## THE GOLDFIELDS WATER SUPPLY ACT, 1902

(2 Edw. VII, No. 33).

## ORDER IN COUNCIL.

At the Executive Council Chamber, at Perth, this 4th day of January, 1906.

Present:

His Excellency the Governor.

The Honourables—

The Colonial Secretary,	The Minister for Lands,
The Minister for Mines,	The Minister for Commerce,
The Minister for Works,	M. L. Moss, M.L.C.

**W**HEREAS by Section 20 of "The Goldfields Water Supply Act, 1902," it is provided that the Governor may, by Order in Council, constitute and define the

boundaries of a Water Area, for the purposes of the said Act, and may divide the area into districts, and define the boundaries of the districts: Now THEREFORE, His Excellency the Governor, by and with the advice of the Executive Council, and under the powers of the said Act, doth hereby revoke and cancel the Order in Council dated 31st May, 1905, and in lieu thereof doth order that, as and from this date, the said area shall be divided into the districts specified in the schedule hereto, with the several boundaries therein respectively defined:—

## THE SCHEDULE.

## THE KANOWNA WATER DISTRICT.

All that portion of the Water Area bounded by a circle having as its centre the Railway Station at Kanowna, and the radius of which shall be five miles in length.

## THE BOULDER WATER DISTRICT.

All that portion of Water Area bounded by a line starting at a point on the boundary of Water Area due South of Lakeside Railway Station, and passing thence due North to Lakeside Railway Station; thence North-Westerly along railway to the intersection of railway with the boundary of Boulder townsite, between Gold Mining Leases 16e and 31e; thence following the said boundary Northerly, North-Westerly, and by irregular line South-Westerly to most Westerly point of Boulder townsite; thence by straight line to most Southerly point of Sommerville Suburban Area; thence due South to boundary of Water Area; thence along last-mentioned boundary to the starting point, but excluding therefrom those portions of the Water Area comprised within all gold mining leases that are or may be supplied with water from the Kalgoorlie and Boulder Mines Water Trust.

## THE KALGOORLIE WATER DISTRICT.

All that portion of the Water Area East of a line drawn at right angles to the pipe line at Mungari Railway Station, and extending to the boundaries of the area on both sides of the pipe line, but excluding therefrom that portion of the Water Area comprised within the Boulder Water District, and also excluding therefrom that portion of the Water Area comprised within the Kanowna Water District.

## THE COOLGARDIE WATER DISTRICT.

All that portion of the Water Area situated outside of and to the Eastward of the Southern Cross Water District and West of a line drawn at right angles to the pipe line at Mungari Railway Station, and extended to the boundaries of the Water Area on both sides of the pipe line.

## THE SOUTHERN CROSS WATER DISTRICT.

All that portion of the Water Area comprised within a circle, the centre of which shall be at the Southern Cross Railway Station, and the radius of which shall be two miles in length.

## THE CENTRAL WATER DISTRICT.

All that portion of the Water Area between the Eastern boundary of the Mundaring Water District and the Western boundary of the Coolgardie Water District, but excluding therefrom that portion of the Water Area comprised within the Northam Water District and the Southern Cross Water District.

## THE NORTHAM WATER DISTRICT.

All that portion of the Water Area bounded by a circle having as its centre the Northam Town Hall, and the radius of which shall be two miles.

## THE MUNDARING WATER DISTRICT.

All that portion of the Water Area West of a line drawn at right angles to the pipe line at a point two miles West of Northam Town Hall, such line being extended to the boundaries of the Water Area on both sides of the pipe line, but excluding therefrom that portion of the Water Area comprised within the Midland Water District.

## THE MIDLAND WATER DISTRICT.

All that portion of the Water Area outside of and to the Westward of Reserve numbered 8059, on Plan IC/40, in the Lands Department.

*Colonial Secretary's Office,  
Perth, 11th January, 1906.*

<sup>187</sup>  
<sup>1905</sup>  
**H**IS Excellency the Governor in Council has been pleased to approve the following Regulations under "The Fisheries Act, 1905."

F. D. NORTH,  
Under Secretary.

## REGULATIONS UNDER "THE FISHERIES ACT, 1905."

## FISHING BOAT LICENSES.

1. Fishing boat licenses under Section 11 of the Act shall be in Form A appended to these Regulations.

## FISHERMEN'S LICENSES.

2. Fishermen's licenses under Section 14 of the Act shall be in Form B appended to these Regulations.

## DISPOSAL OF FORFEITED NETS AND BOATS.

3. Fishing boats and nets ordered by any court to be forfeited, under Section 6 or Section 37 of the Act, shall, if not otherwise directed, be sold, and the proceeds of the sale shall be paid into Consolidated Revenue.

4. Every fishing net found in prohibited waters without an owner, or which is unclaimed, may be sold.

## BOAT LICENSE TRANSFERABLE.

5. Any person taking out a license for a boat under Section 11 and disposing of such boat shall be entitled to have the license of such boat transferred to another boat owned by him.

## DISPOSAL OF FORFEITED FISH.

6. Fish forfeited pursuant to the provisions of Sections 6 and 22 of the Act shall be handed over to the authorities of any hospital, benevolent asylum, or charitable institution near to the place where such forfeited fish have been seized; but if such fish are unfit for food they shall be destroyed.

## MARKING OF LICENSED FISHING BOATS.

7. The owner, or person in charge of a fishing boat licensed under Section 11 of the Act shall paint, and keep painted, white on a dark ground, or black on a light ground, on both bows of his boat, outside above water line, the letters L.F.B., and the registered number, together with the initial letter of the port where the license is obtained, in legible Roman letters and figures not less than four inches in length.

## LANDING PLACE FOR FISH.

8. Mill-lane Jetty, situated in the City of Perth, is hereby appointed a place for the landing of all fish caught in the Swan and Canning Rivers under the provisions of Sections 11 and 12 of "The Fisheries Act, 1905," and no person shall land any fish caught as aforesaid at any place than that so appointed as aforesaid.

## FISHERMEN TO PRODUCE LICENSES ON DEMAND.

9. Every person licensed to catch fish, or being either the owner or person in charge of a fishing boat licensed under the provisions of this Act shall, on demand at any time by any inspector or assistant inspector of fisheries, produce such license, or prove to the satisfaction of the inspector that he has taken out such license, and any person so failing to produce such license, or failing to prove to the satisfaction of the inspector that he has taken out such license shall, on conviction, be liable to a penalty.

## PENALTY FOR REFUSING TO GIVE NAME AND ADDRESS.

10. Any person catching fish for sale without a license, or in an unlicensed boat, or having in his possession undersized or underweight fish, shall, on demand of any Inspector or Officer of Police, give his true name and address; and any person who shall refuse or neglect to comply with such demand, or shall give a false or fictitious name and address, shall be liable to a penalty.

## PENALTY.

11. Every person committing a breach of these Regulations shall be liable to a penalty, on conviction, of not more than Twenty pounds (£20).

## LOTS OPEN FOR SELECTION AS RESIDENTIAL LEASES.

Department of Lands and Surveys,  
Perth, 13th December, 1905.

IT is hereby notified, for general information, that the undermentioned Lots will be open for selection as Residential Leases subject to the Regulations published in the *Government Gazette* of 26th May, 1905, on and after the date specified in the Schedule below :—

Corr. No.	Town.	Nos. of Lots.	Date open.	Applications to be lodged at
<sup>2477</sup> <sub>1905</sub>	Leonora ... ..	604 to 626, 629 to 647, 650 to 662, 664 to 677, 680 to 690, and 692 to 696, all inclusive	8th January, 1906	Warden's Office, Mt. Margaret Goldfield.

Lots 603, 627, 628, 648, 649, 663, 678, 679, and 691 have been excepted from sale as Reserve <sup>9938</sup>.

Applications may be lodged at the offices mentioned at any time prior to the date specified, and any applications so lodged will be deemed to have been lodged on that day.

In the event of two or more applications for the same lot, priority will be determined as prescribed by Sec. 17 of "The Land Act, 1898," and Sec. 2 of "The Land Act Amendment Act, 1900."

In the event of any applicant obtaining a lot on which there are improvements not erected or owned by such applicant, he shall pay the fair value of such improvements to the Land Agent or Warden at the places mentioned before his application is approved.

Intending applicants are requested to lodge their applications before the date specified, and are reminded that it is unnecessary to employ an agent, as applications may be lodged personally or sent through the post.

Plans, showing the arrangement of the lots referred to, will shortly be obtainable at this office and the offices of the Local Government Land Agents.

R. CECIL CLIFTON, Under Secretary for Lands.

### CANCELLATION OF RESERVE 5809 (MUNDARING LOTS 25 AND 26), AND THROWING OPEN SAME FOR SALE.

Department of Lands and Surveys,  
Perth, 20th December, 1905.

<sup>4985</sup><sub>98</sub> HIS Excellency the Governor in Executive Council has been pleased to approve of the cancellation of Reserve <sup>5809</sup> (Mundaring Lots 25 and 26), and also of the lots thereby released from reservation being thrown open for sale as "Town Lots," by public auction, as provided by "The Land Act, 1898," at the following upset prices :—

Lot 26.—£15.  
Lot 25.—£20.

R. CECIL CLIFTON,  
Under Secretary for Lands.

### CANCELLATION OF A CONDITIONAL PURCHASE.

Department of Lands and Surveys,  
Perth, 29th December, 1905.

IT is hereby notified, for general information, that Avon Location 6238 is now cancelled and will be again open for selection on and after the 15th January, 1906. (Plan 343/80).

R. CECIL CLIFTON,  
Under Secretary for Lands.

### TRANSFERS OF HOMESTEAD FARMS.

<sup>14507</sup><sub>1905</sub> Department of Lands and Surveys,  
Perth, 4th July, 1904.

IT is hereby notified, for general information, that no transfer of a Homestead Farm will be approved in future, except under special circumstances, unless improvements to the value of £50, including the external fencing, have been effected on the land, or the holder thereof has resided upon same for a period of 12 months.

2. A Homestead Farm is not transferable except to a person eligible to hold the land as a Homestead Farm, and any application for the conversion of such into a Conditional Purchase, for the purpose of a transfer, will render the land liable to forfeiture.

R. CECIL CLIFTON,  
Under Secretary for Lands.

### KADATHINNI AGRICULTURAL AREA (NEAR THREE SPRINGS STATION, 'MIDLAND RAILWAY').

<sup>3915</sup><sub>1905</sub> Department of Lands and Surveys,  
Perth, 20th December, 1905.

BY virtue of the provisions contained in "The Land Act, 1898," His Excellency the Governor in Executive Council has been pleased to define and set apart the Crown land as hereinafter particularly described, as an Agricultural Area, containing about 9,000 acres, to be known as "Kadathinni."

Bounded by lines starting from the North-East side of the main Geraldton Road at the North-West corner of Kadathinni Lot 1, and extending East passing along the latter's North boundary to the South-Western side of the Midland Railway Reserve, thence along said Reserve South-Eastward to the Easternmost corner of Kadathinni A.A. Lot 18; thence Westward passing along its Southern boundaries and those of Lots 19 and 20; thence North along the latter's West boundary and part of that of Lot 16, and West along the South boundaries of Lots 14 and 15; thence North along the latter's West boundary and that of Lot 2; thence East passing along the latter's Northernmost boundary to the North-Eastern side of the Geraldton Road aforesaid, and along it North-Westerly to the starting point.

And has also been pleased to declare 20 lots, viz., 1 to 20, inclusive, of Lots 8 and 10, which have been reserved, within this Agricultural Area, open for selection under Part V. of "The Land Act, 1898," on and after Monday, 15th January, 1906, at the following prices per acre :—

## REGULATIONS FOR THE PURCHASE OF AURIFEROUS COPPER ORES AT THE STATE SMELTING WORKS, PHILLIPS RIVER.

<sup>847</sup>  
1905

Department of Mines,  
Perth, 4th January, 1906.

HIS Excellency the Governor in Executive Council, under the powers conferred upon him by Section 29 of "The Mining Development Act, 1902," has been pleased to make the following Regulations for the Purchase of Auriferous Copper Ores at the State Smelting Works, Phillips River, to come into effect on the 12th January, 1906.

H. GREGORY,  
Minister for Mines.

1. All ores shall be delivered free of charge at the works, on such place as may from time to time be directed by the Manager.

2. The Manager shall be the sole judge as to whether any parcel of ore shall be accepted for purchase or not, and may order the removal of any ore which he thinks unsuitable, whereupon the owner of the ore shall remove it forthwith from the works.

3. As soon as possible after receipt of a parcel of ore it shall be weighed at the works, and the weight so determined shall be taken to be the true gross weight thereof. The percentage of moisture present will be determined by assay, and deducted from the gross weight. A further deduction of one per cent. (1%) will be made for draughtage. The net weight, after these deductions have been made, shall be the weight upon which the ore is purchased.

4. The Vendor or his representative may be present during the weighing and sampling of parcels of ore, but shall take no part in the handling of the same, nor interfere in any way with the weighing and sampling.

5. After sampling any parcel or portion of a parcel of ore, the Manager may use it in any way he thinks fit, by smelting or mixing with other ores, and the purchase of such ore, if so used, shall thereupon be deemed to be completed at the price subsequently determined after agreement of assays.

6. After weighing, the ore shall be sampled according to such method as the Manager shall decide, and three samples shall be drawn, one for assay at the works, one for the Vendor, and the third as an umpire sample. The umpire sample shall be sealed in the presence of the vendor or his representative, and retained at the works.

7. The Vendor and Manager shall compare assays, and if these differ by not more than one per cent. (1%) of copper,  $\frac{1}{4}$  dwt. of gold, or 1 oz. of silver, per ton the mean of the assays shall be accepted as correct. If there should be a greater difference between the assays, the umpire sample shall be sent by the Manager to the Government Assayer, at Perth, or to any other umpire from time to time approved by the Minister, whose assay shall be accepted as final by both parties. The cost of the umpire assay shall be borne by the party whose assay differs most from the umpire's result. The Works assay shall not be made known to the Vendor until he has produced his assay certificate for comparison of assays or has agreed, in writing, to accept the Works assay. If the Vendor does not produce an assay certificate for comparison of assays within twenty-one days after sampling, the Works assay shall be final.

8. No charge will be made for sampling and assay of any accepted parcel of ore exceeding five tons (5 tons) net weight, but any smaller parcel shall be charged with a fee of One guinea (£1 1s.), except in the case of a *bona fide* first trial parcel from a new working.

9. Assays for copper shall be made by such wet process as the Manager shall determine, and assays for gold and silver by fire methods, or by any combination of wet and fire methods that may appear to him most suitable.

10. After agreement of assays, the following deductions shall be made from the agreed assay values, in order to arrive at the amounts of the metals for which payment will be made:—

*Copper*.—From assays up to ten per cent. (10%) copper, two and a half units shall be deducted. From assays over ten per cent. (10%) of copper, three units shall be deducted.

*Gold*.—From all assays up to half an ounce to the ton, three pennyweights shall be deducted. From all assays over half an ounce to the ton, after deducting three pennyweights there shall be a further deduction of five per cent (5%).

*Silver*.—No silver will be paid for unless more than five ounces to the ton are present. From all assays of more than five ounces to the ton, ten per cent. will be deducted, together with the fixed amount of five ounces.

11. A smelting charge of Three pounds per ton (net weight) will be made in all cases.

12. Advances will be made in part payment for the copper, gold, and silver in the ore, less the above deductions and charges, immediately on agreement of assays, at the rate of 75 per cent. of the value, calculated at the following rates:—

*Copper*.—At one shilling and sixpence per unit below the average price per unit of standard copper in the London Metal Exchange during the week in which the sampling is completed.

*Gold*.—At four pounds per ounce, fine.

*Silver*.—At two shillings per ounce, fine.

While regular running of the smelting furnace is in progress at the Works final payment for ore received will be made three months after the completion of the sampling, less the above deductions and charges, and less any advances made under the preceding part of this regulation, at the rate of:—

*Copper*.—At one shilling and sixpence per unit below the average price per unit of standard copper in the London Metal Exchange during the week preceding that in which the final payment is made.

*Gold*.—At four pounds per ounce, fine.

*Silver*.—At two shillings per ounce, fine.

But when ore is received at any time during suspension of smelting operations the final payment will be deferred until three months after the date on which regular smelting is resumed; and should the Manager deem it necessary to suspend smelting operations for more than a week at any time he will give public notice to that effect, and thereafter the date on which final payments become due for parcels of ore purchased during the running of the smelter shall be postponed for a period equal to that during which smelting operations are so suspended.

13. The Manager may purchase low-grade ores suitable for fluxing purposes, but which would give no return to the sellers under the foregoing regulations, at such prices as from their combined fluxing and metal value may seem to him reasonable, but such purchases shall be final at the prices so fixed and shall not be affected by subsequent changes in the market value of the contained metals.

14. All accounts against the State for payments due on account of ore sold to the Works shall be rendered on the usual forms of accounts against His Majesty's Government, and shall be certified as correct by the Manager of the Works before being forwarded to the Secretary for Mines, Perth, for payment.

15. Any parcels of ore purchased under the regulations of 30th March, 1905, since the beginning of October, 1905, may, with the consent of the sellers, be deemed to have been purchased under these present regulations, and final payments in respect thereof will be made immediately on these regulations coming into effect in the cases of such as have been actually smelted, and in all other cases three months after resumption of regular running of the smelting furnace.

Department of Mines,

Office, Perth. The lowest or any tender will not necessarily be accepted.

By order of the Hon. the Minister for Works,

F. L. STRONACH,  
Under Secretary for Public Works.

## GOLDFIELDS WATER SUPPLY.

HIS Excellency the Governor in Executive Council has been pleased to approve of the following By-laws made under the provisions of Section 6 of 62 Vict., No. 19, "An Act to authorise the Construction of Works for the Supply of Water to the Coolgardie Goldfields," and of Sections 105 and 106 of "The Goldfields Water Supply Act, 1902," by the Minister for Works, acting under the powers conferred by the aforesaid Acts, and of the cancellation of all By-laws made under the provisions of the aforesaid Acts heretofore in force.

By order of the Minister for Works,

T. S. McNULTY,  
Secretary Goldfields Water Supply.

Treasury Buildings,  
Perth, 4th January, 1906.

## BY-LAWS.

## SECTION 1.—BY-LAWS FOR PREVENTING POLLUTION OF THE WATERS OF THE CATCHMENT AREA.

*Interpretation Clause.*

In the construction and for the purposes of these By-laws, unless the context otherwise requires, the terms "Cesspool," "Drain," "Earth Closet," "House," "Land," "Owner," "Person," "Piggery," and "Slaughter-house" shall have the meanings severally attached to them in Section 3 of "The Health Act, 1898."

"Catchment Area" shall mean and include the area of land defined in Section 3 of "The Coolgardie Goldfields Water Supply Construction Act, 1898."

"High-water Mark" shall mean the highest point on either bank of any watercourse to which the water of such watercourse has risen, or may, owing to the construction of the Helena Weir or other works incidental thereto, at any time rise.

"Inspector" shall mean an inspector appointed for the purposes of these By-laws.

1. All existing cesspools within the catchment area shall be cleansed and filled up to the satisfaction of the Inspector within one calendar month after notice, in writing, to that effect shall have been given to the occupier or owner of the premises concerned.

2. The owner or occupier of every house within the catchment area shall provide, for the use of the occupants of such house, an earth closet, with a sufficient number of pans approved by the inspector.

3. Every closet within the catchment area shall be of stone, iron, wood, brick, or combination of two or more of such materials, and shall be so constructed as to effectively screen from observation all persons using the same. Each closet shall be supplied with a sufficient number of receptacles, which shall be interchangeable with others in the same district, and which shall be of approved size, shape, and style, and every pan shall be emptied and cleansed once every week, or as often as may be required by the Inspector.

4. No closet or urinal shall be constructed within fifty feet of any house, or within one hundred and fifty yards of high-water mark, and any closet or urinal which is situated within these respective distances shall, within one calendar month after notice to remove the same has been given, in writing, to the owner or occupier of the premises concerned, be taken down or removed by, and at the cost of, such owner or occupier; and the floor and seat of every closet shall be so constructed that the top of the receptacle shall not be more than one inch below the lower surface of the seat.

5. No owner or occupier of any house within the catchment area shall permit the contents of any pan used in any closet or urinal to overflow from any cause whatever.

6. No owner or occupier of any house within the catchment area shall permit any closet or urinal, or pan appertaining thereto, or used by the occupants of such house, to become offensive or a nuisance, and every such owner or occupier, whenever directed, either verbally or in writing, by the inspector, shall properly and effectively empty and cleanse such closet, urinal, or pan to the satisfaction of the inspector.

7. No person shall place, or deposit, or spread, or permit to be placed, deposited, or spread, in or upon any land or garden within the catchment area, any nightsoil or human urine, whether mixed with any other substance or not, or any solution of nightsoil, unless the same has been thoroughly deodorised and disinfected to the satisfaction of the Inspector, and unless written consent thereto has been obtained.

8. No person shall deposit, or permit to be deposited, any faecal matter, refuse, dung, manure, or other offensive matter in or near any watercourse within the catchment area, or within three hundred yards of high-water mark, or in any place where, in the opinion of the Inspector, storm waters will be liable to wash such matter into any watercourse.

9. No stable, cow-shed, goat-shed, sheep-pen, or fowl-house shall be erected or constructed within three hundred yards of high-water mark, or in such a position that storm waters may wash any manure or refuse therefrom into any watercourse. Every such structure situated elsewhere within the catchment area shall have attached thereto, for liquid and solid manure, a watertight receptacle approved by the Inspector. Land sloping to a watercourse on which any such structure stands shall be excavated to a depth of at least twelve inches, and the soil so obtained shall be used as an embankment around the area so excavated. Such work shall be done by and at the expense of the owner or occupier of such premises.

10. No building of any description situated within three hundred yards of high-water mark, or in such position that storm waters may wash any manure or other refuse therefrom into any watercourse, shall be used for housing animals or birds, and any such building shall, on receipt of written notice to that effect, be taken down and removed by and at the expense of the owner or occupier.

11. The owner or occupier of any stable, cow-shed, goat-shed, sheep-pen, or fowl-house, situated within the catchment area, shall not allow any dung, manure, or other refuse to accumulate in or near such premises, but shall periodically remove or dispose of the same in such manner that it cannot pollute any water flowing, or which may flow, into any watercourse, and generally to the satisfaction of the Inspector.

12. The Inspector may, by written notice to the owner or occupier of any stable, cow-shed, goat-shed, sheep-pen, or fowl-house within the catchment area, order the removal and disposal of any dung, manure, or other refuse from such premises, and fix the periods within which such dung, manure, or other refuse shall be removed and disposed of; and any person omitting to comply with such notice to the satisfaction of the Inspector within three days after such notice shall have been issued, shall be guilty of an offence against these By-laws, and liable to penalties imposed for breach thereof.

13. No animal shall be stabled, housed, or yarded within three hundred yards of high-water mark.

14. No person shall, unless with written permission, allow any horse, cattle, sheep, goat, duck, goose, fowl, or other species of live stock to stray over any portion of the catchment area.

15. No person shall keep pigs, or allow pigs to be or to stray within one hundred yards of high-water mark of the Helena River Reservoir (that is to say, the level which the water attains when it begins to flow over the retaining wall at Mundaring), or within one hundred yards of any stream or watercourse within the catchment area, nor shall any person have or maintain any sty in which pigs are kept on any portion of the catchment area within two hundred yards of the Helena River Reservoir or of any stream or watercourse within the catchment area.

16. No person shall, except with written permission, establish or carry on any abattoir or slaughter-house in any part of the catchment area.

17. In the event of the death, or of any accident necessitating the slaughter of any horse, cattle, sheep, or other animal, the carcass of such animal shall be removed by the owner thereof to a safe distance from high-water mark, or to such place as the Inspector may direct, and the owner shall immediately thereafter dispose of same, by burning, to the satisfaction of the Inspector.

18. No person shall deposit, or cause or permit to be deposited, any rubbish, filth, blood, offal, or manure, or any slops, soap-suds, urine, water containing urine or other refuse, noisome thing, or matter in any part of the catchment area, whence it may, in the opinion of the Inspector, be carried by storm water into any watercourse.

19. No person shall allow any filth, rubbish, blood, offal, manure, or any slops, soap-suds, urine, water containing urine or other refuse, noisome thing, or matter to flow or escape from any house or premises within the catchment area owned or occupied by him.

20. No person shall bathe or wash clothes or other articles in any stream, reservoir, aqueduct, or other waterworks within the catchment area, or wash, throw, or cause to enter therein any dog or other animal; or throw or convey, or permit to be conveyed or thrown therein any rubbish, dirt, filth, dead animal, or other noisome thing.

21. It shall be lawful for the Inspector, or other authorised officer, at his discretion, at any reasonable hour, with or without notice, to enter any house or premises for the purpose of ascertaining whether any act or thing is being done or permitted within such house or premises in breach of these By-laws; and to remove, or cause to be removed, anything therein or thereon in breach of these By-laws, or to take such steps as he may deem necessary for carrying out these provisions. The cost of such removal or such other necessary act shall be borne by the owner or occupier of the premises upon which such breach shall occur.

22. Unless otherwise provided for, the time which may elapse between the giving of a notice and the doing of a thing required to be done by any Inspector or other authorised officer shall be determined by the Minister for Works, according to the nature of each case.

23. No person shall shoot or hunt within one mile of high-water mark.

24. No person shall angle for or catch fish within the catchment area.

25. Any person committing a breach of, or failing to observe the foregoing By-laws, or any clause or provision of same, shall be liable to a penalty not exceeding Twenty pounds; and in case of a continuing breach, to a further penalty not exceeding Five pounds for each day the offence continues after notice thereof has been given by or on behalf of the Minister for Works to the offender.

#### SECTION 2.—BY-LAWS FOR PROTECTING THE WATER, GROUNDS, WORKS, ETC., FROM TRESPASS AND INJURY.

26. No person shall trespass within the fenced off ground adjacent to the Helena Weir.

27. Picnic parties or other persons shall not camp or light fires in the vicinity of the Helena Reservoir, except on land fenced off for picnicing purposes on the south side of the Helena River, and on the downstream side of the Weir. The lighting of fires on the north bank of the Helena River in the vicinity of the Reservoir is absolutely prohibited.

28. No person shall pluck or damage any wild flower, scrub, bush, tree, or other plant growing on any land situated within half a mile from the Helena Weir.

29. No person shall touch or remove any flower, shrub, or tree planted in the vicinity of the Helena Weir.

30. No person shall permit a dog to have access to any portion of the grounds in the vicinity of the Helena Weir.

31. No person shall leave any loose paper or other refuse on any portion of the grounds in the vicinity of the Helena Weir, except in the bins provided therefor.

32. No person shall post any bills, advertisements, or other notices on any portion of the Helena Weir, or on any portion of the works or grounds in the vicinity thereof.

33. Latrines are provided for public use. No person shall commit a nuisance on any portion of the grounds in the vicinity of the Helena Reservoir.

34. No person shall on any portion of the grounds in the vicinity of the Helena Weir misbehave or otherwise act in such a manner as to cause offence or annoyance to the public.

35. No person shall drive or conduct any vehicle or animal across the main conduit between Helena Weir and Kalgoorlie Service Reservoir, except at the crossing places provided as indicated by signboards, and the owner of any animal or live stock shall not allow the same to cross such conduit except at such crossing places.

36. No person shall, without first obtaining a license, cut or remove timber from any land within the catchment area, or from any reserves or other properties in the possession of the Minister for Works.

37. No person shall, without proper authority, enter any machinery house, valve house, or other portion of the works in the vicinity of the Helena Weir not open to the public.

38. Any person committing a breach of any of the foregoing By-laws shall be liable to a penalty not exceeding Twenty pounds.

#### SECTION 3.—BY-LAWS FOR THE LICENSING OF PLUMBERS.

39. In these By-laws the terms used are to be interpreted by the meanings given by Section 2 of the Goldfields Water Supply Act, 1902. "Minister" shall mean the Minister for Works; and "Officer" shall mean an Officer who has been appointed, in writing, by the Minister for purposes of these By-laws, and whose appointment has been notified in the *Government Gazette*.

40. No person shall affix, alter, or repair any service pipe or fitting to be used in connection with any main or other pipe belonging to the waterworks, or interfere in any way therewith, unless licensed as a plumber or holding an operative plumber's certificate under these By-laws.

41. An application for a plumber's license or an operative plumber's certificate shall be in writing, signed by the applicant, and addressed to the Minister for Works.

42. Every applicant for a plumber's license or an operative's certificate shall satisfy the Minister that he is a competent plumber, and may be required to submit to an examination in the theory and practice of plumbing work.

43. Every license or certificate shall be granted by the Minister; and the granting and cancellation of any license or certificate shall be in the absolute discretion of the Minister.

44. Every license or certificate shall be annual, expiring on the 10th day of January next following the granting thereof, and may be in the form A or form B in the Schedule hereto.

45. A fee of ten shillings shall be payable for every license or certificate, except when a license or certificate is granted after the tenth day of July in any year, in which case the fee shall be five shillings.

46. Every applicant for a plumber's license shall, before receiving a license, deposit with the Minister the sum of five pounds, to be held by the Minister during the currency of the license as security for the proper performance of all work undertaken by the licensee.

47. The Minister may deduct from such deposit the expense of making good any bad work of the licensed plumber or his workmen (notwithstanding that such workmen are holders of operative plumbers' certificates), and as often as any expense is so deducted the licensed plumber shall make good the deposit to the sum of five pounds, and in default his license will be cancelled.

48. Every licensed plumber shall, within forty-eight hours of any change in his address, give notice, in writing, thereof to the Minister.

49. The mains shall be tapped only by the workmen of the Minister.

50. No licensed plumber or operative plumber shall interfere with any pipe or fitting belonging to the waterworks without the permission, in writing, of an officer appointed by the Minister under these By-laws first obtained.

51. No ground shall be opened, nor shall any work be undertaken for the purpose of laying and fixing a new service or fittings, or in the extension or alteration of an existing service or fittings until notice shall have been given by the responsible licensed plumber to an officer appointed by the Minister under these regulations. Such notice shall be in writing, in the form C in the schedule, and shall describe the nature and extent of the proposed work, and shall be given forty-eight hours at least before the work is intended to be commenced, unless the officer expressly accepts shorter notice.

52. On the completion or extension of any service the responsible plumber shall report the work to an officer as ready for inspection.

53. In no case shall the ground be filled in, or water be turned on to any land, until the work executed by the responsible plumber has been examined and passed by an officer, and a certificate in writing has been given by such officer to that effect.

54. Any person committing a breach of any of the foregoing By-laws shall, upon conviction, be liable to a penalty not exceeding Twenty pounds.

SECTION 4.—BY-LAWS FOR GENERAL PURPOSES.

55. Water rates shall be levied within the Districts  
hereinafter mentioned upon the net annual value of all  
rateable lands within such Districts at the rates stated,  
namely:—

Coolgardie, Kalgoorlie, Boulder, and Kanowna Water Districts	1s. 6d. in the pound per annum.
Midland Water District	... 9d. do. do.
Mundaring Water District	... 1s. do. do.
Northam Water District	... 10d. do. do.

56. The minimum sum payable as rate on each  
separately assessed property in every Water District, ex-  
cept in the Midland, Mundaring, and Northam Water  
Districts, shall be one pound per annum.

The minimum sum payable as rate within the Midland  
Mundaring, and Northam Water Districts on each  
separately assessed property shall be ten shillings per  
annum upon vacant land and one pound per annum upon  
all other land. In the event of a dispute as to whether or  
not land shall be regarded as vacant the decision of the  
Minister shall be final in every case.

57. Rates shall become due and payable half-yearly, in  
advance, on the first day of January and the first day of  
July: Provided that in all cases where a water rate is made  
after the first day of January or the first day of July in any  
year the notice of the order for the making and levying of  
such rate, published in the *Government Gazette* and a news-  
paper, as provided by Section 70 of the said Act, shall  
specify the minimum sum payable as rate as aforesaid, and  
the date or dates when the rates shall be due and payable,  
and such rate shall be and become due and payable in  
accordance with the terms of such notice.

58. Every ratepayer will be entitled to consume on each  
separately assessed property for which he is rated that  
quantity of water which, if calculated at the price specified  
in Schedule I. hereto as being that at which water is  
supplied in return for the rate in the District in which such  
property is situated, would amount to the equivalent of the  
water rate paid on such property, provided that such water  
be taken during the period for which the rate is struck;  
and that the maximum quantity to be taken in considera-  
tion of the rate during any one-half of a year shall not  
exceed one-half of the quantity to which the consumer is  
entitled in respect of an annual rate.

59. Every ratepaying-consumer taking water in excess  
of the quantity to which he is entitled in respect of the rate  
will be charged for the excess in accordance with the prices  
set forth in Schedule I. hereto.

60. In the event of any dispute as to which of the prices  
in Schedule I. shall apply to any particular service or con-  
sumer the decision of the Minister for Works shall be final  
in every case.

61. It shall be at the discretion of the Minister for  
Works to supply water to any individual consumer, whether  
rated or not, at such price or prices as may be mutually  
agreed upon, and such price or prices shall not necessarily  
be in accordance with Schedule I.

62. Every half-year shall end on 30th June or 31st  
December in every year.

63. Where water is supplied by measure to the owner or  
occupier of land, whether rated under the Act or otherwise,  
payment for the same shall be made at such times and in  
such manner as may be agreed upon between the Minister  
and the consumer.

64. Any person or persons requiring a water service to  
town or suburban premises in respect of which, for the time  
being, a water rate may not be made, may be supplied on  
payment of a minimum charge, which shall be fixed by the  
Minister in each case. The minimum charge shall then  
take the place of a water rate, and the general provisions  
of these By-laws, as applying to rate-paying consumers,  
shall apply to minimum-charge paying consumers.

65. Application for services shall be made on the printed  
form procurable at the Local Water Supply Office, and  
shall be lodged not less than three days before the service  
is required.

66. Applications will not be entertained unless full  
information, as indicated on the printed form, is supplied,  
and the full amount of rates due on the premises to which  
a service is required is paid.

67. The Minister may, by notice to a consumer, from  
time to time restrict the quantity of water that may be  
supplied to him in any one week.

68. The Minister may, from time to time, when necessary  
for the purpose of tapping or repairing the main, or other-  
wise, cut off the supply of water from any part or parts of  
the water area.

69. It shall be at the discretion of the Local Officer as  
to whether or not a meter shall be affixed to any service,  
and such officer will also determine the size and class of  
meter in each case.

70. Meters will be supplied by the Water Supply Ad-  
ministration, and may, in the discretion of the Water  
Supply Administration, be open or encased, and rent for  
same shall be payable half-yearly in advance, on the follow-  
ing scales:—

Size of Meter.	Annual Rent.	
	Open.	Encased.
½ in. ... ..	10s.	20s.
¾ in. ... ..	12s. 6d.	25s.
1 in. ... ..	15s.	30s.
1 ¼ in. ... ..	20s.	40s.
1 ½ in. ... ..	25s.	50s.
1 ¾ in. ... ..	50s.	100s.
2 in. ... ..	70s.	140s.
3 in. ... ..	95s.	190s.
4 in. ... ..	130s.	260s.

71. The quantity registered by the meter at any date  
between ten days before the end of the half-year and ten  
days after the end of the half-year may be taken by the  
Minister as the reading of the meter at the end of such  
half-year.

72. During the time any meter is undergoing repairs,  
or should it cease to properly register the consumption of  
water, the Minister may, at his option, estimate the  
quantity of water consumed by taking an average of the  
quantity used during the previous month or quarter, or  
during the corresponding period of the previous year, and  
shall charge for the consumption so ascertained.

73. If the consumer shall at any time be dissatisfied  
with any particular reading of a meter, and shall be  
desirous of having same tested, he shall give written notice  
thereof to the Local Officer within seven days of such  
reading, and thereupon the said meter shall be tested by  
passing through it a predetermined quantity of water;  
and if, upon such testing, it shall appear to the satisfaction

of the Local Officer that the said meter registered above five per cent. more than was actually passed through it at such testing, then the said Minister for Works will bear the expense of and incidental to such testing, and will also adjust the charge to the said consumer; but if the said meter, upon such testing, shall not register above five per cent. more than the quantity that shall actually have passed through it, then the said consumer shall pay to the said Minister for Works all the expenses of and incidental to such testing; provided that the amount representing the expense of each and every test shall be fixed by the Minister for Works, and shall in no case exceed the sum of Forty shillings: Provided also, that the said consumer shall not be at liberty to avail himself of the right to test the registration of the said meter for any period other than one month next preceding the date of reading in respect of which he shall have given notice as aforesaid.

74. No person shall break or in any way interfere with the seal fixed on a meter through which water is supplied by the Minister, or turn or attempt to turn any screw, bolt, or nut on or attached to such meter, or use any tool or appliance on any such meter, or introduce or attempt to introduce any body or substance into such meter, or in any way interfere with any portion of such meter or of any pipes or fittings attached thereto.

75. No licensed plumber, or holder of an operative plumber's certificate, or other person shall, under any circumstances, disconnect the flange from a meter, or shall, after a meter has once been fixed on a service and water has been turned on, disconnect or interfere with any piping within twelve feet of such meter. Such work shall be done by the servants of the Administration only.

76. Any person supplied with water through a meter belonging to the Minister shall pay the cost of making good all damages to such meter whilst on his land and in his charge, and shall deliver such meter up in good order on ceasing to hire same. Any repairs required shall be done by the officers of the Administration, and the expense incurred by the Minister in so doing shall, on demand, be

paid by the owner or occupier of the land, and if not paid on demand, shall be recoverable in the same manner as water rates.

77. Any person supplied by the Minister with water through a meter shall on finding that meter is damaged or not registering immediately give notice of the fact to the local Water Supply Office.

78. No person knowing that a meter is damaged or does not register properly shall draw water through such meter from a service pipe which is supplied with water by the Minister.

79. In every case in which the supply of water shall have been cut off by reason of non-payment of rates or other charges, or by reason of a defective service, a re-connection fee of Five shillings shall be charged, and shall be payable by the consumer on demand.

80. No person to whom water is supplied by the Minister shall, without written permission, sell or supply water to any person who may not reside on the premises of which he is the occupier.

81. The occupier of any premises to which the water has been laid on, or, in the event of there being no occupier, the owner shall cause proper means to be taken, by locks or otherwise, subject to the approval of the Local Officer, to prevent the use of the water from the main by persons not connected with the premises supplied.

82. The owner or occupier of any allotment of land within the water area who shall erect or make, or cause to be erected or made, any building or addition to an existing building on such land shall, within one calendar month thereafter, give notice in writing thereof to the Minister.

83. Officers or workmen employed by the Water Supply Administration shall not solicit or receive from the public any fee, gratuity, or reward.

84. Any person committing a breach of or failing to observe any one of the foregoing By-laws shall be liable to a penalty not exceeding £20.

## APPENDIX TO BY-LAWS FOR GENERAL PURPOSES.

Attention is invited to the following provisions of the Goldfields Water Supply Act, 1902:—

*Water may be cut off from unoccupied premises, etc.*

34. The Board may turn or cut off the water supply—
- (a.) If the land to which water is supplied is unoccupied; or
  - (b.) When any rates or moneys due for water supplied, or agreed to be supplied, or any rent or charges for any meter or other fittings remain unpaid for seven days after they become due; or
  - (c.) If the occupier refuses to permit a meter to be attached to any pipe on his land; or
  - (d.) If the occupier commits or permits any breach of any of the provisions of this Act or the by-laws thereunder.

Turning or cutting off the water shall be a cumulative remedy for enforcing payment of water rates or other moneys due, and shall not relieve the owner or occupier from liability in respect thereof.

*Supply of water not compulsory.*

37. It shall not be compulsory on the Board to supply or to continue to supply water to any person; and the Board shall not be liable to any penalty or damages for not supplying or continuing to supply water.

*Duty to keep fittings in repair.*

40. Every person supplied with water under this Act shall keep the service or communication pipe and all prescribed fittings within or attached to his land in good repair, so as to effectually prevent the water from running to waste.

*Fittings not to be connected or disconnected without notice.*

41. No person shall—
- (a.) Connect a meter, pipe, or other fitting through which water is, or is intended to be supplied; or
  - (b.) Disconnect a meter, pipe, or other fitting from any other meter, pipe, or other fitting through which water is, or is intended to be supplied,

unless he has given the prescribed notice of his intention so to do, and has received the consent, in writing, of the Board or of an authorised officer in that behalf.

*Power to enter and examine whether water is wasted, etc.*

42. (1.) Any officer of the Board may, at all reasonable times, enter upon any land to which water is supplied under this Act, and may examine and ascertain—

- (a.) What quantity of water has been consumed there;
- (b.) Whether there has been or is any waste, misuse, fouling, or contamination of the water;
- (c.) Whether all fittings, with the materials and mode of arrangement thereof, used or intended to be used, are in accordance with the by-laws, and in proper order and repair.

(2.) When a fitting is not in accordance with the by-laws, or is out of proper order and repair—

- (a.) The officer of the Board may repair or remove it, and if necessary substitute others in its stead, or may alter the mode of arrangement as the case requires; and
- (b.) Any expense incurred by the Board in that behalf shall, on demand, be repaid by the owner or occupier of the land, and if not repaid on demand may be recovered by the Board in the same manner in which water rates may be recovered.

*Protection of Fittings.*

43. (1.) No person shall remove, alter, repair, renew, or uncover any pipe or other fitting which is the property of the Board until the prescribed notice has been given to the Board, and the authority of the Board, in writing, obtained.

(2.) No such pipe or fitting shall be subject or liable to be seized or taken in execution by process of law, or under distress for rent.

*Power to enter on land and fix fittings.*

44. (1.) Any person authorised by the Board may at all reasonable times enter upon any land to which water is or is intended to be supplied under this Act, and may place and fix thereon and attach thereto, wherever the Board think proper, such fittings as the Board may think expedient, and may there do all other acts and execute all other works which the Board may think fit.

(2.) Any person so authorised may at all reasonable times enter upon such lands and examine, remove, repair, alter, or replace all or any of such fittings.

*Penalty for using unauthorised fittings.*

45. If any person supplied with water by the Board does any of the following things for the purpose of taking water in a manner not authorised by this Act, that is to say:—

- (1.) Uses in, places upon, or attaches to the land, or permits to be so used, placed, or fitted, any fitting, instrument, or thing not authorised by the Board; or
- (2.) Alters, misuses, injures, or removes any authorised fitting, except for the purpose of necessary repair;

he shall forfeit and pay to the Board a sum not exceeding Fifty pounds, and shall, in addition, be liable to pay to the Board any damages sustained by the Board in respect of any injury done to their property, and the value of any water wasted, misused, or unduly consumed.

*Penalty for not repairing fittings.*

46. If any person supplied with water by the Board causes or suffers any pipe, receptacle, fitting, or other apparatus used in connection with water supplied to him by the Board to be out of repair without repairing it within a reasonable time, or to be so used or contrived that the water supplied to him by the Board is, or is likely to be wasted, misused, unduly consumed, or contaminated, or so as to allow the return of foul air or any noisome or impure matter into a pipe belonging to the Board, or connected with any such pipe, he shall forfeit and pay to the Board a sum not exceeding Ten pounds.

*Penalty for destroying valves, etc.*

47. If any person, not being authorised by the Board,—

- (1.) Wilfully or carelessly breaks, injures, opens or shuts, or wilfully permits to be broken, injured, or opened or shut, any lock, sluice, cock, valve, pipe, or other authorised fitting, or any work belonging to the Board;
- (2.) Flushes or draws off the water from any reservoir or other work of the Board; or
- (3.) Does any other wilful act, or wilfully permits to be done any act whereby such water is wasted;

he shall forfeit and pay to the Board a sum not exceeding Fifty pounds, and shall, in addition, be liable to pay to the Board any damage sustained in respect thereof, as well for the value of the water wasted as in repairing the fittings or other parts of the works; and the amount of such damage shall be ascertained, determined, and recovered in the same manner as such forfeited sum.

*Penalty for taking, etc., water in contravention of this Act.*

48. If any person uses or consumes, or permits to be used or consumed, any water belonging to the Board, contrary to the provisions of this Act and the by-laws thereunder, he shall forfeit and pay to the Board a sum not exceeding Fifty pounds.

*Fraudulent taking of water.*

49. Any person who fraudulently takes, or procures to be taken, any water belonging to the Board from a reservoir main or pipe belonging to the Board, or from any pipe leading to or from any such reservoir main or pipe, is guilty of a misdemeanour, and liable to imprisonment, with or without hard labour, for any term not exceeding two years.

*Other consequences of contravening this Act or the By-laws.*

50. If any person supplied with water by the Board—

- (1.) Does, or causes or permits to be done, anything in contravention of the provisions of this Act or of the by-laws; or
- (2.) Omits to do, or prevents being done, anything which under any of those provisions ought to be done for the prevention of the waste, misuse, or undue consumption of the water of the Board;

the Board may (without prejudice to any other remedy against him) cut off any of the pipes by or through which water is supplied by the Board to him or for his use, and may discontinue the supply of water to him so long as the cause of injury remains or is not remedied; but such cutting off shall not affect or take away his liability to payment of rates.

*Recovery of Rates by distress.*

75. (1.) If any person liable to pay money due for rates or for water supplied by measure under the provisions of this Act fails to pay the same for the space of fourteen days after demand thereof made, in writing, by the secretary or any authorised collector, the chairman may issue his warrant for levying the amount with costs, by distress and sale of the goods and chattels found on the land in respect of which the money is due, in accordance with the law for the time being relating to distress for rent.

(2.) A warrant of distress may be in the form or to the effect of the Fifth Schedule.

(3.) The chairman may include in any one warrant any number of persons liable to pay rates.

(4.) The fees prescribed in the Sixth Schedule shall be payable on every distress.

*Recovery by action or complaint.*

77. Instead of proceeding by distress and sale, or in case no sufficient distress can be found on the premises, the Board may, fourteen days after demand thereof, in writing, by the secretary or any authorised collector, and notwithstanding any change of occupation or ownership, recover any money due for rates or for water supplied by measure from the occupier or owner for the time being of the land in respect of which the money is due, by complaint before two Justices, or by action in any Court of competent jurisdiction.

*Recovery of Rates paid by Owner from Occupier.*

81. (1.) When the owner of any land has paid any money due for rates or water supplied, which, as between the owner and occupier should have been paid by the occupier, the owner may recover the sum so paid on demand from the occupier as arrears of rent could be recovered from the occupier by the owner.

*Recovery of Rates paid by Occupier from Owner.*

(2.) When the occupier of land has paid any money due for rates or water supplied, which, as between such occupier and the owner should have been paid by the owner, the occupier may deduct the amount paid from any rent due or to become due to the owner, or may recover the amount from the owner in any Court of competent jurisdiction.

*Apportionment of Rates between successive Owners or Occupiers.*

82. When an occupier or owner ceases to be the occupier or owner of the land in respect of which a rate is made before the end of the period in respect of which such rate was made, such occupier or owner shall, as between himself and the succeeding occupier or owner, be liable to pay a portion only of the rate payable for the whole of such period proportionate to the time during which he continued to be the occupier or owner.

Any person who is the occupier or owner of the land during the remainder of the period shall, as between himself and the preceding occupier or owner, be liable to pay a portion of such rate in proportion to the same during which he is such occupier or owner.

But any rate made in respect of such property, and any money due for water supplied, shall continue in force, and may be recovered by the Board from the owner or occupier for the time being, without regard to any change in the occupation or ownership.

*Notices and demands, how served.*

109. (1.) Any notice or demand required by this Act to be given to or made upon any person may be served—

- (a.) By delivering the same to such person;
- (b.) By leaving the same at his usual or last-known place of abode;
- (c.) By forwarding the same by post in a prepaid letter addressed to such person at his usual or last-known place of abode.

*When deemed to have been given.*

(2.) A notice or demand forwarded by post shall be deemed to have been given or made and to have been received at the time when, by ordinary course of post, the letter would be delivered.

*When the name of owner or occupier unknown.*

(3.) When a notice or demand under this Act is required to be given or made to any owner or occupier whose name or address is unknown to the Board, it shall not be necessary to name such owner or occupier, and such notice or demand may be served by placing it on some conspicuous part of the land of such owner or occupier, and by publishing it three times, at intervals of not less than a week between any two publications, in a newspaper usually circulating in the district.

*Service on corporations.*

(4.) A notice or demand may be served on a corporation, or incorporated company, or the members of a partnership, by being delivered, left, or posted in a prepaid letter; the notice or demand being addressed in each case to the corporation, company, or partnership at the principal office or place of business thereof in this State.

*Recovery of value of water misused, etc.*

114. When any water supplied under this Act has been wasted, misused, or unduly consumed, the Board may recover the value thereof, as a debt due to them by the person who wasted, misused, or unduly consumed the same, and the remedy given by this section shall be additional to any other remedy which the Board may possess, and to the liability to any penalty which such person has incurred.

*Obstructing Board or Officers in performance of duty.*

115. Every person who obstructs the Board, or any member thereof, or any person employed by the Board in the performance of any act or thing which they are respectively authorised or required to do in the execution of this Act or any by-law made thereunder, shall be liable to a penalty not exceeding Twenty pounds.

\* Averages for three years only.

NOTES FOR DECEMBER, 1905.

On the whole this month may be characterised as one of the hottest Decembers ever experienced in the State. The temperature was about normal on the coast from Geraldton to Wyndham, and also from Albany to Eyre; but elsewhere it was considerably in excess of the average for previous years. At Perth the mean of the daily maximum was the greatest on record, and the Observatory records show ten days on which the temperature reached 90°—the greatest previous number being 7. At Marble Bar, the hottest station in the State, and probably in Australia, the mean maximum was 109.0°, and the highest reading 115.9°. The highest individual reading was 118.0°, at Winning Pool.

The weather was also unusually cloudy and sultry, with a great number of electrical disturbances, and on the 24th the somewhat rare occurrence (in December) of a day's steady warm monsoonal rain was experienced in S.W. districts.

## THE CLIMATE—continued.

It may be interesting to compare the Perth temperature with that of a few other places in the State. Of the two sets of readings in Perth, it will be better to take those at the Botanical Gardens as representing more closely what would be generally understood as the Perth temperature. Considering first the mean daily maximum, we find that Fremantle was 8°·7 cooler, Geraldton 6°·4, Rottnest 11°·0, Mandurah 2°·9, Bunbury 6°·2, Busselton 3°·9, Cape Naturaliste 12°·6, Bridgetown 3°·1, Cape Leeuwin 13°·6, Albany 14°·3, and Esperance 11°·4. On the other hand Guildford was 0°·9 hotter, York 3°·8, Northam 5°·2, Southern Cross 9°·8, Coolgardie 6°·7, Kalgoorlie 7°·5, Cue 13°·5, and Marble Bar 22°·0.

Next taking the night minimum we find that Geraldton was 1°·4 cooler, Fremantle 0°·2, Rottnest 0°·2, Mandurah 3°·6, Bunbury 5°·2, Busselton 10°·4, Cape Naturaliste 5°·8, Bridgetown 11°·2, Cape Leeuwin 2°·6, Albany 9°·0, and Esperance 5°·7. The coolest reporting station at night was Mt. Barker, where the mean minimum was only 49°·8, or 14°·8 lower than at Perth. Going inland to the Eastward it was cooler than Perth at all stations up to Kalgoorlie, where it was practically the same, at Cue it was 7°·3 hotter, and Marble Bar 15°·4.

With respect to the day temperatures along the coast, it must be remembered that the thermometers at Fremantle, Cape Naturaliste, and Cape Leeuwin are exposed on the very edge of the cliff, whilst those at Mandurah, Bunbury, and Busselton are about half a mile inland, and although no direct experiments have been made it is believed that the temperature varies rapidly quite close to the coastline.

Pressure was almost everywhere slightly in excess of the average of previous years.

The rainfall, as might be expected from the general character of the weather, was irregular. On the whole it was lighter than usual throughout the Northern half of the State, and heavier in the Southern, the Kalgoorlie Goldfields being especially favoured.
