1. No cattle shall be allowed to leave the East Kimberley Quarantine Area except at the Port of Wyndham.

2. All cattle leaving the East Kimberly Quarantine Area for any other part of the Colony of Western Australia shall be shipped direct to a spot opposite to Reserve 6320, Owen's Anchorage, situated 12 chains South-Eastward from Robb's Jetty, where, on landing, they shall be deemed to be quarantined until slaughtered or otherwise disposed of as directed, in writing, by an Inspector of Stock.

3. Vessels engaged in the shipment of cattle from the East Kimberley Quarantine Area to the spot opposite to Reserve 6320, Owen's Anchorage, shall be thoroughly disinfected with steam immediately after the landing of the cattle.

4. Cattle may only be removed from Reserve 6320, Owen's Anchorage, on the written permit of an Inspector of Stock that such cattle are apparently clean, and such cattle shall be forwarded in trucks by rail direct to such place on the Eastern Goldfields as shall be specified in the permit, where they shall remain in quarantine until slaughtered, and the trucks used for the carriage of such stock shall be thoroughly disinfected with steam immediately after use.

5. All expenses in connection with the disinfection of vessels and railway trucks used in the conveyance of cattle from the East Kimberley Quarantine Area and Reserve 6320, Owen's Anchorage, or any other temporarily-proclaimed quarantine areas and all

6. All hides and skins removed from cattle slaughtered within the East Kimberley Quarantine Area Reserve 6320, Owen's Anchorage, or any other temporarily-proclaimed quarantine area to which East Kimberley cattle may be removed, on the permit of an Inspector of Stock, shall not be removed from any of the said quarantine areas unless the said hides or skins have been treated and disinfected, as follows:—

- (2.) The inside of the hides or skins shall be covered with strong, coarse, dry salt, to the extent on an average of not less than 12lb. to each hide, and they shall be built up and salted in this way till a stack is formed from which the brine is allowed to drain freely off.
- (3.) The hides or skins shall remain in the stack for not less than seven days.
- (4.) When salted each of the hides or skins shall be turned in from the head, then from the butt, and then folded up so as that the salt shall be retained and every part of them shall come in contact with it.

The hides or skins shall remain on the salting-floor until an Inspector of Stock has certified in writing that the above requirements have been complied with.

7. ## REGULATION FOR THE SALE OF TOWN AND SUBURBAN LANDS.

1. Town and Suburban lands shall be sold subject to the conditions of sale set forth in the Schedule, and the purchase money shall be payable in the instalments therein stated.

GEO. THROSSELL,  
Minister for Lands.

## SCHEDULE REFERRED TO.

Conditions of sale of Crown Lands advertised to be sold by auction at \_\_\_\_\_ on the \_\_\_\_\_ day of \_\_\_\_\_ 189 \_\_\_\_.

1. The land offered for sale is particularised in the notice headed "Land Sales," published in the *Government Gazette* of the \_\_\_\_\_ day of \_\_\_\_\_ 189 \_\_, and in the Schedule hereto, and will be sold subject to the terms and conditions of "The Land Act, 1898," and the Regulations thereunder.

2. The lots will be offered separately, and in the order in which they appear in the said notice.

3. The highest bidder shall be the purchaser, and if any dispute arise the lot in dispute shall be put up again and resold.

4. Each lot shall be offered at the upset price, and, if no advance be made, the applicant for the same shall be declared the purchaser at that price; but if any advance be made, the highest bidder shall be the purchaser as aforesaid. Biddings shall advance at the rate of not less than 10 per cent. on the upset price. Should the applicant not be the purchaser, his deposit will be refunded in due course.

5. The purchaser shall, immediately after the sale, pay to the Minister for Lands or his agent a deposit in cash at the rate of 10 per cent. upon the total amount of the purchase money, unless he has already paid a sufficient deposit on application, and any such deposit shall be considered as payment of the purchase money so far as the same will extend.

6. The balance of purchase money, in the case of Town Lots, shall be paid to the Minister for Lands or his agent, by two equal instalments at the end of three and six calendar months from the day of sale, and in the case of Suburban Lots within twelve months from the day of sale, by four equal quarterly instalments, on the first days of January, April, July, and October, the first instalment being payable on the first day of the quarter next following the date of sale; the fees for Crown grant and registration in both cases being payable with the last instalment of purchase money.

7. 8. Each Suburban Lot shall be fenced on the surveyed boundaries, within two years from the date of sale, with a substantial fence, not being a brush fence, proved to the satisfaction of the Minister for Lands to be sufficient to resist the trespass of great and small stock, including sheep but not including pigs or goats; and in default thereof the land shall be forfeited, together with all purchase money and fees which may have been paid: Provided that the Minister for Lands may, if he think fit, dispense with the division fences between two or more adjoining lots purchased by one person, or may, if he thinks fit, accept other substantial improvements in lieu of fencing.

9. In default of payment of any one of the several instalments of purchase money within 30 days after the dates mentioned, or if, in the case of Suburban Lots, the required fencing is not completed within two years from the date of sale, the land shall be absolutely forfeited, together with all purchase money and fees that may have been paid.

10. Immediately after the sale the purchaser shall declare to whom or in whose name he requires the Crown Grant to issue; the name of the grantee or grantees shall be inserted in the form of application to purchase, and no alteration therein shall be made without the sanction of the Minister for Lands.

11. If the purchaser shall not pay the balance of money and fees as hereinbefore provided, his deposit money, or so much thereof as shall have been paid, shall be absolutely forfeited, and the said sale shall be void without any notice to the purchaser.

12. The Minister for Lands shall not be responsible for any delay in the issuing of the Crown Grants.

It will probably be interesting to know how the above figures compare with those of previous years. A glance at the rainfall map exhibited in the Observatory show-case at the G.P.O. Hall will convey a better idea than pages of description, but it may be said that:—

- (1) In the tropics, North of Cossack, the fall was remarkably heavy, being in some cases double, and even treble, the mean for previous years. At Wyndham and Broome the fall has only once been exceeded. At Derby, LaGrange Bay and Cossack it was largely in excess of any previous record. The latitude of Cossack seems to put a definite limit to this plenteous supply, for at Onslow the amount (390 points) was only half the mean for previous years.
- (2) All through the Gascoyne it was about an average, being in some cases a trifle below, and in others a trifle above, but at one station (Yarra Yarra) only 284 points were recorded.
- (3) In the South-West Division it was about an average in the neighbourhood of Perth, slightly below to the North, and considerably above to the South, the Bunbury district being 7½ in. in excess of previous years. In the central agricultural areas from Newcastle directly Southward right through to Dardanup, it was higher than usual, but farther East again it reached an average.
- (4) On the Goldfields there was not a sufficient number of past records to establish an average, but the amount registered was very small, especially on the Murchison. The lower Coolgardie Goldfields fared better, having received nearly 10 in.
- (5) On the South Coast it was generally slightly below the mean for previous years, except at Balladonia, where it was 3½ in. in excess.
