R. CECIL CLIFTON,

Under Secretary for Lands.

In pursuance of the powers vested in them, the Trustees of the Kalgoorlie General Cemetery make the following By-laws (that is to say):—

1. That all fees and charges payable to the Trustees, in accordance with Schedule A, shall be paid when applications are made or orders given.
2. That any person desiring ground in the Cemetery for a private grave, vault, tomb, monument, cenotaph, tombstone, railing, wall, or for any other purpose shall apply to the Trustees therefor. If approved, the Trustees, on the payment of the required fees, shall issue to such person so applying a Certificate of Right of Burial, in the form specified in Schedule B.
3. Any person desiring to place or erect any monument tombstone, or enclosure in any part of the Cemetery shall, before obtaining permission to do so, submit a plan of such monument, tombstone, or enclosure, and specify the materials of which it is to be composed to the Trustees, and shall obtain such permission in writing before proceeding with the work, in the form of Schedule D.
4. And every person who shall place or erect any monument, tombstone, or enclosure upon any grave the exclusive right of which has not been obtained shall keep the same in repair; and if, after receiving one month's notice in writing from the Trustees, such repairs are not executed, then the Trustees may order such monument, etc., to be removed.
5. Every person who has the exclusive right of burial in any grave shall keep such grave, and any erection or construction thereon, in proper repair; and if after receiving notice in writing from the Trustees requiring such repairs to be executed shall fail so to do, then, after the expiration of twenty-eight days, the Trustees may cause such repairs to be executed and may recover the cost thereof from such person in a summary way before two Justices in Petty Sessions.
6. (i.) That all applications for interment shall be made to the Secretary of the Trustees, and six working hours' notice shall be given to the Sexton prior to the time fixed for the burial, otherwise an extra charge will be made.
(ii.) The name of the deceased, age, and other particulars mentioned in Schedule C shall be furnished when giving the order.
7. The Trustees shall cause all ordinary graves to be dug, but any person desiring to construct a brick grave or vault shall be permitted to construct the same, under the direction of the Surveyor, on payment of the required fees, and every coffin placed therein shall be bricked in, cemented, and made and kept air tight.
8. That every coffin shall have upon the lid a lead or copper plate, with the name of the deceased and date of burial stamped thereon.
9. That every grave shall be at least 6ft. deep, except those used for the burial of infants, which the Trustees may allow to be of lesser depth; but no interment shall be allowed in any grave with a less depth than three feet from the top of the coffin to the original surface of the ground.
10. That, in the case of application for interment in any private grave or vault to which during life the deceased person had no claim, the written consent of the owner shall be given with the application, or other satisfactory evidence that the person desiring to bury therein is entitled to do so.
11. That no burial shall be permitted to take place in the Cemetery without an order for burial being obtained from the Secretary, in the form of Schedule C, and delivered to the Sexton at the Cemetery.

12. The hours for burials shall be as follows:—

13. That no burial shall be allowed to take place before or after the hours above mentioned, except by special permission and upon payment of the fee for burials "not in the usual hours."

14. That the time stated in Schedule C for any burial shall be the time when the funeral is to be at the Cemetery, and the same shall be punctually observed.

15. That every funeral shall enter by the principal entrance, and thence follow the Sexton to the grave. No bicycle, velocipede, carriage, or vehicle, except hearses and mourning-coaches, shall be permitted to pass the said entrance. Horses shall not be driven faster than at a walking pace, and no horses or other animals shall be ridden in the Cemetery.

16. That every erection shall be placed upon proper and substantial foundations, and, if required by the Trustees, shall extend to the bottom of the grave. All refuse, rubbish, or material remaining after any work is completed shall be removed from the Cemetery at once, by and at the expense of the person causing the same.

17. All materials required in the making, repairing, or completion of any work shall be fully prepared before being taken into the Cemetery.

18. That no catacomb shall be allowed.

19. That the Trustees shall not (except in very exceptional cases) permit the removal of any corpse from any grave for re-interment in this or any other cemetery, and before any such exceptional case be dealt with by the Trustees a written application setting forth the reasons for the proposed removal of such corpse, and verified by a statutory declaration, shall be produced by the nearest available representative of the deceased; and, in the event of such application being granted, the permission of the Colonial Secretary, in addition to the permission of the Trustees, shall be obtained. If found necessary, the coffin shall be enclosed in a second and air-tight wooden or leaden coffin prior to removal.

20. That any workman or other employé, whether employed by the Trustees or by any other person, shall at all times while in the Cemetery be subject to the supervision, direction, and control of the Surveyor, and shall obey all such directions, and shall be removable from the Cemetery upon any breach of the By-laws or any refusal or neglect to comply with or obey any such directions.

21. Any person taking part in dressing or attending to any grave shall comply with the following rules, namely:—

i. That no rubbish or any other material removed in dressing a grave shall be placed on any other grave or pathway, and if placed on any adjoining ground shall be removed immediately after the completion of the work.

Work in all cases must be carried on with due despatch, and only during regulation hours.

22. That no child under the age of fourteen years shall be admitted into the Cemetery except in charge of a responsible person.

23. That no smoking shall be allowed within the Cemetery, nor shall any explosives be discharged therein except by special permission.

24. That every driver of a hearse, mourning coach, or other vehicle, and every pedestrian shall keep strictly to the roads and pathways as laid out for vehicles and pedestrians respectively, and vehicles shall only be turned at points where provision for so doing is made.

25. That no animals other than horses drawing hearses or mourning-coaches shall be permitted to enter the Cemetery except by permission.

26. That no person in the Cemetery or its approaches shall commit any nuisance, or trespass, or be guilty of any breach of decorum, or cut, pluck, gather, or take out of the Cemetery any flower, plant, shrub or tree, or any part thereof, or do any injury whatsoever thereto or to any plot, border, railing, fence or any erection or road, or remove or interfere in any way with anything laid, built, or placed on or in any grave or burying place; and any person or persons so offending may be proceeded against in accordance with the Act.

27. That no person shall promote, or advertise, or carry on within the Cemetery or its approaches, any trade, business, or calling, either by solicitation, distribution of circulars or cards, or otherwise, or by any other system of advertisement whatever.

28. The "Secretary" or "Surveyor," as referred to in these By-laws, means the person for the time being employed by the Trustees as the Secretary and Surveyor of the Cemetery, and such person or persons shall, subject to the Trustees, exercise a general supervision and control over all matters pertaining to the Cemetery and to the carrying out and enforcement of these By-laws; and the direction of such person or persons shall in all cases and for all purposes be presumed to be and to have been the direction of the Trustees.

29. That all fees may be recovered and all proceedings under these By-laws taken before two Justices in Petty Sessions except where otherwise provided for.

This month was distinctly a month of thunderstorms, especially inland. The heaviest ones occurred about the middle of the month, Coolgardie being flooded on the 22nd and receiving two inches of rain in a little over an hour. These were preceded by the most intense heat between the North-West coast and the goldfields, and extending throughout South Australia and into New South Wales and Victoria. The shade temperature on the 10th was 111.8 at Peak Hill, 113.1 at Cue, and 112.9 at Coolgardie. In Adelaide it reached 110° on the 11th and 113.8 on the 12th, being the highest ever recorded there in February. During this period of great heat the pressure was relatively low in the interior of West Australia, with very light gradients. On the 11th there was a distinct "low" to the East of the Murchison Fields, where the winds had veered to the South, and cooler conditions began to prevail. This "low" then travelled across to South Australia, still keeping inland, and causing the intense heat in that colony already alluded to. It passed Adelaide on the evening of the 13th, and then came the welcome change.

The same conditions which caused such heat inland, viz., the prevalence of relatively low pressure there and high to the South, gave moderate breezes to the districts immediately adjacent to the South-West and South Coast line. At Perth, for instance, the opinion was freely expressed that this month had been exceptionally cool. This was not quite correct, although the temperature was certainly below the average for previous years. It was not in any way exceptional, however, as in February, 1897, and February, 1895, it had been much cooler. The increase in temperature from the coast inland is very marked, as usual. Thus the mean maximum day temperature at Rottneat was 77.7, at Fremantle 81.1, at the Observatory 84.7, at the Botanic Gardens 87.0, at York 93.1, and at Southern Cross 95.3. At Albany it was only 73.8, just equal to the mean minimum at Cue, and the highest temperature recorded for the month was only 87.8, and at Breaksea 78.2.

The rainfall, as might be expected, from its connection with thunderstorms, was very variable, some places receiving little or none, whilst others were favoured with a heavy downpour. In the Kimberley district it was generally below the average; in the North-West country it was considerably in excess, as it was also in the Coolgardie district, especially the Northern portions. The greatest amount recorded at any place was 967 points at Manutarra, on the Ashburton.
