It is estimated that during the year 1906 there will be twelve vacancies in Class G, 4th Grade, of the Clerical Division.

This being the first examination held under the Public Service Act, message boys already in the service are notified that the terms of their employment are governed by Regulation 284, and that if they are to remain in the service after they have attained the age of 18 years they must obtain a position in the Clerical Division by competitive examination.

Juniors already in Class G of the Clerical Division, namely, those who are in receipt of a salary of £100 per annum or under, should present themselves for examination, as unless they pass this examination now they will be required to pass it before promotion to Class F; and as promotion to this class will also be governed by an examination in connection with clerical duties and attainments, it would be wise to get through the educational test examination without delay.
