98*Colonial Treasurer's Office,

L. S. ELIOT,
Under Treasurer.

BY-LAWS.

WHEREAS by "The Metropolitan Waterworks Act, 1896" (incorporating "The Waterworks Act, 1889") the Metropolitan Waterworks Board (hereinafter called "the Board") is empowered to make By-laws for the purposes therein mentioned, and by such By-laws to impose penalties as therein mentioned: Now THEREFORE the Board, in exercise and by virtue of the powers conferred by the said Act, and of all other powers in that behalf vested in or exercisable by the said Board, do repeal By-laws Nos. 5, 6, and 24, and Form "F," and substitute in lieu thereof By-laws Nos. 49, 50, 51, and Schedule "F1," and amend Form "A" by inserting after the words "Water supply," in the last line of the requisition clause, the words "and pay all charges in advance": and further add Schedules "J," "K," "L," "A1," "A2," and "A3."

SUPPLY OF WATER IN CONSIDERATION OF RATES PAID.

49. The prescribed quantity of water which any consumer is entitled to receive in any one year in consideration of the rates paid is that quantity of water the total cost of which, if paid for at the current price, *viz.*, 2s. per 1,000 gallons, would amount to a sum equal to the amount of rates paid for the same period.

Any consumer using more than the prescribed quantity of water will be required to take the whole of his supply by meter.

PRICE OF SUPPLY BY MEASURE.

50. All water supplied by measure (whether under express agreement or otherwise) shall be at the rate of 2s. for every one thousand gallons consumed: Provided that in cases where the consumption is over five hundred thousand gallons per annum a reduction may be made upon such terms and conditions as the Board may fix.

51. Any person desirous of obtaining a supply of water outside the boundary of the Municipality of Perth may apply on such of the Forms A, A1, or A2 in the Schedule as may be applicable, and thereupon the Board may connect and, if necessary, affix a meter to the premises of the applicant.

If the Board connects the premises, the water supplied shall be upon the terms contained in such of the agreements in Forms J, K, and L as may be applicable, and the consumer shall enjoy such supply upon and subject to the same terms and conditions

as if such agreement had been executed by him: Provided that if such consumer refuses to sign an agreement whenever required, the supply may forthwith, without notice, be cut off.

FORM F1.**Form of Agreement for Supply of Water by Meter in Perth.
Full Meterage.**

AN AGREEMENT made this _____ day of _____ 189____, between the Metropolitan Waterworks Board (hereinafter called "the Board") of the one part, and (hereinafter called "the Consumer") of the other part, whereby it is agreed as follows:—

1. All water which may be supplied hereunder by the Board shall be supplied through a meter provided by the Board.

2. The cost of fixing such meter shall be paid on demand, and all costs and charges at any time during this agreement incurred by the Board in repairing the meter shall be paid on demand.

3. The consumer will, when and as often as demanded, pay to the Board for all water supplied to the consumer according to the said meter, at the rate of two shillings per thousand gallons.

When and as soon as the consumer pays the water rates due or payable in respect of the premises, he shall, as against all water supplied during the year in respect of which such rates are paid, be credited with the amount of rates so paid.

This agreement in no manner limits or affects the liability of the consumer to pay such water rates.

4. The said Board and all workmen and servants employed by them shall have full right and liberty to enter upon the said premises from time to time, at all reasonable hours, for the purpose of fixing the said meter and keeping the same in repair and in proper working order and of taking the register thereof; and the Board shall also have the right of removing the same at any time it may think fit.

In the event of the meter reader not being able to take the register of the meter at any time in consequence of the ordinary means of ingress to the premises being closed, the consumption during such period shall be taken and deemed to have been consumed during the period for which the register is next taken, and shall be considered as water supplied during the year in which such register is taken.

5. The said consumer will keep the said meter properly protected from all accident or damage, and, in the event of any repairs being required, will immediately give notice thereof to the said Board.

6. The quantity of water which shall be registered by the said meter as having been supplied shall be taken as the quantity actually supplied. If the said consumer shall be at any time dissatisfied with any particular reading of the said meter, and shall be desirous of having the same tested, he shall give written notice thereof to the said Board within seven days from receiving written notice of such reading, and thereupon the said meter shall be tested by passing through it into a vessel of known capacity sufficient water to fill such vessel; and if, upon such testing, it shall appear that the said meter registered more than was actually passed through it at such testing, then the said Board will bear the expenses of and incidental to such testing, and will also allow to the said consumer a proportionate rebate upon the quantity of water which shall be objected to as registered to have passed through the said meter as aforesaid; but if the meter, upon such testing, shall not register more than the quantity that shall have actually passed through it, then the consumer shall pay to the said Board, in addition to the sum hereinbefore agreed to be paid by him, all expenses of and incidental to such testing: Provided that the expense of each and every test shall be fixed by the said Board, and shall in no case exceed the sum of Twenty shillings: Provided also that the said consumer shall not be at liberty to avail himself of the said right to test the said meter for any three months other than those next preceding his giving written notice to the Board of his dissatisfaction and desire to have the said meter tested as aforesaid. In the event of the said meter failing to register, from any cause whatever, the Board may fix the quantity consumed by comparison with the previous reading.

7. In addition to the liabilities of the said consumer, under the preceding clauses, he shall continue to pay the said Board for water used upon the premises at the rate aforesaid after he shall have left or removed from the said premises, unless, on leaving or removing therefrom, the said Board shall receive written notice from the said consumer of his desire to be released from his agreement.

8. The Board reserves to itself the right of terminating this agreement at any time on giving notice, by general advertisement or otherwise, seven days before such termination.

9. The meter rent shall be paid punctually on the 1st day of January in each year.

10. If default is made in payment of any moneys under paragraphs 2 or 3, or in payment of any meter rent on the date aforesaid, the Board may, without any further notice or demand, cut off the supply of water to the premises, and such supply shall not be restored until all moneys due are paid, together with the cost of cutting off and restoring the supply. Such cutting off shall not prejudice or affect the liability of the said premises to be assessed for water rates in the usual way.

11. Notwithstanding anything to the contrary herein contained, all rights, powers, and privileges given to or conferred upon the Board by "The Waterworks Act, 1889," or "The Metropolitan Waterworks Act, 1896," or any regulations now or hereafter in force made under the said Acts, or either of them, shall remain in full force, and this agreement shall be expressly subject thereto.

12. The Board does not bind itself to supply or to continue the supply of water under this agreement, and the Board shall not be responsible or liable for any stoppage of the water supply for any reason or purpose whatever, nor shall this agreement be prejudiced or affected thereby.

13. The agreement relates to the supply of water to the premises occupied by the consumer at

14. Any demand under this agreement on the consumer shall be sufficiently made if left, in writing, on any part of the said premises.

In witness whereof the parties have hereunto set their hands the day and year aforesaid.

GEO. THROSSELL,
Minister for Lands.

SCHEDULE REFERRED TO.

1. The land offered for sale is particularised in the notice headed "Land Sales," published in the *Government Gazette* of the _____ day of _____ 189 _____, and in the Schedule hereto, and will be sold subject to the terms and conditions of "The Land Act, 1898," and the Regulations thereunder.

2. The lots will be offered separately, and in the order in which they appear in the said notice.

3. The highest bidder shall be the purchaser, and if any dispute arise the lot in dispute shall be put up again and resold.

4. Each lot shall be offered at the upset price, and, if no advance be made, the applicant for the same shall be declared the purchaser at that price; but if any advance be made, the highest bidder shall be the purchaser as aforesaid. Biddings shall advance at the rate of not less than 10 per cent. on the upset price. Should the applicant not be the purchaser, his deposit will be refunded in due course.

5. The purchaser shall, immediately after the sale, pay to the Minister for Lands or his agent a deposit in cash at the rate of 10 per cent. upon the total amount of the purchase money, unless he has already paid a sufficient deposit on application, and any such deposit shall be considered as payment of the purchase money so far as the same will extend.

6. The balance of purchase money, in the case of Town Lots, shall be paid to the Minister for Lands or his agent, by two equal instalments at the end of three and six calendar months from the day of sale, and in the case of Suburban Lots within twelve months from the day of sale, by four equal quarterly instalments, on the first days of January, April, July, and October, the first instalment being payable on the first day of the quarter next following the date of sale; the fees for Crown grant and registration in both cases being payable with the last instalment of purchase money.

7. In any case where the value of improvements on a lot is added to the upset price, as prescribed by Section 29 of "The Goldfields Act, 1895," and the lot is knocked down to any other than the owner of such improvements, the value of the same shall be paid to the Minister for Lands or his agent immediately after the sale.

8. Each Suburban Lot shall be fenced on the surveyed boundaries, within two years from the date of sale, with a substantial fence, not being a brush fence, proved to the satisfaction of the Minister for Lands to be sufficient to resist the trespass of great and small stock, including sheep but not including pigs or goats; and in default thereof the land shall be forfeited, together with all purchase money and fees which may have been paid: Provided that the Minister for Lands may, if he think fit, dispense with the division fences between two or more adjoining lots purchased by one person, or may, if he thinks fit, accept other substantial improvements in lieu of fencing.

9. In default of payment of any one of the several instalments of purchase money within 30 days after the dates mentioned, or if, in the case of Suburban Lots, the required fencing is not completed within two years from the date of sale, the land shall be absolutely forfeited, together with all purchase money and fees that may have been paid.

10. Immediately after the sale the purchaser shall declare to whom or in whose name he requires the Crown Grant to issue; the name of the grantee or grantees shall be inserted in the form of application to purchase, and no alteration therein shall be made without the sanction of the Minister for Lands.

11. If the purchaser shall not pay the balance of money and fees as hereinbefore provided, his deposit money, or so much thereof as shall have been paid, shall be absolutely forfeited, and the said sale shall be void without any notice to the purchaser.

12. The Minister for Lands shall not be responsible for any delay in the issuing of the Crown Grants.
