## PUBLIC SERVICE ACT, 1904.

## APPEAL BOARD.

## ELECTION OF DIVISIONAL REPRESENTATIVES.

IT is notified, for general information, that the first election of Divisional Representatives and Deputy Representatives on the Appeal Board will be held on October 31st, 1906.

Nominations on the prescribed form must be in the office of the Public Service Commissioner on or before September 18th, 1906.

One Representative and one Deputy for each of the four Divisions will be elected.

The Divisions are as follows:—

*Administrative.*—Composed of Permanent Heads only.

*Professional.*—Composed of Engineers, Architects, Surveyors, Draftsmen, Inspectors of Mines and Machinery, Medical and Legal Practitioners, etc., etc.

*Clerical.*—Composed of officers mentioned in the Classification proposals.

*General.*—Composed of all officers under the Act who are not included in any of the before-mentioned Divisions.

Attention is drawn to Regulation 211 prescribing the course to be adopted in cases where there is a doubt in which Division an officer is placed.

M. E. JULL,  
Public Service Commissioner.

23rd August, 1906.

ONE person can be nominated for the position of Divisional Representative as well as Deputy Divisional Representative. In the event of one officer being returned at the top of the poll for both Divisions, then the Deputy Divisional Representative will be the person who secured the second highest number of votes for the position of Deputy Divisional Representative.

Office of Public Service Commissioner,  
Perth, 5th September, 1906.

A COMPETITIVE Entrance Examination to the Clerical Division under the Public Service Act will be held at the beginning of November, 1906.

It is estimated that during the year 1907 there will be from 20 to 30 vacancies in Class "G," 4th Grade, of the Clerical Division.

Candidates must, on the day of the examination, be not less than sixteen nor more than twenty-five years of age at their last birthday.

Message boys already in the Service are notified that the terms of their employment are governed by Regulation 284, and that if they are to remain in the Service after they have attained the age of 18 years, they must obtain a position in the Clerical Division by competitive examination.

Officers already included in Class "G" should present themselves for examination, as unless they pass this examination now they will be required to pass it before promotion to Class "F," and as promotion to this class will also be governed by an examination in connection with clerical duties and attainments, it would be wise to get through the educational test examination without delay.

Officers in Class "G" who have passed in any of the following examinations will be exempted from this examination:—

Matriculation of any University.  
Senior or Junior of the Adelaide University.  
Ex-Seventh of the State School.

Those officers in Class "G" who failed to qualify in the last examination, but who obtained not less than 40 per cent. of the aggregate marks for the compulsory subjects, will be exempted from the necessity of entering again in this examination for those subjects in which they passed, provided that exemption certificates, which are obtainable on application to the Commissioner, are sent in on or before 1st October, 1906.

Candidates must notify the Public Service Commissioner, in writing, on or before the 1st October, 1906, of their intention to present themselves for examination.

The standard required in the subjects prescribed will be about equivalent to that required in the Ex-Seventh Standard of the State Schools and in the Junior Examination of the Adelaide University.

M. E. JULL,  
Public Service Commissioner.

5th September, 1906.

\* The attention of Head Teachers is drawn to the amended Regulations published in the *Education Circular* of December, 1905, and the *Government Gazette* of December, 1905, and in this issue (3rd August, 1906.)

*Education Department,  
Perth, 11th September, 1906.*

HIS Excellency the Governor in Executive Council, in pursuance of the powers vested in him by Section 22 of "The Elementary Education Act, 1871, Amendment Act, 1893," has been pleased to approve of the following amendments to Regulations:—

The cancellation of the following words in Regulation 98:—

With the permission of the Department, children over 16 years may be retained in the school. In each such case a fee of 6d. per week must be paid to the teacher, which may be retained by him. A statement should be forwarded with the Quarterly Summary showing the amounts so received. The attendance of these children should be noted on the Registers, but entered apart from the ordinary scholars, and not included in the totals.

And the substitution of the following words:—

After a scholar has reached the age of fourteen years, the following fees shall be paid, unless an application has been made for the child to be placed upon the free list and such application has received the approval of the Minister.

A fee of one shilling per week must be paid by all children over fourteen and under fifteen years of age in attendance at school. Children over fifteen must pay two shillings per week. The Head Teacher must collect these fees and forward them to the Department each month with the salary sheet. To facilitate the checking of the lists, the teacher of any class containing over-age children should enter on his register first the names of children over fifteen, next the names of those over fourteen, and next the names of those who will attain the age of fourteen during the quarter.

Also the cancellation of the following words in Regulation 227:—

The Department has no objection, if the parents wish their children to be instructed when they are between the ages of three and six, to have them placed on the roll and taught in the ordinary way. No child under three can be admitted. Where there is no separate Infants' School it would not be desirable to admit children below the age of four years. Children over fourteen, but below sixteen, might remain in the school if of good behaviour and unless their influence on the younger children is likely to be bad. Children over sixteen can only remain in the school on payment of a fee of sixpence per week, which should be retained by the teacher but accounted for to the Department.

And the substitution of the following words:—

No child under the age of four years can be admitted to a Government School. Children over fourteen may remain in the school until the age of sixteen, if they are of good behaviour and not likely to have a bad influence over the younger children, subject to the payment of the prescribed fees. In special cases where, owing to isolation, it has been impossible for a child to attend school at the usual age, the Minister may permit his retention in a school after he has reached the age of sixteen years.

These alterations shall come into effect from 1st November, 1906.

The above cancels the notice dated 6th September, 1906, appearing in the *Government Gazette* of 7th September, 1906.

CECIL ANDREWS,  
Inspector General of Schools.
