TIMBER TRAMWAYS.

Department of Lands and Surveys,
Perth, 5th February, 1903.

1899
1902
HIS Excellency the Governor in Executive Council has been pleased, under the provisions of "The Land Act Amendment Act, 1902," to approve of the Regulations as hereunder, for the construction and working of Timber Tramways through and upon Crown Lands and Reserves, in lieu of those published in the *Government Gazette* of 25th April, 1902, which are hereby cancelled.

R. CECIL CLIFTON,
Under Secretary for Lands.

REGULATIONS FOR THE CONSTRUCTION AND WORKING OF
TIMBER TRAMWAYS UNDER "THE LAND ACT AMENDMENT ACT, 1902."

1. Application for permission to construct and use tramways through and upon Crown Lands and Reserves shall be made in the form of the First Schedule hereto, and shall be lodged with or forwarded by registered post addressed to the Minister for Lands at his office in Perth, and accompanied by a deposit equal to the amount of rent or propor-

tion thereof due upon the next half-yearly period appointed for payment thereof, and calculated as in the Second Regulation set forth, which deposit shall be returned if the application is not approved, and shall also be accompanied by a plan showing the position of the proposed tramway, such plan to contain sufficient data to enable the position of the tramway to be accurately delineated on the plans of the Department of Lands and Surveys. On approval of the application, permission in the form of the Second Schedule hereto, with such other conditions as the Governor may deem fit to impose, will be issued to the applicant.

Before the issue of any permission the applicant will be required to enter into a bond with two or more sureties approved by the Minister, to observe and abide by the conditions therein and in these Regulations contained, in all respects.

2. The rent payable in respect of such permission shall be such sum as may be fixed by the Governor, but shall not in any case be less than Two pounds (£2) per annum for each mile or fraction of a mile of the length of the proposed tramway.

Such rent shall be payable half-yearly in advance, on the first day of March and the first day of September in each year.

3. Upon receipt of the acknowledgment from the Minister of the receipt of an application, and before the granting of any permission to construct and use a firewood tramway will be made, the applicant shall cause the application to be advertised in at least two consecutive issues of some newspaper circulating in the district of the proposed tramway, and shall forward to the Minister a copy of the advertisement.

4. If the locality of the proposed tramway be within the limits of any proclaimed goldfield, the applicant shall at the same time cause a copy of the application to be posted at the principal office of the Warden of such goldfield, and shall forward a copy thereof to the Minister.

5. The applicant shall set forth in the application the nature of the motive power proposed to be used for haulage purposes on the tramline.

6. Any person shall have the right to object at any time within fourteen days of the last advertisement or posting of such notice, whichever shall last occur, to the granting of the permission applied for by notice, in writing, addressed to the Minister setting forth the reasons of such objection, and lodged at his office in Perth, or sent to him, addressed as above, by registered post; a copy of such notice will be sent to the applicant by the Minister.

7. The Minister may summon the applicant and the objector to appear before him and state more fully their reasons.

8. Any person to whom permission may be granted to construct a tramway shall, within one month of the completion of same, and before commencing the user, notify the Minister of the completion, and at the same time furnish at his own cost a plan showing the portion completed, such plan to be signed by a licensed surveyor, and the survey represented thereon must be carried out to the satisfaction of the Surveyor General, in accordance with the rules and regulations for the guidance of surveyors working for the Department of Land and Surveys. Failure to notify the Minister or supply the necessary plan shall render the permission liable to cancellation.

9. Should any person to whom permission to construct a tramway as aforesaid is given, fail to construct and properly equip one quarter of the tramway within six months, and the whole within twelve months from the date he is notified of approval, or should he fail to use such line for the purpose for which permission is granted for a period of one month, the permission will be cancelled; provided that the Minister may, by writing under his hand, grant exemption from using such tramway for any period not exceeding three months. The granting of such exemption shall not relieve the holder from the payment of the prescribed rent.

10. Any person to whom permission to construct and use a tramway is granted may, without any further permission, construct and use spur lines on both sides of the main line. But no spur line shall extend beyond a boundary parallel with the main line and distant two and a-half miles therefrom, measured at right angles, and the grantee shall lodge at the Department of Lands and Surveys, once at least in every three months, a plan showing all spur lines and deviations.

No such permission shall be transferred, assignee, mortgaged, sub-let, or otherwise disposed of, without the approval, in writing, of the Governor first had and obtained, and on payment of the prescribed fees.

11. No alteration or extension shall be made to the proposed line of the tramway without the previous consent, in writing, of the Governor first had and obtained.
