ABOLITION OF PILOT STATION AT ROTTNESST ISLAND
(PORT OF FREMANTLE).

The Fremantle Harbour Trust Commissioners, with the concurrence of the Hon. The Colonial Secretary, hereby notify, for general information and guidance of persons using the Port of Fremantle, that on and after the First day of August next (1st August, 1903), the Pilot Establishment, hitherto existing at Rottneest Island, will be discontinued, and that the Pilot Service of the Port of Fremantle will thenceforward be worked from Fremantle.

The Pilot Station, at Fremantle, will be worked as a Shore Station, provided with a steam pilot boat, launch, and sailing lugger.

Rottneest Island is connected with Fremantle by telephone, and vessels bound for Fremantle will, on making Rottneest Island and requiring a Pilot, signal for same to the Signal Station situated at the main Lighthouse on the Island, and on this signal being made out it will be reported to the Pilot Station at Fremantle, whence Pilots will be despatched as required to board incoming vessels at the Pilot Boarding Ground (which is situated about five miles East of Bathurst Point, on Rottneest, as shown on new issues of Chart No. 1058).

Shipmasters are warned not to approach Rottneest nearer than three (3) miles, and to always pass in North of the Island and stand to the Eastward till Fremantle Time Ball Tower (Arthur Head) bears S.E. (Mag.), then steer S.E. towards Boarding Ground.

Sailing vessels working to the Southward with a head wind when East of Rottneest, not to stand closer than three miles to Rottneest Island or mainland.

When approaching Rottneest in the winter months, sailing vessels must guard against getting embayed South of the Island, as the winter gales generally commence at North with a falling barometer, and rapidly veer to the Westward.

Do not, under any circumstances whatever, heave to North, West, or South of Rottneest, but proceed to Pilot Boarding Ground.

At night, after picking up the Woodman's Point Leading Light stand East, through the Red and into the Bright Sector steer to the S.E. towards Boarding Ground, taking care to keep in Bright Ray.

The South Passage at Rottneest is on no account to be attempted except by vessels whose Masters hold Pilotage Exemption Certificates.

CITY OF PERTH.

REGULATIONS AND BY-LAWS WITH RESPECT TO TRAMCARS.

IN pursuance of the powers in that behalf contained in "The Tramways Act, 1885," the Mayor and Councillors of the Municipality of Perth do hereby repeal By-laws No. 1 to 29, passed by the Council of the City of Perth on the 5th day of February, 1900, for the licensing of tramcars, drivers, and conductors, and do make and order the following Regulations and By-laws in lieu thereof:—

1. In the construction of these By-laws the words "Traffic Inspector" shall mean the person for the time being carrying out the duties of Traffic Inspector for the City of Perth.

2. No tramcar shall be kept for the purpose of plying for hire unless and until a license shall have been first had and obtained for the same and except during the currency of such license, and if any unlicensed tramcar shall be so kept for the purpose of plying for hire the owner thereof shall be liable to a penalty not exceeding £2.

3. Every license in respect of any tramcar shall expire on the thirty-first day of October next after the same shall be granted.

4. Before any license for a tramcar is granted by the Council, the owner thereof shall make application for the same on a form to be approved of by the Traffic Inspector.

5. The Council shall, upon any such application as aforesaid being made, cause an inspection to be made of the tramcar to which the same shall relate, and shall not grant the license unless such tramcar shall be found to be in a fit and proper condition for public use.

6. In every such license for a tramcar shall be specified the number of such license (but so that no two licenses granted hereunder by the Council shall bear the same number), and also the number of persons licensed to be carried in and by such tramcar: Provided that no child under the age of three years sitting on the lap shall be deemed a person within the meaning of this By-law.

7. The owner of every licensed tramcar shall cause to be painted or marked thereon, in such manner and in such conspicuous position as the Traffic Inspector shall direct, and shall keep so painted or marked, the number of such tramcar corresponding with the number of the license, and the number of passengers licensed to be carried by such tramcar.

8. The Traffic Inspector may, as often as he may deem it necessary, make an inspection of all tramcars licensed by the Council; and if any such tramcars shall be found to be in a condition unfit for public use, he shall give notice to that effect to the owner thereof, which notice shall be served on such owner by delivering the same at the usual place of residence or business of such owner; and if, after notice as aforesaid, the owner shall use any such tramcar whilst in such condition, such owner shall be liable, upon conviction,

to a penalty not exceeding £2 for every day during which such tramcar shall be so used.

9. No person shall act as a driver or conductor of any tramcar without having a valid and subsisting license so to act from the Council, which license such Council is authorised to grant on being satisfied that the person applying for the same is a person of good character, and proper skill and fitness, and competent to perform the duties of a driver or conductor thereof, as the case may be. Every such license shall be registered by the Traffic Inspector.

10. Before any license is granted by the Council to any person to act as driver or conductor of any tramcar, the owner of such tramcar shall make an application for the same on a form to be approved of by the Traffic Inspector.

11. Every license so to be granted to any driver or conductor shall expire on the 31st day of October next after the same shall be granted.

12. When any driver or conductor leaves the service of any owner of a tramcar or tramcars, such owner shall, upon production of the license of such driver or conductor, be entitled to have the name of some other person, to be approved by the Traffic Inspector, substituted in such license as driver or conductor, as the case may be, and thereupon the person whose name shall be so substituted shall be deemed duly licensed for the balance of the term for which the original license was granted, and shall be the only person entitled to act as driver or conductor in pursuance of such license.

13. Neither the driver nor the conductor of any tramcar shall allow more than the number of persons for which such tramcar shall be licensed to be carried in or by such tramcar, and no person shall enter into or upon such tramcar after he shall have been informed by the driver or conductor that the same has already the full number of passengers.

14. The driver of every tramcar shall stop such car immediately before crossing the intersection of any streets.

15. No driver of any tramcar shall stop such car upon the intersection of any streets.

16. Every licensed driver in charge of any tramcar shall at all times, whilst such tramcar shall be standing in any street, act under the direction of the Traffic Inspector, or other Officer of the Council, or any Police Constable on duty, and shall take up such position upon the tram line with such tramcar as shall be pointed out to him by such Traffic Inspector, Officer, or Police Constable.

17. No driver of any tramcar shall cause or allow the same to travel in any portion of the Municipality at a greater rate of speed than 10 miles per hour.

18. No driver of any tramcar shall, without the consent of the Traffic Inspector first had and obtained, cause or allow the same to follow any other tramcar at a less distance than 50 clear yards.

19. The driver of every tramcar shall sound the gong or bell attached thereto, and give sufficient warning as the said tramcar overtakes any vehicle or approaches the intersection of any streets, and also before setting the car in motion after any stoppage, and before passing another car, whether stationary or in motion.

20. The driver of any tramcar shall stop the same upon demand by the Traffic Inspector, or other Officer of the Council, or any Police Constable, to enable such Traffic Inspector, Officer of the Council, or Police Constable to count the number of passengers, or to ascertain the name of any person on the said tramcar who may be offending against any of the By-laws or Regulations, or any By-law or Regulations lawfully made in pursuance of "The Tramways Act, 1885."

21. Every driver and conductor of any tramcar shall, on being requested by any Traffic Inspector or other Officer of the Council, or any Police Constable, or Passenger, give to such Inspector, Officer, Police Constable, or Passenger, his name and the licensed number of the tramcar he is driving or attendant on, and shall, upon request, produce his license for inspection by any such Inspector, Officer, or Police Constable.

22. No licensed driver or conductor of any tramcar shall suffer any unlicensed person to act as driver or conductor, as the case may be, of such tramcar: Provided that this clause shall not be deemed to prevent any person in the employ of the owner of any tramcar acting as driver of such tramcar in the presence and under the supervision of the licensed driver thereof.

23. No person shall drive along Hay Street, between Pier and Milligan Streets, any vehicle containing any timber, iron, stones, bricks, or other building or road-making material between the hours of 8 o'clock in the morning and 11 o'clock at night, unless such timber, iron, stones, bricks, or other material is or are to be used in connection with, or stored in, or is or are being removed from some building abutting upon such portion of Hay Street.

24. Where anything is by any of the foregoing Regulations or By-laws directed to be done or forbidden to be done, and such act so directed to be done remains undone, or such act so forbidden to be done is done, in every such case the person or company making default as to such direction or prohibition respectively shall be deemed guilty of an offence, and for every such offence, not otherwise hereinbefore specially provided for, shall be liable to a penalty not exceeding £2.
