The following Notice to Mariners is published for general information.

Under Secretary.

WEST COAST.

ABOLITION OF PILOT STATION AT ROTTNESST ISLAND  
(PORT OF FREMANTLE).

The Fremantle Harbour Trust Commissioners, with the concurrence of the Hon. The Colonial Secretary, hereby notify, for general information and guidance of persons using the Port of Fremantle, that on and after the First day of August next (1st August, 1903), the Pilot Establishment hitherto existing at Rottneest Island, will be discontinued, and that the Pilot Service of the Port of Fremantle will thenceforward be worked from Fremantle.

The Pilot Station at Fremantle will be worked as a Shore Station, provided with a steam pilot boat, launch, and sailing lugger.

Rottneest Island is connected with Fremantle by telephone, and vessels bound for Fremantle will, on making Rottneest Island and requiring a Pilot, signal for same to the Signal Station situated at the main Lighthouse on the Island, and on this signal being made out it will be reported to the Pilot Station at Fremantle, whence Pilots will be despatched as required to board incoming vessels at the Pilot Boarding Ground (which is situated about five miles East of Bathurst Point, on Rottneest, as shown on new issues of Chart No. 1053).

Shipmasters are warned not to approach Rottneest nearer than three (3) miles, and to always pass in North of the Island and stand to the Eastward till Fremantle Time Ball Tower (Arthur Head) bears S.E. (Mag.), then steer S.E. towards Boarding Ground.

Sailing vessels working to the Southward with a head wind when East of Rottneest, not to stand closer than three miles to Rottneest Island or mainland.

When approaching Rottneest in the winter months, sailing vessels must guard against getting embayed South of the Island, as the winter gales generally commence at North with a falling barometer, and rapidly veer to the Westward.

Do not, under any circumstances whatever, heave to North, West, or South of Rottneest, but proceed to Pilot Boarding Ground.

At night, after picking up the Woodman's Point Leading Light stand East, through the Red and into the Bright Sector steer to the S.E. towards Boarding Ground, taking care to keep in Bright Ray.

The South Passage at Rottneest is on no account to be attempted except by vessels whose Masters hold Pilotage Exemption Certificates.

## GOVERNMENT RAILWAY CONTRACTORS' RATES, ETC.

Contractors' Plant ... Class 1 + 25 per cent.

Contractors' Plant, minimum, four tons per wagon ... Class A., owner's risk.

NOTE.—Contractors' plant includes tools, tackle, stores (other than groceries and provisions), chaff and material necessary for carrying out the work. Live stock and explosives will not be conveyed at above rates. The rates will apply only to Contractors' plant used for constructing a Government railway sent to the station nearest to the line to be constructed, and will be allowed on return trip when sent from new line to one station, only not distant more than the original mileage conveyed on outward journey.

Government Railway Contractors' Trains.—The Commissioner may, at his discretion, allow Government Railway Contractors' trains to be run over the lines, and, in the event of permission being granted, the following will be the rates and conditions:—

An engine, light, 1s. 6d. per mile, under steam; minimum, 50s.

A train of ten wagons, ballast or material—Contractors' own engine, trucks and men—or haulage of a dead engine, 2s. 6d. per mile; minimum, 50s. per train. Ballast or material trains are not charged for the return journey empty.

Contractors' wagons cannot be sent by ordinary goods trains unless provided with spring buffers.

Special Conditions.—All engines, wagons, etc., must be examined and passed by the Chief Mechanical Engineer before being allowed to run, and all expenses thereby incurred, together with freight, pilotage, and any other Departmental charge, must be paid in advance. In order to avoid unnecessary delay, where the amount of such expenses and charges cannot be definitely ascertained before running, a deposit equal to the estimated amount must be made, and any undercharge or overcharge adjusted when the correct amount has been determined.

Contractors' men in charge of engines or trains must give satisfactory proof of their knowledge of the line, and general fitness, before being permitted to run.

The Department finds pilots in all cases, whose wages and expenses are to be paid by Contractors.

No charge is made for distances not exceeding one mile.

The foregoing rates are contingent on the trucks being hauled by Contractors' engine from the place material is deliverable at by the Commissioner, according to contract, and provided the empty trucks are returned within twelve working hours; if not returned within twelve working hours, 1s. per truck per hour, or 4s. per working day, demurrage to be charged.

Government trucks will not be allowed to be loaded for traffic from point to point on the construction line except under special arrangement with the Commissioner.

THE INDUSTRIAL CONCILIATION AND  
ARBITRATION ACT, 1902.

(1 &amp; 2 Edwd. VII., No. 21).

*Friendly Societies' Office,  
Perth, 30th March, 1903.*F.S.  $\frac{170}{1903}$ 

## NOTICE BEFORE CANCELLATION OF REGISTRY.

To the Secretary of the Industrial Union called the Workers' Industrial Union of Carpenters and Joiners, Perth, W.A.

NOTICE is hereby given that it is the intention of the Registrar of Friendly Societies to proceed on the thirteenth day of May, 1903, to cancel the registration of the above-named Industrial Union under the above-named Act unless cause be shown to the contrary in the meantime.

The ground of such proposed cancellation is as follows:—  
That for the following reason, which appears to me good, the registration ought to be cancelled.

The continuance of the registration is contrary to the spirit of Section 10 of the Act, seeing that

- (1. There exists in the same locality, and connected with the same industry, an Industrial Union to which the members of this union may conveniently belong.
- (2.) Since the cancellation on the 12th February, 1903, of the Amendment of Rules of this Union, by order of the President of the Court of Arbitration, the rules are not in full compliance with the Act.

Dated this 1st day of April, 1903.

## NOTICE BEFORE CANCELLATION OF REGISTRY.

F.S.  $\frac{250}{1903}$ 

To the Secretary of the Industrial Union called the Hannans and Boulder Amalgamated Mining and Timber Employees Branch of the Amalgamated Union of Workers of Western Australia.

NOTICE is hereby given that it is the intention of the Registrar of Friendly Societies to proceed, on the fourteenth day of May, 1903, to cancel the registration of the above-named Industrial Union under the above-named Act unless cause be shown to the contrary in the meantime.

The ground of such proposed cancellation is as follows:—

- (a.) The rules are not in accordance with the Act because they combine mining and timber employees, and also because of the definition of member, provided by Rule 2, which is not limited as required by the Act.
- (b.) Having regard to the fact that there is an existing Industrial Union in the same locality which is limited to the specific industry of mining, I am of opinion, under Section 20, Subsection 2 (a), that there is no occasion for a second Industrial Union in the same locality in common with the same specific industry.

## NOTICE BEFORE CANCELLATION OF REGISTRY.

F.S.  $\frac{255}{1903}$ 

To the Secretary of the Industrial Union called the Bulong Branch of the Amalgamated Workers' Union of Western Australia.

NOTICE is hereby given that it is the intention of the Registrar of Friendly Societies to proceed on the fourteenth day of May, 1903, to cancel the registration of the above-named Industrial Union under the above-named Act unless cause be shown to the contrary in the meantime. The ground of such proposed cancellation is as follows:—

- (a.) No specified industry is mentioned in the Rules to which all the members shall belong, and the definition of member in Rule 2 is not limited as required by the Act.
- (b.) Having regard to the fact that there is an existing Industrial Union in the same locality which is limited to the specific industry of mining, I am of opinion, under Section 20, Subsection 2 (a), that there is no occasion for a second Industrial Union in the same locality in common with the same specific industry.

## NOTICE BEFORE CANCELLATION OF REGISTRY.

F.S.  $\frac{208}{1903}$ 

To the Secretary of the Industrial Union called the Kanowna Branch of the Amalgamated Workers Union of Western Australia.

NOTICE is hereby given that it is the intention of the Registrar of Friendly Societies to proceed on the fourteenth day of May, 1903, to cancel the registration of the above-named Industrial Union under the above-named Act unless cause be shown to the contrary in the meantime.

The ground of such proposed cancellation is as follows:—

- (a.) No specified industry is mentioned in the Rules to which all the members shall belong, and the definition of member in Rule 2 is not limited as required by the Act.
- (b.) That prior to any application to amend these Rules, notice of intention to make an application for registration by another Union in the locality had been given, and application was subsequently made, and is still pending. Such other Union is restricted to the specified industry of mining, and should therefore be registered. The locality does not warrant two Unions of miners.
