The Goldfields Act, 1895.

Alteration of Regulations re Reserved and Exempted Lands.

2221
1501

Department of Mines,
Perth, 10th May, 1901.

HIS Excellency the Governor, by his Deputy, in Executive Council, under the powers conferred upon him by Section 99 of "The Goldfields Act, 1895," has been pleased to repeal Regulations 166 to 178 inclusive, and to substitute the following Regulations in lieu thereof; to take effect from 1st May, 1901.

W. F. SAYER,
Acting Minister of Mines.

DIVISION X.—RESERVED AND EXEMPTED LANDS.

Application for Authority.

166. Application for authority to occupy reserved or exempted lands under the provisions of Section 23 of "The Goldfields Act, 1895," shall be made in writing in the form of Schedule A, and forwarded through the Warden to the Minister; and such application shall be accompanied by a fee of Ten pounds, as prescribed by the Act, and by a plan showing (a) the locality, (b) the position in relation to the nearest sold or surveyed land, or in relation to some well-defined and fixed object, (c) the extent of the land applied for, and (d) the portion of the surface of the reserved land which the applicant will require to use.

Priority of application—how determined.

167. In the event of two or more applications being made for the same land, they shall be dealt with in the order of their receipt, and if any such applications shall be received on the same day the order of priority shall be determined in such manner as the Minister shall in each case direct.

Notices—how given.

168. As soon as possible after the receipt of any application as aforesaid, the Minister shall cause notice thereof to be posted at the Warden's Office and to be published in three consecutive issues of some newspaper circulating in the district wherein the land referred to is situate, and such notices shall name the date up to which objections to the applications may be lodged.

Inspection and Report.

169. As soon as possible after notice shall have been last published as aforesaid, the Minister shall cause instructions to be issued to some competent person to inspect the land applied for, and report to him whether the same may be occupied for mining without injury to, or obstruction to the enjoyment of reserved or exempted lands, the subject of the application, and whether the occupation of such land for mining purposes will, or will be likely to, injure any adjoining property, and may require such person to make an estimate of the cost of repairing any injury which may be done to any such reserved or exempted lands, or adjoining property.

Objections.

170. Any objection to the granting of the authority applied for may be lodged in the form of Schedule 28 by any person interested in opposing the same, at the Warden's Office, within thirty days of the receipt by the Minister of the application, and a copy of such objection shall be served on the applicant. Any such objection shall be dealt with in the manner provided by Regulation 89.

Applications may be refused.

171. If it shall appear from the report provided for in Regulation 169 that injury would or would probably be done to adjoining property by such mining operations, the Minister shall refuse to entertain such application unless and until the applicant shall have obtained the sanction or consent of the owner or owners of such property to the occupation for the purpose aforesaid, or until he has deposited a sum of money to cover the cost of repairing such injury, as provided by the next following regulation.

Deposit to cover cost of repairs.

172. In case it shall appear by the report aforesaid that injury would or would likely be done to any reserved or exempted land or adjoining property by such occupation for mining purposes, it shall be lawful for the Minister to require the applicant to deposit such sum of money as shall by the report appear necessary to cover the costs of repairing the injury which may be done to such reserved or exempted land or adjoining property by such occupation for mining purposes. And if, after making such repairs, or if no such repairs shall be necessary, the deposit or the balance of the sum so deposited shall be returned to the applicant.

Authority to be subject to Conditions.

173. Every order granting authority to occupy reserved or exempted lands for mining purposes shall be made subject to and shall contain such conditions, restrictions, and stipulations as the Governor shall in each case impose. The applicant may be required to enter into a bond, to be approved by the Minister, for the due observance and performance of such conditions, restrictions, and stipulations.

Penalty for Breach of Conditions.

174. If any miner to whom authority as aforesaid shall have been granted shall fail to observe or perform any of the conditions, restrictions, or stipulations, subject to which the authority shall have been granted, such miner shall be deemed to be mining on reserved or exempted lands, without authority, and shall be liable, on conviction, to a penalty not exceeding Ten pounds, and to be summarily removed therefrom.

Authority may be cancelled.

175. The Governor may at any time cancel any order or withdraw any authority granted under these Regulations, if the miner to whom such authority shall have been granted shall at any time fail to observe and perform the conditions, restrictions, and stipulations aforesaid, or shall fail to hold a valid Miner's Right, or if it shall be found that such reserved or exempted land cannot be occupied for mining purposes without injury or obstruction to the enjoyment by the public of the same.

Mining without Authority.

176. Any person who shall, without authority first obtained, occupy reserved or exempted land, shall be liable, on conviction, to a penalty not exceeding Ten pounds, and to be summarily removed therefrom.

The liquidator or the company shall forward to the Registrar at the Supreme Court a statutory declaration made by the liquidator or by a director or officer of the
