INWARD MANIFESTS TO BE SUPPLIED AND CERTIFIED TO.

5. The master of every vessel arriving shall deliver at the office of the Wharfinger, prior to commencing to discharge cargo, a true, legible, and complete copy of the manifest of the said vessel, certified to by himself as being true and complete, and shall also furnish within 48 hours a certified statement of all alterations (if any) which may be made in such manifest by reason of re-measurement of goods included therein or otherwise.

OUTWARD MANIFESTS, ETC.

6. The master of every vessel shall deliver at the office of the Wharfinger, prior to the clearance of the ship in which outward cargo is shipped, a certified copy of manifest giving true, legible, and complete particulars of such goods as will enable the amount of outward wharfage dues payable thereon to be readily computed.

7. No person shall enter on any wharf with goods for shipment without first delivering to the Wharfinger an outward cargo advice note as required by the Department, containing full and true account, with gross measurements or weights of such goods then under his immediate control, and section of line at which delivery is to be taken.

8. All outward cargo must be delivered into the shed or not more than 6ft. from that portion of the line named in advice note, at least 6 hours prior to ship's advertised time of sailing.

9. No goods shall be landed or placed on any jetties without the written authority of the Wharfinger or officer-in-charge. Cargo discharged without such authority having been first obtained shall not be deemed to be in the custody of the Department, nor shall the Department be held responsible for any loss or damage that may accrue to any such cargo from any cause whatsoever.

10. If it appear that goods are being landed and cannot, in the opinion of the Wharfinger or officer-in-charge, be removed in time to prevent a "block," the wharfinger or officer-in-charge may give notice in writing to the masters or persons in charge of vessels or lighters from which goods are being discharged to stop discharging cargo, and upon such notice being given, no further cargo shall be discharged until such time as the Wharfinger or officer-in-charge may direct.

RECEIPTS, ETC., FOR INWARD CARGO.

11. If during the progress of discharge of cargo doubt shall be expressed by the Wharfinger as to the condition of any package or packages, such package or packages shall be placed in a situation apart from other cargo pending examination, and the Department's tally and receipt for such package or packages shall be that of a doubtful or damaged package, as circumstances or appearances dictate. Such packages shall be opened and examined by the consignee, but only in the presence of the Wharfinger and ship's agent, as soon as is possible after being landed. The Department will, under no pretence whatsoever, be held responsible for the safe custody or the condition of such package or packages, or of it or their contents.

12. In the event of the ship, by its agent, refusing to accept a receipt as indicated for such cargo, such cargo must be immediately returned on board by the ship, and shall not be again landed until it has been examined by the consignee, who shall take delivery direct from the ship.

RESPONSIBILITY OF THE DEPARTMENT.

13. No goods for which receipts have not been given by the Department shall be deemed for any purpose to be in the custody of the Department as Wharfingers, nor shall the Department be responsible for the safe custody, or for any loss or damage that may accrue to same, in any manner whatsoever.

GOODS TO BE CHECKED BEFORE DELIVERY.

14. No person shall remove any goods or luggage from any wharf or shed without first satisfying the Wharfinger or officer-in-charge of his right to do so; and shall, before removing same, sign for such goods or luggage to the Wharfinger or officer-in-charge. The Department will not be responsible for goods when signed for in the aforesaid manner, notwithstanding they may have to be again handled by the Wharfinger.

DELAY IN DELIVERY OF GOODS.

15. The Department will not be responsible for any claim arising from delay in the delivery of goods from any cause whatsoever.

WRONG DELIVERY.

16. The Department will not be responsible for the wrong or non-delivery of the goods which are erroneously or deficiently marked, or which have numerous old or imperfectly erased marks thereon.

GOODS NOT TO BE MOVED.

17. No person shall remove from one vessel to another, or from any part of the wharf to any other part thereof, any goods or luggage without the authority of the Wharfinger first had and obtained.

GOODS NOT TO BE HANDLED IN WET WEATHER.

18. No goods shall be landed or shipped in wet weather without the permission, in writing, of the Wharfinger at the request of the master or agent of the discharging or loading vessel; but the giving of such permission shall not throw on the Department any liability for damage to such goods caused by being so landed or shipped or handled in wet weather. The determination of the Wharfinger that the weather is wet shall be conclusive.

RESPONSIBILITY IN CASE OF FIRE, ETC.

19. The Department shall not be responsible for loss or damage to goods while in their custody, by fire, water used in extinguishing fire, or vermin.

EXTRA CHARGES.

20. Extra charges in all cases, except where otherwise specifically stated, shall be at the rate of one shilling (1s.) per ton.

The Wharfinger may make extra charges for handling packages over one ton in weight, or of an exceptional shape, or where extra labour is required or unusual risk is involved.

CARGO DEPOSITED ON WHARF.

21. No ballast, stone, coal, coke, timber, sand, or other goods or other materials in bulk shall be deposited on any wharf or jetty without special permission, in writing, of the Wharfinger or officer-in-charge.

DEPARTMENT NOT BOUND TO FIND STORAGE ACCOMMODATION.

22. The Department shall not be bound to find storage room for any goods, either in any shed or on any wharf. After notification to the owners, shippers, or consignees of any goods, or to the vessel's agent that room is not available for the storage of such goods within a shed, or that such goods are, owing to their character, not permitted by some other authority other than the Department to be stored in a shed, the Department shall not be held responsible for any loss or damage that may accrue to the goods by the elements or otherwise during the time they remain on the Department's premises; and, further, such goods shall be removed

within twenty-four hours after the owners, shippers, or consignees have received notification to that effect from the Wharfinger.

GOODS TO BE REMOVED IF NECESSARY BY WHARFINGER AND EXPENSES SUED FOR.

23. All goods landed on any wharf shall be removed therefrom or placed in a shed within seven days after being landed. The Wharfinger is empowered to take charge of and store cargo and goods if not removed from any wharf or shed by the consignee within the time or respective times limited for that purpose, or to cause the same to be conveyed to King's Warehouse or delivered to the consignee at his expense and risk, or to remove the same to any of the premises of the Department or other convenient place, or to keep the same until payment to the Department of the expenses of such removal and of the keeping of the goods, and of all other charges due to the Department thereupon; and, in default of payment, on behalf of the Department to sue for same.

STORAGE RATES FOR GOODS.

24. Should any goods be not removed from any wharf or jetty or sheds thereon within the time specified in these Regulations, there shall (subject to as hereinafter mentioned) be payable to the Wharfinger, as and by way of storage rent in respect thereof, the sum of one shilling (1s.) per ton for the first week, and for every subsequent week the sum of threepence (3d.) per ton additional to the amount per ton payable by each immediate preceding week, i.e., one shilling and threepence (1s. 3d.) per ton for the second week, and one shilling and sixpence (1s. 6d.) per ton for the third week, and so on. For the purpose of this regulation a fraction of a ton shall be deemed to be a ton, and a part of a week shall be reckoned as one week. Nothing herein contained shall prevent the Wharfinger from removing or ordering the removal, as provided for in these Regulations, of any such goods at any time after the time hereinbefore appointed for their removal.

LIMIT OF STORAGE.

25. No goods shall be allowed to remain in any shed or upon any wharf for a longer period than four weeks. If any goods so remain without the consent of the Department, the Wharfinger may remove same to King's Warehouse (in the case of goods liable for Customs duty) or to any of the premises of the Department or other convenient place, and retain the same. The charge to be made for such removal only to any premises of the Department shall be two shillings (2s.) per ton, and the charge for storage on such goods after removal shall continue to be at the same rate as applies to goods left in wharf sheds beyond the specified free storage period.

CLAIMS IN RESPECT OF CARGO.

26. No claim will be entertained by the Department in respect of goods landed or alleged to be landed, unless claim has been received by the Wharfinger, in writing, before the vessel (in case of sailing vessels) leaves the harbour, or in case of steamers within four days of the steamer leaving the port, nor in respect of outward goods unless received by the Wharfinger within twenty-four (24) hours after the vessel in which it was intended to ship such goods leaves the port. Each claim must be rendered on the form recognised by the Department, which form will be supplied on application.

WORKING HOURS.

27. The working hours of the port shall be and include the hours from 8 a.m. till 12 noon, and from 1 p.m. till 5 p.m. on week days other than Saturdays, and on Saturdays the hours from 8 a.m. till 1 p.m.

28. The cost over and above the ordinary cost of day work, or all labour and supervision, etc., employed during any hours not being working hours as above defined, or on holidays, shall be paid for by the vessel in addition to the usual charges. The extra cost of lighting shed or berth to enable a vessel to work during any hours not being working hours, or on holidays as aforesaid, shall also be paid by the vessel.

29. A vessel desiring to work any hours, not being working hours as defined above, shall give to the Wharfinger or officer-in-charge two hours' notice, and on holidays twelve hours' notice of her desire to do so.

PENALTIES.

30. When any person or persons, by the foregoing Regulations, or any of them, are required to do or perform any act or thing, and such act or thing remains undone, the Harbour Master or his representative may cause the same to be performed, and charge the cost and expense against such person or persons, and the amount thereof may be recovered summarily.

31. Every person who does, permits, or suffers any act or thing contrary to any of these Regulations shall, on conviction for every offence, breach, or neglect, be liable to a penalty not exceeding (except when otherwise provided) the sum of £20 (42 Vict., No. 18).

INWARD MANIFESTS TO BE SUPPLIED AND CERTIFIED TO.

5. The master of every vessel arriving shall deliver at the office of the Wharfinger, prior to commencing to discharge cargo, a true, legible, and complete copy of the manifest of the said vessel, certified to by himself as being true and complete, and shall also furnish, within 48 hours, a certified statement of all alterations (if any) which may be made in such manifest by reason of remeasurement of goods included therein or otherwise.

OUTWARD MANIFESTS, ETC.

6. The master of every vessel shall deliver at the office of the Wharfinger, prior to the clearance of the ship in which outward cargo is shipped, a certified copy of manifest giving true, legible, and complete particulars of such goods as will enable the amount of outward wharfage dues payable thereon to be readily computed.

7. No person shall enter on any wharf with goods for shipment without first delivering to the Wharfinger an outward cargo advice note as required by the Department, containing full and true account, with gross measurements or weights of such goods then under his immediate control.

8. All outward cargo must be delivered into the shed at least not less than four working hours prior to ship's advertised time of sailing.

9. No goods shall be landed or placed on any jetties without the written authority of the Wharfinger or officer-in-charge. Cargo discharged without such authority having been first obtained shall not be deemed to be in the custody of the Department, nor shall the Department be held responsible for any loss or damage that may accrue to any such cargo from any cause whatsoever.

10. If it appear that goods are being landed and cannot, in the opinion of the Wharfinger or officer-in-charge, be removed in time to prevent a "block," the Wharfinger or officer-in-charge may give notice, in writing, to the masters or persons in charge of vessels or lighters from which goods are being discharged to stop discharging cargo, and upon such notice being given, no further cargo shall be discharged until such time as the Wharfinger or officer-in-charge may direct.

RECEIPTS, ETC., FOR INWARD CARGO.

11. If during the progress of discharge of cargo doubt shall be expressed by the Wharfinger as to the condition of any package or packages, such package or packages shall be placed in a situation apart from other cargo, pending examination, and the Department's tally and receipt for such package or packages shall be that of a doubtful or

damaged package, as circumstances or appearances dictate. Such packages shall be opened and examined by the consignee, but only in the presence of the Wharfinger and ship's agent, as soon as is possible after being landed. The Department will, under no pretence whatsoever, be held responsible for the safe custody or the condition of such package or packages, or of it or their contents.

12. In the event of the ship, by its agent, refusing to accept a receipt as indicated for such cargo, such cargo must be immediately returned on board by the ship, and shall not be again landed until it has been examined by the consignee, who shall take delivery direct from the ship.

RESPONSIBILITY OF THE DEPARTMENT.

13. No goods for which receipts have not been given by the Department shall be deemed, for any purpose, to be in the custody of the Department as Wharfingers, nor shall the Department be responsible for the safe custody, or for any loss or damage that may accrue to same, in any manner whatsoever.

GOODS TO BE CHECKED BEFORE DELIVERY.

14. No person shall remove any goods or luggage from any wharf or shed without first satisfying the Wharfinger or officer-in-charge of his right to do so; and shall, before removing same, sign of such goods or luggage to the Wharfinger or officer-in-charge.

DELAY IN DELIVERY OF GOODS.

15. The Department will not be responsible for any claim arising from delay in the delivery of goods from any cause whatsoever.

WRONG DELIVERY.

16. The Department will not be responsible for the wrong or non-delivery of the goods which are erroneously or deficiently marked, or which have numerous old or imperfectly erased marks thereon.

GOODS NOT TO BE MOVED.

17. No person shall remove from one vessel to another, or from any part of the wharf to any other part thereof, any goods or luggage without the authority of the Wharfinger first had and obtained.

GOODS NOT TO BE HANDLED IN WET WEATHER.

18. No goods shall be landed or shipped in wet weather without the permission, in writing, of the Wharfinger at the request of the master or agent of the discharging or loading vessel; but the giving of such permission shall not throw on the Department any liability for damage to such goods caused by being so landed or shipped or handled in wet weather. The determination of the Wharfinger that the weather is wet shall be conclusive.

RESPONSIBILITY IN CASE OF FIRE, ETC.

19. The Department shall not be responsible for loss or damage to goods while in their custody, by fire, water used in extinguishing fire, or vermin.

EXTRA CHARGES.

20. Extra charges in all cases, except where otherwise specifically stated, shall be at the rate of one shilling (1s.) per ton.

The Wharfinger may make extra charges for handling packages over one ton in weight, or of an exceptional shape, or where extra labour is required or unusual risk is involved.

CARGO DEPOSITED ON WHARF.

21. No ballast, stone, coal, coke, timber, sand, or other goods or other materials in bulk shall be deposited on any wharf or jetty without special permission, in writing, of the Wharfinger or officer-in-charge.

DEPARTMENT NOT BOUND TO FIND STORAGE ACCOMMODATION.

22. The Department shall not be bound to find storage room for any goods, either in any shed or on any wharf. After notification to the owners, shippers, or consignees of any goods, or to the vessel's agent, that room is not available for the storage of such goods within a shed, or that such goods are, owing to their character, not permitted by some other authority other than the Department to be stored in a shed, the Department shall not be held responsible for any loss or damage that may accrue to the goods, by the elements or otherwise, during the time they remain on the Department's premises.

GOODS TO BE REMOVED OR MAY BE SOLD.

23. All goods landed on any wharf shall be removed therefrom or placed in a shed within seven days after being landed. The Wharfinger is empowered to take charge of and store cargo and goods if not removed from any wharf or shed by the consignee within the time or respective times limited for that purpose, or to cause the same to be conveyed to King's Warehouse or delivered to the consignee at his expense and risk, or to remove the same to any of the premises of the Department or other convenient place, or to keep the same until payment to the Department of the expenses of such removal and of the keeping of the goods, and of all other charges due to the Department thereupon; and, in default of payment, on behalf of the Department to sue for same.

STORAGE RATES FOR GOODS.

24. Should any goods be not removed from any wharf or jetty or sheds thereon within the time specified in these Regulations, there shall (subject to as hereinafter mentioned) be payable to the Wharfinger, as and by way of storage rent in respect thereof, the sum of one shilling (1s.) per ton for the first week, and for every subsequent week the sum of threepence (3d.) per ton additional to the amount per ton payable by each immediate preceding week, i.e., one shilling and threepence (1s. 3d.) per ton for the second week, and one shilling and sixpence (1s. 6d.) per ton for the third week, and so on. For the purpose of this Regulation a fraction of a ton shall be deemed to be a ton, and a part of a week shall be reckoned as one week. Nothing herein contained shall prevent the Wharfinger from removing or ordering the removal, as provided for in these Regulations, of any such goods at any time after the time hereinbefore appointed for their removal.

LIMIT OF STORAGE.

25. No goods shall be allowed to remain in any shed or upon any wharf for a longer period than four weeks. If any goods so remain without the consent of the Department, the Wharfinger may remove same to King's Warehouse (in the case of goods liable for Customs duty) or to any of the premises of the Department or other convenient place, and retain the same. The charge to be made for such removal only to any premises of the Department shall be two shillings (2s.) per ton, and the charge for storage on such goods after removal shall continue to be at the same rate as applies to goods left in wharf sheds beyond the specified free storage period.

CLAIMS IN RESPECT OF CARGO.

26. No claim will be entertained by the Department in respect of goods landed, or alleged to be landed, unless claim has been received by the Wharfinger, in writing, before the vessel (in case of sailing vessels) leaves the Harbour, or in case of steamers, within four days of the steamer leaving the port, nor in respect of outward goods unless received by the Wharfinger within twenty-four (24) hours after the vessel in which it was intended to ship such goods leaves the port. Each claim must be rendered on the form recognised by the Department, which form will be supplied on application.

WORKING HOURS.

27. The working hours of the port shall be and include the hours from 8 a.m. till 12 noon, and from 1 p.m. till 5 p.m. on week days other than Saturdays, and on Saturdays the hours from 8 a.m. till 1 p.m.

28. The cost over and above the ordinary cost of day work, or all labour and supervision, etc., employed during any hours not being working hours as above defined, or on holidays, shall be paid for by the vessel in addition to the usual charges. The extra cost of lighting shed or berth to enable a vessel to work during any hours not being working hours, or on holidays as aforesaid, shall also be paid by the vessel.

29. A vessel desiring to work any hours, not being working hours as defined above, shall give to the Wharfinger or officer-in-charge two hours' notice, and on holidays twelve hours' notice of her desire to do so.

PENALTIES.

30. When any person or persons, by the foregoing Regulations, or any of them, are required to do or perform any act or thing, and such act or thing remains undone, the Harbour Master or his representative may cause the same to be performed, and charge the cost and expense against such person or persons, and the amount thereof may be recovered summarily.

31. Every person who does, permits, or suffers any act or thing contrary to any of these Regulations shall, on conviction for every offence, breach, or neglect, be liable to a penalty not exceeding (except when otherwise provided) the sum of £20 (42 Vict., No. 18).
