SALE OF FORFEITED LEASES AND LICENSES.

Department of Lands and Surveys, Perth, 1st December, 1903.

THE undermentioned Leases and Licenses (forfeited through non-payment of rent for the second half of 1903) will be offered for Sale by Public Auction, at this Office, on 6th January, 1904, at 11 o'clock a.m.

2. Each Lease or License will be offered separately, at the upset price of £1, and knocked down to the highest bidder; the amount bid to be taken as a premium, in addition to half-year's rent.

3. Premium and rent must be paid immediately after the sale, failure of which will render the sale void.

4. All improvements existing on any lots are the property of the Crown, and shall be paid for by the purchaser as the Hon. the Minister for Lands may direct.

5. Lands not sold at the auction may be applied for on the following day, in the ordinary manner.

R. CECIL CLIFTON, Under Secretary for Lands.

LOTS 1728 AND 1738 OPEN FOR SELECTION AS
"RESIDENTIAL LEASES."

¹³³⁷⁴₁₉₀₃ Department of Lands and Surveys,
Perth, 5th December, 1903.

IT is hereby notified that Ivanhoe Suburban Area Lots
1728 and 1738 will be open for selection on and after
Wednesday, 30th December inst., as "Residential Leases,"
subject to the regulations published in the *Government
Gazette* of the 5th June, 1903, page 1447.

Applications may be lodged at the Government Land
Agent's Office, Kalgoorlie, at any time prior to the 30th
December inst., and any application so lodged will be
deemed to have been lodged on that day.

In the event of two or more applications for the lot,
priority will be determined as prescribed by Sec. 17 of "The
Land Act, 1898," and Sec. 2 of "The Land Act Amendment
Act, 1900."

In the event of any applicant obtaining a lot on which
there are improvements not erected or owned by such
applicant, he shall pay the fair value of such improvements
to the Government Land Agent, Kalgoorlie, before his
application is approved.

Intending applicants are requested to lodge their appli-
cations before the 30th December inst., and are reminded
that it is unnecessary to employ an agent, as applications
may be lodged personally or sent through the post.

Plan showing the lots referred to are obtainable at this
Office, and at the Office of the Government Land Agent,
Kalgoorlie.

R. CECIL CLIFTON,
Under Secretary for Lands.

GOVERNMENT ASSAYS.

ASSAYS, Analyses, and Determinations of any Western Australian Ore or Rock will be made by the Assayer to the Geological Survey, when not unduly interfering with official work, subject to the following conditions:—

- Each sample must weigh at least 6oz., but not more than 2lbs.
- Each sample must be enclosed in a separate canvas bag or strong paper wrapper, with a slip of paper bearing the name and address of the sender, together with a private mark by which it may be readily identified.
- The parcel must be forwarded prepaid to :—
The Mineralogist and Assayer,
Geological Survey Office,
Perth.
- A letter must be sent at the same time to the same address, stating for what metals the samples are to be assayed, or containing other instructions, as the case may be.

(N.B.—It is always advisable to keep duplicate samples of those submitted.)

5. Before any assay is made the prescribed fee must be paid to the Mineralogist and Assayer or sufficient reasons, in accordance with Section 7 below, be furnished for having the samples treated free of cost.

6. The following fees will be charged :—

	£	s.	d.
(a.) Determination of a Rock or Mineral ...	0	10	6
(b.) Assay for Lead, Iron, or Manganese, each ...	0	10	6
(c.) Assay for Silver, Copper, or Tin, each ...	0	12	6
(d.) Assay for Gold or Zinc, each ...	0	15	0
(e.) Dry Assay for Lead, Silver, and Gold ...	1	1	0
(f.) Assay for Antimony, Bismuth, Chromium, Cobalt, Mercury, or Nickel, each	1	11	6
(g.) Proximate Analysis and Calorific Valuation of Coal ...	1	11	6
(h.) Complete Chemical Analysis of any Mineral or Ore, according to number and nature of determinations, £2 12s. 6d. to ...	5	5	0
(i.) Other determinations, according to time spent, up to ...	2	12	6

7. With the object of encouraging bona fide prospecting, free assays will be made under the following circumstances :—

- The sample must have been obtained from land within the State not held under lease for mining purposes.
- The exact locality where the sample was found must be disclosed.
- The sample must be of sufficient promise to warrant an assay being made at the expense of the State.
- Free assays will not be made of samples showing free gold, or of tailings or other metallurgical products, or of umpire samples.

8. The Department reserves to itself the right of refusing to make any particular assay, and also the right of publishing at any time the results of an assay made at the public expense.

FREE ASSAYS AT THE SCHOOL OF MINES,

COOLGARDIE.

WITH the object of encouraging *bonâ fide* prospectors, free assays for gold, silver, copper, etc., and determinations of mineral samples and rocks will be made at the School of Mines, Coolgardie, under the following circumstances:—

- The sender must satisfy the Director that he is a *bonâ fide* prospector, or acting on behalf of such, and that the sample forwarded is one genuinely complying with the following conditions under which free assays will be made.
- The sample must have been obtained from land within the State not held under lease for mining purposes.
- The exact locality where the sample was found must be disclosed.
- The sample must be of sufficient promise to warrant an assay being made at the expense of the State.
- Free assays will not be made of samples showing free gold, or of tailings or other metallurgical products, or of umpire samples.
- Samples to be assayed for gold should weigh about 1 or 2lbs. Other samples should be as large as circumstances will permit, up to 2lbs.
- Each sample must be properly marked, and securely fastened in a separate bag, along with the name and address of the sender.
- The parcel must be forwarded, prepaid, to

F. B. ALLEN,
Director School of Mines,
Coolgardie,

and be accompanied by a letter containing instructions and stating the locality where the samples were obtained.

Duplicate samples should be kept by the sender.

The Department reserves to itself the right of refusing to make any particular assay, and also the right of publishing at any time the results of an assay made at the public expense.

By order of the Hon. the Minister for Works,

M. E. JULL,
Under Secretary for Public Works.

METROPOLITAN WATER SUPPLY.
CLAREMONT DISTRICT.

P.W. ⁶¹⁵³₁₉₀₃

Department of Public Works,
Perth, 10th December, 1903.

HIS Excellency the Governor in Executive Council, under the provisions of the Statute 63 Vict., No. 53, has been pleased to make the following By-laws, which are hereby published for general information.

M. E. JULL,
Under Secretary for Public Works.

By-Laws made under the Fremantle Water Supply Act, 1899 (63 Vict., No. 53).

Power to make By-Laws.

WHEREAS by the combined effect of "The Fremantle Water Supply Act, 1899," "The Public Works Act, 1902," and of "The Water Works Act, 1889," the Minister for Works is authorised and empowered, within the Claremont District, from time to time to make, alter, and repeal By-laws:

- I. For regulating the conduct of the officers and servants appointed or employed under or for the purposes of the said Act.
- II. For fixing a scale of charges for water supplied by measure, and a minimum quantity of water to be charged for where water is so supplied.
- III. For determining the times at which any charge for water supplied under agreement shall be payable, whether in advance or otherwise.
- IV. For regulating the number, form, material, dimensions, construction, and arrangement of pipes, fittings, and other works supplying water from the pipes of the Minister for Works to adjacent premises; the time of executing, and the notices to be given for such works, the superintendence thereof, the making good and replacing ground which may be displaced in the course of such works, and for inspecting, at reasonable times, pipes and fittings, whether within any buildings or otherwise.
- V. For regulating the construction, disposition, and inspection of meters.
- VI. For regulating the quantity of water each consumer is entitled to use in respect of his rates in any given period.
- VII. For preventing the waste or misuse of water, whether supplied by meter or otherwise.
- VIII. For compelling persons using water supplied by the Minister for Works to keep their pipes, fittings, and other appliances in proper repair; for preventing any alteration of, or interference with, such pipes or fittings without the consent of, or notice to, the Superintendent or Officer in Charge; for repairing such pipes, fittings, and appliances, so as to prevent waste of water, and for recovering the cost of such repairs.
- IX. For licensing competent plumbers, and for cancelling such licenses, and also for preventing any other than licensed plumbers from fixing, altering, or repairing any pipes, fittings, or meters

connected with the pipes or works of the Minister for Works, and fining licensed plumbers for breach of any of the regulations.

And whereas by the said Acts it is enacted that the Minister for Works may, by such by-laws, impose such reasonable penalties as he may think fit, not exceeding Twenty pounds, for any breach of such by-laws, and, in case of a continuing offence, a further penalty, not exceeding Five pounds, for each day after notice of such offence shall have been given by the Minister for Works to the offender.

Now, the Minister for Works, under and by virtue of the powers contained in the Acts aforesaid, doth make the By-laws following:—

Interpretation clause.

1. In the construction of these By-laws, except where the subject matter or context shall require a different interpretation, the words "Minister for Works" shall mean and include any person acting on behalf of the Minister for Works; and the words "Claremont District" shall mean and include the Claremont Municipality and the Claremont, Cottesloe, Peppermint Grove, and Buckland Hill Road Districts.

Officers and workmen not to accept gratuity.

2. The officers and workmen of the Minister for Works, employed in connection with the Metropolitan Water Supply, Claremont District, shall not accept any fee, gratuity, or reward whatsoever other than the salary, wages, or allowances granted them by the Minister for Works.

Information supplied at Superintendent's Office, Claremont.

3. Any person desirous of obtaining information relating to the Metropolitan Water Supply, Claremont District, is required to apply for the same to the Superintendent of Water Supply, at his office in Claremont.

Fixing a scale of charges for water supplied by measure.

4. The prices to be charged for supplying water to shipping within the Claremont District shall be as follows:—

- (a.) Supplies per meter to shipping and machinery connected with shipping,
4s. per thousand gallons.

Provided that if the quantity of water taken by any one ship at any one time is over 35,000 gallons, reduced rates shall be charged for the excess quantities, viz., as follows:—

From 35,000 to 55,000 gallons—35,000 at 4s. per 1,000, and the balance at 3s. per 1,000.

From 55,000 to 75,000 gallons—35,000 at 4s. per 1,000, 20,000 at 3s. per 1,000, and the balance at 2s. 6d. per 1,000.

Over 75,000 gallons—35,000 at 4s. per 1,000, 40,000 at 2s. 9d. per 1,000, and the balance at 2s. per 1,000.

5. The rate to be charged for water supplied by measure to consumers, other than shipping, shall not exceed 1s. 6d. per thousand gallons; provided that, if the consumer be subject to the water rate, the amount of such charge shall be not less than the amount of the water rate.

Minimum charges for water supplied by measure.

6. The minimum charge for water supplied by measure within the Claremont District shall be as follows:—

- (a.) Minimum charge for water supplied by measure to private consumers shall be 10s., exclusive of rent of meter.

(b.) Minimum charge for water supplied by measure to shipping and machinery connected with same shall be 2s. 6d.

(c.) Minimum charge for water supplied by measure to Municipalities or Road Boards shall be 1s.

*Determining time of payment for supplies by measure—
Deposit may be required—Rent of Meters.*

7. At any time after the meter registering the quantity supplied has been read by the officer of the Minister for Works, the amount charged for water supplied by measure shall be payable by the consumer on his receiving a notice that such amount is due; such notice to be served as provided for in "The Municipal Institutions Act, 1900." The Minister for Works may require a deposit to be lodged of such an amount as will, in his opinion, be sufficient security for the due payment of all charges in connection with water supplied, and such deposit shall be refunded after the agreement in respect of the supply of water shall have terminated, and after all charges in connection with such supply of water shall have been paid. The rent of meters shall be paid in advance.

Fees payable in lieu of supply by meter.

8. The Minister for Works may agree with any consumer using water for all or any of the purposes hereinafter mentioned to pay for same at the following rates, but the Minister for Works reserves the right to cancel the agreement and terminate the supply on forty-eight hours' notice, and shall in such case return, on a written demand, a proportionate amount of the charges paid for the then current year. All agreements hereunder shall terminate on the 31st December next following the date thereof, but may be renewed by the Minister for Works as required:—

Horses	...	Five shillings each per annum.
Vehicles	...	Ten shillings each per annum.
Cows	...	Five shillings each per annum.

The Minister for Works may permit water to be supplied for building purposes, on the following terms:—

Water for building ordinary dwelling with brick and plaster, five shillings per room.

Water for building ordinary dwelling with lath and plaster only, two shillings and sixpence per room.

Brick chimneys in wooden houses, two shillings and sixpence each.

Water supplied for buildings other than ordinary dwellings, such as hotels, halls, warehouses, stores, etc., will be charged for by arrangement.

Plans and specifications to be submitted in all cases.

All fees to be paid in advance.

Applications for water under this by-law must be made on the prescribed form.

Who to tap mains.

9. The water mains shall be tapped only by the workmen of the Minister for Works.

Service pipe will only be laid to nearest street boundary.

10. Where the lands or premises for which a supply is required are in a street in which a main pipe is laid down, the Minister for Works may be required to lay a service pipe from the water main to the nearest street boundary of such lands or premises; but the said Minister for Works shall not be required to lay a service pipe to any other lands or premises.

Service pipes on private property.

11. The Minister for Works shall not be required to lay a service pipe on private property.

*For supplying lands and premises situated more than
180ft. from a main.*

12. A water supply to any lands or premises situated at a greater distance than one hundred and eighty feet from a water main will be given only under special agreement, and at the discretion of the Minister for Works.

Separate service pipe to be laid to each tenement, etc.

13. Lands or premises for which a water supply is required shall not, if separately occupied, be connected except by a separate service pipe to each of such lands or premises.

Discontinuation of supply for purpose of tapping mains.

14. For the purpose of tapping the mains, the water supply shall be discontinued whenever it may be found necessary to do so.

Removal of defective fittings.

15. Any consumer's pipe, cock, cistern, or other fitting laid, fixed, or used otherwise than in accordance with these Regulations and with the provisions of the Act, or which shall, in the opinion of the Minister for Works, be or become of bad or defective quality, or shall conduce to the waste, misuse, or contamination of the water, shall, upon the Minister for Works giving notice in writing, be discontinued and disused; and the Minister for Works may require the same to be removed, replaced, or repaired, and may, if he think fit, stop the supply of water to the said consumer until such pipe, cock, cistern, or other fitting shall have been removed, replaced, or repaired to the satisfaction of the Minister for Works by a plumber licensed by the Minister for Works to execute water supply plumbing work within the Claremont District.

Supplies to steam boilers, etc.

16. Private services shall not communicate directly with any steam boiler or other apparatus used for the generation of steam, but the feed water shall be supplied in such a manner that none of the water in the boiler or such other apparatus can return into the main or service pipe. Any boiler or other apparatus in which the feed water is supplied direct from the service pipe shall be disconnected by a licensed plumber, engaged by the owner, within twenty-four hours after the owner has received written notice to have such work done from the Minister for Works, and such alterations in the arrangement of the supply shall be made at the owner's expense by the said licensed plumber as may be necessary to comply with this By-law; and if the required alterations be not made within twenty-four hours after the service of such written notice on the owner, or at the premises where the said boiler or apparatus is fixed, the owner shall be liable to the penalties provided by By-law No. 49, and the Minister for Works shall be at liberty to discontinue the supply of water without giving any further notice, and the supply shall not be restored until the alterations are completed to the satisfaction of the Superintendent of the Water Supply, and until all penalties are paid, including the charges for cutting off and restoring the supply.

Diameters of service pipes.

17. The supply of water to each consumer shall be through a separate service pipe of one of the diameters stated hereunder, according to the annual rental value of the lands or premises as assessed for the purpose of the General Rate:—

For premises assessed at under £75 per annum,
 $\frac{1}{2}$ -inch pipe.

For premises assessed at more than £75 and not more than £150 per annum, $\frac{3}{4}$ -inch pipe.

For premises assessed at more than £150 and not more than £300 per annum, 1 inch pipe.

For premises assessed at more than £300 and not more than £400 per annum, $1\frac{1}{4}$ inch pipe.

Other premises as per special agreement.

Expense of service connections on private property to be borne by owner or occupier.

18. The owner or occupier shall bear the expense of the laying down and maintenance on his premises of all pipes, service connections, and apparatus in connection with the water supply.

Quality of fittings.

19. The whole of the pipes, tees, thimbles, bands, reducing couplings, plugs, etc., used in service connections shall be of galvanised iron of the best manufacture, and, where necessary and usual, true in section, straight, and of equal thickness, properly and truly cut with proper thread, and perfectly sound and new, and free from all defects. The tees, bends, tubes, etc., are to be capable of withstanding a hydrostatic pressure equal to a column of water 400ft. in height.

Joints.

20. All joints between tees, bends, thimbles, couplings, elbows, cocks, etc., shall be made with flax, and approved by the Minister for Works before being allowed to form part of any service.

Depth of underground service pipes.

21. No underground service pipe on private property shall be laid at a less depth than 12in.

Location of service pipes, etc.

22. The location of all service pipes and fittings shall be subject to the approval of the Minister for Works.

Pipes through drains, etc., to be properly protected.

23. No pipe or other apparatus shall be laid through any sewer, drain, ashpit, cistern, or manure tank or trough, in or into any place where, in the event of the pipe becoming unsound, the water conveyed through such pipe may be liable to be fouled or to escape without observation—unless such pipe or apparatus be laid through an exterior cast iron pipe or box of sufficient length and strength to afford due protection to same, and to bring any leakage or waste within easy detection.

Testing fittings.

24. All taps, stop-cocks, bib-cocks, ball-cocks, valves, closet-cisterns, service-boxes, waste-not regulators, bath taps or valves, or other fittings used in connection with a supply of water shall bear the stamp M.W.S. after having been tested and approved by the duly authorised officer of the Minister for Works before being fixed.

Cocks.

25. All stop and bib-cocks shall be loose valve, screw-down, high-pressure cocks, made of hard brass or gun metal, and be in every respect of best quality and workmanship.

Cisterns.

26. Every cistern and tank used must be provided with an equilibrium ball-valve, and the overflow pipe shall be laid and fixed in a suitable manner, so as to discharge in some conspicuous place, open to inspection, and in a position approved by the duly authorised officer of the Minister for Works.

Service not to communicate with rain-water receptacles or underground tanks.

27. No service pipe shall communicate with any cistern, tank, or vessel intended or used for the reception of rain-water, or made or used below the surface of the ground.

Water-closets.

28. Every water-closet fitting used shall be of such construction as shall be approved by the duly authorised officer in charge, and must be supplied from the service pertaining to the tenement through a proper closet cistern or service-box, fitted with approved waste-preventing apparatus. No service pipe will be suffered, under any pretence whatever, to communicate directly or indirectly with the basin or trap, or otherwise than with the cistern of a water-closet.

Baths.

29. In every bath the outlet shall be distinct from and unconnected with the inlet or inlets; and the inlet or inlets must be placed above the highest water level of the bath. The outlet of every bath must be provided with a perfectly water-tight plug, valve, or cock. No bath shall have any overflow waste pipe, nor exceed in dimensions 6ft. 6in. long by 3ft. wide by 2ft. 6in. deep, unless the water is supplied through meter. The Minister for Works will not supply any bath unless the same shall be so constructed as to prevent a waste of water.

Urinals.

30. Every urinal shall be supplied only through a cistern or service-box, fitted with approved waste-preventing apparatus. No service pipe shall be suffered to communicate directly with urinal.

Construction, regulation, and disposition of meters furnished by the Minister for Works.

31. The Minister for Works may supply water by measure to any person requiring the same, on terms and conditions set out on Schedule "A." The expense of fixing and removing meters will be charged to the consumers having the use of same. The rent of meters, which is payable half-yearly in advance, and includes charges for fair wear and tear, will be 15s. per annum for $\frac{1}{2}$ in. and $\frac{3}{4}$ in. meters; 20s. for 1in. and $1\frac{1}{2}$ in. meters; 30s. for 2in., $2\frac{1}{2}$ in., and 3in. meters; and for larger sizes according to agreement. Meters will be provided by the Minister for Works. Before being hired out by the Minister for Works all meters shall be tested in regard to accuracy of measurement, and no meter which registers inaccurately to the extent of more than two per cent. will be hired out for measuring water from the mains within the Claremont District.

Meters registering incorrectly.

32. If from any circumstances any meter shall cease to indicate correctly the water passing through it, the Minister for Works shall be entitled to charge for the supply according and equal to the corresponding period of the preceding year; or, in case where there is no corresponding period, the charge made will be based on the average consumption of water per head in the Claremont District at the time, and on the number of people resident and working on the premises in question; or, at the request of the consumer or will of the Minister for Works, if the said meter has not stopped working, it shall be tested in the manner provided by Clause 5 of the prescribed Agreement "A" for supply by meter, and the charge for water supplied regulated accordingly.

33. No meter shall be affixed or disconnected from the service pipes, or in any way interfered with, except by the workmen of the Minister for Works.

Power to supply by measure.

34. The Minister for Works may compel any person supplied with water to take the same by measure.

Water-troughs.

35. If necessary in the opinion of the Minister for Works, water-troughs shall be supplied through meter.

Circumstances under which consumers may be required to have meters affixed.

36. When, in the opinion of the Minister for Works, any consumer is using a quantity of water in excess of the prescribed quantity he is entitled to receive in consideration of the amount of water rate payable by the said consumer in accordance with By-law No. 38; or, when, in the opinion of the Minister for Works, any consumer is using water for other than domestic purposes, a notice will be issued to such consumer by the Minister for Works, calling on him to have a meter affixed to his service pipe within seven days; and should such consumer, within seven days from date of such notice, not take the necessary steps in accordance with the By-laws, towards having a meter affixed to his service pipe so as to control the whole of his supply, then the supply of water to him shall be discontinued, and such discontinuance of supply shall not release him from payment of the water rate for any preceding or subsequent period.

Application for meter.

37. Any person requiring a meter to be affixed to his service pipe shall make application therefor in the form as per Schedule "D" to these By-laws, and shall pay to the Minister for Works all fees chargeable in accordance with these By-laws.

Prescribed quantity of water to be supplied in consideration of water rate.

38. The prescribed quantity of water which any consumer is entitled to receive in any given period, in consideration of the amount of water rate payable by such consumer, is that quantity the total cost of which, if paid for at the rate of one shilling per thousand gallons, would amount to a sum equal to the amount of water rate paid for such period; provided always that such period shall not exceed six calendar months.

Consumers may not allow water to be taken from their service pipes by persons not entitled to a supply.

39. Any person having a service pipe to a water main, who willfully permits any other person not entitled to a supply of water from the Minister for Works to take water from such service pipe, shall, for every such offence, be liable to a penalty not exceeding Five pounds.

Licensing of plumbers.

40. Before any person shall affix any service pipe to any pipe of the Minister for Works, or alter, repair, or in any manner interfere with any pipe of the Minister for Works, or any service pipe, cock, or fitting connected with the pipes of the Minister for Works, he shall obtain from the Minister for Works a license in that behalf to execute such works; and any unlicensed person affixing, altering, repairing, or in any way interfering with any such pipe, service pipe, cock, or fitting as aforesaid in connection with the supply of water to any lands or premises, shall be liable to a penalty not exceeding Ten pounds.

Such license shall be for such period, and be from time to time renewable, as the Minister for Works may see fit; and the Minister for Works may at any time, at his discretion, cancel such license.

Deposit to be lodged.

40A. Before any such license shall be granted by the Minister for Works, the person applying for the same shall make application on the proper form, and shall satisfy the Minister for Works that he is a competent plumber, and he shall, if the Minister for Works think necessary, submit to a written and practical examination on the theory and practice of plumbing work in a manner to be specified by the Minister for Works. If the application be approved, the applicant shall, before the issue of the license, deposit a sum of Five pounds with the Superintendent, which shall be retained during the currency of the license as a security for the proper performance of all work done by the applicant in connection with the supply of water to lands and premises.

Bad work by plumbers may be made good from deposit.

41. The Minister for Works may deduct the amount of money required to make good any bad work done by the said licensed plumber or his employees from the Five pounds deposited by the said licensed plumber, who shall then be required to recoup the deposit by the amount so deducted.

Inspection of Work.

42. All work done on private lands or premises in connection with the water supply, whether such work consist in the laying and fixing of new services, or in the extension or alteration of existing services and fittings, may be inspected by the proper officer of the Minister for Works. For this purpose the plumber executing such work is bound to give forty-eight hours' notice to the Superintendent, on the proper forms, of the plumber's intention to do such work, and shall describe on the forms the nature and extent of such work, and give full description thereof. In no case shall the water be turned on to any lands or premises where any such work shall have been executed until the said work shall have been inspected by the said officer, and certified by him to be in strict accordance with these By-laws.

Plumbers may not interfere with any main of the water supply without permission.

43. Plumbers or their employees (who shall at all times be competent tradesmen) shall not, on any occasion, without the permission of the Minister for Works or his Superintendent, interfere with any main nor with any stop-cock or fitting or any main connected with the Water Supply within the Claremont District.

Expense incurred by reason of infraction of By-laws to be borne by person responsible for such infraction.

44. Whenever the Minister for Works, by reason of an infraction of these By-laws, is put to any expense, he may recover the costs of all repairs, shutting off, disconnecting, re-connecting, or other work, from the consumer, who is, according to the Acts and By-laws regulating the water supply within the Claremont District, primarily responsible for said infraction of the By-laws; and the said Minister may, without prejudice to his right to levy and collect water rates for any period from the consumer, refuse to continue the supply to the premises occupied by the consumer, at the time the aforesaid expense may have been incurred, until the consumer has paid the said costs.

Officer or inspector may enter houses.

45. An officer, acting by authority of the Minister for Works, may, at all reasonable hours, enter into any house or premises supplied with water by the Minister for Works, in order to examine if there be any waste or misuse of water; and, if he be refused such admission, or prevented from making such

Application for Plumber's License.

To the Hon. the Minister for Works.

SIR,

I hereby apply to you for a License called a “Plumber's License,” entitling me to do all those things and acts which a “Licensed Plumber” may lawfully do under the provisions of “The Fremantle Water Supply Act, 1899,” “The Waterworks Act, 1889,” and any now existing By-laws, or any amendment or enlargement thereof as may come into force from time to time. And I hereby agree, in consideration of the granting of the said License, to hold the same at the disposal of the Hon. the Minister for Works, and to produce to and hand over the same when and as often as I may be called on so to do by the said Minister or his agent for demanding or receiving the same, as the case may be, and any withdrawing or withholding the same from me by the said Minister at any time shall not at Law or Equity be, or deemed to be, a cause of action for damages. I further agree to deposit with the said Minister for Works the sum of Five pounds (£5) as a guarantee or deposit for the faithfully carrying out my obligations under the said License, and I hereby authorise the Hon. Minister for

Works to deduct therefrom, so far as the said deposit will go, any sum required to make good any bad work done by me under the said License which, in the opinion of the said Minister for Works, I should replace or re-do under the provisions of the said Acts, or any of them; and so often as moneys be withdrawn from the said sum of Five pounds (£5) on that account I undertake to make up the amount so withdrawn, and so keep the said deposit at the sum of Five pounds (£5).

Plumber's License.

To all whom it may concern.
In pursuance of powers vested in me, I do hereby authorise and license of Plumber, to extend, alter, cut off, and repair any pipe or fittings forming part of the Metropolitan Water Service, Claremont District (except the pipes being the property of the Minister for Works), or to do any other act or thing which he may lawfully do under the provisions of an Act of Parliament of the said State entitled “The Fremantle Water Supply Act of 1899,” and the “Waterworks Act of 1889,” and any Regulations or By-laws issued or made thereunder, or purporting so to be.

This license shall remain in force until, with or without any notice, it is absolutely cancelled and annulled by the Minister for Works; and on delivery of a notice in writing of cancellation of said lease at the address of the licensee as above, this license shall be deemed to have been cancelled; and every person who, after the delivery of such notice, continues to act as if this license were in force shall be liable, for every act so done, to any penalty or damages which might have been recoverable if this license had never been issued.

Dated at Perth, this day , 19 .

Minister for Works.

The foregoing By-laws and Schedules thereto approved by His Excellency the Governor in Executive Council this 9th day of December, 1903.
ARTHUR H. WILLIAMS,
Clerk of Executive Council.

Appendix No. 1 to By-laws made under the Fremantle Water Supply Act, 1899.

Attention is drawn to the following Extracts from Acts of Parliament governing the Fremantle Water Supply. (Note: For “Council or Contractors” read “Minister for Works.”)

CLAUSE 20.—THE WATERWORKS ACT, 1889.
What is domestic supply.

A supply of water for domestic purposes shall include a supply for one water closet and one bath, but shall not include a supply for cattle or for horses or for any steam engine or for washing carriages, where such horses or carriages are kept for hire or are the property of any dealer, or for any hotel, inn, trade manufacturer, or business whatever, or for watering gardens or for fountains, or for any ornamental purpose.

CLAUSE 22.—THE WATERWORKS ACT, 1889.

Power to supply by measure.

The Council or Contractors may supply any person with water for other than domestic purposes by measure at such prices and upon such terms and conditions as may be agreed upon between the Council or Contractors and the person desirous of having the supply, and may compel any person supplied with water to take the same by measure at the same price and upon the same terms as water is then supplied by the Council or Contractors to other consumers.

CLAUSE 26.—THE WATERWORKS ACT, 1889.

Laying of communication pipes.

Save in the cases provided for in the next preceding section, the Council or Contractors, on receiving from the owner or occupier of lands or premises in any street in which a main pipe has been laid down a written request for a constant supply of water for domestic purposes, shall provide and lay down to the edge of the same street nearest to such premises, and fix in readiness for use, and shall thereafter, at the like request, on receiving due notice in that behalf, keep in repair communication pipes and other fittings, and do such other acts and construct such works as the Council or Contractors shall deem necessary and proper for complying with and carrying out such request. The Council or Contractors may in like manner and under like circumstances provide, lay down, and fix pipes for supplying water by measure to any person entitled thereto under any agreement.

CLAUSE 33.—THE WATERWORKS ACT, 1889.

No pipe or fitting to be connected or disconnected or altered without consent of Council or Contractors.

It shall not be lawful for the owner or occupier of any premises supplied with water, or any consumer of the water, or any other person to affix, or cause or permit to be affixed, any pipe, fitting, or apparatus to a pipe belonging to or used by such owner or occupier, consumer, or any other person, or to make any addition to or alteration in any such communication or service pipe, fitting, or apparatus connected therewith, without the consent, in every such case, of the Council or Contractors: And if any person acts in any respect in contravention of the provisions of the present section, he shall, for every such offence, be liable to a penalty not exceeding Five pounds, without prejudice to the right of the Council or Contractors to recover damages from him in respect of any injury done to their property, and to the right to recover from him the value of any water wasted or misused.

CLAUSE 35.—THE WATERWORKS ACT, 1889.

Power to enter and examine if water is wasted, etc., and if fittings in order.

Any officer or person authorised by the Council or Contractors may, at all reasonable times, enter upon any lands and into any premises to which water is supplied by the Council or Contractors under agreement, or otherwise for the purpose of examining and ascertaining, and may examine and ascertain whether there has been or is any waste, misuse, fouling, or contamination of such water, and what quantity of water has been consumed there, and whether all baths, water-closets, soil-pans, receptacles, and fittings, and the materials and mode of arrangement thereof, used or intended to be used on or in such lands or premises for the purpose of conveying, delivering, or receiving water supplied or about to be supplied, are in every respect in accordance with the By-laws made under this Act and are in proper order and repair, and that they are used only for the purposes for which they may be lawfully used under this Act. If any bath, water-closet, soil-pan, receptacle, or fitting, shall on such examination be found to be out of repair, or the mode or arrangement thereof not in accordance with such By-laws, the Council or Contractors may, without prejudice to any other power or remedy which they have under this Act, give notice to the occupier or owner of such land or premises to repair or alter the same; and if any such occupier or owner shall fail or neglect to comply with such notice, or if any officer or person authorised by the Council or Contractors be at any reasonable time refused admission upon such lands or into such premises where such admission is claimed for any of the purposes mentioned in this section, or be obstructed in or hindered from doing all or any of the acts by this section authorised to be done, the Council or Contractors may cut off the water from such lands and premises, and shall not be bound to supply water thereto again, except at such times and upon such conditions (including payment of the expenses of cutting off and restoring such water) as the Council or Contractors shall think proper to prescribe; but the owner or occupier of such lands or premises shall nevertheless continue liable to pay water rates as before.

CLAUSE 40.—THE WATERWORKS ACT, 1889.

Penalty for wasting water, not repairing fittings, etc.

If any person supplied with water by the Council or Contractors wastes any water or wilfully or negligently causes or suffers any pipe, valve, cock, cistern, bath, soil-pan, water-closet, or other apparatus or receptacle to be out of repair, or to be so used or contrived that the water supplied to him by the Council or Contractors is or is likely to be wasted, misused, or contaminated, or so as to occasion or allow the return of foul air or other noisome or impure matter into any pipe belonging to or connected with the pipes of the Council or Contractors, he shall, for every such offence, be liable to a penalty not exceeding Five pounds.

CLAUSE 42.—THE WATERWORKS ACT, 1889.

Penalty for unlawfully taking water.

If any person, not being supplied with water by the Council or Contractors, wrongfully takes or uses any water from any reservoir, watercourse, conduit, or pipe belonging to the Council or Contractors, or from any pipe leading to or from any such reservoir, watercourse, conduit, or pipe, or from any cistern or other like place containing water belonging to the Council or Contractors, or supplied by them for the use of any consumer, he shall, for every such offence, be liable to a penalty not exceeding Five pounds.

CLAUSE 227.—MUNICIPAL INSTITUTIONS ACT, 1895.

Service of Notices.

Whenever under this Act any written, printed, or special form of notice is required to be served on or given to the owner or occupier of any building or land, such notice, addressed to the owner or occupier thereof as such, as the case may require, may be served on the occupier of such building or land, by leaving the same with some inmate of his abode, or by posting such notice in a registered letter addressed to such owner or occupier, or, if there is no occupier then resident there, by affixing the notice on some conspicuous part of such building or land, and by posting the same by registered letter to the owner or occupier to the address as appears by the rate-book; and it shall not be necessary in any such notice to name the occupier or the owner of any such building or land; and when the owner of any such building or land and his residence are known, the Council may, if such owner as aforesaid is residing within its jurisdiction, cause every notice required to be given to the owner to be served on such owner by leaving the same with some inmate of his abode; and, if such owner is not resident within its jurisdiction, the Council shall send every such notice by post, addressed to the last known place of residence of such owner.

CLAUSE 9.—FREMANTLE WATER SUPPLY ACT, 1899.

Premises to be subject to water rate when laid within 60 yards.

Water rates under this Act shall be paid in respect of all lands and premises within sixty yards from which a main pipe has been or shall be laid down; and when the Director of Public Works has published in the *Government Gazette* a notice that such main pipe has been laid down there, and that he is prepared to distribute a constant supply of water therefrom to the lands and premises situate within sixty yards thereof, such lands and premises shall be deemed to be supplied with water under this Act from and after the expiration of seven days from such publication. The water rate shall be payable in advance from the period which shall elapse between the first day of whatever month shall next follow the expiration of such seven days and the thirty-first day of December then following, and thereafter the rate shall be payable half-yearly in advance on the first day of January and first day of July in every year, subject to the provisions of this Act and to any By-laws made thereunder.

CLAUSE 11.—FREMANTLE WATER SUPPLY ACT, 1899.

Ingoing occupier to pay rates in arrear and (if not the owner) receive the amount from owner.

Every person who enters into occupation of lands or premises, though not being the owner thereof, shall be liable to pay all water rates then due in respect thereof, and, if not the owner, shall, after such payment, be entitled to recover from the owner the sum so paid, or to deduct them from or set them off against any sum due or coming due from such occupier to the owner.

Appendix No. 2 to By-laws made under the Fremantle Water Supply Act, 1899.

NOTICES.

Administration and local management.

1. It is hereby notified that the Engineer for Metropolitan Sewerage and Water Supply is empowered to administer and regulate on my behalf the affairs of the Metropolitan Water Supply (Claremont District), and that the Superintendent at Claremont is in charge of the local management of the aforesaid affairs within the Claremont District.

Recovery of Rates.

2. It is hereby notified that, if the water rate remain unpaid for seven days after the serving, in accordance with Clause 227 of "Municipal Institutions Act, 1895," of a notice that such rate is payable, proceedings at law will then be taken to recover the amount; and if the ratable lands or premises are connected with a water main, the supply will be cut off until such rates are paid.

Printed forms of application supplied at Superintendent's office.—
Fees to be prepaid.

3. THE Santa Claus Gold Mining Company, Limited, hereby give you notice that at an Extraordinary General Meeting of the Company, duly convened and held at the Office of the Company, Moir's Chambers, St. George's Terrace, Perth, on the 2nd day of December instant, a Special Resolution was duly passed by which the nominal capital of the Company has been increased by the addition thereto of £6,400 beyond the registered capital of £3,600.

Dated at Perth this 15th day of December, 1903.

ALLAN E. RANDELL,

Chairman.

In the matter of "The Companies Acts Amendment Act, 1899," and in the matter of The North Boulder Gold Mining Company, Limited (in Liquidation).

NOTICE is hereby given that the North Boulder Gold Mining Company, Limited (hereinafter called "the old Company"), has been placed in voluntary liquidation, and that John Whittaker, of 1 St. Helen's Place, in the City of London, was appointed Liquidator, and that Septimus Burt and Frank Mends Stone, of 308 Hay Street, Perth, have been appointed Attorneys for the said Company and its Liquidator.

The old Company's property has been sold to a new Company, incorporated and registered in England under the name of "The North Boulder Gold Mines, Limited" (hereinafter referred to as "the new Company"), and whose registered office in this State is situated at 308 Hay Street, Perth. The consideration for such sale is the issue of shares by the new Company to the shareholders in the old Company. The nominal share capital of the new Company is £200,000 in 400,000 shares of 10s. each, 260,000 of which are to be issued to the shareholders of the old Company, to be credited with 7s. 6d. per share paid up, and to have 2s. 6d. per share liability payable as follows:—6d. per share on application, 3d. per share on allotment, 3d. per share three months after allotment, and the balance by calls of not exceeding 3d. per share at intervals of not less than two months.

The Liquidator of the old Company has effectually reserved, for the benefit of colonial members, sufficient shares in the new Company to satisfy the rights of all colonial members of the old Company.

Any colonial member of the old Company may exercise his right or option to claim an allotment of shares as above described in the new Company by written application to Stone & Burt, 308 Hay Street, Perth, at any time within two months from the date hereof, stating the number of shares he desires to be allotted, and forwarding 6d. per share on application.

In the event of any Colonial member failing to claim the said shares within the said two months, his right to an allotment in respect to any shares not so claimed will lapse.

Dated at Perth, this 15th day of December, 1903.

STONE & BURT,
