THE MINING ACT, 1904.

AMENDMENT OF REGULATIONS.

*Department of Mines,**Perth, 29th November, 1905.*

¹⁸³⁰
¹⁹⁰⁵
HIS Excellency the Governor in Council has been pleased to make the following Amendments and Additions to the Regulations under "The Mining Act, 1904," to come into force throughout the State on the 1st day of December, 1905.

H. GREGORY,
Minister for Mines.

AMENDMENTS AND ADDITIONS.

1. In Regulation 41, the word "five" is struck out and the word "six" is inserted in place thereof; and after Subclause (e) a Subclause is inserted, as follows:—

(f.) A Race or Pipe Track Water Right shall mean the right to occupy, for the purpose of cutting a race or for laying a water-pipe on or underneath the surface of Crown land, such area as may be fixed by the Warden on the granting of the right.

A Race Water Right shall entitle the holder to cut, construct, and maintain a water race or use as a water race any natural channel on such land as may be fixed by the Warden on the granting of a right.

When a Race Water Right has been granted for the purpose of a tail-race it shall, during its currency, entitle the holder to cut, construct, maintain, and use the race in order to carry off water, tailings, sludge, and other refuse from mining operations, or to serve as a ground-slucce or race for saving gold or minerals, provided that the holder shall not be entitled to treat any portion of such tail-race as a ground-slucce or race for saving gold or minerals excepting such portion as may be approved by the Warden on the granting of the application.

Such area shall not be fenced except with the approval of the Warden first obtained.

The course of any Race or Pipe Track Water Right may at any time be deviated, and the Warden may make an order for such deviation should he consider the same necessary in the public interest.

2. After Regulation 62 a regulation is inserted, as follows:—

RACE OR PIPE TRACK WATER RIGHTS.

Method of taking possession.

62A. Before making application for a Race or Pipe Track Water Right the applicant, or some person authorised on his behalf, shall erect a substantial post or cairn of stones projecting not less than three feet above the surface at each end of the proposed race or pipe track, and on each of such posts or cairns there shall be affixed a notice, signed by the applicant or his agent, setting forth the date and hour at which such land was taken possession of, the approximate length of the proposed race or water-pipe, and the course thereof.

Before granting any Water Race or Pipe Track Water Right which passes over any public road, the Warden shall require from the applicant sufficient proof that the local authority consents thereto, and it shall be a condition precedent to the granting of any Water Race or Pipe Track Water Right that wherever the race or water-pipe crosses any mining tenement it shall be constructed in such a manner as not to interfere with the working, use, or enjoyment of such tenement, and wherever any such race or water-pipe crosses any road or footway used by the public, there shall be constructed and kept in repair a good and substantial bridge over the same. Every such bridge shall, when crossing a road, be not less than 12 feet in width, and when crossing a footway, not less than 6 feet in width. The holder of any Water Race or Pipe Track Water Right shall be entitled to a width of 10 feet of land on each side of the race or water-pipe for the protection thereof.

Provided that when it is proved to the satisfaction of the Warden that a greater width than 10 feet on each side of a race is necessary he may, in his discretion, grant the same. Provided further, that any such land may be mined upon on compensation to the holder, or upon providing an equally good and convenient race or water-pipe, to the satisfaction of the Warden, in lieu thereof.

It shall be lawful for the Warden from time to time, by order in writing, to authorise any person or persons lawfully engaged in mining operations to use or enlarge, for the purpose of such operations, any tail-race held by any other person (excepting such portion thereof as may lawfully be used as a ground-slucce for saving gold or other minerals), subject to the conditions following:—

- (a.) That the persons in whose favour the order is made pay to the holder of the tail-race a proportionate share of the original cost of the construction of such tail-race, or a periodical payment in advance as a rent for the use thereof; and also,
- (b.) That if it is proposed to enlarge such tail-race, such enlargement shall be at the sole expense of the persons in whose favour the order is made, and shall be so carried out as not to unduly interfere with the mining operations of the holder of the tail-race; and also,
- (c.) Such other conditions as the Warden thinks equitable.

Where an order pursuant to the foregoing regulation has been made, the persons in whose favour it is made shall at all times, on receiving notice in writing from the holder of the tail-race, forthwith assist in clearing the race whenever it is reasonably necessary so to do, and if any such person makes default in so assisting it shall be competent for the holder of the race to clear the same and to recover from the person in default his proportionate share of the cost thereof.

The proportionate share of the cost of construction, the amount of the rent, and any dispute between the parties in respect of the premises shall, if not settled by the parties, be determined by the Warden.

All gold or minerals discharged into such tail-race shall belong to the parties, in shares to be settled by them, or in case of dispute, to be determined by the Warden.

A Water Race or Pipe Track Water Right shall be deemed to be forfeitable when from any cause the race or water-pipe be not used for the space of three consecutive months, provided always that water be available to be run through the same, or that exemption from the use of such race or water-pipe has not been granted by the Warden and registered, or for non-compliance by the holder with any of the conditions upon which the same may have been granted.

3. The following words are added to Regulation 145:—
"In the event of an application being refused, the applicant shall be entitled to a refund of the fees paid by him on lodging his application, less a recording fee of 2s. 6d."

4. The following words are added to Regulation 192:—

At the end of Subclause (2):—"Exclusive of their own wages."

At the end of the said Regulation:—"Provided that in any case in which the Warden may refuse registration he shall, if requested, forward to the Secretary for Mines, for submission to the Minister, a report giving his reasons for such refusal, together with a copy of the agreement, and the Minister may, if he think fit, order registration."

5. In Form No. 59, "Rents and Royalties," the words "Water right, water race, or pipe track, per annum, £1" are inserted before the words "royalty per ounce."

6. In Form 59, "Survey Fees," the words "Water right, water race, or pipe track, such special fee as may be arranged with the approval of the Warden or Inspecting Surveyor" are added at the end thereof.

The Chairman, if present, shall preside at all meetings of ratepayers and of the Board, and in his absence, or after being present he shall retire, one of the members of the Board, chosen by the ratepayers or members present, as the case may be, shall preside.

4. Ordinary meetings shall be held at the office of the Board, every alternate Wednesday at 8 p.m., unless otherwise arranged by resolution carried to that effect at the preceding ordinary meeting of the Board.

5. A special meeting may, on the requisition of three members of the Board, be called at any time in the manner prescribed by the Act, but the Chairman may call a special meeting of the Board as often as he may think proper. No business shall be transacted at any ordinary or special meeting unless at least three of the Board, inclusive of the Chairman or member of the Board chosen to preside in his absence, shall be present.

- (f.) Passing of accounts for payment.
- (g.) Motions of which previous notice has been given.

- (i.) Immediately after the confirmation of the minutes the Chairman may make any communication to the Board which he may deem advisable, or bring under consideration any business he may think necessary; and it shall be competent for any member of the Board to ask any question or questions, but he shall confine himself to the question simply, and no debate shall ensue thereon at the time.

11. In the event of any member having urgent business to place before the meeting, he may move the suspension of the Standing Orders, and, if agreed to by the Board, such business shall take precedence of all other.

All notices of motion shall be in writing, and shall be lodged with the secretary seven (7) clear days before ordinary meeting of the Board.

Order of debate.

12. Any member moving a motion or amendment, or taking part in the discussion thereon, shall stand and address himself to the Chairman, and shall not digress from the subject of debate.

13. A motion or amendment once moved at a meeting cannot be withdrawn unless by consent of the majority of the members of the Board then present.

14. One or more amendments may be proposed on a motion before the Board. When more than one amendment is moved, the question shall be first put on the last amendment, then on the next in succession, and then on the original motion, in the reverse order in which they were moved.

15. A motion or amendment not seconded cannot be discussed by any member except the mover, nor put to the vote by the Chairman.

16. In submitting a motion or amendment the Chairman shall put the question first in the affirmative and then in the negative.

17. When an amendment is carried, the motion as amended thereby becomes a substantive motion, upon which further amendment may be moved before it is finally dealt with.

18. No member shall speak twice on the same subject except by way of explanation, or to an amendment, or in reply upon any original motion, of which he may have been the mover, or as the mover of the last carried motion; nevertheless any member who may have been misunderstood or misrepresented shall be allowed to explain immediately before the mover rises to reply, but not after, and after the reply the amendment or original motion, as the case may be, shall immediately be put to the vote.

19. A member moving or seconding a motion or amendment shall be held to have spoken thereon.

Voting.

20. All motions and amendments shall be decided by show of hands (unless a division is demanded) before the next business is proceeded with.

Appointment of committee.

21. The Board may at any time appoint three or more members as a committee to inquire into any matter and make a report and recommendation thereon, but no committee shall incur any financial liability, or in any way commit the Board to any responsibility whatever, without express and specific authority conferred by the By-laws or a resolution of the Board. The quorum of a committee shall comprise three members.

Finance committee and finance accounts.

22. A finance committee shall consist of the Chairman and two or more members appointed by the Board for the purpose of examining all accounts, bills, and vouchers. Such committee shall meet at some hour previous to an ordinary meeting of the Board, but on the same day.

23. All accounts, bills, and vouchers, shall be examined by the finance committee prior to the ordinary meeting, and after being certified as correct shall be submitted to the Board, who shall authorise the payment of same.
