if necessary, report the same to the Local Board.

He is also to assist the Local Board with his presence and advice, if necessary, in the carrying out of the Act referring to the sale of unwholesome food, and on all occasions to give the Local Board the benefit of his experience and skill.

He is to report to the Local Board, with the least possible delay, the appearance in the town of any epidemic, endemic, or contagious disease or any indications thereof, or any occurrence or circumstance affecting or likely to affect the public health; and he is to assist in carrying out and enforcing the necessary measures for mitigating, as far as possible, and preventing and checking the spread of epidemic and other diseases.

He is to furnish the Local Board, during the months of January and July in each year, with a return showing the births and deaths which have occurred in the town during the six months preceding, accompanied by a report on the health, cleanliness, and general sanitary state of the town for that period.

He shall issue to the inspector such orders and instructions as he may deem necessary, and the Inspector is required to report to him direct upon all matters appertaining to his duties. Any special matter contained in such reports necessary to be brought under the notice of the Local Board shall be forwarded by the Officer of Health in the usual manner.

Duties of Inspector.

He shall, by inspection of the town, as occasion may require, keep himself informed in respect of any nuisance existing therein that requires abatement.

On receiving notice of the existence of any nuisance in the town or of the breach of any By-law, he shall, as early as possible, visit the spot and inquire into the alleged nuisance or breach of By-law.

He shall report to the Officer of Health any noxious or offensive business, trade, or manufacture, and the breach or non-observance of any By-law made in respect of the same.

He shall from time to time, and forthwith upon any complaint, visit and inspect the shops kept and used for the sale of butchers' meat, poultry, fish, or any shop, store, bakery, dairy, warehouse, bonded or free store, auction-room, custom-house shed, or any place or premises or any part thereof which he may have reasonable grounds for believing is kept or used for the sale, or storage, or preparation for sale of any animals, or carcases of animals, or any meat, poultry, game, flesh, fish, fruit, vegetables, corn, bread, flour, tea, sugar, or milk, or any articles used, or which he may have reasonable grounds for believing are intended to be used as food for human consumption, and in case any such article appears to him to be intended for the food of man, and to be unfit for such food, he shall immediately report the same to the Officer of Health.

He shall, at irregular periods, visit all yards and butchers' establishments, and shall report forthwith to the Officer of Health any case of private slaughtering contrary to law.

He shall give immediate notice to the Officer of Health of the occurrence of any contagious disease of a dangerous nature, and he shall attend to the instructions of the Officer of Health with respect to any measures which can be lawfully taken by him for preventing the spread of any such disease.

He shall immediately report to the Officer of Health any case of over-crowding in any licensed house.

He shall immediately communicate to the Officer of Health whenever it appears to him that the intervention of that officer is necessary in consequence of the existence of any nuisance injurious to health.

For providing and maintaining suitable Closets and Urinals, and for prohibiting cesspits.

The owner of every house or premises within the Municipality of Helena Vale shall, after notice, cause to be constructed on said premises a suitable closet provided with the pans approved by the Council. Such closet shall be maintained and ventilated to the satisfaction of the officers of the Council, with a proper outlet at side or back of closet for removal of cesspan, proper door for same being hung on side, and shall in no case be situated at a less distance than 23ft. from any dwelling house or place of business, except by express permission of the Council first obtained.

The receptacle of every closet shall be constructed of galvanised iron, it shall be water-tight, and the floor of the closet upon which it stands shall be cemented or otherwise made impervious, and the receptacle shall be emptied at least once a week.

No urinal with cesspool attached shall hereafter be constructed in the said Municipality, unless the urinal is built in a substantial and suitable manner for the use required thereof, and unless the walls of the cesspool, 6in. below the level surface of the ground around it, be built of stone or concrete of the thickness, as respects stonework, of 12in., and concrete of 9in., and of the following dimensions, viz., 4ft. long, 3ft. wide, 4ft. deep, and so constructed and cemented, and made water-tight. All drains connecting the urinal with cesspool to be constructed so as to be water-tight. Cesspool to be covered with a strong wood top, over which a layer of earth must be placed to prevent effluvia arising therefrom. All cesspools must be emptied of their contents when notice to that effect has been duly served upon the owner or occupier of the premises, and no urinal erected after the date of this regulation coming into operation, shall, unless constructed as hereinbefore is provided, be suffered to remain after six days' notice in writing from any officer of the Municipality to remove or fill up the same.

Duties of Nightman.

The local Board will provide an office at which may be left daily, between 10 and 11 a.m., notices from occupiers of premises whose pails or pans need emptying, and where a list of such pails or pans shall be kept.

The nightman must enter upon the list a note opposite to each place mentioned in it, stating whether the work has been done, and if not the cause of the neglect.

If the nightman omit to empty any pail or pan, he must, the following morning, give in at the office notice of such omission, specifying where it has occurred and the cause of it.

The nightman must, at the end of each week, furnish an accurate statement of the number of pails or pans emptied during the week, and if any have been omitted, the number and cause of such omissions.

The nightman must post up neatly and without soiling inside each privy closet a notice (which shall be furnished to him for that purpose by the Local Board) of the night appointed for the emptying of such pail or pan, and shall immediately report at the office when any such notice shall have been obliterated or removed, and shall substitute and place a fresh copy in lieu thereof upon being furnished with one from the office for that purpose. The nightman shall be granted by the occupier of the premises visited by him in the discharge of his duty free ingress and egress to the same when requested; night keys for the opening of such gates; and it shall be the duty of the nightman after emptying the pails or pans to close and lock such gates, and return (on demand) each key to the person in charge of the premises to which it shall give access.

The nightmen will be required to conduct themselves towards the occupiers in a civil, obliging, and inoffensive manner; to perform the specified work with as little noise or disturbance as possible; and to re-instate and leave the premises clean, and, save as to the removing of the soil, in as nearly as possible the same condition in which they found them.

The soil must be carefully transferred from the pails or pans, which must be thoroughly and cleanly emptied, and every cart in which any soil shall be placed shall, on the same night, be driven to the place for the discharging of the soil from such cart, without deviation from or delay upon the road.

For the purpose of this service the town will be divided into as many districts as the Health Board may determine from time to time, and the nightman shall empty the whole of the pails or pans in each district in accordance with the list supplied.

Any man employed in connection with this service who makes any application or demand for liquor or reward of any kind from any householder for the performance of any work prescribed by these regulations shall, upon proof of such application or demand, be dismissed from employment.

The whole of the work must be done within such hours as shall be appointed by the Local Board.

The nightcarts used in conveying soil from pails or pans must be cleansed daily by the nightman and rendered inoffensive, and once in every week shall be thoroughly cleansed and disinfected by such material as shall be supplied to him by the said Local Board for that purpose.
